SPRINT 401(k) PLAN
Notes to Financial Statements

1. DESCRIPTION OF THE PLAN

The following brief description of the Sprint 401(k) Plan (the Plan) provides only general information. For more complete information participants should refer to the Plan document and the Summary Plan Description, which can be obtained by calling the Employee Help Line at 800-697-6000.

General

The Plan is a defined contribution plan established by Sprint Corporation (the Company) and adopted by substantially all of its subsidiaries. The Plan includes a qualified cash or deferred arrangement as defined in section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was originally adopted on January 1, 1984 as the Sprint Retirement Savings Plan (SRSP), which was subsequently changed to the Sprint 401(k) Plan effective in 2013. The Plan was a continuation of the United Telecom Savings Plan for the exclusive benefit of eligible employees of Sprint Corporation and most of its subsidiaries.

Effective October 10, 1989, the United Telecommunications, Inc. Employee Stock Ownership Plan ("TRASOP"), was merged into the Plan. The TRASOP Account was a defined contribution plan that invested in common stock of the Company. Effective November 1, 2000, the Centel Employee Stock Ownership Plan ("CESOP") related to non-bargaining unit employees was merged into the Plan. Under the Sprint 401(k) Plan, separate plan provisions relate solely to the Plan, the TRASOP Account and the CESOP Account. Additional information on the TRASOP and CESOP Accounts may be obtained by referring to the Plan document or by calling the Employee Help Line at 800-697-6000. In May 2012, the TRASOP Account and CESOP Account were combined with the Company Stock Fund for investment reporting.

Plan Information

Eligibility

Participation in the Plan is voluntary. Individuals employed by certain of the Company's subsidiaries who are not under the age of 18 and who are not represented by a collective bargaining unit are eligible to participate upon the date of hire.

Contributions

Effective January 1, 2008, a Roth 401(k) feature was added to the Plan. This feature allows employees to make qualified after-tax contributions to the Plan. The qualified contributions and the earnings thereon would not be taxed upon distribution.

Participants may contribute up to 80% of their eligible pay in pre-tax, Roth and after-tax contributions. Total pre-tax and Roth participant contributions may not exceed annual limitations defined in the IRC of \$18,000 for the 2016 plan year. Eligible participants may make catch-up contributions. To be eligible to make catch-up contributions, a participant must be age 50 by the end of the applicable plan year and must contribute the maximum elective contribution for that plan year. The pre-tax and Roth catch-up contribution limit was \$6,000 in total for the 2016 plan year. The percentage that may be contributed by participants who meet the definition of a highly compensated employee, as defined in the IRC, is periodically recalculated in order to maintain compliance with the nondiscrimination provisions of the IRC. Employee contributions in excess of the percentage calculated to maintain nondiscrimination compliance, as discussed above, are recognized as a liability of the Plan as of the measurement date of the financial statements. Subject to certain limitations and restrictions, the Plan permits participants to make rollover contributions from other plans qualified under Section 401 of the IRC. The Plan was amended, effective October 14, 2014, to allow the Plan Administrator to establish an automatic increase program that will automatically increase a participant's contribution amount by 1% on an annual basis until the participants pre-tax or Roth Contribution equals 10%. Participants can elect to not participate in the automatic increase program. Furthermore, beginning in May 2016, an enrollment feature was added to the Plan for new employees whereby they would be enrolled in the Plan with an initial contribution level of 2% of the participant's eligible compensation. The participant can opt out of the automatic enrollment feature within 30 days or modify the contribution level.

In 2016, the Company matching contribution was 50% of the participants' pre-tax and Roth contribution (in aggregate) on the first 4% of eligible compensation. In addition, the Company may authorize an additional discretionary match if approved by the Board of Directors. The matching contribution on the first 4% of compensation was \$29.3 million for 2016. There was no discretionary match for 2016.

SPRINT 401(k) PLAN
Notes to Financial Statements – (Continued)

Investment Funds

Participants direct their contributions into various investment options offered by the Plan. Participants may change their investment elections at any time. Participants may also execute a transfer of funds on any day the New York Stock Exchange is open. Other limitations on transfers between funds apply in certain circumstances. The Company matching contribution will be invested into the same funds at the same percentages that the employees choose to contribute.

As of January 1, 2006, no participant contributions or employer matching contributions may be invested in the Company Stock Fund, TRASOP Account or CESOP Account (collectively “Company Stock Fund”) and no investment exchanges may be made into the Company Stock Fund. However, participants are allowed to transfer money out of the Company Stock Fund.

