NOTE 1 - DESCRIPTION OF PLAN

The following description of the TWU – STS 401(K) Retirement Plan (Plan) is provided for general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Suffolk Transportation Service, Inc., Suffolk Bus Corp., and Suffolk Transportation Systems, Inc. (Company) who have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, the Company makes contributions to the Plan in accordance with a formula as determined pursuant to a collective bargaining agreement with Transport Workers Union Local 252 which represents all employees. Participants may elect to reduce their compensation, not to exceed a dollar limit which is set by law, and have that amount contributed to the Plan on a pre-tax basis as a salary deferral. Participants who have attained the age of 50 before the end of the year are eligible to make catch-up contributions. For 2016, the Company contributed 2.50% of compensation in excess of $3,000 per year, and matched employee deferrals at the rate of 75% of the first 6.00% of deferred compensation in excess of $3,000 per year.

Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Upon enrollment in the Plan, participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is fully vested (100%) after six years of credited service.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or payment in the form of Qualified Joint and Survivor Annuity.

Forfeitures

Benefit payments to terminated employees partially vested in the Plan include their vested portion of employer contributions. Forfeitures may be used to reduce employer contributions or to pay administrative expense of the Plan, as determined by the Company at its sole discretion. For the years ended December 31, 2016 and 2015, forfeitures of $55,000 and $37,000, were used to reduce future employer contributions. At December 31, 2016 and 2015, there were $29,542 and $13,272, respectively, of forfeitures that had not yet been applied to employer contributions or used to pay administrative expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through October 6, 2017, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investments held by a defined-contribution plan are required to reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully benefit responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

NOTE 3 – INVESTMENTS (UNAUDITED)

The Plan's investments are held in trust and administered by The Prudential Insurance Company of America, the Custodian/Recordkeeper, as of December 31, 2016 and 2015. All investment information disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Custodian/Recordkeeper.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the evaluation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in active markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts

Valued at the net asset value (NAV) established by the fund's sponsor on the last business day of the Plan year, based on the fair value of the assets underlying the funds.

Assets at Fair Value as of December 31, 2016

Description	Total	Level 1	Level 2	Level 3
Mutual Funds	$15,458,322	$15,458,322	$ -	$ -

Investments Measured At Net Asset Value	11,060,101	-	-	-

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Description	Total	Level 1	Level 2	Level 3
Mutual Funds	$14,035,220	$14,035,220	$ -	$ -
Total Assets In FV Hierarchy	$14,035,220	$14,035,220	$ -	$ -
Investments Measured At Net Asset Value	8,443,817	-	-	-
Investment At Fair Value	$22,479,037	$14,035,220	$ -	$ -

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2016 and 2015, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2016, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE 6 - GUARANTEED INVESTMENT CONTRACT WITH PRUDENTIAL INSURANCE COMPANY

The Plan holds a fully benefit-responsive investment contract with Prudential Insurance Company of America (Prudential). Prudential maintains the contributions in a general account and in separate accounts. The accounts are credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of assets available for benefits at contract value. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2016 and 2015 was $18,366,116 and $16,605,638, respectively. The crediting interest rate is based on an agreed-upon formula with the issuer, but cannot be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Prudential. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to Plan's prohibition on completing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan, subject to its collective bargaining agreement, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

NOTE 8 - TAX STATUS

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administer believes the Plan is no longer subject to income tax examinations for years prior to 2013.

NOTE 9 - INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The December 31, 2016 and 2015 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2016, and the accompanying notes and supplemental schedules to the financial statements were prepared in part or entirely from information certified by The Prudential Insurance Company of America as agent for the trustees in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes fair value of investments of $26,518,423 and $22,479,037 at December 31, 2016 and 2015, respectively, and investment contract at contract value of $18,366,116 and $16,605,638 at December 31, 2016 and 2015, respectively, and related investment income of $2,442,401for the year ended December 31, 2016.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 – RELATED PARTY/ PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and pooled separate account investments managed by The Prudential Insurance Company of America, and the Prudential Guaranteed Investment Contract. Prudential is the agent for the trustees as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan made direct payments to the third-party administrator of $40,861 which was not covered by revenue sharing for the year ended December 31, 2016. The Plan also paid $5,000 in audit fees and $3,488 in investment consulting fees for the year ended December 31, 2016. The Company paid additional audit fees and fidelity bond costs for the year ended December 31, 2016. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA.
