WEBBER, L.L.C. 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

1. Plan Description

The following brief description of the Webber, L.L.C. (the "Company") 401(k) Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established, effective July 1, 1991 as a defined contribution plan covering substantially all eligible full-time employees of the Company. The Plan covers the following participating employers: Webber, L.L.C., Webber Management Group, L.L.C., Southern Crushed Concrete, L.L.C. (collectively the "Webber Companies"), Ferrovial Agroman U.S. Corporation, Bluebonnet Contractors, L.L.C., Trinity Infrastructure, L.L.C and North Tarrant Infrastructure, LLC ("NTI"). The Plan was amended and restated, effective January 1, 2016 to a Fidelity Internal Revenue Service ("IRS") approved volume submitter plan document ("VS Plan") and began making matching "ADP test safe harbor contributions" to the account of each "eligible participant" equal to the sum of 100% of the amount of the participant's elective deferrals that did not exceed 6% of the participants compensation contributed to the plan. The plan has since been further amended to reflect the most recent statutory and regulatory changes applicable to plans maintained under Code Section 401(a) and 401(k) of the Internal Revenue Code ("IRC").

Effective April 28, 2014, the Plan was formally amended whereby NTI and Webber Barrier Services, LLC ("Barrier") adopted the Plan as participating employers. Employees of NTI and Barrier that were not already participants of the Plan and met the eligibility requirements of the Plan became eligible to participate effective with the adoption.

Effective April 1, 2016, the Plan was formally amended whereby California Rail Builders, LLC and North Perimeter Contractors, LLC adopted the Plan as participating employers. Employees of California Rail Builders, LLC and North Perimeter Contractors, LLC that were not already participants of the Plan and met the eligibility requirements of the Plan became eligible to participate effective with the adoption.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration

The Company administers the Plan. The trustee for the Plan's assets is Fidelity Management Trust Company (the "Trustee"). The recordkeeper for the Plan is Fidelity Workplace Services, LLC (the "Recordkeeper").

Eligibility

Employees of the Company are eligible to participate in the Plan on the Plan entry date commencing on or immediately following completion of three months of service and attaining the age of twenty-one years old, except (i) interns, (ii) employees covered by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining and (iii)) non-resident aliens who do not receive earned income from the Company which constitutes income from sources within the United States of America. The Plan entry date is defined in the Plan document as the first day of January, April, July and October.

Automatic Enrollment

Employees who are eligible to participate in the Plan are automatically enrolled in the Plan and deemed to have elected a deferral rate of 3% of their pre-tax annual compensation, increased by 1% as of the first of each subsequent Plan year until a deferral rate of 10% is reached, unless the employee affirmatively elects not to participate or elects a different deferral rate.

Contributions

Participants may contribute up to 100% of their annual compensation as pre-tax deferral contributions, Roth contributions or a combination thereof, not to exceed the limitation ($18,000 in both 2016 and 2015) set forth in Section 402(g) of the IRC. Participants may make catch-up contributions, pre-tax contributions that exceed the annual elective deferral limit, during any calendar year ending on or after the participant's 50th birthday. Participants' total catch-up contributions during both 2016 and 2015 cannot exceed $6,000. Participants may also rollover amounts from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

1. Plan Description, continued

Contributions, continued

The Company makes a safe harbor matching employer contribution to eligible participants, as defined in the Plan document. The Company will match 100% of the first 6% of the participant's eligible compensation. Additionally, the Company may make a discretionary non-elective employer/profit sharing contribution to eligible participants, which is determined by the Company. All Company discretionary non-elective employer/profit sharing contributions are allocated to participants in a ratio that each eligible participant's compensation bears to the total compensation paid to all eligible participants. Such contributions are allocated to participant accounts based on investment allocations selected by participants. During the years ended December 31, 2016 and 2015, the Company made safe harbor employer and discretionary non-elective employer/profit sharing contributions matching contributions totaling $4,090,889 and $247,343, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the employers' contributions and (b) Plan earnings. Additionally, each participant's account is charged with an allocation of administrative expenses and Plan losses. Earnings or losses are allocated by fund based on the ratio of a participant's account balance invested in a particular fund to all participants' account balances in that fund. Upon the occurrence of a distribution event, the benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants hired on January 1, 2007 or thereafter, vest in employer matching and discretionary contributions at the rate of 20% per year after two years of service and are 100% vested after six years of service. Participants hired prior to January 1, 2007 are 100% vested in their account balance upon completion of one year of service. Participants become immediately 100% vested upon attaining the normal retirement age of 65, disability or death.

