(1) Description of plan

The following description of the Marvin Engineering Co., Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement or summary plan description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution plan sponsored by Marvin Engineering Co., Inc. (the Company) for the benefit of its employees who have completed 6 months of service and are age twenty-one or older. The Plan covers all eligible employees of Marvin Engineering Co., Inc. and its controlled group of affiliated companies; Marvin Land Systems, Marvin Test Solutions, Clean Water Technology, Flyer Defense, Wyomedia, Silverton Broadcasting, and Mark III Media (the Employer). The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the Employer's 401(k) Committee (the Committee), which is a committee of senior management of the Employer. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Plan restatement - Effective March 1, 2016, the Plan was restated by adopting a new Prototype Non-Standardized Profit Sharing Plan sponsored by Merrill Lynch, which excluded bonuses and commissions from eligible compensation.

Contributions - Participants may contribute to the Plan pretax or Roth (post-tax) contributions up to 90% of annual compensation, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

The Employer may make either matching or profit sharing contributions to the Plan at its discretion. Matching contributions may be made for all participants who have made elective deferral contributions in the current plan year. Profit sharing contributions may be made for all participants employed on the last day of the plan year. The Employer has not provided matching or profit sharing contributions for both the years ended December 31, 2016 and 2015. Employer contributions receivable for the year ended December 31, 2015 consist of amounts from the Employer for employee missed deferrals from non-standard checks such as bonuses, vacation pay, manual checks, etc. The Employer filed an application with the Internal Revenue Service (IRS) for approval of these payments, which was approved on November 19, 2014 and contributed these amounts to the Plan on April 6, 2015.

Participant investment account options - Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers a money market fund and a variety of mutual funds as investment options for participants.

(1) Description of plan (continued)

Participant accounts - Each participant's account is credited with the participant's contribution, the Employer's match, and allocations of (a) the Employer's profit sharing contributions, and (b) plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants' contributions plus actual earnings are 100% vested immediately. Employer contributions are subject to the following vesting schedule:

Years of Service	Vested %
1	20%
2	40%
3	60%
4	80%
5	100%

Notes receivable from participants - Participants may borrow from their account balance a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of benefits - On termination of service, retirement or reaching age 59 1/2, a participant may elect to receive either a lump sum equal to the value of the participant's vested account balance or installments. Participants become fully vested at normal retirement age, upon retirement due to disability, or upon death. For termination of service due to other reasons, participant account balances that are less than $1,000 will be automatically distributed as a lump sum. Account balances between $1,000 and $5,000 are automatically distributed to an Individual Retirement Account. For those accounts over $5,000, the participant may elect to receive either a lump sum equal to the value of the participant's vested account balance or installments. Upon the death of a participant, benefit payments are made to the beneficiary.

Hardship withdrawals are allowed if the participant meets the applicable provisions of the IRC.

Forfeited accounts - At December 31, 2016 and 2015, forfeited nonvested accounts totaled $51 and $3,210, respectively. These accounts may be used first to reduce employer contributions, then to offset administrative expenses, and any remaining forfeitures may be allocated to participants. For the year ended December 31, 2016, forfeited nonvested accounts were used to pay administrative expenses of $4,600. No forfeitures were used during the year ended December 31, 2015.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

(2) Summary of significant accounting policies (continued)

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Employer and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Recordkeeping services are allocated to participants' accounts and are also included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

(3) Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America, N.A., the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Dividends
- Interest
- Interest income on notes receivable from participants
- Schedule of assets (held at the end of year)

(3) Information prepared and certified by the trustee (continued)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Money market fund: Valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-end fund that is registered with the Security and Exchange Commission (SEC). The money market fund held by the Plan is deemed to be actively traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. The mutual funds held by the Plan are deemed to be actively traded.

(4) Fair value measurements (continued)

The following tables set forth the Plan's investments at fair value as of December 31, 2016 and 2015:

(5) Related party transactions and party-in-interest transactions

Merrill Lynch, Pierce, Fenner & Smith, Inc. Retirement Services (MLPFS) is a subsidiary of Bank of America, N.A., the trustee that provides recordkeeping services for the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to MLPFS of $4,415 and $5,610 for the years ended December 31, 2016 and 2015, respectively, which were not covered by revenue sharing. The Employer pays directly any other fees related to the Plan’s operations. The Plan paid certain expenses related to plan operations and investment activity to various service providers, these transactions are party-in-interest transactions under ERISA.

(6) Plan termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(7) Excess contributions refundable

Contributions received from participants for 2015 are net of payments of $52,473 made in March 2016 to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. At December 31, 2015, $52,473 was included in the Plan's statements of net assets available for benefits as excess contributions refundable.

(8) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2016 and 2015 to Form 5500:

	December 31, 2016	December 31, 2015
Net assets available for benefits per the financial statements	$ 19,573,500	$ 18,585,244
Participants' contributions receivable	-	(50,208)
Excess contributions refundable	-	52,473
Deemed loans	-	2,186
Net assets available for benefits per Schedule H of Form 5500	$ 19,573,500	$ 18,589,695

The following is a reconciliation of net increase (decrease) in net assets available for benefits per the financial statements for the years ended December 31, 2016 and 2015 to Form 5500:

	December 31, 2016	December 31, 2015
Net increase (decrease) per the financial statements	$ 988,256	$ (529,590)
Employer contributions receivable	-	184,035
Participants' contributions receivable	50,208	(50,208)
Excess contributions refundable	(52,473)	(45,381)
Deemed loans	(2,186)	(21,524)
Net increase (decrease) per Form 5500	$ 983,805	$ (462,668)

(9) Tax status

The IRS has determined that the Prototype Non-Standardized Profit Sharing Plan is designed in accordance with applicable sections of the IRC and informed the trustee of such in a letter dated March 31, 2008. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

(10) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(11) Subsequent events

The Plan has evaluated subsequent events through October 6, 2017 which is the date the financial statements were available to be issued.

Effective July 1, 2017, the Plan was restated by adopting a new Prototype Non-Standardized Profit Sharing Plan sponsored by Merrill Lynch.
