Employees are eligible unless represented by a retirement benefit bargaining unit.

Contributions

Each year, participants may contribute up to 40% of pretax annual compensation, as defined in the Plan, not to exceed the limits of the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants will be eligible to irrevocably designate some or all of the deferral contribution as a Roth Deferral Contribution at the time deferral election is made. Roth Deferral Contributions are included in income for tax purposes.

The Company makes non-discretionary, modified matching contributions of \$1 for every \$1 of each Participant's Deferral Contributions, up to a maximum of 5% of eligible wages. The Company may also make discretionary matching contributions in amounts determined by the Company. Contributions are subject to certain limitations imposed by the Internal Revenue Code.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution and allocations of Plan earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

NOTES TO FINANCIAL STATEMENTS - Continued

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions portions of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000 reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made. The loans are secured by up to 50% of the vested balance in the participant's account and bear interest at a rate determined when applying for the loan. A maximum of one loan outstanding is permitted. Principal and interest are paid ratably through payroll deductions. Interest earned on loans totaled \$7,072 and \$6,355 for the years ended December 31, 2016 and 2015, respectively.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive the value of the vested interest in his or her account in either a lump-sum amount or in installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. A participant may also elect this if he or she incurs a financial hardship as defined by the Plan.

Forfeited Accounts

Forfeited nonvested account balances are used to offset Plan expenses or to reduce the Plan Sponsor's contributions to the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

Plan transactions are recorded on the accrual basis of accounting.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value determined primarily by quoted market prices. Shares of mutual funds are valued at quoted market prices which represents the net asset value of shares held by the Plan. The common collective trust fund is stated at fair value, based upon the net asset value of the underlying investment contracts in the fund as reported by the issuer of the fund. See Note C for discussion of fair value measurements.

NOTES TO FINANCIAL STATEMENTS - Continued

Appreciation or depreciation in the fair value of investments represents the change in the difference between aggregate fair value and aggregate cost of investments, including investments purchased, sold and held during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Valuation of Notes Receivable from Participants

Notes receivable from participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Company has evaluated subsequent events and transactions for potential recognition and disclosure through September 8, 2017, the date the financial statements were available to be issued.

NOTE C - FAIR VALUE OF FINANCIAL INSTRUMENTS

FASB ASC 820-10, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

NOTES TO FINANCIAL STATEMENTS - Continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at quoted market prices which represent the net asset value ("NAV") of shares held by the Plan at year-end.

Common collective trusts: Composed primarily of fully benefit-responsive investment contracts that are valued at the NAV of units of the underlying investment contracts in the fund as reported by the issuer of the fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Assets at Fair Value as of December 31, 2016

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016 and 2015, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

NOTE D - PARTY-IN-INTEREST TRANSACTIONS

A party-in-interest is defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Company and certain others. Fees paid by the Plan for investment management services amounted to \$2,230 and \$809 for the years ended December 31, 2016 and 2015, respectively. Fees paid to mutual fund managers, the amounts of which are unknown, are netted against investment income. Professional fees for the administration and audit of the Plan were paid by the Company.

NOTES TO FINANCIAL STATEMENTS - Continued

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE F - TAX STATUS

The Plan obtained its latest determination letter in March 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Company believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

All tax positions taken by the Plan have been assessed to have a near 100% likelihood of being sustained upon their ultimate settlement in the event they are examined by taxing authorities and, therefore, there are no unrecognized tax liabilities. The tax years that remain subject to examination by the Internal Revenue Service are 2013 - 2015.

NOTE G - TERMINATED PARTICIPANTS

Included in net assets available for benefits are amounts allocated to individuals who have withdrawn from the Plan. The amount allocated to these participants was \$1,708,669 and \$1,468,185 at December 31, 2016 and 2015, respectively.

