NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Jam City 401(k) Plan (formerly known as SGN Games, Inc. 401(k) Plan) (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established in 2011 by Jam City, Inc. formerly known as SGN Games Inc., and PlatformG, Inc. (the "Company") to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code ("IRC") and the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Company acquired another business in June 2016. Effective July 7, 2016, the Company amended the Plan to allow those acquired employees to participant in the Jam City 401(k) Plan. The acquired company's 401k plan was terminated effective June 30, 2016 and participants of the plan were allowed to take a distribution or roll their account balance into the Jam City 401(k) Plan. Effective October 26, 2016, the Company changed the name of the Plan from SGN Games, Inc. 401(k) Plan to the Jam City 401(k) Plan.

Administration

The Company has appointed a Plan Administrator to manage the operation and administration of the Plan. The Company has contracted with Minnesota Life Insurance Company ("Minnesota Life") to act as the trustee and Securian Financial Group (a division of Minnesota Life) ("Securian"), a third-party administrator, to process and maintain the records of participant data. Effective September 1, 2017, the Company established a 401(k) Committee to provide fiduciary oversight on the Plan. Substantially all expenses incurred for administering the Plan are paid by the Company.

Eligibility

All full-time employees of the Company who are 21 years old are eligible to participate in the Plan. Entry into the Plan is immediately upon hire as long as the eligibility requirements have been satisfied.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, rollovers from qualified plans of the participant's previous employers, and allocations of the Plan's earnings and administrative expenses. Each participant's account is credited with the participant's contribution and the employer's contribution, if any. Plan earnings are allocated based on participant account balances, as defined.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Contributions
Participants may elect to have the Company contribute their eligible pre-tax or Roth after-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants who have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Contributions withheld are invested in accordance with the participant's direction.

Participant Contributions
Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer Contributions
The Plan allows profit sharing contributions and a discretionary employer matching contribution. There were no profit sharing and discretionary matching employer contributions made in 2016.

Investment Options
Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year via the Securian Internet website.

Vesting
Participants are immediately vested in their contributions, including actual earnings thereon. In addition, participants are entitled to a portion of any profit sharing or discretionary employer contributions based on their years of service over a 4 year vesting period as follows:

Completed Years of Service	Vested Percentage
1 but less than 2 years	25%
2 but less than 3 years	50%
3 but less than 4 years	75%
4 or more years	100%

Notes Receivable from Participants
The Plan allows participants to borrow up to the lesser of $50,000 or 50% of their account balance. The notes are secured by the participant's balance. Such notes bear interest at an established rate and must be repaid to the Plan within a five year period, unless the note is used for the purchase of a principal residence in which case the maximum repayment period may be longer. The maximum number of loans a participant may have outstanding is one loan for the purchase of a primary residence and one for a general purpose loan. The specific terms and conditions of such notes are established by the Company. Outstanding notes receivable at December 31, 2016 and 2015 bear an interest rate of 4.25%.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Forfeited Accounts
Forfeitures are used to reduce employer matching contributions and plan expenses. At December 31, 2016 and 2015, there were no forfeited non-vested accounts.

Plan Expenses
Substantially all expenses incurred for administering the Plan are paid by the Company.

Financial Hardship Distributions
The Plan allows hardship withdrawals in accordance with Internal Revenue Service ("IRS") regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the participant and is limited to certain purposes.

Payment of Benefits
On termination of service, death, disability or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant whose account balance is less than $5,000 will receive the value of the vested interest in his or her account as a lump-sum distribution. Participants with account balances of $5,000 or more must elect to receive the vested interest in his or her account in one lump-sum before retirement age is reached.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments in pooled separate accounts are stated at fair value. The Plan's investment in the insurance company general account is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)
Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Management fees charged to the Plan for investments in pooled separate accounts are based on assets invested and are deducted on a daily basis. Management fees are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document. There were no delinquent notes as of December 31, 2016 and 2015.

Payment of Benefits
Benefit payments to participants are recorded when paid.

