NOTE 1. DESCRIPTION OF PLAN

Higgs, Fletcher & Mack 401(k) Profit Sharing Plan (the "Plan") is sponsored by Higgs, Fletcher & Mack LLP (the "Company"). The following description of the Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan, which became effective on January 1, 1984, is a defined contribution plan covering all eligible employees of the Company. The Plan's trustee and custodian is Fidelity Management Trust Company (the "custodian" or "Fidelity"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the provisions of the Internal Revenue Code (the "Code").

Eligibility

Employees who are at least 21 years of age are generally eligible to participate in the Plan and may enroll in the Plan the first day of the month coincident with or next following their hire date. To be eligible for any employer contributions, an employee must (i) be at least 21 years of age, and (ii) have completed a year of service where the employee is credited with at least 1,000 hours of service. Employees enroll in the Plan for employer contribution purposes on the first day of the plan year (January 1) or seventh month of the plan year (July 1) after having met the eligibility requirements for employer contributions.

Participant Contributions

Participants may elect to contribute to the Plan up to 60% of their compensation each year, subject to certain statutory limitations, and may designate their contributions as either pre-tax or Roth amounts, as defined. Effective April 10, 2015, employees who have not made an affirmative contribution election will be automatically enrolled in the Plan with an initial deferral rate equal to 6% of their compensation, with additional annual increases of 1%. Participants may also contribute amounts representing rollover distributions from other qualified sources.

Employer Contributions

The Plan includes provisions for discretionary employer matching contributions as well as discretionary non-elective contributions. For 2016, the discretionary employer matching contribution is equal to 25% of a participant's deferral contributions up to 6% of the participant's eligible compensation during the Plan year. There were no discretionary non-elective employer contributions for 2016.

Vesting

Participants are vested immediately in the portion of their accounts related to their contributions (including earnings or losses thereon). Participants vest in the portion of their accounts related to employer contributions (including earnings thereon) based on years of service as follows:

Years of Service	Vested Interest
1	25%
2	50%
3	75%
4 or more	100%

In addition, upon reaching normal retirement age (65), or in the event of death, or disability, employed participants become 100% vested in their accounts.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Participant Accounts and Investment Options

Each participant's account is credited with the participant's contributions, any employer matching contributions, and allocations of (i) any employer non-elective contributions, (ii) Plan earnings or losses, and (iii) any administrative expenses. Allocations are based on participant contributions, earnings, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the Plan's investment options. Subsequently, participants may change their allocations and transfer account balances between investment options in accordance with Plan provisions.

Payment of Benefits

Upon disability, death, termination, or attaining age 59½ or normal retirement age (65), participants (or, if applicable, their beneficiaries) may elect to receive a distribution of their vested account balance in a lump sum, or defer distribution if their vested account balance exceeds $5,000. Generally, initial distributions must begin no later than the April 1st following the Plan year in which the later of the following two events occurs: (i) the participant attains age 70½ or (ii) retires. In addition, the Plan allows participants who are also employees of the Company to take hardship distributions under certain conditions as defined in the Plan.

Upon termination of employment, if a participant's vested account balance is between $1,000 and $5,000, and if the participant has not elected to receive a cash distribution or have the balance rolled over into an individual retirement account ("IRA") of his/her choosing, the Plan may transfer the participant's account balance into an IRA separately managed and maintained by a trust company engaged by the Plan. Also at its discretion, the Plan may elect to distribute vested account balances of less than $1,000.

Forfeitures

Forfeitures of terminated participants' accounts are held in an unallocated asset account. These amounts may be used to pay Plan administrative expenses or reduce employer contributions. During 2016, $1 was added to the forfeitures account for investment gains, no amounts were used toward employer matching contributions or Plan expenses, and $1,852 was added for amounts forfeited from participant accounts. As of December 31, 2016 and 2015, the forfeitures account balance was $2,436 and $583, respectively.

Notes Receivable from Participants (Participant Loans)

Participants may borrow from their accounts a minimum of $1,000 up to a maximum generally equal to the lesser of $50,000 or 50% of their vested account balance. Loans bear interest at a reasonable rate as determined by the Plan administrator at the time of application, and are generally secured by the participant's vested account balance. Participants are permitted to have only one loan outstanding at any time. Principal and interest are paid ratably through payroll deductions over a term not to exceed five years unless the loan is used toward the acquisition of the participant's principal residence, in which case the loan term may be longer. As of December 31, 2016, the interest rates on outstanding loans ranged from 4.25% to 7.50%.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States ("U.S. GAAP") requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants (Participant Loans)

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses, such as custodian/trustee, accounting, and legal expenses, are paid by the Company, except for certain distribution and loan fee expenses, which are paid by the transacting participants.

