Auditors Responsibility for the Financial Statements as of December 31, 2016

Our responsibility is to express an opinion on these financial statements as of December 31, 2016 based on our audit. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriates of significant accounting policies used and the reasonableness of significant accounting estimated made by management, as well as evaluating the overall presentation of the financial statements.

Beau Jo's 401(k) Savings Plan

Notes to Financial Statements

1. PLAN DESCRIPTION

The following description of the Beau Jo's 401(k) Savings Plan, as amended (the "Plan") provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was adopted effective January 1, 1996 and is for the benefit of employees of Beau Jo's Management Company and other affiliated participating companies (the "Company" or the "Sponsor") and was amended and restated January 1, 2014. The Plan is a defined contribution plan covering all eligible employees of the Company.

The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified deferred income arrangement as described in Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Pension Benefit Guaranty Corporation does not guarantee benefits under the Plan.

Custodian, Trustee and Administration of the Plan

Through December 31, 2016, the custodian and record-keeper of the Plan was Capital Bank and Trust Company (the "Custodian"). Effective January 1, 2017 a new trustee and record-keeper were appointed: Reliance Trust Company ("New Trustee") and ADP Retirement Services ("ADP"), respectively. The Custodian held all assets of the Plan in accordance with the provisions of the trust agreement and service provider contract with the Company. The Trustee of the Plan is an officer of the Company. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

In conjunction with the change in custodian and record-keeper noted above the net assets of the Plan were liquidated on December 30, 2016 and received by the New Trustee on January 3, 2017. The assets are shown in the accompanying Statement of Net Assets Available for Plan Benefits as of December 31, 2016 as non-interest bearing cash, in transit. There was a blackout period from December 28, 2016 to January 17, 2017, where participants could not take distributions or loans or make investment election changes.

Eligibility

An employee is eligible to be an active member of the Plan on the first day of the following quarter after meeting eligibility requirements. The employee must be 21 years of age and have one year of service (1,000 hours, as defined) to be eligible for the Plan. An individual is eligible for the discretionary employer matching contribution if they have met the eligibility requirements above and has at least 500 hours of service during the Plan year. An individual is eligible for the discretionary profit sharing contribution if they have met the eligibility requirements above and has at least 500 hours of service and are employed as of the last day of the Plan year. If the participant dies, is disabled or reaches normal retirement age (65), the 500 hour requirement and last day rule do not apply.

Participant Contributions

Eligible participants may contribute on a pre-tax basis up to 100% of their annual compensation as elected in their salary deferral agreements. Salary deferral agreements shall be made, terminated or changed according to procedures and limitations set up by the Plan administrator and the Plan Document. A participant may cease making elective deferral contributions at any time.

Deferral contributions shall not exceed certain limits as set forth by the IRC ($18,000 in 2016). The Internal Revenue Service ("IRS") adjusts this limitation each year for cost-of-living increases. The Plan also allows catch-up contributions for participants age 50 of over subject to certain IRC limitations ($6,000 for 2016).

Rollover Contributions

Rollover contributions transferred from other qualified retirement plans or from Individual Retirement Accounts ("IRA") are accepted as permitted by the Plan Document.

Employer Contributions

The Company may make a discretionary employer matching contribution. For the year ended December 31, 2016 the Company matched 25% of the first 6% of a participant's eligible compensation. The Company may also make a discretionary profit sharing contribution for participants who meet the eligibility requirements. For the year ended December 31, 2016 the Company did not make a discretionary profit sharing contribution.

Participants' Accounts

Each participant's account is credited with the participant's elective deferral contributions, rollover contributions, employer matching contributions, discretionary profit sharing contributions (if any), and an allocation of net Plan earnings or losses and debited with distributions and expenses. The investment earnings or losses are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option. Participants may direct the investment of their account balances into various investment options offered by the Plan. Participants may make investment option changes at any time that will be effective at the beginning of the next payroll period. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting and Forfeitures

Participants are 100% vested in their elective deferral contributions, rollover contributions and the allocated earnings thereon. A participant's vested interest in the discretionary employer matching and profit sharing contributions is based upon the participant's years of service, as defined, as follows:

Years of Service	Vesting
Less than 1	0%
1	30%
2	60%
3 or more	100%

Forfeitures arising from non-vested employer contributions may be used to offset future employer contributions or pay Plan expenses. As of December 31, 2016 and 2015, there were $787 and $424, respectively in forfeitures. During the year ended December 31, 2016, no forfeitures were used to offset employer contributions or pay Plan expenses.

Payment of Benefits

A participant's entire interest in the Plan is payable upon death, attainment of normal retirement age, becoming disabled, as defined, or termination of service. A participant may elect to receive a lump-sum amount, leave the account in the Plan, or rollover the vested balance to another qualified retirement plan or IRA. Participant account balances of less than $1,000 are distributed automatically upon termination. Balances greater than $1,000 and up to $5,000 are paid as a rollover into an IRA on behalf of the participants. These mandatory distributions apply only if the participant has not made an affirmative election for distribution. Hardship withdrawals and certain other in-service withdrawals at age 59½ are also allowed by the Plan if certain criteria are met.

