INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Hanover Company 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Hanover Company 401(k) Plan (the "Plan"), which comprise the Statement of Net Assets Available for Benefits as of December 31, 2016, and the related Statement of Changes in Net Assets Available for Benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Ascensus, as agent for Ascensus Trust Company (the "Custodian"), except for comparing the information with the related information included in the 2016 financial statements and supplemental schedule. We have been informed by the Plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Custodian as of and for the year ended December 31, 2016, that the information provided to the Plan administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2016 financial statements. Accordingly, we do not express an opinion on the 2016 financial statements.

Other Matter - Supplemental Schedule

The Schedule H, Line 4i – Schedule of Assets (Held At End of Year) as of December 31, 2016, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2015 Financial Statements

The financial statements of the Plan as of December 31, 2015, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditors not to perform and they did not perform any auditing procedures with respect to the information certified by the Custodian. Their report, dated October 10, 2016, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements and supplemental schedule other than that derived from the information certified by the Custodian, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2016 financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

HANOVER COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Hanover Company 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers substantially all employees of the Plan sponsor, Hanover R. S. Limited Partnership (the "Company").

The Plan was established January 1, 1995, and has been amended and restated from time to time. The most recent restatement, effective January 1, 2016, incorporates all previous amendments to reflect the most recent statutory and regulatory changes applicable to plans maintained under Code Section 401(a) and 401(k) of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2016, the Plan was amended to change the entry date in the Plan for employees meeting the eligibility requirements and accelerate vesting in Company contributions.

Administration

The Company is responsible for the administration and operation of the Plan. Employees of the Company serve as trustees of the Plan. Ascensus Trust Company (the "Custodian") and Ascensus, Inc. serve as the Plan's Custodian and recordkeeper, respectively.

Eligibility

Effective January 1, 2016, an employee is eligible to participate in the Plan immediately following completion of one month of service, except for (i) employees whose employment is governed by a collective bargaining agreement in which retirement benefits were the subject of good faith bargaining unless such agreement expressly provides for coverage in the Plan, (ii) non-resident aliens who do not receive earned income from the Company which constitutes income from sources within the United States of America, (iii) employees resulting from a transaction described in Section 410(b)(6)(C) of the IRC, (iv) leased employees, and (v) courtesy/security officers, social directors, or fitness directors.

Prior to January 1, 2016, employees completing one month of service were eligible to enroll in the Plan on January 1st and July 1st of each year.

Contributions

Each year, participants may contribute up to 90% of their eligible compensation as pre-tax elective deferrals not to exceed the limitation ($18,000 in both 2016 and 2015) set forth in Section 402(g) of the IRC. Participants may make catch-up contributions, pre-tax contributions that exceed the annual elective deferral limit, during any calendar year ending on or after the participant's 50th birthday. Participants' total catch-up contributions during both the years ended December 31, 2016 and 2015 cannot exceed $6,000. Participants may also make rollover contributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make discretionary matching contributions, if any, equal to a percentage of the participant's elective salary deferral contributions to the Plan. Such discretionary matching contribution amounts are to be determined each year by the Company. During the years ended December 31, 2016 and 2015, the Company made discretionary matching contributions totaling $949,342 and $345,205, respectively.

Effective January 1, 2016, the Plan was amended whereby, the Company can elect to make a discretionary profit sharing contribution in any amount determined by the Company. Such profit sharing contributions are allocated to eligible participants, as defined in the Plan document, based on the ratio of the eligible participant's compensation to the total compensation of all eligible participants. Participants must complete 1,000 hours of service and be employed by the Company on the last day of the Plan year to be eligible to receive Company profit sharing contributions. The Company made no discretionary profit sharing contributions during the year ended December 31, 2016.

1. Description of Plan, continued

Contributions, continued

Prior to January 1, 2016, the Company could elect to make additional discretionary contributions, if any, to be contributed to the Plan as Employer non-elective contributions. Employer non-elective contributions are allocated to each eligible participant, as defined in the Plan document, based on the ratio of the eligible participant's compensation to the total compensation paid to all eligible participants for the Plan year. The Company made no discretionary non-elective contributions during the year ended December 31, 2015.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) Company contributions and, (b) Plan earnings. Earnings and losses are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. Upon the occurrence of a distribution event, the benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

Vesting

Participants are immediately vested in all contributions to their accounts plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service. Effective January 1, 2016, participants vest 33 percent per year of service and are 100 percent vested after three years of service. Prior to January 1, 2016, participants vested 20% after two years of service, 20% per year thereafter, and are 100% vested after 6 years of service. A participant becomes 100% vested in all Company contributions upon death, disability, or attaining normal retirement age, as defined in the Plan document.

