The Plan was established effective May 1, 1987. The Plan is a defined contribution 401(k) savings and profit sharing plan covering all full-time employees of American Engineering & Development Corporation (the "Employer" or the "Company") who have one year of service and are age twenty-one or older. An employee becomes eligible to participate on the entry date immediately following the date the employee completes the age and service requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants in the Plan may contribute an amount not to exceed 25% of their pretax annual compensation within the limits prescribed by the Internal Revenue Service (the IRS). Additionally, participants may rollover amounts representing distributions from other qualified defined-benefit or contribution plans. For the years ended December 31, 2016 and 2015, individual participants' contributions were limited to $18,000. On an annual basis and for each of the years ended December 31, 2016 and 2015, participants who are age 50 and older may also contribute an additional $6,000. Matching contributions of $243,978 and $228,007 were made for the years ended December 31, 2016 and 2015, respectively.

Participant accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the employer's contributions and (b) Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or duration of services, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan. Participants may change the allocation of contributions among funds pursuant to Plan provisions.

Forfeitures

Forfeitures are used to reduce the Company's matching contributions and are accounted for as a component of employer contributions in the accompanying statements of changes in net assets available for plan benefits. As of December 31, 2016 and 2015, forfeitures of approximately $8,000 and $2,000, respectively, are available to reduce the Company's matching contributions.

Allocation of vesting benefits

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions portion on their account plus earnings or losses thereon is based on years of continuous service as listed below:

Note 1 – Description of Plan, Continued

Allocation of vesting benefits, continued

Years of Service	Percent Vested
Less than 2	-
2	20
3	40
4	60
5	80
6 or more	100

Participant accounts become fully vested upon death, disability, or upon termination of the Plan.

Payment of benefits

Benefits are recorded when paid. On termination, a participant's account balance is distributed if the vested value of the participant's account is $1,000 or less. If the balance exceeds $1,000, the participant may leave the balance in the Plan or request payment. On termination of service, the Plan provides that the form of payment shall be either a lump sum cash payment or direct rollover to another qualified plan. The Plan also allows hardship withdrawals in certain circumstances.

Participant notes receivable

Plan participants may borrow from their accounts a minimum of $1,000 and up to the lesser of $50,000 or 50% of the value of their account balance. Loan originations and repayments are treated as transfers between investment funds and the participant's loan fund. Loan terms may not exceed five years, except in the case of loans for the purchase of a primary residence which may have terms of up to 15 years. The loans are secured by the balance in a participant's account and bear interest at a rate of 4.25% to 4.50%. Principal and interest are collected ratably through payroll deductions.

Plan administration

The Company is the Plan sponsor and the administrator of the Plan, and as such, controls and manages the operations of the Plan. The Plan's assets are maintained by SunTrust Retirement Services (the Custodian) as of and for the years ended December 31, 2016 and 2015. The Company's contributions are held and managed by the Custodian who invests cash received, interest, and dividend income, and makes distributions to participants (subject to the direction of the participants).

Note 2 – Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Note 2 – Summary of Significant Accounting Policies, Continued

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and the Custodian. See Note 4 for a discussion of fair value measurements.

In accordance with the policy of stating investments at fair value, unrealized appreciation or depreciation for the year is reflected in the statements of changes in net assets available for plan benefits.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis.

Participant notes receivable are valued at their outstanding balances, which approximate fair value.

Management estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and such differences could be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the high level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statements of changes in net assets available for plan benefits.

Concentration of credit risk

The Custodian maintains the Plan's investments with high credit-quality institutions and attempts to limit the credit exposure of any particular investment.

Payment of benefits to withdrawing participants

The Plan records benefit payments to withdrawing participants when paid.

Uncertain tax positions

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) FASB ASC Topic 740, *Income Taxes*, requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the Internal Revenue Service (IRS). In accordance with this guidance, the Plan has determined it does not have any positions at December 31, 2016 that it would be unable to substantiate.