Participant Notes Receivable

Participants may borrow from their fund accounts any amount greater than $1,000 up to a maximum equal to the lesser of (a) $50,000 reduced by the participant's highest outstanding loan balance during the prior twelve months, or (b) 50% of the participant's vested account balance. Loans are collateralized by the vested balance in the participant's account and bear interest at a reasonable rate determined by the Plan administrator. Participant loans outstanding as of December 31, 2016 and 2015 totaled $1,265,241 and $890,618, respectively, and bore interest at rates ranging from 4.25% to 9.25% during 2016 and 2015.

Payment of Benefits

Upon termination of employment for any reason, a participant (or his or her designated beneficiary in the event of death) is entitled to receive a distribution of the total vested balance of his or her account in a single lump-sum payment or installment distributions over the participant's assumed life expectancy

Participants over the age of 59-1/2 may make an in-service withdrawal of the vested interest in their account balance. Hardship withdrawals from a participant's elective deferral account before age 59-1/2 are also permitted under certain circumstances, subject to a $500 minimum. Participants electing to take a hardship withdrawal are suspended from making contributions into the Plan for a six-month period.

Forfeited Accounts

All employer contributions credited to a participant's account, but not vested, are forfeited by the participant upon distribution of the full vested value of his or her account. Forfeitures are used to fund employer contributions or to pay Plan expenses. As of December 31, 2016 and 2015, forfeited nonvested accounts totaled $53,872 and $59,441, respectively. During the years ended December 31, 2016 and 2015, forfeitures used as contributions by employer in addition to employer contributions which were shown as receivable in the accompanying Statements of Net Assets Available for Benefit totaling $0 and $69,179, respectively.

1. Plan Description, continued

Administrative Expenses

The Plan is responsible for trustee and administrative expenses. However, certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees paid by the Company on behalf of the Plan during 2016 and 2015 were $11,386 and $11,560, respectively.

Expense Offset Arrangements

Fees incurred by the Plan for investment management services are included in net (depreciation) appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options. These investment options are exposed to market risks that generally mean the risk of loss in the value of certain investment securities due to changes in interest rates, security and commodity prices and general market conditions. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of registered investment companies are valued at quoted market prices in active markets which represent the net asset value of shares held by the Plan at year-end. The Plan's interest in the common collective trust is valued based on the fair value of the underlying investments held by the fund less its liabilities at year end.

Net appreciation in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation or depreciation of investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefit payments are recorded when paid.

2. Summary of Significant Accounting Policies, continued

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). ASU No. 2015-07 applies to reporting entities that elect to measure the fair value of an investment using the net asset value ("NAV") per share (or its equivalent) as a practical expedient. Under the amendments in this update, investments for which fair value is measured using NAV per share (or its equivalent) as the practical expedient should not be categorized in the fair value hierarchy. Removing those investments from the fair value hierarchy not only eliminates the diversity in practice resulting from the way in which investments measured at NAV per share (or its equivalent) with future redemption dates are classified, but also ensures that all investments categorized in the fair value hierarchy are classified using a consistent approach. Investments that calculate NAV per share (or its equivalent), but for which the practical expedient is not applied, will continue to be included in the fair value hierarchy. A reporting entity should continue to disclose information on investments for which fair value is measured at NAV (or its equivalent) as a practical expedient to help users understand the nature and risks of the investments and whether the investments, if sold, are probable of being sold at amounts different from NAV. ASU No. 2015-07 is effective for fiscal years beginning on or after December 15, 2016 on a retrospective basis. Early adoption is permitted and accordingly, Plan management has elected to early adopt ASU No. 2015-07 in 2015. The adoption of ASU 2015-07 in 2015 impacted disclosures only by removing those investments measured at fair value using NAV as a practical expedient from classification in the fair value hierarchy in Note 3.

