The following description of the Sequoia Equities 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan was established on April 1, 1992 to provide retirement benefits for employees of Sequoia Equities, Inc. ("Sequoia") and Sequoia Property Services, Inc. (hereinafter together referred to as the "Company"). The Plan is a defined contribution plan covering all employees of the Company who meet certain eligibility requirements. All employees, except employees classified by the Company as temporary or casual employees as defined by the Plan who are scheduled to work less than 1,000 hours in a year, become eligible to participate in the Plan on the first day of the quarter after reaching the age of 21 and completing 3 months of service, as defined by the Plan. Temporary or casual employees who complete a year of service, however, become eligible employees and may enter the Plan on the first day of the quarter after completing a year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code ("IRC"). The Plan was restated effective January 1, 2016. New provisions of the restated plan include the exclusion of employees who are covered by a collective bargaining agreement, leased employees or non-resident aliens with no U.S. source income. Additionally, the ability to elect Roth deferrals and In-Plan Roth rollovers were added, and the allocation provisions for the Company's discretionary matching contributions were changed.

The Plan provides for a plan administrator who is responsible for keeping accurate and complete records with regard to the Plan's operations, informing participants of changes or amendments to the Plan's provisions, ensuring that the Plan conforms to the law and government regulations, and providing participants with any reports and documents required by law. The Company's 401(k) Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Participant Contributions – Each year, participants may voluntarily contribute up to 100% of their annual compensation, as defined by the Plan, on either a pre-tax or post-tax (Roth) basis, up to a maximum amount allowed by the IRC. The maximum allowed deferral amount was $18,000 for the year ended December 31, 2016. Participants who are age 50 or older at the end of the Plan year are also eligible to make additional catch-up contributions ($6,000 in 2016). Participants may also make rollover contributions from other qualified defined benefit or defined contribution plans. Newly eligible participants are automatically enrolled with a contribution of 2% of eligible compensation, unless the employee affirmatively elects otherwise. Effective January 1, 2017, the automatic enrollment default deferral amount will increase from 2% to 3% of eligible compensation. This will apply to all newly eligible participants, unless a different affirmative election is made.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Employer Contributions – The Company may make discretionary matching or other contributions, subject to certain limitations imposed by the IRC. Effective April 1, 2016, the Company began making discretionary matching contributions at 50% of participant deferrals. These matching contributions have annual and monthly caps of $1,200 and $100, respectively.

Participant Accounts – Each participant's account is credited with the participant's contributions, rollover contributions and the Company's discretionary matching contributions, as well as allocations of the Company's other discretionary contributions, if any, and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account.

Vesting – Participants are vested immediately in their voluntary contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and other discretionary contributions plus actual earnings thereon is based on years of continuous service. The vesting schedule is as follows:

Years of Service	Vesting Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Investment Options – Upon enrollment in the Plan, participants may direct the investment of their account balance into various investment options available under the Plan.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years, or up to fifteen years for the purchase of a primary residence. The loans are secured by the balance in the participants' accounts and bear a fixed interest rate as determined under the loan policy. Principal and interest are paid ratably through payroll deductions. Any outstanding loans will become due and payable within 30 days after termination of employment.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits – Participants are eligible to receive distributions from the Plan upon reaching the age of 59 ½ years, termination of service, disability, or death. A participant may also be eligible for a withdrawal due to financial hardship in certain circumstances. Distributions to the participant or beneficiary are made in the form of a lump sum payment of the entire vested account balance. Terminated participants with account balances in excess of $5,000 may delay the receipt of distributions; however, the Company will roll over terminated participants' account balances between $1,000 and $5,000 to an individual retirement account, as designated by the plan administrator, unless directed otherwise by the terminated participant. Vested account balances of less than $1,000 are automatically cashed out as a single lump-sum distribution. Mandatory distributions are required to begin no later than April 1st following the later of the end of the year a participant retires, or reaches age 70 ½, in the form of a lump sum payment of the entire vested account balance or installments over a period of not more than the assumed life expectancy of the participant or beneficiary.

