1. Description of Plan

The following description of Woodruff-Sawyer & Co. Profit Sharing and Pre-Tax Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established under Section 401(b) of the Internal Revenue Code ("IRC"). Woodruff-Sawyer & Co. (the "Company") originally established the Plan in 1970 and restated effective August 1, 2015, for the purpose of rewarding long and loyal service to the company by providing to employees additional security at retirement. All salaried employees are eligible for participation in the Plan, excluding independent contractors, nonresident aliens, and self-employed individuals. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the IRC.

Plan Administration

The Plan is administered by the Administrative Committee of the Plan (the "Committee"), which consists of employees of the Company. As administrator, the Committee has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan (including the authority and responsibility to invest, manage, and control the assets of the Plan specifically allocated to the custodian). Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust F.S.B. were the appointed custodian and trustee, respectively, for the Plan in 2016 and 2015, and acted at the direction of the plan administrator.

Contributions

Participants may contribute to the Plan from 1% to 75% of their annual eligible compensation, up to the IRC Section 402(g) limit of $18,000 for 2016. Participants who are age 50 or older may elect to defer additional amounts (called "catch-up contributions") to the Plan, limited to $6,000 for 2016. Participants may also contribute amounts rolled over from other qualified plans. Participants in the Plan may also elect to make after-tax salary deferral contributions to Roth accounts.

On behalf of each participant who is eligible to share in discretionary matching contributions for the Plan year, the Company provides a discretionary matching contribution equal to 3% of the participant's contribution up to $7,950 per participant. The match is paid annually, and to be eligible for the match, the participant must be employed on the last day of the contribution period. For the year ended December 31, 2016, the Company made matching contributions of $1,791,265. Forfeitures of $140,512 were used to partially fund this amount.

In addition to the discretionary matching contribution, a discretionary profit sharing contribution is allocated in the amount of $1,000 per participant for the Plan year. The participant must be employed on the first and last day of the contribution period to be eligible to receive discretionary profit sharing contributions. For the year ended December 31, 2016, the Company made a profit sharing contributions of $369,000.

1. Description of Plan, continued

Contributions, continued

Contributions are limited under Section 415(c) of the IRC. Contributions to this Plan and the Woodruff-Sawyer & Co. Employee Stock Ownership Plan are combined for purposes of the limitation test. In the event there are excess contributions, the 401(k) deferrals will be returned to the participants through this Plan, the Woodruff-Sawyer & Co. Profit Sharing and Pre-Tax Savings Plan, as a taxable distribution to the extent needed to pass the limitation test.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, and an allocation of (1) the Company's discretionary matching contribution, (2) the Company's discretionary profit-sharing contribution and (3) plan earnings. Company discretionary matching and profit-sharing contributions are allocated based on each participant's eligible compensation. Plan earnings are allocated based upon each participant's investment election and the investment performance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance. A maximum of one note receivable may be outstanding at any time. Note receivable terms are established for five years and may be extended to a maximum of ten years for the purpose of purchasing the participant's principal residence. Notes receivable balances may be paid off earlier with no penalty. The notes receivables are secured by the vested balances in the participant's account and bear interest at rates commensurate with local prevailing rates, which range from 4.50% to 6.25% per annum as of December 31, 2016. In the event of participant termination or discontinuance of the Plan before a note receivable is fully repaid, the unpaid note receivable balance will be due and payable and the administrative committee will first satisfy any unpaid balances before making any payment to the participant or the participant's beneficiary, if applicable. Principal and interest are paid in equal installments through payroll deductions.

Vesting

Participant contributions, rollovers and earnings on these contributions are fully vested when made or earned. A participant's vested interest in the profit sharing contribution and the matching contributions shall be determined in accordance with the following schedule:

Years of Credited Service	Vested Percentage
Less than 1	0%
1, but less than 2	20%
2, but less than 3	40%
3, but less than 4	60%
4, but less than 5	80%
5 or more	100%

Continued

1. Description of Plan, continued

Vesting, continued

In the event of termination of a participant's service on or after attaining the normal retirement age, or by reason of death or disability, the full value of the participant's account shall become vested and nonforfeitable.

Forfeitures

If participants terminate employment for any reason other than retirement, death, or disability, they will be entitled to a distribution of the vested value of their participant account, and will forfeit the value of any nonvested participant account balance as of the last day of the Plan year in which termination of employment from the Company occurs. Forfeited amounts are used to meet the Employer's contribution obligations to the Plan or to pay Plan expenses, as directed by the Administrator. If a participant is reemployed prior to the occurrence of a five-consecutive-year break in service, the portion of his or her account that was forfeited shall be restored as if there had been no forfeiture. Such restoration shall be made out of forfeitures occurring in the Plan year of reemployment.

Forfeitures that occur during a plan year will be used to reduce employer contributions and administrative expenses. As of December 31, 2016 and 2015, forfeited non-vested accounts totaled $140,512 and $97,158, respectively. During 2016, forfeited funds of $140,512 were used to decrease employer contributions.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in percentage increments among various investment options, including self-directed brokerage accounts. Participants may change their investment options at any time.