Subsequent Events

Plan management has evaluated subsequent events through the date of the independent auditors' report, which is the date these financial statements were available to be issued.

NOTE 3. INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan's investments were held by Fidelity, the custodian of the Plan as of December 31, 2016 and 2015. All investments are participant-directed. All investment information disclosed in the accompanying financial statements and supplemental schedule (Schedule H, Part IV, Line 4i), including investments and noninterest bearing cash held at December 31, 2016 and 2015, and net realized and unrealized appreciation or depreciation in fair value of investments, and dividend and interest income for the year ended December 31, 2016, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by Fidelity.

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and in the inputs to the model.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2016 and 2015. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds (including Money Market Funds): Valued at the daily closing price as reported by the fund. Mutual funds including money market funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts: Accounts primarily consist of publicly-traded mutual funds and common stocks that are valued on the basis of readily determinable market prices for identical assets.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	December 31, 2016			
	Level 1	Level 2	Level 3	Total
Self-directed brokerage accounts	$ 4,102,357	$ -	$ -	$ 4,102,357
Mutual funds	23,267,511	-	-	23,267,511
Total investments at fair value	$ 27,369,868	$ -	$ -	$ 27,369,868

	December 31, 2015			
	Level 1	Level 2	Level 3	Total
Self-directed brokerage accounts	$ 3,776,105	$ -	$ -	$ 3,776,105
Mutual funds	20,674,369	-	-	20,674,369
Total investments at fair value	$ 24,450,474	$ -	$ -	$ 24,450,474

There were no transfers between Levels 1 and 2, and no transfers in or out of Level 3 between December 31, 2015 and 2016.

NOTE 5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Company pays certain administrative costs of the Plan, and also provides administrative services for the Plan at no cost to the Plan. Certain investments are managed by Fidelity and/or affiliates of Fidelity, the custodian of the Plan. These transactions qualify as exempt party-in-interest transactions.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to provision of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 7. TAX STATUS

The Company has adopted a volume submitter plan and relies upon the volume submitter's opinion letter from the Internal Revenue Service ("IRS") which states that the plan and related trust are designed in accordance with applicable sections of the Code. The Company has not applied for a determination letter from the IRS specific to the Plan. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

NOTE 1. DESCRIPTION OF PLAN

Higgs, Fletcher & Mack 401(k) Profit Sharing Plan (the "Plan") is sponsored by Higgs, Fletcher & Mack LLP (the "Company"). The following description of the Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan, which became effective on January 1, 1984, is a defined contribution plan covering all eligible employees of the Company. The Plan's trustee and custodian is Fidelity Management Trust Company (the "custodian" or "Fidelity"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the provisions of the Internal Revenue Code (the "Code").

Eligibility

Employees who are at least 21 years of age are generally eligible to participate in the Plan and may enroll in the Plan the first day of the month coincident with or next following their hire date. To be eligible for any employer contributions, an employee must (i) be at least 21 years of age, and (ii) have completed a year of service where the employee is credited with at least 1,000 hours of service. Employees enroll in the Plan for employer contribution purposes on the first day of the plan year (January 1) or seventh month of the plan year (July 1) after having met the eligibility requirements for employer contributions.

Participant Contributions

Participants may elect to contribute to the Plan up to 60% of their compensation each year, subject to certain statutory limitations, and may designate their contributions as either pre-tax or Roth amounts, as defined. Effective April 10, 2015, employees who have not made an affirmative contribution election will be automatically enrolled in the Plan with an initial deferral rate equal to 6% of their compensation, with additional annual increases of 1%. Participants may also contribute amounts representing rollover distributions from other qualified sources.

Employer Contributions

The Plan includes provisions for discretionary employer matching contributions as well as discretionary non-elective contributions. For 2016, the discretionary employer matching contribution is equal to 25% of a participant's deferral contributions up to 6% of the participant's eligible compensation during the Plan year. There were no discretionary non-elective employer contributions for 2016.

Vesting

Participants are vested immediately in the portion of their accounts related to their contributions (including earnings or losses thereon). Participants vest in the portion of their accounts related to employer contributions (including earnings thereon) based on years of service as follows:

Years of Service	Vested Interest
1	25%
2	50%
3	75%
4 or more	100%

In addition, upon reaching normal retirement age (65), or in the event of death, or disability, employed participants become 100% vested in their accounts.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Participant Accounts and Investment Options

Each participant's account is credited with the participant's contributions, any employer matching contributions, and allocations of (i) any employer non-elective contributions, (ii) Plan earnings or losses, and (iii) any administrative expenses. Allocations are based on participant contributions, earnings, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the Plan's investment options. Subsequently, participants may change their allocations and transfer account balances between investment options in accordance with Plan provisions.

