Ceratizit USA, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of Ceratizit USA, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

Ceratizit USA, Inc. (the "Company") maintains a defined contribution plan which covers substantially all hourly and salary employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The terms of the Plan are intended to comply with Internal Revenue Code ("IRC") Sections 401(a) and 401(k) and the Treasury regulation issued there under in order that the Plan may qualify as a tax-exempt profit-sharing plan under Code Section 501(a). The Company has given Fidelity Management Trust Company (the "Trustee"), the trustee of the Plan, the authority to hold the assets of the Plan and to invest, control and disburse all assets of the Plan in accordance with the Plan document.

Plan Amendments

Effective December 10, 2015, the Plan was amended to increase the automatic enrollment rate into the Plan from 3% to 5% of compensation for new employees; employees are automatically enrolled in the Plan upon completing 90 days of service unless the employee affirmatively elects to not participate in the Plan or affirmatively changes the deferral rate.

Effective August 10, 2015, the Plan was amended to allow Roth 401(k) contributions. However, effective September 5, 2016, the Plan was amended and Roth 401(k) contributions were no longer allowable under the Plan.

Participation

All employees of the Company, except those listed below, are eligible to participate in the Plan on the first day of the month following 90 days of employment. The following employee groups are ineligible to participate in the Plan: residents of Puerto Rico, employees treated as common-law employees of a leasing organization, independent contractors and non-alien with no earned income from the Company from sources within the United States of America. New employees are automatically enrolled at 3% on the first day of the month following completion of 90 days of service, unless they elect not to participate or they elect a different percentage rate. The automatic enrollment increased from 3% to 5% effective December 31, 2015. Refer to Plan Amendment above.

Participants become eligible to receive a matching contribution on the first day of the first month after the participant has completed 90 days of service with the Company and has elected to defer compensation into the Plan.

Ceratizit USA, Inc. 401(k) Plan

Notes to Financial Statements

Contributions

Each year, contributions to the Plan are as follows:

- a) Employees may contribute a percentage of their eligible compensation through payroll deductions, up to an annual maximum set by law. Eligible compensation for computing contributions under the Plan is the taxable compensation for a Plan year reportable by the employer on Internal Revenue Service ("IRS") Form W-2, excluding reimbursements or other expense allowances, fringe benefits, moving expenses, deferred compensation, welfare benefits, and salary reductions made to an employer sponsored cafeteria plan. Each participant who is at least age 50 by the end of the year shall be eligible to make catch-up contributions during the calendar year up to an annual amount set by law. Each participant may also contribute to the Plan 1% to 100% of any bonus designated by the employer into the Plan on a "pre-tax" basis. The total amount contributed during the Plan year may not exceed 60% of the participant's eligible compensation or other applicable limit set by law.
- b) The Plan provides for a non-discretionary employer matching contribution. The Company is required to make matching contributions to each eligible participant's account based upon the participant's pre-tax contributions. Matching contributions are equal to 50% up to the first 6% of a participant's contribution to the Plan. The employer matching contributions receivable was \$5,120 and \$4,614 for the Plan as of December 31, 2016 and 2015, respectively. The employer matching contributions was \$140,933 and \$116,705 for the Plan year ended December 31, 2016 and 2015, respectively.
- c) The Company may make additional discretionary matching contributions to eligible participants, of a percent, if any, to be determined annually based on a percentage of employee pre-tax contributions. For purposes of determining matching contributions to the Plan, the participant pre-tax contributions will not include age 50 and over catch-up contributions described above. The Board of Directors did not declare a discretionary match for the Plan years ended December 31, 2016 and 2015.
- d) The Company may designate all or a portion of any matching contributions for a Plan year as qualified matching contributions and allocate them to non-highly compensated employees to help the Plan pass one or more annually required IRC nondiscrimination tests. Participants receiving these matches are immediately 100% vested in these match amounts. For purposes of determining matching contributions to the Plan, the participant pre-tax contributions will not include age 50 and over catch-up contributions described above.

Ceratizit USA, Inc. 401(k) Plan

Notes to Financial Statements

- e) The Company may make a discretionary profit-sharing contribution to eligible participants, as determined by the Company's Board of Directors. Profit sharing contributions, if declared by the Company, will be made to eligible participants in any year in which an eligible participant is either employed by the Company on the last day of the Plan year and had completed 1,000 hours of services during the Plan year or has terminated employment from the Company during the Plan year by reason of death, disability or retirement. Profit sharing contributions, if any, made to the Plan by the employer are allocated to the participant accounts in the ratio that participant eligible compensation bears to the total eligible compensation paid to all eligible participants. The Board of Directors did not declare a profit sharing contribution for the Plan years ended December 31, 2016 and 2015.
- f) Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, Plan earnings and charged with withdrawals, if any, and allocations of Plan losses and administrative expenses. Allocation of Plan earnings and losses are based on the participant's proportionate share of each of the investment accounts. Participants direct the investment of their accounts among the investment funds offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