Vesting

Participants are 100% vested in their participant contribution accounts. Participants are also 100% vested in Company matching contributions made after January 1, 2006 through December 31, 2015. Matching contributions made prior to January 1, 2006 were subject to a five year vesting schedule. If a participant is terminated and subsequently rehired, any Company matching contributions made prior to January 1, 2006 that the participant previously forfeited would be restored if the participant either:

- maintained their account balance in the Plan the entire time they were not employed by the Company; or
- after termination received a distribution of their vested amount, and after being rehired, repays to their account in the Plan the full amount of the previous distribution no later than five years after the date the distribution was made.

Beginning in January 2016, participants hired after January 1, 2016 will have the following vesting schedule for Company matching contributions:

Years of service at separation	Vested Percentage
Less than 1 year.....	0%
1 year, but less than 2 years.....	33%
2 years, but less than 3 years.....	66%
3 years or more.....	100%

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow up to the lesser of (1) one-half of the total estimated fair value of their vested account balance, (2) \$50,000 reduced by the highest outstanding balance of the participant's initial loan from the Plan during the one-year period ending on the date the second loan is made, or (3) the total estimated fair value of their pre-tax, Roth, and after-tax participant contributions, including rollover contributions. The minimum required borrowing is \$1,000.

Participants may have no more than two loans outstanding from the Plan at a time. Amounts borrowed by participants must be repaid within five years of each borrowing. In the event that the proceeds of the loan are used to acquire a participant's principal residence, the maximum repayment period is 25 years. The loans are secured by the balances in the participants' accounts. The interest rate charged on loans is set by Sprint's Employee Benefits Committee. As of December 31, 2016, outstanding loans were being charged interest rates ranging between 3.25% and 10.0%. Upon retirement, termination, disability, or death the employee (or designated beneficiary) has 60 days to voluntarily repay their loan. If the loan is not repaid within those 60 days, it will be considered in default and deemed distributed.

Withdrawals

Participants may withdraw the vested balance of their account as a single lump sum when they retire, terminate employment with the Company, reach age 59 1/2, meet “hardship” requirements defined in the IRC, or become permanently disabled. Effective April 1, 2017, a participant can elect to receive withdrawals of their vested balance in a single lump sum or on an installment basis upon retirement, termination of employment, death, or total and permanent disability. In-service withdrawals may be made from the participant's vested portion of the Company matching

SPRINT 401(k) PLAN
Notes to Financial Statements – (Continued)

contribution that has been held by the Plan for two full calendar years following the year of contribution. In-service withdrawals may only be requested twice a year, are subject to certain plan limitations and may result in an early withdrawal penalty. The minimum in-service withdrawal is the lesser of \$1,000 or 50% of the maximum amount that is available for withdrawal but must be at least \$100.

Forfeitures

Withdrawing participants who did not meet the vesting guidelines for contributions made prior to January 1, 2006 and after January 1, 2016, forfeited their non-vested portion of the Company contribution. At December 31, 2016 and 2015, forfeited non-vested account balances totaled approximately \$265,000 and \$38,000, respectively.

Participant Accounts

A separate account is maintained for each participant in the Plan. Each participant's account is adjusted for (a) Company contributions on behalf of the participant, (b) the participant's contributions to the Plan, including rollover contributions, (c) the participant's share of any investment income or loss, (d) withdrawals, (e) loans, (f) forfeitures of Company contributions made prior to January 1, 2006 and after January 1, 2016 due to the participant's withdrawal from the Plan, and (g) reinstatement of forfeitures.

Administration and Plan Expenses

The Sprint Employee Benefits Committee (Plan Administrator) is the named fiduciary of the Plan and is responsible for the administrative and financial activities of the Plan. Plan expenses generally consist of administrative expenses paid to the Fidelity Management Trust Company (Trustee). Certain participant administrative expenses in 2016 were paid by the Company. Investment management fees are included in net appreciation in the fair value of investments. On September 30, 2016, the investment manager for the target retirement funds transitioned from The Northern Trust Company to State Street Global Advisors.