Payment of Benefits

When participants leave the Company, upon retirement or for any other reason, those participants (or their beneficiaries) may receive the full value of their vested account balance determined as of the Anniversary Date immediately preceding the date of distribution.

Participants with account balances greater than $1,000 may elect to receive the value of their accumulated Plan benefits in accordance with the provisions of the Plan in a lump-sum distribution or in an alternative manner mutually agreed upon by the participant and the plan administrator.

Participants with account balances below $1,000 will receive the value of their account in a lump-sum distribution or by direct rollover to an IRA or other eligible retirement plan as soon as administratively feasible.

In order to receive this distribution, participants are required to file the appropriate forms with the plan administrator.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisor, and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.

Payment of Benefits

Benefits are recorded when paid.

Continued

2. Summary of Significant Accounting Policies, continued

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Recent Accounting Pronouncements

Effective January 1, 2016, the Plan adopted Part II of Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans* (Topic 960), *Defined Contribution Pension Plans* (Topic 962), *Health and Welfare Benefit Plans* (Topic 965): (Part I) *Fully Benefit-Responsive Investment Contracts*, (Part II) *Plan Investment Disclosures*, and (Part III) *Measurement Date Practical Expedient* (consensuses of the FASB Emerging Issues Task Force). Under Part I of the new ASU, fully benefit-responsive investment contracts are to be measured, presented, and disclosed at contract value only. Part II of the ASU eliminates the disclosure requirements for 1) individual investments that represent 5 percent or more of net assets available for benefits, 2) the net appreciation or depreciation for investment by general type (disclosure in the aggregate is still required), for both participant-directed investments and nonparticipant-directed investments and 3) disaggregation of investments by nature, characteristics and risks (disclosure in aggregate by type is still required). Part III of the ASU permits the election of a practical expedient to measure investments and investment-related accounts as of a month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with the month-end. Any significant contribution, distribution, or other event that occurs between these two measurement dates is required to be disclosed. The Plan adopted Part I effective January 1, 2015. Part III is not applicable to this Plan.

Effective January 1, 2016, the Plan adopted FASB ASU No. 2015-07, *Fair Value Measurement* (Topic 820), *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in ASU 2015-07 apply to reporting entities that measure an investment's fair value using the net asset value ("NAV") per share (or its equivalent) practical expedient. The ASU eliminates the requirement to classify the investment within the fair value hierarchy. In addition, the requirement to make certain disclosures for all investments eligible to be assessed at fair value with the NAV per share practical expedient has been removed. Instead, such disclosures are restricted only to investments that the entity has elected to measure using the practical expedient.

These ASUs have been applied retrospectively. Accordingly, certain related 2015 disclosures have been modified to be in accordance with these new standards. The modifications had no effect on previously reported net assets available for benefits.

Information Certified by the Custodian and the Trustee

Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B., the custodian and the trustee, respectively, of the Plan, have prepared and certified as complete and accurate the Plan's schedule of investment assets, notes receivable from participants, transactions, and income, which was used to prepare the accompanying financial statements and supplemental schedule.

3. Fair Value Measurements

Accounting Standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2016 and 2015.

Cash and cash equivalents: Valued based on redemption values on the last business day of the year.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the NAV of units of the separate account. The NAV, as provided by the trustee or custodian, is used as a practical expedient to estimating fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

Continued

3. Fair Value Measurements, continued

Guaranteed income fund: Valued at contract value which is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

	Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,075,535	$ -	$ -	$ 2,075,535

Investments measured at net asset value				57,686,757

	Investments at Fair Value as of December 31, 2015

Investments measured at net asset value				50,431,815
Investments at fair value				$ 52,928,767

The Plan invests in pooled separate accounts, which trade at NAV per share practical expedient of the fund. These funds are not categorized within the fair value hierarchy.

The Plan had no significant transfers between Level 1 or Level 2 for the years ended December 31, 2016 and 2015.

5. Fully Benefit-Responsive Contract with Insurance Company

The Plan entered into a fully benefit-responsive investment contract with Prudential Retirement and Annuity Company ("PRIAC"). PRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting interest rate is reviewed on a quarterly basis for resetting.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement for the guaranteed investment contract. Contract value, as reported to the Plan by PRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan.), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

6. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments in pooled separate accounts, mutual funds, and a guaranteed income fund are managed by Prudential Retirement Insurance and Annuity Company and by Prudential Bank & Trust, F.S.B., the custodian and the trustee, respectively, of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. Tax Status

The Plan obtained its latest determination letter effective January 31, 2017 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The plan administrator believes that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the IRC and ERISA, and that the trust, which forms a part of the Plan, is exempt from income tax. Accordingly, no provision has been made for federal or state income taxes.

8. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will become fully vested in their accounts and distributions will be made as described in the Plan agreement.

9. Risks and Uncertainties

The Plan provides for various investment options in any combination of pooled separate accounts and mutual funds offered by the Plan. Such investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and statement of changes in net assets available for benefits.