Note 2 – Summary of Significant Accounting Policies, Continued

Fully benefit-responsive investments

While Plan investments are presented at fair value in the statements of net assets available for plan benefits, contract value is the relevant measurement attribute for that portion of the Plan's net assets available for plan benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals, and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

New accounting pronouncements

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: *Defined Benefit Pension Plans* (Topic 960), *Defined Contribution Plans* (Topic 962), *Health and Welfare Benefit Plans* (Topic 965): (Part I) *Fully Benefit Responsive Investment Contracts,* (Part II) *Plan Investment Disclosures and* (Part III) *Measurement Date Practical Expedient*. The ASU requires an employee benefit plan to use contract value as the only measurement amount for fully benefit-responsive investment contracts, and simplifies and increases the effectiveness of plan investment disclosure requirements for employee benefit plans. The guidance is effective for fiscal years beginning after December 15, 2015, and must be applied retrospectively to all periods presented in the financial statements for the fiscal year of adoption, with early adoption permitted. The Plan has adopted the provisions of ASU 2015-12 and has concluded that the adoption did not have a significant impact on the Plan's financial statements.

Note 3 – Investment Information Prepared and Certified by the Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and participant notes receivable as shown on the statements of net assets available for plan benefits as of December 31, 2016 and 2015;
- Net investment activity and interest income on participant notes receivable as shown in the statements of changes in net assets available for plan benefits for the years ended December 31, 2016 and 2015;
- Investment information included in the footnotes and supplemental schedule of assets held for investment purposes at year end as of December 31, 2016.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 3 – Investment Information Prepared and Certified by the Plan Custodian, Continued

The following investment information was obtained from data prepared and certified to as complete and accurate by the Custodian as of December 31, 2016 and 2015:

	2016	2015
Investments, at fair value:		
Registered investment companies	$ 6,801,863	$ 6,068,048
Common collective trust	1,118,393	1,146,041
Total investments, at fair value	$ 7,920,256	$ 7,214,089

Note 4 – Fair Value Measurements and Disclosures

Accounting guidance provides a framework for measuring fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Registered investment companies are mutual funds registered under the Investment Company Act of 1940. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds are deemed to be actively traded and are therefore considered Level 1 investments within the fair value hierarchy.

The common collective trusts (CCTs) is measured at the NAV of units of the collective trusts. NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it were determined to be probable that the trust would sell its underlying investments for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily at NAV. The CCT is measured at NAV and has not been classified in the fair value hierarchy in accordance with FASB ASC 820.

Investments measured at fair value on a recurring basis consist of the following types of instruments as of December 31:

	Fair Value Measurements as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds and total assets in the fair value hierarchy	$ 6,801,863	$ -	$ -	$ 6,801,863
Investments measured at net asset value *	-	-	-	1,118,393
Investments, at fair value	$ 6,801,863	$ -	$ -	$ 7,920,256

	Fair Value Measurements as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds and total assets in the fair value hierarchy	$ 6,068,048	$ -	$ -	$ 6,068,048
Investments measured at net asset value *	-	-	-	1,146,041
Investments, at fair value	$ 6,068,048	$ -	$ -	$ 7,214,089

Note 4 – Fair Value Measurements and Disclosures, Continued

* In accordance with subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to present the reconciliation of the fair value hierarchy to line items presented on the statements of net assets available for plan benefits.

Note 5 – Fair Value of Investments in Entities that use NAV Practical Expedient

The following table summarizes investments measured at fair value based on NAV per share as of December 31:

	2016	2015
Columbia Trust Stable Income I-35	$ 1,118,393	$ 1,146,041

The Columbia Trust Stable Income Fund is composed primarily of fully benefit-responsive investment contracts and reports its NAV at both fair value and contract value. The accompanying financial statements present this CCT at the NAV based on contract value in accordance with ASU 2015-12.

Note 6 – Refunds Payable for Excess Participant Contributions

In 2016 and 2015, the Plan received contributions from participants in excess of Plan and IRS limitations. Such amounts were refunded to participants in the subsequent year.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8 – Tax Status

The Company has established, and intends to maintain, the Plan as a qualified plan under Section 401 of the Internal Revenue Code (the Code) which provides for exemptions from federal income taxation. The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter, however, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

Note 9 – Party-In-Interest Transactions

Parties-in-interest are defined under the DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. The Plan's investments include a registered investment company managed by Ridgeworth Investments, an affiliate of the Custodian; therefore, related transactions qualify as party-in-interest.

Note 10 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits as shown on Form 5500 at December 31, 2016 with the amount shown in the financial statements:

Net assets available for plan benefits – Form 5500	$ 8,082,777
Reconciling items:	
Refundable excess contributions	(9,450)
Net assets available for plan benefits – financial statements	$ 8,073,327

Note 11 – Subsequent Events

Management evaluated activity of the Plan subsequent to December 31, 2016 through September 14, 2017, the date on which the financial statements were available to be issued, for events that require recognition in the financial statements or disclosure in the notes thereto.