NOTE H - NET ASSETS RECONCILIATION

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31,:

AUDIT-RELATED COMMUNICATIONS

To the Administrative Committee

Cone Drive Operations Savings Plan for Non-Bargained Employees

We have conducted a DOL limited-scope audit of the financial statements of Cone Drive Operations Savings Plan for Non-Bargained Employees (the "Plan") for the year ended December 31, 2016, and have issued our reports thereon dated September 8, 2017. As permitted by 29 CFR 2520.103-8 of the *Department of Labor's Rules and Regulations for Reporting and Disclosure*, under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note I to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the *DOL's Rules and Regulations for Reporting and Disclosure* under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 20, 2017. Professional standards also require that we communicate to you the following information related to our audit.

Internal Controls

Except as discussed in the preceding paragraph, in planning and performing our audit of the financial statements of the Plan as of and for the year ended December 31, 2016, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified a certain deficiency in internal control that we consider to be a material weakness and another deficiency that we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

We consider the following deficiency in the Plan's internal control to be a *material weakness*:

Accounting System

The Plan does not utilize a double-entry accounting system. Instead, transactions are tracked in the investment custodian's statements. In order to establish internal control all of the Plan's transactions should be recorded through a double-entry accounting system with a general ledger maintained, monitored and reconciled to the custodian's records.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

We consider the following deficiency in the Plan's internal control to be a significant deficiency:

Participant Accounts

The bi-weekly employee deferral and employer matching Plan contributions were not reconciled to the Trustees' confirmations or participant account statements. We recommend performing these reconciliations on a more consistent basis, at a minimum, quarterly, so as to increase the chance of becoming aware of any reporting errors that may be made throughout the year.

Qualitative Aspects of Accounting Practices

The Plan Administrator is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note B to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2016. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by the Plan Administrator and are based on the Plan Administrator's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was the fair value of investments.

The Plan Administrator's estimate of the fair value of investments is based on the amount that the Plan could reasonably expect to receive in a current sale of assets as measured by quoted market prices or net asset values when available. As part of our audit, we did not test estimated investment valuations because we performed a limited-scope audit.

No Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with the Plan Administrator in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are trivial, and communicate them to the Plan Administrator. There were no such misstatements.

No Disagreements with the Plan Administrator

For purposes of this letter, a disagreement with the Plan Administrator, as defined by professional standards, is a financial accounting, reporting or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

The Plan Administrator Representations

We have requested certain representations from the Plan Administrator that are included in the representation letter dated September 8, 2017.

Plan Administrator Consultations with Other Independent Accountants

In some cases, the Plan Administrator may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with the Plan Administrator each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the *DOL's Rules and Regulations for Reporting and Disclosure* under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Administrative Committee, Board of Trustees and Plan Administrator of the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Administrative Committee of
Cone Drive Operations Savings Plan for Non-Bargained Employees

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the ***Cone Drive Operations Savings Plan for Non-Bargained Employees*** (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the *Department of Labor's Rules and Regulations for Reporting and Disclosure* under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note I, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing the information with related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certification from the Trustee as of and for the years ended December 31, 2016 and 2015, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedules of Assets (Held at End of Year) and Delinquent Participant Contributions as of December 31, 2016, which are the responsibility of Plan management, are required by the *Department of Labor's Rules and Regulations for Reporting and Disclosure* under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the *Department of Labor's Rules and Regulations for Reporting and Disclosure*, under the Employee Retirement Income Security Act of 1974.

Cone Drive Operations Savings Plan for Non-Bargained Employees

NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN

The following description of the Cone Drive Operations Savings Plan for Non-Bargained Employees (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan, effective November 13, 2008, is a defined contribution profit sharing plan under Section 401(a) of the Internal Revenue Code, includes 401(k) salary reduction provisions and is subject to the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established to enable employees of Cone Drive Operations, Inc. (the "Company") to accumulate capital for retirement.

