401(k) Plan for Grace Pacific

Notes to Financial Statements
December 31, 2016 and 2015

1. Description of Plan

The following description of the 401 (k) Plan for Grace Pacific (the Plan) is provided for general information purposes only. Members should refer to the Plan document for more complete information.

a. General

The Plan was established on October 1, 2013 after the acquisition of Grace Pacific, LLC (formerly known as Grace Pacific Corporation) by Alexander & Baldwin, Inc. (the Company) on June 6, 2013. As a result of the acquisition, the employees of Grace Pacific LLC are members in the Plan. The Plan is a defined contribution plan and provides for retirement, death, disability, and hardship benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Fidelity Management Trust Company (Fidelity) is the Plan's trustee, custodian and recordkeeper.

b. Investments

Members direct the investment of their contributions into various investment options offered by the Plan. The investments are held in a trust for the Company's defined contribution plans. The Plan currently offers 27 mutual funds and a stable value fund as investment options for members.

c. Payment of Benefits

On termination of service due to death, disability, retirement, or termination for other reasons, a member may elect to receive distributions in the form of (1) a lump-sum amount equal to the value of the member's vested interest in his or her account, (2) installments over a period designated by the member, or (3) direct rollovers to an eligible retirement plan.

d. Non-Elective Employer Contributions

Member Accounts - To participate in the Non-Elective Employer provisions of the Plan, employees must complete 6 months of service. To continue participation in the Non-Elective Employer provision of the Plan, the employee must complete at least 1,000 hours of service and be an employee of the Company on the last day of the contribution period. Non-Elective Employer contributions are allocated to each member's account in such proportion as the member's compensation for the year bears to the total compensation paid in that year to all qualified members. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (continued)

d. Non-Elective Employer Contributions (continued)

Non-Elective Employer Contributions - Under the Plan's provisions, the annual contribution is determined by the board of directors of the Company subject to the regulatory maximum, as defined. The Plan recognized non-elective contributions of approximately \$1,018,000 for the year ended December 31, 2016.

Vesting - Members are vested immediately in these contributions, plus earnings thereon.

e. Individual Deferred Compensation Accounts

Member Accounts - Individual accounts are maintained for each Plan member. An individual may elect to participate in the individual deferred compensation provisions of the Plan on the first day of the following month after six months of service. Each member's account is credited with the member's contribution and allocations of Plan earnings, and charged with an allocation of Plan losses and administrative expenses. Allocations are based on member earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Member Contributions - The provisions of the Plan provide each eligible employee with the opportunity of contributing a portion of his or her compensation each year without being taxed on their contribution. Members must designate a percentage (from 1 percent to 80 percent, in multiples of 1 percent) of their compensation to contribute to the deferred account. Under Plan provisions, the member's contribution may not exceed 80 percent of his or her compensation, up to the maximum permitted by statute.

Catch-Up Contributions - In accordance with the Internal Revenue Code (IRC), members who are over age 50 or reach age 50 during the Plan year January 1 to December 31 may make additional catch-up contributions. The maximum annual catch-up contribution is \$6,000 for 2016 and 2015.

Profit Sharing Bonuses - Under the Plan's provision, the profit sharing bonus shall be determined by the board of directors of the Company. Members may receive their profit sharing bonus in cash or may contribute 100 percent of the amount to the Plan up to the maximum permitted by statute. The Plan recognized profit sharing contributions of approximately \$84,000 for the year ended December 31, 2016. These contributions were recorded in participant contributions.

e. Individual Deferred Compensation Accounts (continued)

Vesting - Members are vested immediately in their employee deferred compensation accounts, plus earnings thereon.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

b. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

c. Risks and Uncertainties

The Plan utilizes various investment securities, including money market funds, mutual funds, and investment contracts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

d. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers. See Note 4 for a description of fair value measurements.

2. Summary of Significant Accounting Policies (continued)

d. Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the registered investment companies are deducted from income earned and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

e. Administrative Expenses

Administrative expenses of the Plan are paid by either the Plan or the Plan Sponsor, as provided in the Plan document.

f. Payment of Benefits

Benefit payments to members are recorded upon distribution.

g. Subsequent Events

The plan administrator has evaluated subsequent events through October 9, 2017, the date the financial statements were available to be issued, and it was determined that all subsequent events have been properly accounted for.

3. Information Certified by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investment information certified or provided by Fidelity, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

Fidelity certified to the completeness and accuracy of the investments at fair value in the accompanying financial statements as of December 31, 2016 and 2015. Fidelity also certified to the completeness and accuracy of the Plan's net investment income of \$414,976 for the year ended December 31, 2016.

4. Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under U.S. GAAP are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observable for the asset; or inputs that are derived principally from or can be corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual Funds – Mutual funds are valued at the publicly quoted net asset value of each fund and are categorized as Level 1. The total net asset value is calculated by multiplying the net asset value per share by the number of shares held as of the measurement date.

Stable Value Fund – The stable value fund is composed of fully benefit-responsive investment contract that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will see the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the stable value fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

4. Fair Value Measurements (continued)

The following table sets forth by level within the fair value hierarchy a summary of the investments measured at fair value on a recurring basis at December 31, 2016 and 2015.

	December 31, 2016		
	Level 1	Level 2	Total
Mutual funds	\$ 4,246,488	\$ -	\$ 4,246,488
Total assets in the fair value hierarchy	<u>\$ 4,246,488</u>	<u>\$ -</u>	<u>4,246,488</u>
Stable value fund measured at net asset value (a)			<u>366,073</u>
Total investments			<u>\$ 4,612,561</u>
	December 31, 2015		
	Level 1	Level 2	Total
Mutual funds	\$ 2,447,453	\$ -	\$ 2,447,453
Total assets in the fair value hierarchy	<u>\$ 2,447,453</u>	<u>\$ -</u>	<u>2,447,453</u>
Stable value fund measured at net asset value (a)			<u>185,869</u>
Total investments			<u>\$ 2,633,322</u>

- (a) In accordance with Topic 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

December 31, 2016 and 2015

4. Fair Value Measurements (continued)

A summary of the investments with a reported net asset value as of December 31, 2016 and 2015 is as follows:

Fair Value Estimated Using Net Asset Value Per Share December 31, 2016					
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Wells Fargo Stable Value Fund C	\$ 366,073	\$ -	Immediate	None	12 months
Fair Value Estimated Using Net Asset Value Per Share December 31, 2015					
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Wells Fargo Stable Value Fund C	\$ 185,869	\$ -	Immediate	None	12 months

5. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

Notes to Financial Statements
December 31, 2016 and 2015

6. Federal Income Tax Status

On March 31, 2014, the Internal Revenue Service (IRS) stated that the volume submitter plan established by Fidelity Management Company, as then designed, was qualified under Section 401 of the IRC. Effective October 1, 2014, the Company adopted the Fidelity Management Company volume submitter plan. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and being operated in compliance with the requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management is not aware of any uncertain tax positions that would require the Plan to recognize a tax liability (or asset).

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Distributions

There were no distributions payable to terminated employees included in net assets available for benefits for the years ended December 31, 2016 and 2015.

8. Exempt Party-in-Interest Transactions

Certain investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.
