Note 1 – Description of the Plan

The following description of the ATS Employees' 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Austin Traffic Signal Construction Co. (formerly known as Austin Traffic Signal Construction Co., LP) and ATS Drilling, Inc. (formerly known as ATS Drilling, L.P.) (collectively, the "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and qualifies under Section 401(a) of the Internal Revenue code (the "IRC"). The trustee of the Plan is TD Ameritrade Trust Company (the "Trustee"). Plan Sponsor management personnel act as the administrator of the Plan.

Eligibility

Employees are eligible to participate in the Plan once they complete six months of service and are at least 21 years of age, as defined by the Plan document, and are actively employed by the Plan Sponsor on the last day of the plan year.

Contributions

Each year, the Plan Sponsor determines the discretionary profit-sharing amount, if any, to contribute to the Plan.

Each employee's share of the Plan Sponsor's discretionary profit-sharing contribution is determined by the ratio of their compensation divided by total eligible compensation times the Plan Sponsor's discretionary profit-sharing contribution.

The Plan Sponsor elected to make a discretionary profit-sharing contribution of $498,567 and $100,000 for the plan years ended December 31, 2016 and 2015, respectively.

Employees may elect to contribute up to a portion of their pre-tax compensation pursuant to their salary deferral agreements on file with the Plan Sponsor. Each participant may elect to have compensation deferred up to the lesser of the IRS limit of $18,000 for 2016, or 20%, for the plan year.

Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified retirement plans or individual retirement accounts.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Plan Sponsor's contributions and an allocation of Plan earnings, and may be charged with Plan expenses, as applicable. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants are allowed to direct their investments under the Plan.

Notes Receivable from Participants

No loans to participants are permitted under this Plan.

Note 1 – Description of the Plan (continued)

Forfeited Accounts
Forfeitures may first be used to pay any administrative expenses. Any remaining forfeitures are added to the Plan Sponsor's next discretionary contributions and are allocated to the remaining Plan participants based on the Plan Sponsor's discretionary percentage allocation.

Vesting
Participants are vested in employer contributions at a rate of ten percent (10%) per year for the first two years and twenty percent (20%) for each year thereafter. A participant is one-hundred percent (100%) vested after six years of service. Upon death, disability retirement, or normal retirement age, the participant becomes 100% vested in its account, irrespective of the vesting schedule. Participants are immediately and fully vested in their elective salary deferral contributions to the Plan.

Payment of Benefits
Benefits become available to participants on the earliest of four events: (1) termination of employment, (2) death of the participant (benefits are payable to the participant's spouse or beneficiary), (3) disability of the participant, or (4) the participant's retirement.

Terminating participants with balances under $1,000 are automatically distributed to the terminating participant regardless of whether participant consent is received. Terminating participants with balances greater than $1,000 are permitted to stay in the Plan.

On termination of service due to death prior to retirement, the account balance is paid to the participant's spouse or beneficiary in a lump sum. At the termination of service at the Plan's determined retirement age of 55, the account balance will become 100% vested with distributions being made at the request of the participant. If the participant remains employed past the normal retirement date, distributions may be deferred until termination of employment for non-owners. Active participants can withdraw benefits once they reach 59 ½ years of age.

Distributions During Employment
As a general rule, participant's contributions will remain in the Plan as long as the participant remains employed by the Plan Sponsor. The Plan does provide exceptions to this rule for withdrawals of the participant's contributions under certain circumstances (subject to the satisfaction of the Plan Sponsor) that include the following:

- Medical expenses,
- Purchase of a principal residence,
- Post-secondary education for participant or their dependents,
- To prevent eviction from or foreclosure on the participant's principal residence, and
- Payment of funeral expenses for a member of the participant's family
- Repair of damage to a primary residence that would qualify for the casualty deduction und the Internal Revenue Code

Plan Termination
Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and distributions would be made as soon as administratively practicable after the Plan terminates.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Risks and Uncertainty
Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of investment securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Income Taxes
The Plan has implemented the provisions of Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 740, *Income Taxes*, which relates to accounting for uncertainties in income taxes. The standard requires recording uncertain tax positions that exist in the Plan's financial statements. Plan management has determined that there are no uncertain tax positions requiring adjustment or disclosure in the Plan's financial statements. The Plan is not a tax paying entity for income tax purposes and, accordingly, no provision has been made for income taxes.