Income Taxes
The Plan adopted a non-standardized form of a volume submitter plan sponsored by Minnesota Life. The volume submitter plan has received an opinion letter from the IRS as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been recorded in the Plans financial statements.

Risks and Uncertainties
The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Recently Adopted Accounting Pronouncements
In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recently Issued Accounting Pronouncements (Continued)
The amendments remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient (NAV practical expedient). ASU 2015-07 has been adopted for the December 31, 2016 Plan year end; however, the retrospective approach requires that an investment for which fair value is measured using a NAV practical expedient be removed from the fair value hierarchy in all periods presented in the financial statements. Accordingly, the investment disclosures in Note 3 have been modified as of December 31, 2016 and 2015.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Contribution Pension Plans (Topic 962); I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures; and III. Measurement Date Practical Expedient. The amendments remove the requirement to:

- Report fully benefit-responsive guaranteed investment contracts at fair value.
- Disclose individual investments held which exceed 5% of net assets available for benefits.
- Disclose net appreciation/depreciation in fair value of investments by type of investment held.
- Disaggregate investments reported in the fair value hierarchy table by class of investment. They may be presented by general type only.

ASU 2015-12 has been adopted for the December 31, 2016 Plan year-end on a retrospective basis as required by the ASU.

Subsequent Events
The Plan has evaluated subsequent events through October 9, 2017, which is the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENT

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 3 – FAIR VALUE MEASUREMENT (Continued)

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015:

Pooled separate accounts:
Units held in pooled separate accounts ("PSA") are valued using the NAV practical expedient of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a PSA is calculated based on a compilation of primarily observable market information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – INSURANCE COMPANY GENERAL ACCOUNT

The Minnesota Life Guaranteed Return Account is a fully benefit-responsive general account that is reported at contract value. The terms of the investment contract require all permitted participant-initiated transactions with the plan to occur at contract value with no conditions, limits, or restrictions. Permitted participant-initiated transactions are those transactions allowed by the plan, such as any of the following: withdrawals for benefits, loans, and transfers to other funds within the plan.

The best estimate of fair value for the account is contract value, as participants may withdraw assets at contract value without restriction, and assets are marked-to-market on a daily basis. Also, while the liquidation charge, if any, is applicable to the general account, it would only apply upon contract termination and should not be taken into account when determining fair value, unless contract termination is probable. Transfer restrictions may exist for transfers out of the account to any competing investment option. Currently, this plan has no completing investment options.

NOTE 5 – RELATED PARTY TRANSACTIONS

Certain Plan investments and notes receivable from participants and the related interest income are managed and held by Minnesota Life, the trustee of the Plan. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 6 – CERTIFIED INFORMATION

The following is a summary of the plan's asset information as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedules related to the following assets:

	2016	2015
Pooled separate accounts	$ 3,535,295	$ 1,485,206
Insurance company general account	159,061	22,512
Notes receivable from participants	40,177	6,121

NOTE 6 – CERTIFIED INFORMATION (Continued)

Minnesota Life also certified the completeness and accuracy of the $224,617 of net appreciation in fair value of investments, $1,016 of other income, and $842 of interest income on notes receivable from participants related to the aforementioned assets for the year ended December 31, 2016.

NOTE 7 – PLAN TERMINATION OR MODIFICATION

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors and is subject to the provisions of ERISA. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination shall become 100% vested. Net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE 8 – UNCERTAIN TAX POSITIONS

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS or the DOL. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2016, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in question.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2016 and 2015:

	2016	2015
Net assets available for benefits per the financial statements	$ 3,798,601	$ 1,516,042

The following is a reconciliation of the affected components of the changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2016:

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (Continued)

NOTE 10 – NON-EXEMPT TRANSACTIONS

During 2016, the Plan sponsor failed to deposit $226,598 of participant contributions within the required timeframe as stated by the United States Department of Labor's regulations. The Company and Plan sponsor deposited the contributions with the Plan custodian in 2017 and calculated lost earnings totaling $1,935 inside the Voluntary Fiduciary Correction Program ("VFCP").
