Skyline Technologies, Inc. 401(k) & Profit Sharing Plan & Trust

Notes to Financial Statements

Note 1: Description of Plan

The following description of Skyline Technologies, Inc. 401(k) & Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Skyline Technologies, Inc. (the "Company") who meet certain eligibility requirements. Employees become eligible to make participant contributions and to receive Company discretionary matching contributions on the first day of the month following completion of two months of service and reaching the age of 21. Participants who are eligible to make participant contributions and receive matching contributions are also eligible to receive Company discretionary profit sharing contributions if they complete at least 1,000 hours of service within the plan year and are employed on the last day of the plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Management of the Company is responsible for oversight of the Plan, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions

Participants are allowed to contribute up to 100% of annual compensation, as defined by the Plan, subject to limits established by the Internal Revenue Service (IRS). The Plan allows participants to roll over distributions from other qualified retirement plans. Participants who have attained age 50 before the end of the plan year are also eligible to make catch-up contributions. The Plan also includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation. The Company has the ability to make discretionary matching contributions to the Plan. During 2016, the Company made a discretionary matching contribution equal to 30% of the first 10% of a participant's contribution into the Plan. Rollover contributions are not matched. In addition, the Company has the option of making a discretionary profit sharing contribution each year. No profit sharing contribution was made during 2016.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions, and allocations of (a) the Company's discretionary profit sharing contributions and (b) plan earnings or losses. Participant accounts are charged an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Skyline Technologies, Inc. 401(k) & Profit Sharing Plan & Trust Notes to Financial Statements

Note 1: Description of Plan (Continued)

Vesting

Participants are fully and immediately vested in all contributions, plus actual earnings thereon.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms may not exceed five years unless the note proceeds are used to purchase a primary residence, which is limited to a 30-year term. A participant may have only one note outstanding at a time, and notes cannot be refinanced. The notes are secured by the balance in the participant's account or other security if the loan is for the purchase of a primary residence. The notes bear a fixed rate of interest commensurate with the local prevailing rates at the time the note was issued. Interest rates on existing notes ranged from 3.25% to 4.50% at December 31, 2016. Principal and interest are paid through payroll deductions.

Payment of Benefits

Plan benefits are available at normal retirement (age 65), disability retirement, death, or termination of employment with vested interests. In-service distributions are permitted when a participant reaches age 59 1/2. Benefits are paid in a lump-sum distribution. Hardship distributions are also available to participants who have incurred a hardship in accordance with the plan document. In addition, participants may withdraw funds from their rollover contributions account at any time.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of the accompanying financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Skyline Technologies, Inc. 401(k) & Profit Sharing Plan & Trust

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain third-party administrative service fees, audit fees, and investment advisor fees are paid out of plan assets. Fees related to the administration and maintenance of notes receivable from participants, as well as distributions fees, are charged directly to the participant's account and are included in administrative expenses. Certain investment-related expenses are included in net appreciation in fair value of investments. All other expenses are paid by the Company.

The Plan receives a monthly service fee credit based on the account balance and other demographics of the Plan. These credits totaled \$68,356 for 2016 and are included in net appreciation in fair value of investments on the accompanying statement of changes in net assets available for benefits. At December 31, 2016 and 2015, \$53,705 and \$29,481, of service fee credits were included in investments on the statement of net assets available for benefits, respectively. These service fee credits are first used to pay plan expenses. Any remaining credits at year-end may be allocated to participants at the Company's discretion. For 2016, \$44,132 of service fee credits were used to pay plan expenses. No service fee credits were allocated to participants during 2016.

Subsequent Events

The Plan has evaluated subsequent events through October 3, 2017, which is the date the financial statements were available to be issued.

Skyline Technologies, Inc. 401(k) & Profit Sharing Plan & Trust

Notes to Financial Statements

Note 3: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level; Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1); Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 1 or 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2016 and 2015.

Pooled separate accounts: Valued at the latest quoted net asset value (NAV) of units held by the Plan as obtained by an insurance company. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV of each of the separate accounts is calculated in a manner consistent with GAAP for investment companies and is determinative of their fair value and represents the price at which the Plan would be able to initiate a transaction. The fair value of the underlying funds and securities is used to determine the NAV of the separate account, which is not publicly quoted. The fair value of the underlying mutual funds and equity securities is based on quoted prices in active markets for identical assets. The fair value of the underlying fixed maturity securities is based on the pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities.

Stable value fund - A stable value fund that is an investment in the general account of Transamerica Life Insurance Company ("Transamerica") and the value is guaranteed by Transamerica. Regardless of the activity of the general fund, Transamerica pays the stated interest rate and backs the capital deposit where the risk is measured by the insurance credit rating.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Stable value	\$	- \$	739,335 \$	- \$ 739,335

Note 4: Information Prepared and Certified by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation in fair value of investments and interest for the year ended December 31, 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Transamerica, the Trustee of the Plan.

Skyline Technologies, Inc. 401(k) & Profit Sharing Plan & Trust

Notes to Financial Statements

Note 5: Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by Transamerica. Transamerica is the Trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Oarsman Capital, Inc. serves as an investment advisor for the Plan and, therefore, fees paid to Oarsman Capital, Inc. qualify as party-in-interest transactions. In addition, National Administration, Inc. serves as a third-party administrator for the Plan. Fees paid by the Plan to the Trustee and third-party administrator for administrative expenses and the investment advisor for investment advisory services amounted to \$43,492 for the year ended December 31, 2016. Certain investment-related fees are included in net appreciation in fair value of investments since they are paid through revenue sharing rather than a direct payment.

The Plan paid audit fees to Wipfli LLP in the amount of \$9,320 for the year ended December 31, 2016, which qualifies as a party-in-interest transaction exempt from the prohibited transaction rules of ERISA.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the assets of the Plan would be distributed in accordance with plan provisions.

Note 7: Tax Status

The Plan adopted a volume submitter document with an IRS notification letter dated March 31, 2014, which states the prototype plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Reclassification

Certain reclassifications have been made to the 2015 financial statements to conform to the 2016 classifications.
