PROFIT SHARING & 401(K) PLAN FOR NON-BARGAINING EMPLOYEES
OF HBD INDUSTRIES, INC. AND SUBSIDIARIES

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

General

The Profit Sharing & 401(k) Plan for Non-Bargaining Employees of HBD Industries, Inc. and Subsidiaries (the "Plan") is a defined contribution plan covering eligible employees of HBD Industries, Inc. and its Subsidiaries (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees become eligible for the Plan upon the completion of one hour of service to the Company. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

On July 15, 2016, HBD Industries, Inc. Salary Redirection and Savings Plan was renamed Profit Sharing & 401(k) Plan for Non-Bargaining Employees of HBD Industries, Inc. and Subsidiaries. Coincident with renaming the Plan, participants in the following three plans sponsored by HBD Industries, Inc. or one of its wholly-owned subsidiaries were transferred into the Plan: (1) Hydro Carbide and California Drop Forge Retirement, Profit Sharing and 401(k) Plan, (2) HBD Industries, Inc. Profit Sharing, Salary Redirection and Savings Plan for Certain Non-Bargaining Unit Employees, and (3) Peerless-Winsmith, Inc. Profit Sharing and 401(k) Plan for Non-Bargaining Unit Employees of Ohio Electric Motors, Inc. and Other Contributing Companies. In addition, participants in the sponsor's plan "The Profit Sharing & 401(k) Plan for Certain Bargaining Unit Employees of HBD Industries, Inc. and Subsidiaries" who were employed with the sponsor's Precision Metal Products, Inc. subsidiary were transferred into the Plan.

Contributions

Participants may elect to contribute between 2% of their pretax base compensation up to the maximum dollar limitation allowed by Section 402(g) of the Internal Revenue Service Code into the Plan as an elective deferral contribution. Participants may also elect to contribute 1% to the maximum allowable of their base compensation, on an after-tax basis. Any participant who has attained age 50 by the end of the Plan year may elect to contribute additional "catch-up" contributions. Participants may also contribute in the form of a direct rollover, amounts representing distributions from other qualified plans.

In 2016 and 2015, the Company made a basic contribution to the Plan in an amount equal to 3% of the base compensation paid to eligible employees. In 2016 and 2015, the Company also made a mandatory matching contribution equal to 50% of the first 6% of base compensation each participant elects to defer. In addition to the basic and mandatory matching contributions, the Company may, at the discretion of the Board of Directors, make an additional profit sharing or matching contribution. The company did not make any discretionary profit sharing contributions during 2016 or 2015.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocation of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings, participant contributions or account balances, as defined. The benefit to which a participant is entitled is the vested benefit from the participant's account. Participants direct the investment of their contributions into various investment options offered by the Plan.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Vesting

All participants are immediately vested in their elective deferral and Company contributions, plus actual earnings thereon. Additionally, participants immediately vest in the Company's mandatory and discretionary matching contributions.

Participants become vested in the Company's basic and discretionary profit sharing contribution in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Interest</u>
Less than 2 years	0%
2 years but less than 3 years	20%
3 years but less than 4 years	40%
4 years but less than 5 years	60%
5 years but less than 6 years	80%
6 years or more	100%

Notes Receivable from Participants

The Plan allows participants to apply for and obtain loans, limited to 50% of the participant's vested account balance not to exceed \$50,000, from the vested balance of the participant's account. All loans must be repaid within five years unless the loan is used to finance the participant's primary residence, in which case the term of the loan is not to exceed ten years. The participant must reduce the \$50,000 amount, above, if he or she already had an outstanding loan from the Plan (or any other plan of the employer or related employer) during the 1-year period ending the day before the loan. The amount of the reduction is the participant's highest outstanding loan balance during that period minus the outstanding balance on the date of the new loan. Interest is charged at a rate equal to the prime rate plus 2%. Payments of principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, a participant may elect to receive the value of their account balance as a lump-sum payment. A participant becomes fully vested in their account balance upon retirement, death, disability, or the permanent shutdown of a Company profit center.