In July 2015, the FASB issued ASU No. 2015-12*, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*, to reduce the complexity in employee benefit plan accounting. Following is a summary of the changes required by ASU No. 2015-12:

Part I - Fully Benefit-Responsive Investment Contracts: Eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Further, Part I clarifies the definition of fully benefit-responsive investment contracts to only include direct contracts between the Plan and the issuer of the contract. Indirect investments in fully benefit-responsive investment contracts (such as through stable value common or collective trusts) should no longer be reflected as fully benefit-responsive investment contracts.

Part II - Plan Investment Disclosures: Eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset.

Part III - Measurement Date Practical Expedient: Reduces complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

ASU No. 2015-12 is effective for fiscal years beginning on or after December 15, 2015. Parts I and II are effective on a retrospective basis, and Part III is effective on a prospective basis. Early adoption is permitted. Plan management has elected to early adopt Parts I and II in 2015. The adoption of ASU No. 2015-12, Part I results in the presentation of the collective trust at fair value since, due to the clarification of the definition of fully benefit-responsive investment contracts, the collective trust is not considered to be fully benefit-responsive. Accordingly, such collective trust is included in investments at fair value in the accompanying Statements of Net Assets Available for Benefits, with no adjustment from fair value to contract value. The adoption of Part II in 2015 resulted in: 1) the elimination of the footnote disclosing individual investments that represent 5 percent or more of net assets available for benefits and 2) the simplification of disclosures in the fair value measurement footnote. The adoption of Parts I & II had no impact on the Plan's net assets available for benefits and the changes in net assets available for benefits. Part III is not applicable to the Plan.

3. Fair Value Measurements

Accounting standards codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining fair value, the Plan generally uses the market approach. The market approach uses prices and other relevant data based on market transactions involving identical or comparable assets and liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value fund: Valued at the NAV of units of a collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the stable value fund, the investment adviser reserves the right to temporarily delay withdrawals from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2016 and 2015:

	Assets at Fair Value at December 31, 2016			
	Level 1	Level 2	Level 3	Total
Registered investments companies (mutual funds)	$ 31,727,646	$	$	$ 31,727,646
Investments measured at net asset value[(a)]				1,480,715
Total investments at fair value				$ 33,208,361

	Assets at Fair Value at December 31, 2015			
	Level 1	Level 2	Level 3	Total
Registered investment companies (mutual funds)	$ 17,994,881	$ -	$ -	$ 17,994,881
Investments measured at net asset value[(a)]				861,429
Total investments at fair value				$ 18,856,310

[(a)] In accordance with ASU 2015-07, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The following table summarizes Plan's investments measured at fair value based on the NAV per share as a practical expedient as of December 31, 2016 and 2015:

Investment	Fair Value December 31, 2016	Fair Value December 31, 2015	Unfunded Commitment	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value fund	$ 1,480,715	$ 861,429	N/A	Daily	None

4. Information Certified by the Trustee (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Federal Income Tax Status

The Plan adopted by the Company is a volume submitter ("VS") plan that is designed to comply with provisions of the IRC's Economic Growth and Tax Reconciliation Act of 2001 ("EGTRRA"). Such VS plans are preapproved by the Internal Revenue Service ("IRS") by reference to the Cumulative List of Changes in Plan Qualification Requirements (the "Cumulative List") provided under EGTRRA. Accordingly, the Plan was eligible for a six-year remedial amendment cycle. Because the Plan is a VS plan, the Company is not authorized to amend the Plan except to comply with changes in the Cumulative List. The Plan received a favorable determination letter from the IRS dated March 31, 2014. Management of the Company and the Plan administrator believe the Plan complies with and is being operated in accordance with the applicable requirements of the IRC.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their account balance.

7. Party-In-Interest Transactions

Certain Plan investments are in mutual funds managed by an affiliate of the Trustee. The Plan also includes participant notes receivable. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.
