INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of the
Topiderm, Inc. 401(K) Plan

We were engaged to audit the accompanying financial statements of Topiderm, Inc. 401(K) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2016 financial statements. Accordingly, we do not express an opinion on the 2016 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedules

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter—2015 Financial Statements

The financial statements of the Plan as of December 31, 2015, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. Their report, dated October 14, 2016, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations – 2016

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 — DESCRIPTION OF THE PLAN

The following description of the Topiderm, Inc. 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1993 for the purpose of providing retirement, death and disability benefits for the employees of Topiderm, Inc. ("the Company"). The Plan is a defined contribution plan covering all eligible employees of the Company who have completed one year of service, have reached 21 years of age, have completed over 1,000 hours of service during the plan year, and are not covered under a collective bargaining agreement. The entry dates for this Plan are the first day of the Plan year and the date six months later, coinciding with the date the employee meets the eligibility requirements. Employees are eligible for discretionary Company contributions only if they make deferral contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan has been amended as of November 3, 2015 and continues to be a qualified retirement plan under the Internal Revenue Code.

Contributions

Participants in the Plan may elect to defer and to contribute up to the maximum of their pretax annual eligible compensation, as defined by the Plan, not to exceed certain dollar limitations that are set by law. Participants age 50 or older may elect to defer and contribute additional amounts to the Plan up to a maximum that is set by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investments options with varying degrees of risk and potential returns offered by the Plan. The Plan offers twenty-nine mutual funds and investment contracts with an insurance company as investment options for participants.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon, including rollover contributions. Employer discretionary and matching contributions vest at a rate of 20% per year after two years of vesting service (vested 20% at the end of the second year of service and 20% annually thereafter with 100% at the end of the sixth year of service).

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Plan Sponsor's contribution, the Plan earnings and is charged with administrative expenses not paid by the Plan Sponsor. The Plan provides that earnings on contributions from participants are accumulated tax deferred. The Plan also provides that the participants are not subject to income tax on the amounts contributed and related earnings until the Plan makes distributions to the participant. Each participant has the right to invest their contributions into any of the various investment options offered by the Plan. Allocations are based on participant earnings or account balances, as defined. Participants direct investment of all account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 — DESCRIPTION OF THE PLAN (Continued)

Forfeitures

If a participant terminates employment with the Company at a time when the participant does not have a fully vested account, the nonvested employer contributions and actual earnings thereon are forfeited. Forfeitures of matching contributions may be used to reinstate previously forfeited account balance of former participants, reduce required discretionary employer matching contributions in the Plan year in which such forfeitures occur or in the next succeeding Plan year, if necessary, including any restorative contributions required or permitted to be made to the Plan by the Company and participants, or cover future administrative expenses. Forfeitures available at December 31, 2016 and 2015 totaled $6,351 and $4,596, respectively. No forfeitures were utilized to reduce the employer matching contributions for the years ended December 31, 2016 and 2015.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. All loans must be repaid in level payments on at least a quarterly basis over a five-year period unless the loan is for the purchase of a principal residence in which case the loan may be repaid over a ten-year period. The loans are secured by the balance of the participant's vested account and bear interest at a rate commensurate with market rates ranging from 3.25% - 3.50%, as determined quarterly by the Plan trustee. Participants may not have more than two loans outstanding at any time.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or a partial withdrawal. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Benefits are payable upon reaching early retirement age of 59-1/2, normal retirement age of 65, total and permanent disability, termination, or death in the form of a lump sum payment. Separated participants with vested account balances exceeding $5,000 may delay the timing of the receipt of benefits subject to minimum distribution rules required by law. Participants with a balance of $5,000 or less may be paid out without the participant's consent. Participants may be entitled to a hardship withdrawal of their vested benefits if they qualify under the criteria established by the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in all employer contributions with all rights to any amounts in their respective accounts.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants is measured as their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative costs incurred by the Plan relating to investment transactions and administrative expenses may be paid by the Plan. Personnel and facilities of the Plan Sponsor have been used by the Plan for its accounting and other activities at no charge to the Plan. Certain other professional fees and other administrative expenses are paid by the Plan Sponsor.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recent Accounting Pronouncements Adoption

In July 2015, the Financial Accounting Standards Board ("FASB") issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III provides a measurement date practical expedient for employee benefit plans. Parts I and III are not applicable to the Plan. The standard was effective for fiscal years beginning after December 15, 2015. During 2015, the Plan elected to early adopt this standard retrospectively. Adoption of the standard has no significant impact on the Plan's financial statements.