Forfeited Accounts

As of December 31, 2016 and 2015, unallocated forfeited accounts totaled \$27,640 and \$0, respectively. These amounts are to be used to reduce Company contributions to the Plan and/or to pay permissible expenses of the Plan. Forfeitures totaling \$101,000 and \$0 were used to reduce Company contributions during the years ended December 31, 2016 and 2015, respectively. Forfeitures totaling \$128 and \$0 were used to pay permissible expenses during the years ended December 31, 2016 and 2015, respectively.

Plan Number

The Prudential plan number assigned to the Plan is 300359.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

OF HBD INDUSTRIES, INC. AND SUBSIDIARIES

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's net gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All expenses of maintaining the Plan have been paid by the Company or through the use of forfeitures, with the exception of loan fees which are paid directly by the Plan.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient.

However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this update are effective for the Plan's fiscal years beginning after December 15, 2016. Upon adoption, the amendments shall be applied retrospectively to all periods presented. Plan management is currently evaluating the impact this update will have on the Plan's financial statements. Plan management has determined this update is not applicable to the Plan.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncements (Continued)

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosure, and (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of the net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively, with Part III to be applied prospectively. Part III is not applicable to the Plan. There is no anticipated effect on the value of the net assets available for benefits as the main changes resulting from implementation of the ASU centers on certain disclosures in the notes to the financial statements. Management elected to adopt Part II early for the 2015 plan year. Management elected to adopt Part I for the 2016 plan year and is being retroactively applied to December 31, 2015. Prior year disclosures have been revised to reflect the retrospective application of this update.

Subsequent Events

Subsequent events have been evaluated through October 4, 2017, which is the date the financial statements were available to be issued.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY PRUDENTIAL TRUST COMPANY

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation in fair value of investments, interest, and dividends for the years ended December 31, 2016 and 2015, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Prudential Trust Company (the trustee of the Plan).

NOTE 4: INVESTMENTS

During 2016 and 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	<u>2016</u>	<u>2015</u>
	\$ 1,066,062	\$ (508,846)

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENTS

Generally accepted accounting principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end. NAV is based on the value of underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 39,037,727	\$ 0	\$ 0	\$ 39,037,727

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 15,474,124	\$ 0	\$ 0	\$ 15,474,124

NOTE 6: GUARANTEED INVESTMENT CONTRACT WITH PRUDENTIAL RETIREMENT INSURANCE AND ANNUITY COMPANY

In 2010, the Plan entered into a traditional fully benefit-responsive guaranteed annuity contract with Prudential Life Insurance Company ("Prudential") totaling \$18,758,501 for 2016 and \$7,602,624 for 2015. Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.5 percent. The crediting rate is reviewed on a monthly basis of resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan, by Prudential, represents contributions made under the contract, plus earnings less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawals or transfers of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 6: GUARANTEED INVESTMENT CONTRACT WITH PRUDENTIAL RETIREMENT
INSURANCE AND ANNUITY COMPANY (CONTINUED)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. The plan administrator believes that no events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

	<u>2016</u>	<u>2015</u>
Traditional Investment Contracts	\$18,758,501	\$7,602,624

NOTE 7: PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. At December 31, 2016 and 2015, the Plan received record keeping, asset custody and investment management services from Prudential Trust Company, the trustee of the Plan, for which Prudential received indirect compensation. During 2016 and 2015, the Plan paid administrative fees of \$109,416 and \$3,895 respectively, directly from Plan assets to Prudential. Additionally, at December 31, 2016 and 2015, the Plan holds party-in-interest receivables of \$1,418,611 and \$299,510, respectively, in the form of participant loans.

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants will become fully vested in their accounts.

NOTE 9: TAX STATUS

The Plan obtained its latest determination letter dated October 13, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

PROFIT SHARING & 401(K) PLAN FOR NON-BARGAINING EMPLOYEES
OF HBD INDUSTRIES, INC. AND SUBSIDIARIES

NOTES TO THE FINANCIAL STATEMENTS

NOTE 9: TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require management of a plan to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

NOTE 10: RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds and a guaranteed income fund. The underlying investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the inherent level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.

