Note 1: Description Of Plan

The following description of the Carver Companies Profit Sharing/401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Carver Companies Profit Sharing/401(k) Plan was established to provide retirement benefits for substantially all employees of Carver Construction, Inc. and its Affiliates, collectively referred to as "the Company." Eligible employees become participants in the Plan following 90 days of eligible service and attainment of age 21, as defined in the Plan Agreement. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, participants may contribute up to 100% of annual compensation, subject to Internal Revenue Code limitations as defined by the Plan. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective January 1, 2015, the Plan elected a safe harbor status. The Employer will make a safe harbor matching contribution equal to 100% of participant salary deferrals that do not exceed 3% plus 50% of participant salary deferrals between 3% and 5% of compensation.

Participants' accounts - Each participant's account is credited or charged, as applicable with the participant's contribution and allocations of the Company's contribution, plan earnings (losses), and forfeitures of terminated participants' nonvested accounts and distributions made to or from such accounts during the period. Allocations are based on participant earnings or account balances, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus any safe harbor contributions plus earnings thereon. Participants become fully vested in employer discretionary contributions deposited in a prior period over a six-year period of credited service in accordance with the provisions of the Plan. The vesting schedule applicable for each individual is based on dates of participation.

Payment of benefits - On termination of service due to death, disability, retirement, or separation from service, a participant or their beneficiary will be entitled to receive a distribution of the participants total vested account balance. Benefits will be paid in accordance with the terms of the Plan.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans must be adequately secured and made in accordance with the terms of the Plan. Principal and interest is paid ratably through weekly payroll deductions.

Note 1: Description Of Plan (Continued)

Plan termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Forfeited accounts - At December 31, 2016 and 2015, the Plan had forfeitures from terminated, non-vested participant accounts of $59,964 and $54,514, respectively. These amounts can be used to pay for Plan expenses or reduce employer contributions. The Company used forfeitures to reduce employer contributions to the Plan for the years ended December 31, 2016 and 2015 of $-0- and $2,968, respectively.

Note 2: Summary Of Significant Accounting Policies

Investment valuation - Investments held by the Plan measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy and a description of the hierarchy levels is not included in the disclosures.

The accompanying financial statements are presented on the accrual basis of accounting. Purchases and sales of securities are recorded on a trade-date basis with the gain or loss based upon the actual cost of the securities. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes receivable from participants - Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Income taxes - The Plan is exempt from federal income tax under the Internal Revenue Code. Tax positions are evaluated and recognized in the financial statements when it is more-likely-than-not the position will be sustained upon examination by the tax authorities.

The Plan has adopted a prototype plan through Transamerica Financial Life Insurance Company, which has an opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 2: Summary Of Significant Accounting Policies (Continued)

Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to net assets and deductions from net assets during the reporting period. The application of these accounting principles involves the exercise of judgment and use of assumptions as to future uncertainties and, as a result, actual results could differ from these estimates. The Plan periodically evaluates estimates and assumptions used in the preparation of the financial statements and makes changes on a prospective basis when adjustments are necessary.

Presentation - Certain reclassifications, when applicable, are made to the prior year financial statement presentation to correspond to the current year's format. Reclassifications, when made, have no effect on net assets available for benefits or changes in net assets available for benefits.

Change in accounting principle - In May 2015, the FASB issued Accounting Standards Update (ASU) *2015-07, Fair Value Measurement (Topic 820), Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* The update removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. The update is to be applied retrospectively. Management has elected to adopt the update early. There was no material impact on the Plan's net assets available for benefits or changes in net assets available for benefits upon adoption of the new ASU.

Note 3: Investments

The statements of net assets available for benefits, the investment activities included in the statements of changes in net assets available for benefits for the years ended December 31, 2016 and 2015, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by Transamerica Financial Life Insurance Company, the Custodian, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes investments and notes receivable from participants of $7,840,678 and $6,282,713 at December 31, 2016 and 2015, respectively, and related investment income (loss) of $535,144 and $(74,409) for the years ended December 31, 2016 and 2015, respectively.

Note 4: Fair Value Measurements

The following is a description of the valuation methodologies used for assets at fair value at December 31, 2016 and 2015:

Pooled separate accounts: Valued at the net asset value (NAV) based on the value of the underlying securities. The Pooled Separate Accounts (PSAs) investing in mutual funds or domestic equity securities are measured using quoted prices in active markets for identical assets. Those PSAs directly investing in fixed maturity securities are measured based on the pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities. The objective of each PSA is to seek a high total rate of return over the long term and to also provide a means of capital appreciation by offering a diversified portfolio within a single fund. The pooled separate accounts may be redeemed at any time.

Stable Value Fund: Valued at the NAV of units held by the Plan at the reporting date. The NAV is used as a practical expedient to estimate fair value. The Transamerica Stable Value Core Account seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year treasury bills. Participant transactions may occur daily.

The preceding methods may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Fair Value Measurements At Reporting Date:

December 31, 2016

Investments measured at net asset value as a practical expedient:	
Pooled separate accounts with an insurance company	$ 7,382,185
Stable value fund	169,369
Total Investments At Fair Value	$ 7,551,554

December 31, 2015

Investments measured at net asset value: as a practical expedient:	
Pooled separate accounts with an insurance company	$ 5,971,829
Stable value fund	123,142
Total Investments At Fair Value	$ 6,094,971

Note 5: Related Party Transactions

Certain fees for administrative services may be paid by the Company. Certain plan investments are managed by Transamerica Financial Life Insurance Company as denoted on the supplemental Schedule of Assets (Held at End of Year). Transamerica Financial Life Insurance Company is the Custodian and recordkeeper for the Plan and; therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

Note 6: Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Note 7: Commitments And Contingencies

The Plan follows the guidance for uncertainty in income taxes. As of December 31, 2016, the Plan believes that it has appropriate support for the income tax positions taken and to be taken on its returns based on an assessment of many factors including experience and interpretations of tax laws applied to the facts of each matter. The Plan has concluded that there are no significant uncertain tax positions requiring disclosure, and there are no material amounts of unrecognized tax benefits.

Note 8: Plan Amendments

Effective January 1, 2015, the Plan is referred to as a safe harbor 401(k) plan. The Employer will make a safe harbor matching contribution equal to 100% of participant salary deferrals that do not exceed 3% of compensation plus 50% of participant salary deferrals between 3% and 5% of participant compensation. This safe harbor matching contribution is 100% vested.

Note 9: Subsequent Events

Subsequent events have been evaluated through October 10, 2017, which is the date the financial statements were available to be issued.