Termination

Although the Company has not expressed any intention to terminate the Plan, it reserves the right to amend or terminate the Plan at any time. Should the entire Plan terminate, the accounts of all participants will become non-forfeitable as of the date of termination.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER ITEMS

The following is a summary of the significant accounting policies of the Plan:

Basis of Accounting

The accompanying financial statements are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts in the financial statements. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments of the Plan are stated at fair value which is determined using quoted market prices, if available, or estimated fair values (Note 4). Purchases and sales of securities are recorded on the trade dates. Dividend income is recorded on the ex-dividend date. Interest income from all the investments is recorded as earned on an accrual basis. Net realized gains and losses are recorded in the accompanying financial statements based on the settlement amount of investments at the time of sale or valuation, and net unrealized gains and losses are recorded based on the estimated fair value of the underlying investment at the measurement date.

Risks and Uncertainties

At December 31, 2016 and 2015, approximately 0.7% and 0.4% of the Plan's assets were in shares of Sprint Corporation common stock, respectively. The value of this common stock is subject to fluctuations related to corporate, industry, economic and market factors. At December 31, 2016 and 2015, Sprint Corporation common stock closed at \$8.42 and \$3.62 per share, respectively. The Plan's other investment options include a variety of stocks, bonds, mutual funds, and other securities. Investment securities subject participants to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the

SPRINT 401(k) PLAN
Notes to Financial Statements – (Continued)

value of investment securities will occur and that such changes could adversely affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Benefits paid to participants

Benefits paid to participants are recorded at the fair value of the assets on the date of distribution.

New Accounting Pronouncements

In July 2015, the FASB issued authoritative guidance regarding *Plan Accounting: Defined Benefit Pension Plan, Defined Contribution Plans, Health and Welfare Benefit Plans: (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I is not applicable to the Plan. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements should be provided by general type of plan asset. Part III is not applicable to the Plan. The guidance is effective for reporting periods beginning after December 15, 2015, with retrospective application, and only disclosures in the footnotes to the financial statements were impacted.

3. INVESTMENTS

The Plan's investments are held by the Trustee. All 2016 and 2015 information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants as of December 31, 2016 and 2015 and net appreciation in the fair value of investments, interest, and dividends for the year ended December 31, 2016 were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee. Accordingly, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this information certified by the Trustee as complete and accurate, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and the supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value for assets and liabilities, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance. The methods used to determine the fair market value may produce a fair value estimate that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value hierarchy requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. There are three levels of inputs that are used to measure fair value:

- Quoted prices in active markets for identical assets or liabilities;
- Inputs other than quoted prices in active markets for identical assets or liabilities that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following is a description of the valuation methodologies used for investments measured at fair value. The Plan had no investments measured at fair value using unobservable inputs. Methodologies used at December 31, 2016 are consistent with the prior year. However, due to authoritative guidance issued by the Financial Accounting Standards Board (FASB) in

SPRINT 401(k) PLAN
Notes to Financial Statements – (Continued)

July 2015, effective for the 2016 plan year, the Plan will continue to disaggregate investments that are measured using fair value by general type but will no longer disaggregate investments by nature, characteristics and risks. 2015 disclosures have been updated to conform to this authoritative guidance issued by the FASB.

- Money market account: Consists of short-term investments valued using quoted prices in active markets.
- Common stock: Consists of common stocks valued using quoted prices in active markets.
- Mutual funds: Consists of mutual funds valued using quoted prices in active markets.
- Collective investment trusts: Valued at a derived net asset value (NAV) that is based upon readily determinable NAV's of the underlying collective investment trusts.
- Self-directed accounts: Consist of common stocks, mutual funds, exchange traded funds and money market accounts valued at the closing price reported in active markets on which the individual securities are traded.

Investments Measured at Fair Value on a Recurring Basis

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2016 and 2015:

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of funds managed by Fidelity Workplace Services, LLC. Fidelity Management Trust Company is the Plan Trustee, as defined by the Plan. In addition, certain plan investments include shares of Sprint Corporation common stock. Sprint Corporation is the Plan Sponsor. Therefore, these transactions qualify as party-in-interest transactions.

6. INCOME TAX STATUS

The Plan obtained its latest determination letter dated September 27, 2013, in which the Internal Revenue Service stated that the Plan, as then designed, is compliant with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the Plan continues to be exempt. As a result, no provision for income taxes has been included in the Plan's financial statements.

SPRINT 401(k) PLAN
Notes to Financial Statements – (Continued)

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

7. SUBSEQUENT EVENTS

Subsequent events were evaluated for disclosure through September 29, 2017, the date on which the financial statements were available to be issued.