PROFIT SHARING & 401(K) PLAN FOR NON-BARGAINING EMPLOYEES
OF HBD INDUSTRIES, INC. AND SUBSIDIARIES

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

General

The Profit Sharing & 401(k) Plan for Non-Bargaining Employees of HBD Industries, Inc. and Subsidiaries (the "Plan") is a defined contribution plan covering eligible employees of HBD Industries, Inc. and its Subsidiaries (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees become eligible for the Plan upon the completion of one hour of service to the Company. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

On July 15, 2016, HBD Industries, Inc. Salary Redirection and Savings Plan was renamed Profit Sharing & 401(k) Plan for Non-Bargaining Employees of HBD Industries, Inc. and Subsidiaries. Coincident with renaming the Plan, participants in the following three plans sponsored by HBD Industries, Inc. or one of its wholly-owned subsidiaries were transferred into the Plan: (1) Hydro Carbide and California Drop Forge Retirement, Profit Sharing and 401(k) Plan, (2) HBD Industries, Inc. Profit Sharing, Salary Redirection and Savings Plan for Certain Non-Bargaining Unit Employees, and (3) Peerless-Winsmith, Inc. Profit Sharing and 401(k) Plan for Non-Bargaining Unit Employees of Ohio Electric Motors, Inc. and Other Contributing Companies. In addition, participants in the sponsor's plan "The Profit Sharing & 401(k) Plan for Certain Bargaining Unit Employees of HBD Industries, Inc. and Subsidiaries" who were employed with the sponsor's Precision Metal Products, Inc. subsidiary were transferred into the Plan.

Contributions

Participants may elect to contribute between 2% of their pretax base compensation up to the maximum dollar limitation allowed by Section 402(g) of the Internal Revenue Service Code into the Plan as an elective deferral contribution. Participants may also elect to contribute 1% to the maximum allowable of their base compensation, on an after-tax basis. Any participant who has attained age 50 by the end of the Plan year may elect to contribute additional "catch-up" contributions. Participants may also contribute in the form of a direct rollover, amounts representing distributions from other qualified plans.

In 2016 and 2015, the Company made a basic contribution to the Plan in an amount equal to 3% of the base compensation paid to eligible employees. In 2016 and 2015, the Company also made a mandatory matching contribution equal to 50% of the first 6% of base compensation each participant elects to defer. In addition to the basic and mandatory matching contributions, the Company may, at the discretion of the Board of Directors, make an additional profit sharing or matching contribution. The company did not make any discretionary profit sharing contributions during 2016 or 2015.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocation of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings, participant contributions or account balances, as defined. The benefit to which a participant is entitled is the vested benefit from the participant's account. Participants direct the investment of their contributions into various investment options offered by the Plan.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Vesting

All participants are immediately vested in their elective deferral and Company contributions, plus actual earnings thereon. Additionally, participants immediately vest in the Company's mandatory and discretionary matching contributions.

Participants become vested in the Company's basic and discretionary profit sharing contribution in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Interest</u>
Less than 2 years	0%
2 years but less than 3 years	20%
3 years but less than 4 years	40%
4 years but less than 5 years	60%
5 years but less than 6 years	80%
6 years or more	100%

Notes Receivable from Participants

The Plan allows participants to apply for and obtain loans, limited to 50% of the participant's vested account balance not to exceed \$50,000, from the vested balance of the participant's account. All loans must be repaid within five years unless the loan is used to finance the participant's primary residence, in which case the term of the loan is not to exceed ten years. The participant must reduce the \$50,000 amount, above, if he or she already had an outstanding loan from the Plan (or any other plan of the employer or related employer) during the 1-year period ending the day before the loan. The amount of the reduction is the participant's highest outstanding loan balance during that period minus the outstanding balance on the date of the new loan. Interest is charged at a rate equal to the prime rate plus 2%. Payments of principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, a participant may elect to receive the value of their account balance as a lump-sum payment. A participant becomes fully vested in their account balance upon retirement, death, disability, or the permanent shutdown of a Company profit center.

Forfeited Accounts

As of December 31, 2016 and 2015, unallocated forfeited accounts totaled \$27,640 and \$0, respectively. These amounts are to be used to reduce Company contributions to the Plan and/or to pay permissible expenses of the Plan. Forfeitures totaling \$101,000 and \$0 were used to reduce Company contributions during the years ended December 31, 2016 and 2015, respectively. Forfeitures totaling \$128 and \$0 were used to pay permissible expenses during the years ended December 31, 2016 and 2015, respectively.