Notes Receivable from Participants

Participants are permitted to borrow a minimum of $1,000 of their vested benefits under the Plan. Participants may borrow up to a maximum equal to the lesser of 50% of their vested account balance or $50,000 reduced by the highest outstanding note balance in their account during the prior twelve month period. Notes are secured by the participant's account and bear an interest rate equal to the rate of interest charged for a comparable fully secured loan charged by the Company's primary bank. The interest rate is fixed for the term of the note. The note is repaid ratably through payroll deductions over a period of five years or less, unless the note is for a primary residence. These notes are subject to certain restrictions, as defined by the Plan Document, and applicable restrictions under the IRC. Each participant may not have more than one note outstanding at any time.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated all participant accounts would immediately become fully vested, and the assets would be distributed among the participants in accordance with the terms set forth in the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Valuation of Investments

Investments are reported at fair value as further described in Note 4, *Fair Value Measurements and Disclosures*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by their investment advisor and Custodian.

Income Recognition

Interest is recorded when earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments represents realized and unrealized gains and losses on the investments, capital gains reinvested, as well as any investment fees charged within the mutual funds. Purchases and sales are recorded on a trade-date basis.

Contributions

Participant contributions and related employer matching contributions are recognized in the period during which the Company makes payroll deductions from the participants' earnings.

Payment of Benefits

Distributions of benefits are recorded when paid. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid as of year-end.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued, but unpaid interest was de minimus. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Expenses of the Plan

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Participant loan and distribution fees are paid by participants to the Custodian. Certain investment management fees are netted with earnings or losses within the mutual funds.

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following information included in the accompanying financial statements is complete and accurate:

- Investments and notes receivable from participants as reported in the Statements of Net Assets Available for Plan Benefits as of December 31, 2015;

- Investment income and interest on notes receivable from participants as reported on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 30, 2016.

The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information to the related investment information included in the financial statements.

4. FAIR VALUE MEASUREMENTS AND DISCLOSURES

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs are the highest priority and consist of unadjusted quoted prices in active markets for identical assets and liabilities. Level 2 inputs are inputs for quoted prices for similar assets or liabilities in active markets; inputs for quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are

derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs are the lowest priority and are unobservable and significant to the fair value measurement of an asset or liability.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured on a recurring basis as of December 31, 2016 and 2015:

December 31, 2016	Level 1	Level 2	Level 3	Total
Mutual Funds (a)	**$ -**	**$ -**	**$ -**	**$ -**
Total investments in the fair value hierarchy	**$ -**	**$ -**	**$ -**	**$ -**

December 31, 2015	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 378,122	$ -	$ -	$ 378,122
Total investments in the fair value hierarchy	$ 378,122	$ -	$ -	$ 378,122

(a) See Note 1 regarding change in custodian. All assets were liquidated and was cash in transit as of December 31, 2016.

For the year ended December 31, 2016, there were no transfers in or out of Level 1 investments.

5. INCOME TAX STATUS

The Plan was amended and restated effective January 1, 2014 by adopting a non-standardized prototype plan. The non-standardized prototype plan received an opinion letter from the IRS dated March 31, 2014, stating that the prototype plan is qualified under the applicable sections of the IRC. The Plan has been amended since the applicable date of the letter; however, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable provisions of the IRC and the Plan and related trust continue to be tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the accompanying financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS audits for any tax periods in progress.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

All plan investments were mutual funds issued by American Funds, an affiliate of the Custodian. The Custodian received $415 in administrative fees during 2016. The Custodian or its affiliates could also receive certain revenue sharing from the mutual funds. The Plan issues loans to participants, which are secured by the vested balances of the participants' accounts. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

7. CONCENTRATIONS, RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Additionally, the value, liquidity and related income of the investment securities are sensitive to changes in economic conditions and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to the changes in the value of investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits. As of December 31, 2016 and 2015 there were none and four, respectively, investments held which individually accounted for more than 10% of the net assets available for Plan benefits.

8. DELINQUENT PARTICIPANT CONTRIBUTIONS

For the year ended December 31, 2015 the Company failed to timely remit certain employee contributions to the Plan of $4,726. The Company remitted lost earnings in the amount of $8 in December 2016. For the year ended December 31, 2016 the Company failed to timely remit certain employee contributions to the Plan of $5,239 and is currently in the process of calculating and remitting lost earnings. See the accompanying supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2016.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Participant loans are reported as notes receivable from participants in the accompanying financial statements as required by current authoritative guidance; however, for Form 5500 purposes and reporting on the supplemental Schedule of Assets (Held at End of Year) they are shown as investments, as required.

10. SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 4, 2017, which is the date the financial statements were available to be issued. No events or transactions discovered during this evaluation required recognition or disclosure in the financial statements other than the evens noted below.

The Plan was restated effective January 1, 2017 in conjunction with the change in service providers as noted in Note 1, *Custodian, Trustee, and Administration of the Plan*. The following provisions were changes as part of the restatement:

- Plan reduced the percentage an eligible participant may contribute from 100% of their annual compensation to 90% of their annual compensation;
- Roth (after-tax) contributions are now allowed;
- Participants may now have three loans outstanding;
- The match formula is now defined as 25% of the first 6% of a Participant's eligible compensation;
- Participants can now enter the Plan on the first day of each month.