Forfeited Accounts – Non-vested portions of a participant's account are forfeited on separation of employment. Forfeitures may be applied to reduce future employer contributions and plan administrative expenses at the discretion of the Company. At December 31, 2016 and 2015, forfeited non-vested accounts amounted to $5,131 and $5,209, respectively. During the year ended December 31, 2016, forfeitures in the amount of $8,836 were used to pay for administrative expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee and investment advisor. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain expenses paid by the Plan are proportionately allocated to the accounts of all participants in the Plan. Such expenses include fees for investment advisory and recordkeeping services. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management related expenses are included in net appreciation of fair value of investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the *Fair Value Measurements and Disclosures* topic of the Financial Accounting Standards Board Accounting Standards Codification are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used by the Plan for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Fund: Valued at the NAV of units held by the Plan. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. The collective trust fund does not have unfunded commitments. There are no participant and plan redemption restrictions for this investment.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments in two and one of the Plan's options made up 23% and 32% of total investments as of December 31, 2016 and 2015, respectively.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2016			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:				
Mutual Funds	$ 5,615,506	$ -	$ -	$ 5,615,506

Investments at Fair Value				$ 5,998,132

Total Assets in the Fair Value Hierarchy:				
Mutual Funds	$ 4,706,746	$ -	$ -	$ 4,706,746

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the Statements of Net Assets Available for Benefits as of December 31, 2016 and 2015, and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016, and the related investment income and interest income earned on the notes receivable from participants reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2016.

NOTE 5 – TAX STATUS

The Plan has adopted a volume submitter plan that has received an opinion letter dated March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the volume submitter plan, as then designed, was in accordance with the applicable sections of the IRC. Although the Plan has not received a determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal and state taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – PARTIES IN INTEREST AND RELATED PARTY TRANSACTIONS

Many of the Plan's investments are mutual funds managed by American Funds, an affiliate of Capital Bank and Trust Company. Capital Bank and Trust Company is the Plan's trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for certain Plan recordkeeping and administrative expenses are included in net appreciation in the value of investments, as they are paid through revenue sharing, rather than a direct payment.

American Funds provides certain administrative services to the Plan pursuant to a Recordkeeping Services Agreement (RSA) between the Company and American Funds. American Funds receives revenue from investment fund service providers for services American Funds provides to the funds. This revenue is used to offset certain amounts owed to American Funds for its administrative services to the Plan. If the revenue received by American Funds from such investment fund service providers exceeds the amount owed under the RSA, American Funds remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay other Plan administrative expenses or allocated to participant accounts. At December 31, 2016, the excess amount available to fund future Plan administrative expenses was approximately $900. For the year ended December 31, 2016, approximately $14,000 of excess amounts were applied to pay Plan administrative expenses. The Plan or Plan sponsor may make a payment to American Funds for administrative expenses not covered by revenue sharing.

NOTE 7 – PLAN TERMINATION

The Company has established the Plan with the expressed intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Company reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Benefits will be held in the trust fund which will remain in existence until the Company requests the discontinuance of the trust agreement.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination from among the funds sponsored by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuation and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in investment value in the near term would materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

NOTE 9 – DELINQUENT PARTICIPANT CONTRIBUTIONS

In 2016 and 2015, there were unintentional delays by the Plan sponsor in remitting certain participant deferrals and loan repayments in the amount of $22,833 and $658, respectively, to the trustee. The Company corrected these operational errors by making contributions to compensate participants for lost earnings. The 2016 and 2015 late deferrals were corrected in 2017 and 2016, respectively.

NOTE 10 – OTHER INCOME

Other income consisted of a correction credit of $16,044 as a result of a correction of an error made by American Funds in executing the Plan's Qualified Default Investment Alternative fund changes during 2016. The correction credit was deposited into the Plan's forfeiture account in April 2017.

NOTE 11 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 15, 2017, the date the financial statements were available to be issued.