All participants are immediately vested in their employee contributions and rollover contributions, plus any earnings. Employer matching contributions, employer profit sharing contributions, and any earnings will be vested in accordance with the following schedule:

<i>Years of Service</i>	<i>Vesting</i>
Less than 1	0%
1	25
2	50
3	100

Benefits Payments

Upon termination of service due to disability, retirement or termination, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested account balance, an unlimited number of partial lump sum payments in cash or annual installments or various forms of annuities. For termination of service for other reasons, including death, a participant may receive the value of the vested interest in their account as a lump sum distribution, in annual installments or various forms of annuities.

Ceratizit USA, Inc. 401(k) Plan

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balances, reduced by the highest outstanding loan balance in the participants' account during the prior twelve months. Participants may only apply for one loan each plan year. Generally, outstanding loan balances shall be repaid in payments not less frequently than quarterly, over a period not extending longer than five years unless the loans are used to purchase a primary residence in which case the loan term may exceed five years. Payments are to include principal and interest. The loans are collateralized by the balance in the participants' account. Loans bear interest at a fixed rate determined by the Plan administrator. At December 31, 2016, interest rates ranged from 4.25% to 7.50%.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures of employer contributions can be used to pay administrative expenses or to reduce future employer contributions to the Plan. Forfeitures remaining in the Plan as of December 31, 2016 and 2015 were \$316 and \$2,183, respectively. For the year ended December 31, 2016, forfeitures in the amounts of \$5,744 and \$4,448 were used to reduce employer contributions and to pay administrative expenses, respectively. For the year ended December 31, 2015, forfeitures in the amounts of \$20,916 and \$3,623 were used to reduce employer contributions and to pay administrative expenses, respectively.

Administrative Expenses

Administrative expenses of the Plan may be paid by the Company at its discretion. If the Company elects not to pay such expenses, they shall be paid by the Plan. The Company paid for a portion of administrative expenses of the Plan in 2016 and 2015.

The accompanying financial statements of the Plan are prepared using the accrual method of accounting and in accordance with principles generally accepted in the United States of America.

Reclassification

Certain items contained within the prior year's financial statements have been reclassified to conform to the current reporting period.

Adoption of New Accounting Guidance

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, "*Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*" ("ASU 2015-07"). Under this guidance, investments measured at net asset value, as a practical expedient for fair value, are excluded from the fair value hierarchy. Instead, an entity would be required to include those investments as a reconciling item so that the total fair value amount of investments in the disclosure is consistent with the fair value investment balance of the Statements of Net Assets Available for Benefits. For employee benefit plans, ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Early application is permitted. The Plan does not hold investments to which this guidance applies and, as such, the Plan will not adopt this guidance.

In July 2015, the FASB issued ASU 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient" ("ASU 2015-12"). This guidance simplifies the required disclosures related to employee benefit plans. Part I eliminates the requirement to measure and disclose the fair value of fully benefit-responsive contracts. Contract value is the only required measure for fully benefit-responsive investment contracts. This guidance also concluded that fully benefit-responsive contracts are limited to direct investment holdings between the Plan and the issuer. Part II eliminates the requirement to disclose individual investments which comprise 5% or more of total net assets available for benefits, as well as the net appreciation (depreciation) of fair value by type. Additionally, plans are no longer required to disaggregate the fair value of investment by nature, characteristics and risks, but shall classify them by general type of plan asset. Part III permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. For employee benefit plans, ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with retrospective application to all periods presented for Parts I and II and prospective application for Part III. Early adoption is permitted for all three parts individually or in aggregate. The Plan elected to early adopt Part II of this guidance as of December 31, 2015, as permitted, and applied this guidance retrospectively as required. Plan management believes it will simplify Plan accounting and financial statement presentation. The adoption of the accounting guidance has no material effect on the financial statements. As the Plan does not hold fully benefit-responsive investment contracts and the Plan's fiscal year-end coincides with a month-end, Parts I and III of this guidance do not apply to the Plan and, as such, the Plan will not adopt Parts I and III of this guidance.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation

The Plan presents in the Statements of Changes in Net Assets Available for Benefits, the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments.

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds - Mutual funds represent investments with various investment managers. The fair value of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value as of December 31, 2016 and 2015.

Money Market Funds - Money market funds represent investments in publicly traded open-end money market mutual funds. The value of these investments relating to the Plan is based on the 90-Day Treasury Bill Index and the number of shares as of December 31, 2016 and 2015.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investment Transactions and Income Recognition

Investment transactions are reflected on a trade-date basis. Investment income is recognized when earned. Gains and losses on investments are based on average cost. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Income from other investments is recorded as earned on an accrual basis.