In May 2015, the FASB issued ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Shares (or Its Equivalent). This guidance removes the requirement to categorize within the fair value hierarchy all investments for which value is measured using net asset value per share (or its equivalent) using practical expedient. New guidance was given effectively January 1, 2016. The standard was effective for interim and annual periods beginning after December 15, 2015 and applied retrospectively to all periods presented. During 2015, the Plan elected to early adopt this standard retrospectively. Adoption of this standard has no significant impact on the Plan's financial statements.

In June 2015, the FASB issued ASU No. 2015-10, Technical Corrections and Improvements, which covers a wide range of topics in the ASC. The amendments in ASU 2015-10 represent changes to clarify the ASC, correct unintended application of guidance, and make minor improvements to the ASC. Included in the new ASU is the amendment of the definition of readily determinable fair value ("RDFV"). Much of the definition remain unchanged, however, it now includes a reference to equity securities in structures that are similar to mutual funds where the fair value per share is determined and published on a regular basis and is the basis for current transactions. These amendments are not expected to have a significant effect on current accounting practice or create a significant administrative cost to most entities. This guidance was effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2015, including interim periods within that reporting period. The Plan elected to adopt the standard for the Plan year beginning January 1, 2016 on a retrospective basis back to 2015. Adoption of this standard has no significant impact on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events through September 28, 2017, the date the financial statements were available to be issued.

NOTE 3 — FAIR VALUE MEASUREMENT

Financial Accounting Standards Board *Accounting Standards Codification* ("Codification"), *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the Codification are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Registered investment companies: The fair value of registered investment companies is based on quoted net asset values ("NAV") of the shares as reported by the fund. The securities held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily NAV and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 — FAIR VALUE MEASUREMENT (Continued)

The table sets forth by level, within the fair value hierarchy, the Plan's assets at fair market value as of December 31, 2016 and 2015:

	Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Investments, at fair value				
Registered investment companies	$ 3,639,606	$ -	$ -	$ 3,639,606
Total investments, at fair value	$ 3,639,606	$ -	$ -	$ 3,639,606

	Investments at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Investments, at fair value				
Registered investment companies	$ 3,067,073	$ -	$ -	$ 3,067,073
Total investments, at fair value	$ 3,067,073	$ -	$ -	$ 3,067,073

NOTE 4 — INFORMATION CERTIFIED BY PLAN TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, the Schedules of Assets Held (At End of Year) as of December 31, 2016 and 2015, and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2016 and 2015.

Fidelity Management Trust Company has certified to the Plan administrator that the following information is complete and accurate at:

	December 31,	
	2016	2015
Plan investments (see Note 3 for details):		
Registered investment companies	$ 3,639,606	$ 3,067,073
	$ 3,639,606	$ 3,067,073
Notes receivable from participants	$ 73,246	$ 88,501

	December 31,	
	2016	2015
Net appreciation in fair value of Investments	$ 67,781	$ (204,765)
Interest and dividends	$ 171,201	$ 169,694

NOTE 5 — INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 31, 2014 that the Plan based on its initial filing as a Prototype Plan, is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Internal Revenue Code.

The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statement. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 — PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of registered investment companies and a common collective trust managed by Fidelity Investments Institutional Operations Company, Inc. Fidelity Management Trust Company is the Trustee as defined by the Plan and these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. Also, certain administrative functions are performed by officers and employees of the Company (who may also be participants in the Plan) at no cost to the Plan. The Company paid audit fees amounting to $14,000 on behalf of the Plan for the year ended December 31, 2016.

NOTE 7 — RISKS AND UNCERTAINTIES

The Plan provides investments in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits.

Certain mutual funds offered by the Plan invest in securities of foreign companies, which involve special risks and considerations not typically associated with investing U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than similar types of securities in comparable U.S. companies.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of the
Topiderm, Inc. 401(K) Plan

We were engaged to audit the accompanying financial statements of Topiderm, Inc. 401(K) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2016 financial statements. Accordingly, we do not express an opinion on the 2016 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedules

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter—2015 Financial Statements

The financial statements of the Plan as of December 31, 2015, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. Their report, dated October 14, 2016, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations – 2016

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 — DESCRIPTION OF THE PLAN

The following description of the Topiderm, Inc. 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1993 for the purpose of providing retirement, death and disability benefits for the employees of Topiderm, Inc. ("the Company"). The Plan is a defined contribution plan covering all eligible employees of the Company who have completed one year of service, have reached 21 years of age, have completed over 1,000 hours of service during the plan year, and are not covered under a collective bargaining agreement. The entry dates for this Plan are the first day of the Plan year and the date six months later, coinciding with the date the employee meets the eligibility requirements. Employees are eligible for discretionary Company contributions only if they make deferral contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan has been amended as of November 3, 2015 and continues to be a qualified retirement plan under the Internal Revenue Code.

Contributions

Participants in the Plan may elect to defer and to contribute up to the maximum of their pretax annual eligible compensation, as defined by the Plan, not to exceed certain dollar limitations that are set by law. Participants age 50 or older may elect to defer and contribute additional amounts to the Plan up to a maximum that is set by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investments options with varying degrees of risk and potential returns offered by the Plan. The Plan offers twenty-nine mutual funds and investment contracts with an insurance company as investment options for participants.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon, including rollover contributions. Employer discretionary and matching contributions vest at a rate of 20% per year after two years of vesting service (vested 20% at the end of the second year of service and 20% annually thereafter with 100% at the end of the sixth year of service).

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Plan Sponsor's contribution, the Plan earnings and is charged with administrative expenses not paid by the Plan Sponsor. The Plan provides that earnings on contributions from participants are accumulated tax deferred. The Plan also provides that the participants are not subject to income tax on the amounts contributed and related earnings until the Plan makes distributions to the participant. Each participant has the right to invest their contributions into any of the various investment options offered by the Plan. Allocations are based on participant earnings or account balances, as defined. Participants direct investment of all account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 — DESCRIPTION OF THE PLAN (Continued)

Forfeitures

If a participant terminates employment with the Company at a time when the participant does not have a fully vested account, the nonvested employer contributions and actual earnings thereon are forfeited. Forfeitures of matching contributions may be used to reinstate previously forfeited account balance of former participants, reduce required discretionary employer matching contributions in the Plan year in which such forfeitures occur or in the next succeeding Plan year, if necessary, including any restorative contributions required or permitted to be made to the Plan by the Company and participants, or cover future administrative expenses. Forfeitures available at December 31, 2016 and 2015 totaled $6,351 and $4,596, respectively. No forfeitures were utilized to reduce the employer matching contributions for the years ended December 31, 2016 and 2015.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. All loans must be repaid in level payments on at least a quarterly basis over a five-year period unless the loan is for the purchase of a principal residence in which case the loan may be repaid over a ten-year period. The loans are secured by the balance of the participant's vested account and bear interest at a rate commensurate with market rates ranging from 3.25% - 3.50%, as determined quarterly by the Plan trustee. Participants may not have more than two loans outstanding at any time.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or a partial withdrawal. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Benefits are payable upon reaching early retirement age of 59-1/2, normal retirement age of 65, total and permanent disability, termination, or death in the form of a lump sum payment. Separated participants with vested account balances exceeding $5,000 may delay the timing of the receipt of benefits subject to minimum distribution rules required by law. Participants with a balance of $5,000 or less may be paid out without the participant's consent. Participants may be entitled to a hardship withdrawal of their vested benefits if they qualify under the criteria established by the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in all employer contributions with all rights to any amounts in their respective accounts.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants is measured as their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative costs incurred by the Plan relating to investment transactions and administrative expenses may be paid by the Plan. Personnel and facilities of the Plan Sponsor have been used by the Plan for its accounting and other activities at no charge to the Plan. Certain other professional fees and other administrative expenses are paid by the Plan Sponsor.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recent Accounting Pronouncements Adoption

In July 2015, the Financial Accounting Standards Board ("FASB") issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III provides a measurement date practical expedient for employee benefit plans. Parts I and III are not applicable to the Plan. The standard was effective for fiscal years beginning after December 15, 2015. During 2015, the Plan elected to early adopt this standard retrospectively. Adoption of the standard has no significant impact on the Plan's financial statements.

In May 2015, the FASB issued ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Shares (or Its Equivalent). This guidance removes the requirement to categorize within the fair value hierarchy all investments for which value is measured using net asset value per share (or its equivalent) using practical expedient. New guidance was given effectively January 1, 2016. The standard was effective for interim and annual periods beginning after December 15, 2015 and applied retrospectively to all periods presented. During 2015, the Plan elected to early adopt this standard retrospectively. Adoption of this standard has no significant impact on the Plan's financial statements.

In June 2015, the FASB issued ASU No. 2015-10, Technical Corrections and Improvements, which covers a wide range of topics in the ASC. The amendments in ASU 2015-10 represent changes to clarify the ASC, correct unintended application of guidance, and make minor improvements to the ASC. Included in the new ASU is the amendment of the definition of readily determinable fair value ("RDFV"). Much of the definition remain unchanged, however, it now includes a reference to equity securities in structures that are similar to mutual funds where the fair value per share is determined and published on a regular basis and is the basis for current transactions. These amendments are not expected to have a significant effect on current accounting practice or create a significant administrative cost to most entities. This guidance was effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2015, including interim periods within that reporting period. The Plan elected to adopt the standard for the Plan year beginning January 1, 2016 on a retrospective basis back to 2015. Adoption of this standard has no significant impact on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events through September 28, 2017, the date the financial statements were available to be issued.

NOTE 3 — FAIR VALUE MEASUREMENT

Financial Accounting Standards Board *Accounting Standards Codification* ("Codification"), *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the Codification are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Registered investment companies: The fair value of registered investment companies is based on quoted net asset values ("NAV") of the shares as reported by the fund. The securities held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily NAV and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 — FAIR VALUE MEASUREMENT (Continued)

The table sets forth by level, within the fair value hierarchy, the Plan's assets at fair market value as of December 31, 2016 and 2015:

	Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Investments, at fair value				
Registered investment companies	$ 3,639,606	$ -	$ -	$ 3,639,606
Total investments, at fair value	$ 3,639,606	$ -	$ -	$ 3,639,606

	Investments at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Investments, at fair value				
Registered investment companies	$ 3,067,073	$ -	$ -	$ 3,067,073
Total investments, at fair value	$ 3,067,073	$ -	$ -	$ 3,067,073

NOTE 4 — INFORMATION CERTIFIED BY PLAN TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, the Schedules of Assets Held (At End of Year) as of December 31, 2016 and 2015, and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2016 and 2015.

Fidelity Management Trust Company has certified to the Plan administrator that the following information is complete and accurate at:

	December 31,	
	2016	2015
Plan investments (see Note 3 for details):		
Registered investment companies	$ 3,639,606	$ 3,067,073
	$ 3,639,606	$ 3,067,073
Notes receivable from participants	$ 73,246	$ 88,501

	December 31,	
	2016	2015
Net appreciation in fair value of Investments	$ 67,781	$ (204,765)
Interest and dividends	$ 171,201	$ 169,694

NOTE 5 — INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 31, 2014 that the Plan based on its initial filing as a Prototype Plan, is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Internal Revenue Code.

The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statement. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 — PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of registered investment companies and a common collective trust managed by Fidelity Investments Institutional Operations Company, Inc. Fidelity Management Trust Company is the Trustee as defined by the Plan and these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. Also, certain administrative functions are performed by officers and employees of the Company (who may also be participants in the Plan) at no cost to the Plan. The Company paid audit fees amounting to $14,000 on behalf of the Plan for the year ended December 31, 2016.

NOTE 7 — RISKS AND UNCERTAINTIES

The Plan provides investments in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits.

Certain mutual funds offered by the Plan invest in securities of foreign companies, which involve special risks and considerations not typically associated with investing U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than similar types of securities in comparable U.S. companies.
