Independent Auditor's Report

To the Plan Administrator
Cleveland HeartLab 401(k) Plan
Cleveland, Ohio

We have audited the accompanying financial statements of the Cleveland HeartLab 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013 and 2012, and the changes in net assets available for benefits for the year ended December 31, 2013, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) as of December 31, 2013 and delinquent participant contributions for the year ended December 31, 2013 are presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Cleveland HeartLab 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Cleveland HeartLab 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit-sharing plan covering substantially all employees of Cleveland HeartLab, Inc. (the Company). The Company's Board of Directors voted to adopt a Section 401(k) safe harbor design for the Plan, which means that the Plan automatically complies with the nondiscrimination requirements of Section 401 of the Internal Revenue Code (IRC). The Plan was amended and restated as of January 1, 2014 and January 1, 2015 (See Note 6). The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA).

Employees of the Company, except for excluded employees, are eligible to participate in the Plan for salary deferrals on the first day of each plan quarter coincident with or next following the date of the attaining age 21 and the completion of ninety (90) days of service. Non-resident aliens, leased employees and any employee who is included in a unit of employees covered by a collective bargaining agreement, under which retirement benefits were the subject of a good faith bargaining agreement which does not provide coverage under this Plan, are not eligible to participate in the Plan.

Contributions

Participants may elect to contribute up to 100% of their pre-tax annual compensation as defined in the Plan or the legal limitation for the applicable year. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company makes safe harbor matching contributions in an amount equal to 100% of the participant deferral up to 4% of eligible compensation. The Company may also make profit sharing contributions and additional qualified nonelective contributions at the option of the Company's Board of Directors which are subject to certain limitations and eligibility requirements.

Contributions are invested at the election of the employees in funds maintained by the Plan's custodian. Employees may elect to have contributions allocated between funds.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's matching and discretionary contributions, the Plan's earnings, net of administrative expenses and forfeitures of terminated participants' nonvested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Cleveland HeartLab 401(k) Plan

Notes to Financial Statements

Vesting

Participants are immediately vested in safe harbor contributions, qualified nonelective contributions, and their pre-tax and rollover contributions plus actual earnings thereon.

A participant will vest in any discretionary matching contributions and profit-sharing contributions following the below schedule:

Years of Service	Vested Percentage
Less than 1 year	0%
1 year	25%
2 years	50%
3 years	75%
4 or more years	100%

Payment of Benefits

Participants are eligible to receive distributions from their accounts at the normal retirement age (later of: (1) age of 55 and (2) the fifth anniversary of participation in the plan), death, disability, or termination of employment. Participants receive the value of their vested account balance in the form of a single lump-sum payment or installments. Additionally, participants are entitled to apply for hardship withdrawals and, after attaining age 59 ½, may receive in-service distributions.

Hardship withdrawals are allowed for participants incurring immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS), and a participant must exhaust all available loan options and distributions prior to requesting a hardship withdrawal.

Forfeitures

Forfeitures of terminated participants' nonvested accounts are to be used to reduce Company contributions. The Plan did not have any forfeited nonvested accounts at December 31, 2013 and 2012.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid over a period not to exceed five years, except for loans for a principal residence may be repaid over a period not to exceed 10 years. The loans bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator which is 5.25%. Principal and interest is paid through payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared under the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

Cleveland HeartLab 401(k) Plan

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported increases and decreases of net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan has adopted this update for the 2013 Plan year, and it was applied to the 2012 Plan year.

In July 2015, the FASB issued ASU No. 2015-12, (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient – consensus of the Emerging Issues Task Force. The amendments in this update (1) requires a pension plan to use contract value as the only measure for fully benefit-responsive investment contracts, (2) simplifies and increases the effectiveness of the investment disclosure requirements for employee benefit plans, and (3) provides benefit plans with a measurement-date practical expedient similar to the practical expedient provided to employers in ASU 2015-04, Practical Expedient for the Measurement Date of an Employer's Defined Benefit Obligation and Plan Assets. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Part I and Part II shall be applied retrospectively to all periods presented, while the amendments in Part III shall be applied prospectively. The Plan has adopted Parts I and II of this update for the 2013 Plan year. Part III is not applicable to this Plan.

Valuation of Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Cleveland HeartLab 401(k) Plan

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Costs of administering the Plan are paid by the Plan or the Company, as determined by the Company, subject to rules under ERISA.

Risks and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Evaluation of Subsequent Events

The Company has evaluated subsequent events through October 9, 2017, and has determined that there were no subsequent events that have occurred through that date that have not already been reflected in the financial statements and/or disclosed in the notes.

3. Fair Value Measurements

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability; and• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

Cleveland HeartLab 401(k) Plan

Notes to Financial Statements

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The valuation methodologies used for assets measured at fair value may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

<i>December 31, 2013</i>	Fair Value Measurement at Reporting Date Using			
	Level 1	Level 2	Level 3	Total

Cleveland HeartLab 401(k) Plan

Notes to Financial Statements

4. Party-in-Interest Transaction

Certain Plan investments are mutual funds managed by T. Rowe Price, the plan asset custodian, and therefore, these transactions qualify as party-in-interest transactions. Fees are paid to T. Rowe Price for these services.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

6. Federal Income Tax Status

The Plan has adopted the CCH Incorporated Volume Submitter Profit Sharing Plan. The Internal Revenue Service (IRS) has determined and informed CCH Incorporated by a letter dated March 16, 2010, that the Plan is designed in accordance with applicable sections of the IRC. Accordingly, the Plan is permitted to rely on the opinion letter. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. No provision for Federal income tax has been made in the financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Contingencies

Plan management identified certain operational errors related to the management and reporting of the Plan and engaged legal counsel to assist in the process of correcting those errors with the IRS through the Voluntary Correction Program which was accepted by the IRS on March 18, 2016.

8. Subsequent Events

Effective January 1, 2015, the Company makes safe harbor matching contributions in an amount equal to 100% of the participant deferral up to 1% of eligible compensation and 50% of the participant deferral up to the next 5% of eligible compensation. Also effective January 1, 2015, qualified nonelective contributions and employer safe harbor matching contributions will vest after two years of employment. Employees hired prior to January 1, 2013 are not affected by this change. The Internal Revenue Service (IRS) has determined and informed CCH Incorporated by a letter dated March 31, 2014, that the Plan, as amended, is designed in accordance with applicable sections of the IRC. Accordingly, the Plan is permitted to rely on the opinion letter.
