NOTE A – Description of Plan

The following description of the Jones & Carter, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of Jones & Carter, Inc. (the "Company") who have one month of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Amendment – During fiscal year 2016, the plan was amended and restated, and a new trustee, administrator, and record keeper were appointed. Plan assets transferred to the new trustee were transferred into funds comparable to those offered by the previous trustee. The conversion initiated a blackout period beginning October 17, 2016, and continuing through November 18, 2016. During this period, funds could not be applied to the employee-selected funds with the trustee or withdrawn from the plan until the new trustee could accurately complete the conversion. During this period, employee contributions continued to be made through payroll deductions, and the contributions were deposited and held in a money market fund until the completion of the blackout period. At the end of the blackout period, such funds were transferred to the investment options requested by each participant.

Contributions – Each year, participants may contribute the maximum amount allowed by the Internal Revenue Code, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make matching contributions equal to a discretionary percentage, to be determined on a quarterly basis by the Company. In determining Company matching contributions, only salary reductions up to 6% of a Participant's compensation will be matched. Matching Company contributions are invested as directed by the participants. Additional profit sharing amounts may be contributed at the option of the Company's board of directors and are invested as directed by the participants. Contributions are subject to certain limitations.

During the year ended November 30, 2016, the Company made matching contributions of $963,596 and profit sharing contributions of $990,000.

Deemed IRA's – Effective December 1, 2009, the Plan was amended to allow Roth Elective Contributions to be made into the Plan. In addition, it was amended to permit Deemed IRA's and Deemed Roth IRA's to be included within the Plan after January 1, 2010.

NOTE A – Description of Plan – continued

Except for specific items addressed in the tax regulations, deemed IRA's (both pretax IRA's and after tax Roth IRA's) are treated as separate entities under the Code, thus they are subject to separate rules applicable to qualified employer plans and IRA's respectively. The Plan assets and deemed IRA's are therefore presented in separate columns on the Statement of Net Assets Available for Plan Benefits and Deemed IRA's and on the Statement of Changes in Net Assets Available for Plan Benefits and Deemed IRA's.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Administrative expenses are charged against the account balance of each terminated participant, excluding retirees and participants who die while actively employed. In addition, administrative asset fees and investment advisory fees are charged against the account balance in excess of $1,000,000 of each active participant.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Participant Loans – The Plan does not allow loans to be made.

Payment of Benefits – On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or an annuity. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Benefits are recorded when paid.

Forfeited Accounts – As of November 30, 2016, forfeited non-vested accounts totaled $259,681 and will be allocated to participants during fiscal year 2017. As of November 30, 2015, forfeited non-vested accounts totaled $88,681 and were allocated to participants during the year ended November 30, 2016. Forfeitures of Company contributions other than matching contributions are added to the Company's contribution under the Plan. Forfeitures of matching contributions may be used to reduce the Company's contributions.

NOTE B – Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

New Accounting Standard - In July 2015, the FASB issued Accounting Standards Update No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient (ASU 2015-12). ASU 2015-12 Part I designates contract value as the only required measure for fully benefit-responsive investment contracts. ASU 2015-12 Part II simplifies the investment disclosure requirements under existing U.S. GAAP, including eliminating the disclosure of (1) Individual investments that represent five percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type. ASU 2015-12 Parts I and III do not apply to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Management has elected to adopt Part II early.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Recently Issued Accounting Standards – Recent accounting pronouncements issued by the Financial Accounting Standards Board (FASB) did not or are not believed by the plan administrator to have a material impact on the Plan's present or future financial statements.

NOTE C – Investments

The following is a summary of the plan's asset information included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided TD Ameritrade, the current trustee of the Plan, and Broadridge Financial Solutions, Inc., the former trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the current trustee as of and for the period from October 1, 2016 to November 30, 2016, and the former trustee from December 1, 2015 to September 30, 2016 and as of November 30, 2015, that the information provided to the Plan Administrator by the current trustee and former trustee is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	November 30, 2016	November 30, 2015
Total investments	$ 48,386,422	$ 50,507,872

TD Ameritrade, the current trustee of the Plan, and Broadridge Financial Solutions, Inc., the former trustee of the Plan also certified to the completeness and accuracy of net appreciation in fair value of investments and of interest and dividends related to the aforementioned assets for the year ended November 30, 2016.

	Broadridge Financial Solutions, Inc.	TD Ameritrade	Total
Total appreciation	$ 3,028,081	$ (288,085)	$ 2,739,996

All investments are participant directed; there are no nonparticipant directed accounts at November 30, 2016 or 2015.

NOTE D – Tax Status

The Internal Revenue Service has determined and informed the sponsor, by a letter dated October 22, 2003, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the Code. Management has evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

NOTE E – Transactions with Parties-In-Interest

The plan invests in shares of registered investment companies managed by the trustee. A substantial portion of the income or loss of the plan is derived from these investments, from the net asset values of the registered investment companies held by the plan. The trustee administers the distributions to participants. Certain administrative functions are performed by officers and employees of the Company. No such officer or employee receives compensation from the Plan.

The Company paid the following administrative expenses on behalf of the Plan during the year ended November 30, 2016.

	2016
Investment management and advisory fees	$ 255,537
Plan administration and audit fees	90,898
Total	$ 346,435

NOTE F – Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to terminate the Plan, subject to provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE G – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H – Fair Value Measurements

FASB ASC Codification 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Codification 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to valuation methodology include,

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at the fair value. There have been no changes in the methodologies used at November 30, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund.

NOTE H – Fair Value Measurements – continued

The preceding method described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of November 30,

	2016