Payment of Benefits

Upon disability, death, termination, or attaining age 59½ or normal retirement age (65), participants (or, if applicable, their beneficiaries) may elect to receive a distribution of their vested account balance in a lump sum, or defer distribution if their vested account balance exceeds $5,000. Generally, initial distributions must begin no later than the April 1st following the Plan year in which the later of the following two events occurs: (i) the participant attains age 70½ or (ii) retires. In addition, the Plan allows participants who are also employees of the Company to take hardship distributions under certain conditions as defined in the Plan.

Upon termination of employment, if a participant's vested account balance is between $1,000 and $5,000, and if the participant has not elected to receive a cash distribution or have the balance rolled over into an individual retirement account ("IRA") of his/her choosing, the Plan may transfer the participant's account balance into an IRA separately managed and maintained by a trust company engaged by the Plan. Also at its discretion, the Plan may elect to distribute vested account balances of less than $1,000.

Forfeitures

Forfeitures of terminated participants' accounts are held in an unallocated asset account. These amounts may be used to pay Plan administrative expenses or reduce employer contributions. During 2016, $1 was added to the forfeitures account for investment gains, no amounts were used toward employer matching contributions or Plan expenses, and $1,852 was added for amounts forfeited from participant accounts. As of December 31, 2016 and 2015, the forfeitures account balance was $2,436 and $583, respectively.

Notes Receivable from Participants (Participant Loans)

Participants may borrow from their accounts a minimum of $1,000 up to a maximum generally equal to the lesser of $50,000 or 50% of their vested account balance. Loans bear interest at a reasonable rate as determined by the Plan administrator at the time of application, and are generally secured by the participant's vested account balance. Participants are permitted to have only one loan outstanding at any time. Principal and interest are paid ratably through payroll deductions over a term not to exceed five years unless the loan is used toward the acquisition of the participant's principal residence, in which case the loan term may be longer. As of December 31, 2016, the interest rates on outstanding loans ranged from 4.25% to 7.50%.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States ("U.S. GAAP") requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants (Participant Loans)

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses, such as custodian/trustee, accounting, and legal expenses, are paid by the Company, except for certain distribution and loan fee expenses, which are paid by the transacting participants.

Subsequent Events

Plan management has evaluated subsequent events through the date of the independent auditors' report, which is the date these financial statements were available to be issued.

NOTE 3. INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan's investments were held by Fidelity, the custodian of the Plan as of December 31, 2016 and 2015. All investments are participant-directed. All investment information disclosed in the accompanying financial statements and supplemental schedule (Schedule H, Part IV, Line 4i), including investments and noninterest bearing cash held at December 31, 2016 and 2015, and net realized and unrealized appreciation or depreciation in fair value of investments, and dividend and interest income for the year ended December 31, 2016, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by Fidelity.

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and in the inputs to the model.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2016 and 2015. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds (including Money Market Funds): Valued at the daily closing price as reported by the fund. Mutual funds including money market funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts: Accounts primarily consist of publicly-traded mutual funds and common stocks that are valued on the basis of readily determinable market prices for identical assets.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	December 31, 2016			
	Level 1	Level 2	Level 3	Total
Self-directed brokerage accounts	$ 4,102,357	$ -	$ -	$ 4,102,357
Mutual funds	23,267,511	-	-	23,267,511
Total investments at fair value	$ 27,369,868	$ -	$ -	$ 27,369,868

	December 31, 2015			
	Level 1	Level 2	Level 3	Total
Self-directed brokerage accounts	$ 3,776,105	$ -	$ -	$ 3,776,105
Mutual funds	20,674,369	-	-	20,674,369
Total investments at fair value	$ 24,450,474	$ -	$ -	$ 24,450,474

There were no transfers between Levels 1 and 2, and no transfers in or out of Level 3 between December 31, 2015 and 2016.

NOTE 5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Company pays certain administrative costs of the Plan, and also provides administrative services for the Plan at no cost to the Plan. Certain investments are managed by Fidelity and/or affiliates of Fidelity, the custodian of the Plan. These transactions qualify as exempt party-in-interest transactions.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to provision of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 7. TAX STATUS

The Company has adopted a volume submitter plan and relies upon the volume submitter's opinion letter from the Internal Revenue Service ("IRS") which states that the plan and related trust are designed in accordance with applicable sections of the Code. The Company has not applied for a determination letter from the IRS specific to the Plan. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.