Notes Receivable from Participants

Participants may borrow from their fund accounts any amount greater than $1,000 up to a maximum amount equal to the lesser of (a) $50,000 minus the participant's highest outstanding note balance during the prior twelve-month period, or (b) 50% of the participant's vested account balance. Note terms range from one to five years, except for notes used for the purchase of a principal residence, which may be repaid over a longer term as determined by the Plan administrator. Principal and interest payments are made by payroll withholdings according to the terms of the promissory note. Notes are secured by the vested balance in the participants' accounts and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Participant notes receivable outstanding at December 31, 2016 and 2015 totaled $264,328 and $265,886, respectively. Interest rates ranged from 4.25% to 9.25% and 5.00% to 10.50% on participant notes outstanding at December 31, 2016 and 2015, respectively.

Payment of Benefits

Upon termination of service, participants may elect to receive a lump-sum amount equal to the vested value of his or her account, a non-recurring partial payment of his or her vested account balance, or recurring installment payments equal to the vested value of his or her account.

Prior to termination of employment, participants over the age of 59 ½ may elect to receive a distribution of their vested account balance. The Plan also allows hardship withdrawals subject to Internal Revenue Service ("IRS") regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the employee and is limited to certain purposes. The Plan imposes a six-month suspension of employee contributions following a hardship withdrawal.

Forfeited Accounts

All Company contributions credited to a participant's account, but not vested, are forfeited by the participant upon distribution of the full vested value of his or her account. Forfeitures are used to pay Plan expenses or reduce the Company's future contributions. During 2016 and 2015, no forfeited non-vested amounts were used to pay Plan expenses or reduce Company contributions. As of December 31, 2016 and 2015, forfeitures available to pay future Plan expenses or reduce future Company contributions totaled $38,721 and $21,508, respectively.

1. Description of Plan, continued

Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. Fees paid by the Company on behalf of the Plan were $8,900 and $8,650 for the years ended December 31, 2016 and 2015, respectively.

Expense Offset Arrangements

Fees incurred by the Plan for investment management or recordkeeping services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of mutual funds and exchange-traded funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Investments in money market funds are valued at the daily closing price at year-end, as reported by the fund.

Net appreciation (depreciation) in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation (depreciation) of investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2016 and 2015, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, upon a distributable event the loan balance is reduced, and the delinquent participant loan is recorded as a benefit payment based on the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies, continued

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*, to reduce the complexity in employee benefit plan accounting. Following is a summary of the changes required by ASU No. 2015-12:

Part I - *Fully Benefit-Responsive Investment Contracts*: Eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Further, *Part I* clarifies the definition of fully benefit-responsive investment contracts to only include direct contracts between the Plan and the issuer of the contract. Indirect investments in fully benefit-responsive investment contracts (such as through stable value common or collective trusts) should no longer be reflected as fully benefit-responsive investment contracts.

Part II - *Plan Investment Disclosures*: Eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. *Part II* also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset.

Part III - *Measurement Date Practical Expedient*: Reduces complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

ASU No. 2015-12 is effective for fiscal years beginning on or after December 15, 2015. *Parts I* and *II* are effective on a retrospective basis, and *Part III* is effective on a prospective basis. Early adoption is permitted. Plan management elected to early adopt *Part II* for the 2015 Plan year. The adoption of ASU No. 2015-12, *Part II*, in 2015, resulted in the elimination of the footnote disclosing individual investments that represent 5 percent or more of net assets available for benefits and simplification of disclosures in the fair value measurement footnote. The adoption of *Part II* had no impact on the Plan's net assets available for benefits and changes therein. *Parts I* and *III* are not applicable to the Plan.

Reclassification

Certain amounts in the 2015 financial statements have been reclassified to conform to the presentation in the 2016 financial statements. Such reclassifications have no impact on net assets available for benefits or changes therein, as previously reported.

3. Fair Value Measurements

FASB Accounting Standards Codification Topic 820 ("ASC 820"), *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques that are used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

3. Fair Value Measurements, continued

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining fair value, the Plan generally uses the market approach, which uses prices and other relevant data based on market transactions involving identical or comparable assets and liabilities.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2016 or 2015.

Money market fund: Valued at the daily closing price as reported by the money market account. (Market approach)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. (Market approach)

Exchange-traded funds: Valued based on observable market quotations. These securities are priced on a daily basis at the close of business.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2016 and 2015:

	Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total

Total assets at fair value	$ 23,731,032	$ -	$ -	$ 23,731,032

3. Fair Value Measurements, continued

Total assets at fair value	$ 19,146,829	$ -	$ -	$ 19,146,829

4. Information Certified by the Custodian (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years then ended, was obtained or derived from the information supplied to the Plan administrator and certified as complete and accurate by the Custodian of the Plan.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and an exchange-traded fund managed by Vanguard Group Inc. ("Vanguard"). Vanguard and Ascensus, Inc., the Plan's recordkeeper, have entered into an agreement whereby Ascensus, Inc. provides certain plan recordkeeping and administrative services on behalf of Vanguard. The Plan also holds notes receivable from participants. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

6. Tax Status

The Plan is based on a non-standardized prototype plan. The non-standardized prototype plan has received an opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Subsequent Events

Plan management has evaluated all subsequent events through October 10, 2017, which is the date the financial statements were available to be issued, and has concluded that there are no significant events to be reported.