Plan Number

The Prudential plan number assigned to the Plan is 300359.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

PROFIT SHARING & 401(K) PLAN FOR NON-BARGAINING EMPLOYEES
OF HBD INDUSTRIES, INC. AND SUBSIDIARIES

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's net gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All expenses of maintaining the Plan have been paid by the Company or through the use of forfeitures, with the exception of loan fees which are paid directly by the Plan.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient.

However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this update are effective for the Plan's fiscal years beginning after December 15, 2016. Upon adoption, the amendments shall be applied retrospectively to all periods presented. Plan management is currently evaluating the impact this update will have on the Plan's financial statements. Plan management has determined this update is not applicable to the Plan.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncements (Continued)

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosure, and (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of the net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively, with Part III to be applied prospectively. Part III is not applicable to the Plan. There is no anticipated effect on the value of the net assets available for benefits as the main changes resulting from implementation of the ASU centers on certain disclosures in the notes to the financial statements. Management elected to adopt Part II early for the 2015 plan year. Management elected to adopt Part I for the 2016 plan year and is being retroactively applied to December 31, 2015. Prior year disclosures have been revised to reflect the retrospective application of this update.

Subsequent Events

Subsequent events have been evaluated through October 4, 2017, which is the date the financial statements were available to be issued.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY PRUDENTIAL TRUST COMPANY

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation in fair value of investments, interest, and dividends for the years ended December 31, 2016 and 2015, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Prudential Trust Company (the trustee of the Plan).

NOTE 4: INVESTMENTS

During 2016 and 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	<u>2016</u>	<u>2015</u>
	\$ 1,066,062	\$ (508,846)

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENTS

Generally accepted accounting principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end. NAV is based on the value of underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

OF HBD INDUSTRIES, INC. AND SUBSIDIARIES

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 39,037,727	\$ 0	\$ 0	\$ 39,037,727

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 15,474,124	\$ 0	\$ 0	\$ 15,474,124

NOTE 6: GUARANTEED INVESTMENT CONTRACT WITH PRUDENTIAL RETIREMENT INSURANCE AND ANNUITY COMPANY

In 2010, the Plan entered into a traditional fully benefit-responsive guaranteed annuity contract with Prudential Life Insurance Company ("Prudential") totaling \$18,758,501 for 2016 and \$7,602,624 for 2015. Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.5 percent. The crediting rate is reviewed on a monthly basis of resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan, by Prudential, represents contributions made under the contract, plus earnings less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawals or transfers of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 6: GUARANTEED INVESTMENT CONTRACT WITH PRUDENTIAL RETIREMENT
INSURANCE AND ANNUITY COMPANY (CONTINUED)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. The plan administrator believes that no events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

	<u>2016</u>	<u>2015</u>
Traditional Investment Contracts	\$18,758,501	\$7,602,624

NOTE 7: PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. At December 31, 2016 and 2015, the Plan received record keeping, asset custody and investment management services from Prudential Trust Company, the trustee of the Plan, for which Prudential received indirect compensation. During 2016 and 2015, the Plan paid administrative fees of \$109,416 and \$3,895 respectively, directly from Plan assets to Prudential. Additionally, at December 31, 2016 and 2015, the Plan holds party-in-interest receivables of \$1,418,611 and \$299,510, respectively, in the form of participant loans.

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants will become fully vested in their accounts.

NOTE 9: TAX STATUS

The Plan obtained its latest determination letter dated October 13, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

PROFIT SHARING & 401(K) PLAN FOR NON-BARGAINING EMPLOYEES
OF HBD INDUSTRIES, INC. AND SUBSIDIARIES

NOTES TO THE FINANCIAL STATEMENTS

NOTE 9: TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require management of a plan to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

NOTE 10: RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds and a guaranteed income fund. The underlying investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the inherent level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.

