Swift+POSSIBLE LLC 401(k) Plan

Notes to Financial Statements

December 31, 2016 and 2015

1. Description of the Plan

The following description of the Swift+POSSIBLE LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of eligible employees of Swift+POSSIBLE LLC (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Fidelity Management Trust Company ("the "Trustee") is the appointed custodian of the Plan's assets. All investments are participant-directed.

Eligibility

Employees – other than those who are non-resident aliens, part-time, temporary, or seasonal employees, or under age 21 (as defined in the Plan document) – are eligible to participate and receive Employer contributions in the Plan. Qualifying employees may participate in the Plan on the next entry date following the date they meet the eligibility requirements. Entry dates are each January 1, April 1, July 1, and October 1.

Contributions

The Plan includes a salary deferral provision which provides for both pre-tax contributions and after-tax Roth 401(k) contributions. Participants may elect to defer up to 100% of their eligible compensation, subject to current Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e., rollover contributions).

During the year ended December 31, 2016, the Employer matched 100% of each participant's contributions up to 3% of the participant's eligible compensation, plus 50% of each participant's contributions over 3% up to 5% of the participant's eligible compensation. In addition, the Employer may make discretionary matching contributions not to exceed 4% of a participant's eligible compensation. The Employer's contributions are generally funded as earned by participants. The Employer did not make any discretionary matching contributions during the year ended December 31, 2016.

Participant accounts

Each participant's account is credited (charged) with the participant's contributions and allocations of (a) the Employer's contributions, (b) Plan earnings (losses), and (c) administrative expenses. Earnings (losses) for each investment fund are allocated to participants' accounts based on the individual participant's account balance as compared to the total balance of the related investment fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in all contributions and the Plan's earnings (losses) thereon.

Benefits

On termination of service due to death, disability, or retirement, a participant (or their beneficiary) may elect to receive a lump-sum amount equal to the value of the participant's account. For termination of service for other reasons, distributions of balances less than or equal to \$1,000 are made in a lump-sum. If the terminated participant's balance exceeds \$1,000 but is less than or equal to \$5,000, and the participant does not elect to receive a distribution, the Plan permits the plan administrator to make a distribution

Swift+POSSIBLE LLC 401(k) Plan

Notes to Financial Statements

December 31, 2016 and 2015

directly to an individual retirement account set up on the participant's behalf. For vested balances greater than \$5,000, the Plan permits a participant to elect a lump-sum distribution. Also, upon certain financial hardship conditions, participants may elect to withdraw part or all of their elective contributions, exclusive of the related earnings (losses). Upon reaching age 59½, participants may make in-service withdrawals of part or all of their account balance, including the related earnings (losses).

Administrative expenses

At the Employer's discretion, administrative expenses of the Plan may be paid directly by the Employer; certain other administrative expenses may be paid by the Plan. Expenses that are paid by the Employer are excluded from the accompanying financial statements. In addition, certain investment related expenses are offset against net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements.

Investment income recognition

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Subsequent events

The plan administrator has evaluated, for potential recognition or disclosure in the financial statements, subsequent events that have occurred through October 9, 2017, which is the date that the financial statements were available to be issued.

Swift+POSSIBLE LLC 401(k) Plan

Notes to Financial Statements

December 31, 2016 and 2015

3. Information Prepared and Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information included in the accompanying financial statements, notes, and supplemental schedules was obtained from data that was prepared and certified to as complete and accurate by the Trustee and has not been audited by the Plan's independent auditors:

- Investments
- Net appreciation in fair value of investments
- Interest and dividends
- Schedule H, Line 4i - Schedule of Assets (Held at End of Year)

4. Fair Value Measurements

GAAP defines fair value, establishes a framework for measuring fair value, and requires certain disclosures about fair value measurements. The hierarchy of fair value valuation techniques under GAAP provides for three levels: Level 1 provides the most reliable measure of fair value, whereas Level 3, if applicable, generally would require significant management judgment. The three levels for categorizing assets and liabilities under GAAP's fair value measurement requirements are as follows:

- Level 1: Fair value of the asset or liability is determined using unadjusted quoted prices in active markets for identical assets or liabilities;
- Level 2: Fair value of the asset or liability is determined using inputs other than quoted prices that are observable for the applicable asset or liability, either directly or indirectly, such as quoted prices for similar (as opposed to identical) assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active; and
- Level 3: Fair value of the asset or liability is determined using unobservable inputs that are significant to the fair value measurement and reflect the Plan's own assumptions regarding the applicable asset or liability.

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2016 and 2015.

Mutual funds – The fair value of mutual funds is based on the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2016 and 2015:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
2016				
Mutual funds	\$ 2,927,562	\$ -	\$ -	\$ 2,927,562

Notes to Financial Statements

December 31, 2016 and 2015

5. Related Party Transactions

The Employer is the sponsor of the Plan and paid certain administrative expenses of the Plan during the year ended December 31, 2016. In addition, the plan administrator and members of the Retirement Plan Committee are participants in the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would remain fully vested in their accounts.

7. Tax Status

The Plan adopted a volume submitter defined contribution retirement plan (the Volume Submitter Plan) developed by Fidelity Management & Research Company (FMR). The Internal Revenue Service (IRS) has determined and informed FMR by a letter dated March 31, 2014 that the Volume Submitter Plan is designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment instruments which are exposed to certain risks such as interest rate, market, and credit risks. Due to the level of risk associated with investments, it is at least reasonably possible that changes in the values of the Plan's investments will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements and supplemental schedules.

9. Reconciliation of Financial Statements to the Form 5500

The following are reconciliations of net assets available for benefits and total contributions according to the financial statements to the Form 5500 as of and for the year ended December 31, 2016:
