1. Description of the Plan

The following description of the Quintairos, Prieto, Wood & Boyer, P.A. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan is a 401(k) Profit Sharing Plan covering all employees of Quintairos, Prieto, Wood & Boyer, P.A. (the "Company") who are age 21 or older as of the Plan entry date and have completed six months of service. The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is administered by a third party administrator (TPA) who serves at the discretion of the Company. The third party administrator is responsible for all matters, including, but not limited to, determining eligibility, rights to benefits, interpreting Plan documents, directing the Plan's trustee and maintaining participant accounts.

On July 1, 2016, the Plan switched trustees from State Street Bank and Trust Company to Reliance Trust Company.

Contributions
Each year, participants may contribute between 1% and 90% of pre-tax annual compensation subject to limitations, as defined by the Plan. In addition, participants over 50 years of age are permitted to make additional catch up contributions of $6,000. Participants may also contribute amounts representing rollover distributions from other qualified plans. Upon enrollment, participants may direct their contributions to any of the Plan's investment options. Additionally, participants may change their investment options at any time.

The Company shall contribute an amount equal to a percentage of each participant's compensation for each plan year as specified by resolution of the Board of Directors. The percentage for the employer contribution was 100% on the first 4% of employees' compensation which is deferred for the year ended December 31, 2016. The company from time to time may contribute additional amounts on a discretionary basis to the Plan. Company contributions shall be calculated and allocated each pay period and invested in accordance with the participant's directed investment options. Effective March 1, 2015 and 2016, the matching contribution will not exceed $10,600 for both years.

Participants' Accounts
Each participant's account is credited with the participant's contributions and allocations of (a) the Company's matching contribution and (b) Plan earnings or loss and (c) charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions, and amounts rolled into the Plan plus actual earnings thereon. Effective January 1, 2009, the Company adopted a Safe Harbor 401(k) Plan and, as a result, all the 2016 Company's contributions are immediately vested, which is separate than the Company's non-elective contribution. In the event of Plan termination, all

participants will be considered fully vested. Vesting in the Company's non-elective contribution portion of their accounts plus actual earnings thereon is based on years of credited service. A participant is 100% vested after six years of credited service.

Payment of Benefits
On termination of service, normal retirement, attainment of age 59½, death, or disability, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a monthly annuity (fixed or variable) distributed in accordance with the Plan.

Notes Receivables from Participants
Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with the prime rates at the time the loan is effective, as published in the Wall Street Journal on the 14th of each month, plus two percentage points. Principal and interest is paid ratably through semimonthly or biweekly payroll deductions. Loan terms range from 1 to 5 years or up to 30 years for the purchase of a primary residence. A participant may not have more than one loan outstanding at a time.

Forfeited Accounts
At December 31, 2016 and 2015, forfeited non-vested balances totaled $1,288 and $10, respectively. These amounts will be used to reduce future employer contributions or plan administrative expenses. During the years ended December 31, 2016 and 2015, forfeited non-vested balances were not used to reduce employer contributions or administrative expenses.

Plan Termination
Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of any termination of the Plan, or upon complete or partial discontinuance of contributions, the accounts of each affected participant shall become fully vested.

2. Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties
The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

Investment Valuation and Income Recognition
The Plan's investments are valued at fair value (see Fair Value Measurements). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Participant loans are valued at their unpaid principal balances plus accrued but unpaid interest, which approximates fair value. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and custodians.

The Plan presents in the statement of changes in net assets available for plan benefits, the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, which approximate fair value. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. At December 31, 2016 and 2015, there was $346,654 and $228,645, respectively, in outstanding participant loans. Interest rates range from 5.25% - 5.50% with maturities through 2045. Such amounts have been included in notes receivables from participants in the statement of net assets available for benefits. No allowance for credit losses was considered necessary as of December 31, 2016 and 2015.

Benefit Payments
Benefits are recorded when paid.

Administrative Expense
The administrative fees of the Plan are absorbed by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivables from participants or distributions to participants are charged directly to the participant's account and are included in the administrative expenses.

Date of Management's Review
The Plan has evaluated subsequent events through October 4, 2017, which is the date the financial statements were available to be issued.

New Accounting Pronouncement
In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ('ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which amends Accounting Standards Code ("ASC") 820, *Fair Value Measurement.* The amendments removed the requirements to categorize within the fair value hierarchy investments for which fair value is measured using the net asset value per share practical expedient. The amendments also remove the requirement to make certain disclosure for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The Plan adopted these provisions for the 2016 plan year and retroactively applied to the 2015 financial statements resulting in no effect to the 2015 financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* The amendments require fully benefit-responsive investment contracts to be measured, presented and disclosed only at contract value, not fair value; simplified the investment disclosure requirements, and provided a measurement date practical expedient for employee benefit plan. The Plan adopted these provisions for the 2016 plan year and retroactively applied them to the 2015 financial statements resulting in no effect to the 2015 financial statements. Part III is not applicable to this Plan.

3. Information Certified by Trustees

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company and State Street Bank and Trust Company, the trustees for the Plan, have certified the completeness and accuracy of all investments and investment related information as of December 31, 2016 and 2015, respectively. The net appreciation and depreciation in fair value of investments and interest and dividend income for the year ended December 31, 2016 was certified by Reliance Trust Company. Information certified by the trustees does not include the following:

- Determination of the amounts to be contributed by the Company and participants;
- Determination of the amounts of benefits and distributions paid to participants;
- Tax status of Plan; and,
- Plan description and Plan amendments.

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2016	2015
Certified by	Reliance Trust Company	State Street Bank and Trust Company
Mutual funds	$ 19,833,044	$ 15,371,519
Common/collective trust	1,225,991	1,017,305
Investment income	1,238,911	

4. Related Party Transactions and Party in Interest Transactions

Certain Plan investments are managed by State Street Bank and Trust Company through June 30, 2017 and thereafter managed by Reliance Trust Company. Reliance Trust Company and State Street Bank and Trust Company are the trustees and custodians for the Plan, and therefore these transactions qualify as a party in interest transactions. There are $346,654 and $228,645 in outstanding participant loans as of December 31, 2016 and 2015, respectively. The participants are related parties and these transactions qualify as party-in-interest transactions.

5. Tax Status

The Plan is an adoption of the standardized prototype plan written by Automatic Data Processing Prototype 401(k) and Profit Sharing Plan. The prototype sponsor has received a favorable determination letter dated November 6, 2001, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in process. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

7. Fair Value Measurement

The Plan adopted FASB ASC 820, *Fair Value Measurements*, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust fund – Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate the fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. The collective trust funds are not included in the valuation hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015.

	Assets at Fair Value as of December 31, 2016			
	Level 1	**Level 2**	**Level 3**	**Total**

* Deemed distributed loans ("DDL") occurs when a participant misses a loan payment and fails to make it up by a specified date or the terms for repaying a loan expire without full payment.