PROFIT SHARING & 401(K) PLAN FOR NON-BARGAINING EMPLOYEES
OF HBD INDUSTRIES, INC. AND SUBSIDIARIES

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

General

The Profit Sharing & 401(k) Plan for Non-Bargaining Employees of HBD Industries, Inc. and Subsidiaries (the "Plan") is a defined contribution plan covering eligible employees of HBD Industries, Inc. and its Subsidiaries (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees become eligible for the Plan upon the completion of one hour of service to the Company. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

On July 15, 2016, HBD Industries, Inc. Salary Redirection and Savings Plan was renamed Profit Sharing & 401(k) Plan for Non-Bargaining Employees of HBD Industries, Inc. and Subsidiaries. Coincident with renaming the Plan, participants in the following three plans sponsored by HBD Industries, Inc. or one of its wholly-owned subsidiaries were transferred into the Plan: (1) Hydro Carbide and California Drop Forge Retirement, Profit Sharing and 401(k) Plan, (2) HBD Industries, Inc. Profit Sharing, Salary Redirection and Savings Plan for Certain Non-Bargaining Unit Employees, and (3) Peerless-Winsmith, Inc. Profit Sharing and 401(k) Plan for Non-Bargaining Unit Employees of Ohio Electric Motors, Inc. and Other Contributing Companies. In addition, participants in the sponsor's plan "The Profit Sharing & 401(k) Plan for Certain Bargaining Unit Employees of HBD Industries, Inc. and Subsidiaries" who were employed with the sponsor's Precision Metal Products, Inc. subsidiary were transferred into the Plan.

Contributions

Participants may elect to contribute between 2% of their pretax base compensation up to the maximum dollar limitation allowed by Section 402(g) of the Internal Revenue Service Code into the Plan as an elective deferral contribution. Participants may also elect to contribute 1% to the maximum allowable of their base compensation, on an after-tax basis. Any participant who has attained age 50 by the end of the Plan year may elect to contribute additional "catch-up" contributions. Participants may also contribute in the form of a direct rollover, amounts representing distributions from other qualified plans.

In 2016 and 2015, the Company made a basic contribution to the Plan in an amount equal to 3% of the base compensation paid to eligible employees. In 2016 and 2015, the Company also made a mandatory matching contribution equal to 50% of the first 6% of base compensation each participant elects to defer. In addition to the basic and mandatory matching contributions, the Company may, at the discretion of the Board of Directors, make an additional profit sharing or matching contribution. The company did not make any discretionary profit sharing contributions during 2016 or 2015.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocation of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings, participant contributions or account balances, as defined. The benefit to which a participant is entitled is the vested benefit from the participant's account. Participants direct the investment of their contributions into various investment options offered by the Plan.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Vesting

All participants are immediately vested in their elective deferral and Company contributions, plus actual earnings thereon. Additionally, participants immediately vest in the Company's mandatory and discretionary matching contributions.

Participants become vested in the Company's basic and discretionary profit sharing contribution in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Interest</u>
Less than 2 years	0%
2 years but less than 3 years	20%
3 years but less than 4 years	40%
4 years but less than 5 years	60%
5 years but less than 6 years	80%
6 years or more	100%

Notes Receivable from Participants

The Plan allows participants to apply for and obtain loans, limited to 50% of the participant's vested account balance not to exceed \$50,000, from the vested balance of the participant's account. All loans must be repaid within five years unless the loan is used to finance the participant's primary residence, in which case the term of the loan is not to exceed ten years. The participant must reduce the \$50,000 amount, above, if he or she already had an outstanding loan from the Plan (or any other plan of the employer or related employer) during the 1-year period ending the day before the loan. The amount of the reduction is the participant's highest outstanding loan balance during that period minus the outstanding balance on the date of the new loan. Interest is charged at a rate equal to the prime rate plus 2%. Payments of principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, a participant may elect to receive the value of their account balance as a lump-sum payment. A participant becomes fully vested in their account balance upon retirement, death, disability, or the permanent shutdown of a Company profit center.

Forfeited Accounts

As of December 31, 2016 and 2015, unallocated forfeited accounts totaled \$27,640 and \$0, respectively. These amounts are to be used to reduce Company contributions to the Plan and/or to pay permissible expenses of the Plan. Forfeitures totaling \$101,000 and \$0 were used to reduce Company contributions during the years ended December 31, 2016 and 2015, respectively. Forfeitures totaling \$128 and \$0 were used to pay permissible expenses during the years ended December 31, 2016 and 2015, respectively.