Note 2 – Summary of Significant Accounting Policies (continued)

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, "Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)" ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share ("NAV") practical expedient under Accounting Standards Codification ("ASC") 820, Fair Value Measurement ("ASC 820"). ASU 2015-07 also eliminates certain disclosures for investments eligible to be measured at fair value using the NAV practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2015 and is to be applied retrospectively to all periods presented, with early adoption permitted. The Plan elected to early adopt ASU 2015-07 on a retrospective basis for the year ended December 31, 2015 and accordingly, the notes to financial statements reflect such adoption.

In July 2015, the FASB issued ASU 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans. (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient" ("ASU 2015-12"). ASU No. 2015-12 simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. ASU No. 2015-12 is effective for all Plan years beginning after December 15, 2015, with early application permitted. Parts I and II are to be applied retrospectively, while Part III is to be applied prospectively. Management has elected to early adopt Part II of this new standard; Parts I and III are not applicable to the Plan.

Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. There was no effect on net assets available for benefits as of December 31, 2016 and 2015, or on the increase in net assets available for benefits for the year ended December 31, 2016, as a result of this change.

Note 3 – Information Certified by the Trustee

All information disclosed in the accompanying financial statements, notes and supplemental schedule related to the Plan's investment assets at December 31, 2016 and 2015, and the related net investment gain for the year ended December 31, 2016, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

Note 4 – Tax Status

The Plan Sponsor has not applied for a determination letter from the Internal Revenue Service ("IRS") to determine if the Plan is designed in accordance with applicable sections of the IRC. The Plan document is based upon a volume submitter plan instrument from Sungard Business Systems, LLC, which received an IRS advisory letter dated March 31, 2014. The volume submitter plan instrument has been updated for legislative and regulatory changes. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 4 – Tax Status (continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

Note 5 – Fair Value Measurements

The Plan follows a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

- Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 — Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; input other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. The mutual funds are registered with the Securities and Exchange Commission ("SEC") and are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market: Fair value is estimated to be carrying value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Money market	$ 47,535	$ -	$ -	$ 47,535
Mutual funds	4,540,450	-	-	4,540,450
Total Plan investments	$ 4,587,985	$ -	$ -	$ 4,587,985

Note 5 – Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Money market	$ 2,583	$ -	$ -	$ 2,583
Mutual funds	4,031,387	-	-	4,031,387
Total Plan investments	$ 4,033,970	$ -	$ -	$ 4,033,970

Note 6 – Parties in Interest Transactions

Certain Plan investments are shares of mutual funds managed by the Trustee or its affiliates. Fees incurred by the Plan for related investment management services are included in administrative expenses and net appreciation in fair value of investments. Certain fees incurred by the Plan for record-keeping and audit fees are included in administrative expenses. Transactions such as these qualify as party-in-interest transactions. The Plan Sponsor pays directly certain other fees related to the Plan's operations.

Note 7 – Fidelity Bond

The Plan was covered as of and for the years ended December 31, 2016 and 2015 by a $500,000 fidelity bond. As of December 31, 2016, the Plan is in compliance with ERISA fidelity bond requirements.

Note 8 – Prohibited Transactions

During 2016, the Plan Sponsor failed to remit participant contributions in a timely manner. The Plan Sponsor identified seven instance during the year ended December 31, 2016, where $33,045 in participant contributions were remitted to the Plan in violation of Department of Labor ("DOL") regulations. The missed earning and interest related to late contributions are still pending correction.

A summary of non-exempt prohibited transactions related to the delinquent remittances is shown in the attached supplemental schedule of delinquent participant contributions for the year ended December 31, 2016.