Eligibility

Upon reaching the age of 18, an employee becomes eligible to participate in the Plan. Eligible employees may become participants on the first day of each month following the date on which eligibility requirements are met. Employees are eligible unless represented by a retirement benefit bargaining unit.

Contributions

Each year, participants may contribute up to 40% of pretax annual compensation, as defined in the Plan, not to exceed the limits of the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants will be eligible to irrevocably designate some or all of the deferral contribution as a Roth Deferral Contribution at the time deferral election is made. Roth Deferral Contributions are included in income for tax purposes.

The Company makes non-discretionary, modified matching contributions of \$1 for every \$1 of each Participant's Deferral Contributions, up to a maximum of 5% of eligible wages. The Company may also make discretionary matching contributions in amounts determined by the Company. Contributions are subject to certain limitations imposed by the Internal Revenue Code.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution and allocations of Plan earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

NOTES TO FINANCIAL STATEMENTS - Continued

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions portions of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000 reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made. The loans are secured by up to 50% of the vested balance in the participant's account and bear interest at a rate determined when applying for the loan. A maximum of one loan outstanding is permitted. Principal and interest are paid ratably through payroll deductions. Interest earned on loans totaled \$7,072 and \$6,355 for the years ended December 31, 2016 and 2015, respectively.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive the value of the vested interest in his or her account in either a lump-sum amount or in installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. A participant may also elect this if he or she incurs a financial hardship as defined by the Plan.

Forfeited Accounts

Forfeited nonvested account balances are used to offset Plan expenses or to reduce the Plan Sponsor's contributions to the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

Plan transactions are recorded on the accrual basis of accounting.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value determined primarily by quoted market prices. Shares of mutual funds are valued at quoted market prices which represents the net asset value of shares held by the Plan. The common collective trust fund is stated at fair value, based upon the net asset value of the underlying investment contracts in the fund as reported by the issuer of the fund. See Note C for discussion of fair value measurements.

NOTES TO FINANCIAL STATEMENTS - Continued

Appreciation or depreciation in the fair value of investments represents the change in the difference between aggregate fair value and aggregate cost of investments, including investments purchased, sold and held during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Valuation of Notes Receivable from Participants

Notes receivable from participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Company has evaluated subsequent events and transactions for potential recognition and disclosure through September 8, 2017, the date the financial statements were available to be issued.

NOTE C - FAIR VALUE OF FINANCIAL INSTRUMENTS

FASB ASC 820-10, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

NOTES TO FINANCIAL STATEMENTS - Continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at quoted market prices which represent the net asset value ("NAV") of shares held by the Plan at year-end.

Common collective trusts: Composed primarily of fully benefit-responsive investment contracts that are valued at the NAV of units of the underlying investment contracts in the fund as reported by the issuer of the fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$15,287,857</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$15,287,857</u>

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016 and 2015, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2016</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Common collective trusts	\$ 502,493	N/A	Daily	12 Months

<u>December 31, 2015</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>

NOTE D - PARTY-IN-INTEREST TRANSACTIONS

A party-in-interest is defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Company and certain others. Fees paid by the Plan for investment management services amounted to \$2,230 and \$809 for the years ended December 31, 2016 and 2015, respectively. Fees paid to mutual fund managers, the amounts of which are unknown, are netted against investment income. Professional fees for the administration and audit of the Plan were paid by the Company.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE F - TAX STATUS

The Plan obtained its latest determination letter in March 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Company believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

All tax positions taken by the Plan have been assessed to have a near 100% likelihood of being sustained upon their ultimate settlement in the event they are examined by taxing authorities and, therefore, there are no unrecognized tax liabilities. The tax years that remain subject to examination by the Internal Revenue Service are 2013 - 2015.

NOTE G - TERMINATED PARTICIPANTS

Included in net assets available for benefits are amounts allocated to individuals who have withdrawn from the Plan. The amount allocated to these participants was \$1,708,669 and \$1,468,185 at December 31, 2016 and 2015, respectively.