Plan Number

The Prudential plan number assigned to the Plan is 300359.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

PROFIT SHARING & 401(K) PLAN FOR NON-BARGAINING EMPLOYEES
OF HBD INDUSTRIES, INC. AND SUBSIDIARIES

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's net gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All expenses of maintaining the Plan have been paid by the Company or through the use of forfeitures, with the exception of loan fees which are paid directly by the Plan.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient.

However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this update are effective for the Plan's fiscal years beginning after December 15, 2016. Upon adoption, the amendments shall be applied retrospectively to all periods presented. Plan management is currently evaluating the impact this update will have on the Plan's financial statements. Plan management has determined this update is not applicable to the Plan.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncements (Continued)

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosure, and (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of the net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively, with Part III to be applied prospectively. Part III is not applicable to the Plan. There is no anticipated effect on the value of the net assets available for benefits as the main changes resulting from implementation of the ASU centers on certain disclosures in the notes to the financial statements. Management elected to adopt Part II early for the 2015 plan year. Management elected to adopt Part I for the 2016 plan year and is being retroactively applied to December 31, 2015. Prior year disclosures have been revised to reflect the retrospective application of this update.

Subsequent Events

Subsequent events have been evaluated through October 4, 2017, which is the date the financial statements were available to be issued.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY PRUDENTIAL TRUST COMPANY

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation in fair value of investments, interest, and dividends for the years ended December 31, 2016 and 2015, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Prudential Trust Company (the trustee of the Plan).

NOTE 4: INVESTMENTS

During 2016 and 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

<u>2016</u>	<u>2015</u>
\$ 1,066,062	\$ (508,846)

PROFIT SHARING & 401(K) PLAN FOR NON-BARGAINING EMPLOYEES

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENTS

Generally accepted accounting principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end. NAV is based on the value of underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

OF HBD INDUSTRIES, INC. AND SUBSIDIARIES

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 39,037,727	\$ 0	\$ 0	\$ 39,037,727

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 15,474,124	\$ 0	\$ 0	\$ 15,474,124

NOTE 6: GUARANTEED INVESTMENT CONTRACT WITH PRUDENTIAL RETIREMENT INSURANCE AND ANNUITY COMPANY

In 2010, the Plan entered into a traditional fully benefit-responsive guaranteed annuity contract with Prudential Life Insurance Company ("Prudential") totaling \$18,758,501 for 2016 and \$7,602,624 for 2015. Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.5 percent. The crediting rate is reviewed on a monthly basis of resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan, by Prudential, represents contributions made under the contract, plus earnings less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawals or transfers of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 6: GUARANTEED INVESTMENT CONTRACT WITH PRUDENTIAL RETIREMENT
INSURANCE AND ANNUITY COMPANY (CONTINUED)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. The plan administrator believes that no events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

	<u>2016</u>	<u>2015</u>
Traditional Investment Contracts	\$18,758,501	\$7,602,624

NOTE 7: PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. At December 31, 2016 and 2015, the Plan received record keeping, asset custody and investment management services from Prudential Trust Company, the trustee of the Plan, for which Prudential received indirect compensation. During 2016 and 2015, the Plan paid administrative fees of \$109,416 and \$3,895 respectively, directly from Plan assets to Prudential. Additionally, at December 31, 2016 and 2015, the Plan holds party-in-interest receivables of \$1,418,611 and \$299,510, respectively, in the form of participant loans.

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants will become fully vested in their accounts.

NOTE 9: TAX STATUS

The Plan obtained its latest determination letter dated October 13, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

PROFIT SHARING & 401(K) PLAN FOR NON-BARGAINING EMPLOYEES
OF HBD INDUSTRIES, INC. AND SUBSIDIARIES

NOTES TO THE FINANCIAL STATEMENTS

NOTE 9: TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require management of a plan to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

NOTE 10: RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds and a guaranteed income fund. The underlying investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the inherent level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.
