1. DESCRIPTION OF PLAN

The following description of the Thos. S. Byrne, Inc. 401(k) Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Thos. S. Byrne, Inc. and related employers (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan was adopted to enable eligible employees to defer compensation and share in employer contributions and to save and invest funds for retirement.

All employees of the Company who are at least 21 years of age are eligible to participate except union employees, non-resident aliens, and leased employees. For purposes of receiving allocations of employer contributions (matching and discretionary) under the Plan, employees are eligible to participate on the first day of the month subsequent to the month of hire, as defined, provided they are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan is administered by a committee appointed by the Board of Directors of the Company to oversee the operations of the Plan. Accordingly, the committee has been granted discretionary authority concerning investment and management activities. State Street Bank and Trust Company and AdvisorTrust, Inc. (the "Custodians") are responsible for the custody and management of the Plan's assets.

Contributions

Each year, participants may contribute up to 100 percent of annual compensation, as defined in the Plan, subject to the maximum contribution allowed by Section 402(g) of the IRC. At the Participant's election, these may be either "traditional" before-tax or "Roth" after-tax 401(k) contributions, depending on whether they are deducted before or after federal income taxes are withheld. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes matching contributions to each eligible participant in an amount equal to the sum of 100% of the amount of the participant's elective deferrals that do not exceed 3% of the Participant's compensation, plus 50% of the amount of the participant's elective deferrals that exceed 3% of the participant's compensation, but do not exceed 5% of the participant's compensation.

The Company may make discretionary matching and profit sharing contributions to the Plan each year to be determined annually at the discretion of the Board of Directors. For the years ended December 31, 2016 and 2015, the employer contribution was $217,545 and $208,986, respectively.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching and discretionary contributions, as well as the participant's share of the Plan's investment income, appreciation (depreciation), and any related administrative expenses. The benefit to which a participant is entitled is limited to the amount of the participant's vested account balance.

Vesting

Participants are vested immediately in their elective contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of vesting service. A participant is 100% vested after six years of credited service.

1. DESCRIPTION OF PLAN (Continued)

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment alternatives maintained by the custodians, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate of 4.25% to 4.75%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest, which approximates fair value. Delinquent participant receivables are classified as distributions based upon the terms of the Plan document.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may leave their account in the Plan, may elect to receive a single lump-sum payment in cash or may elect to receive installments. However, a participant with an account balance of $5,000 or less may only receive a single lump-sum payment in cash. Participants are allowed to withdraw employee account balances prior to termination of their employment under certain conditions as specified in the Plan. Participants may not make contributions for at least six months after the receipt of the hardship distribution. Benefits are recorded when paid.

Forfeited Accounts

Forfeited nonvested accounts totaled $54 and $4,686 at December 31, 2016 and 2015, respectively. These accounts will be used to reduce future employer contributions or to pay plan expenses. In 2016 and 2015, forfeited non-vested accounts totaling $4,931 and $0 were used to pay plan expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Method of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan has no obligation to reimburse the Company for the expenses paid by the Company.

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are stated at fair value, with the exception of the fully benefit-responsive investments. Changes in market value are reflected in operations. Registered investment company funds and common/collective trusts represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in registered investment company funds are traded on national securities exchanges and are valued at the net asset value at year end. Units held in common/collective trusts are valued at the unit value as reported by the investment managers at year end. Interest and other income are recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of investments are recorded on the trade-date basis. The net appreciation (depreciation) of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end, is presented in the Statements of Changes in Net Assets Available for Benefits.

The Plan reports its interests in fully benefit-responsive investment contracts at contract value in the statements of net assets available for benefits. Contract value remains the relevant measurement attribute for that portion of net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Risks and Uncertainties

Investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with such investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and affected the short term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

3. FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2016 and 2015.

Registered investment company funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Following is a description of the valuation methodologies used for assets measured at contract value.

Common/collective trusts: Valued based on information using the audited financial statements of the collective trust at year end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Registered investment company funds	$ 6,877,081	$ -	$ -	$ 6,877,081
Total investments at fair value	$ 6,877,081	$ -	$ -	$ 6,877,081

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Registered investment company funds	$ 6,119,121	$ -	$ -	$ 6,119,121
Total investments at fair value	$ 6,119,121	$ -	$ -	$ 6,119,121

4. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodians has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended December 31:

	2016	2015
Investments, at fair value:		
Registered investment company funds	$ 6,877,081	$ 6,119,121
Cash and cash equivalents	116,257	160,615
Receivables:		
Notes receivable from participants	201,058	188,874
	$ 7,194,396	$ 6,468,610
Investment income (loss)		
Interest and dividends	$ 159,764	$ 8,355
Net appreciation (depreciation) in fair value	350,503	(218,618)
Total investment income (loss)	$ 510,267	$ (210,263)

5. NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are due at various dates through January 2045. Payments include interest at a reasonable and fair rate based on the prevailing rates charges by reputable financial institutions. The notes are collateralized by the participant's vested interest in the Plan. Notes receivable from participants are held at amortized cost which approximates fair value.

Participant notes earned interest of $7,545 and $6,876 for the years ending December 31, 2016 and 2015, respectively. Interest earned is allocated to participants on a pro-rata basis.

6. REPORTABLE TRANSACTIONS

During the years ended December 31, 2016 and 2015, there were no investments acquired and disposed of during the Plan year, leases in default or classified as uncollectible, or non-exempt transactions with parties-in-interest that would require disclosure under the United States Department of Labor ("DOL") Rules and Regulations.

During 2015 the Plan had a change in third-party administrators and custodians. As a result of administrative issues with the Company's payroll service provider, $22,828 in participant deferrals and loan repayments were not remitted to the plan within the time frame required under DOL regulations. Although the Company was working to remit the participant deferrals and loan repayments as quickly as possible and to resolve the administrative issues with the payroll service provider, these participant deferrals and loan repayments are still considered late deposits under DOL regulations. The DOL considers late deposits to be prohibited transactions. The Company was able to correct the administrative issues with their payroll service provider during 2015. The Company remitted the lost earnings resulting from these late deposits during 2016.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments were units of common/collective trust funds managed by AdvisorTrust, Inc. Therefore, those transactions qualified as party-in-interest transactions.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

9. TAX STATUS

In connection with the amending and restating of the Plan, effective February 1, 2015, the Company has adopted the PCS Basic Plan which is a volume submitter 401(k)/Profit Sharing Plan. The Internal Revenue Service has issued an opinion letter dated November 30, 2014 stating that the plan is acceptable under Section 401(a) of the IRC for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2001-77) that the Plan meets the qualification requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. PLAN AMENDMENTS

Effective February 1, 2015 the Plan was amended and restated to comply with the Pension Protection Act of 2006 and other legislative and regulatory changes.

11. SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 27, 2017 the date the financial statements were available to be issued.