Notes Receivable from Participants

Participant loans are measured at the unpaid principal balance plus unpaid accrued interest. Defaulted loans are deemed distributed and recorded as benefits paid to participants in the Statements of Changes in Net Assets Available for Benefits. During the years ended December 31, 2016 and 2015, there were no benefits paid to participants and beneficiaries as deemed distributions.

Risks and Uncertainties

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Payment of Benefits

Benefits are recorded upon distribution.

Subsequent Events

The financial statements and related disclosures include an evaluation of events up to and including October 9, 2017, which is the date the financial statements were available to be issued, and there were no subsequent events requiring disclosure in or adjustments to the financial statements.

3. Information Certified by Fidelity Management Trust Company

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate:

<i>December 31,</i>	2016	2015
Mutual funds	\$ 7,168,619	\$ 6,990,511
Money market funds	455,982	489,291
Notes receivable from participants	287,264	309,981

<i>Year ended December 31,</i>	2016	2015
Net appreciation (depreciation) in fair value of investments	\$ 217,794	\$ (334,516)
Dividends and interest	284,543	384,110
Interest - notes receivable from participants	14,450	13,273

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

4. Fair Value Measurements

Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Ceratizit USA, Inc. 401(k) Plan

Notes to Financial Statements

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan investment assets as of December 31, 2016 and 2015. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

	Investment Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total

5. Income Tax Status

The Plan has received a favorable determination letter from the IRS dated March 31, 2008, stating that the Plan, as then designed, complied with the requirements of Section 401(a) of the IRC and is exempt from taxation under Section 501(a) of the IRC. The Plan has been amended since receiving the determination letter. The fiduciaries believe the Plan continues to be designed and is being operated in accordance with the applicable requirements of the IRC. The fiduciaries of the Plan believe that the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Ceratizit USA, Inc. 401(k) Plan

Notes to Financial Statements

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audits by taxing jurisdictions. The Plan was selected for an IRS audit of the Plan year ended December 31, 2013. The IRS audit concluded in May 2017. See Note 10.

6. Party-In-Interest Transactions

The Company paid third parties for accounting, investment, and administrative expenses on behalf of the Plan. Certain Plan investments are managed by Fidelity Management Trust Company which is the Plan's Trustee. Transactions involving these investments are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations. Notes receivable from participants, fees paid by the Plan and the Company also qualify as party-in-interest transactions. There were no other agreements, nor were there any other transactions with parties known to be parties-in-interest.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate its participation in the Plan subject to the provisions of ERISA. In the event of plan termination, all participants will become fully vested in their participant accounts and the Trustee will distribute the assets in the Plan to participants in proportion to their respective account balances.

8. Reconciliation of Form 5500 to the Financial Statements

The following is a reconciliation of Net Assets Available for Benefits, per the financial statements to the Form 5500 as of December 31, 2016 and 2015:

<i>December 31,</i>	2016	2015
Net Assets Available for Benefits, per financial statements	\$ 7,933,287	\$ 7,808,619

Ceratizit USA, Inc. 401(k) Plan

Notes to Financial Statements

The following is a reconciliation of the Total Income, per the financial statements to the Form 5500 for the years ended December 31, 2016 and 2015:

Contribution receivables as of December 31, 2015 and 2014	18,836	19,503
Total Income, per Form 5500	\$ 1,085,079	\$743,685

9. Delinquent Participant Contributions

The Company determined that certain employee deferrals had not been remitted to the Plan within the required time period according to Department of Labor regulations. The amount reported for the year ended December 31, 2016 was \$16,352. Deferrals for the pay period March 4, 2016 totaling \$21,806 were remitted on March 28, 2016 due to correction of errors in participant deferrals prior to acceptance by the Trustee. The Company is in the process of determining the effect of the lost earnings on the participants' accounts related to this late deferral and will remit to the Plan and allocate to participants' accounts in 2017.

10. IRS Plan Audit

On January 6, 2016, the Company received a letter from the IRS informing them that the Plan had been selected for an audit for the Plan year ended December 31, 2013. As a result of the audit, it was noted that the Plan Adoption Agreement specified that the determination period for matching contribution is the Plan year, however for the Plan years ending December 31, 2011 through December 31, 2016 matching contributions were made at each payroll period. At year end, a calculation was not performed using annual compensation and the additional matching contributions were not provided. The Plan corrected this operational failure and the employer contributed additional matching contributions plus earnings to the affected participant's account. This issue was corrected under the Self Correction Program pursuant to Revenue Procedure 2016-51. The IRS audit was concluded in May 2017.
