CUSTOM ENGINEERED WHEELS, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Custom Engineered Wheels, Inc. 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes. Participants should refer to the Summary Plan Description ("SPD") for a more complete description of the Plan's provisions. Copies of the SPD are available from the plan administrator.

General: The Plan is a defined contribution plan covering substantially all employees of Custom Engineered Wheels, Inc. (the "Company" or the "Employer") who have completed at least 6 months of service. The Plan provides for voluntary employee contributions pursuant to Internal Revenue Code Section 401(k). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Participants may contribute a percentage of their compensation, limited to maximum annual amounts established by the Internal Revenue Code ("IRC"). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company, at its discretion, may make matching contributions equal to a percentage of the participants' contributions, up to a maximum of 6% of participant compensation. The Company may also make a special discretionary contribution which is determinable at the discretion of the Company's Board of Directors and is allocated to participants based on a combination of compensation and job title. For the year ended December 31, 2016, matching contributions and special discretionary contributions were \$60,882.

Vesting: Participants are immediately vested in their own contributions. Participants vest in Employer contributions 25% after one year of service, 50% after two years, 75% after three years, and 100% after four years of service. A participant is 100% vested upon death, disability or normal retirement.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of Employer contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts: Forfeited nonvested accounts are used to reduce the Employer matching contributions. Forfeitures of \$4,335 and \$580 were used to reduce the Employer match and administrative expenses, respectively, for the year ended December 31, 2015. There were no forfeitures used to reduce the Employer match and administrative expenses in 2016. There were no unallocated forfeitures at December 31, 2016 or 2015.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their vested account balance, whichever is less. The notes are collateralized by the participant's vested account balance and bear interest at fixed rates as determined by the plan administrator. The notes generally have repayment terms over periods not to exceed five years, however, certain notes transferred from the Spartech retirement plan had original terms in excess of those currently allowed by the Plan.

Administrative and Investment Management Expenses: Loan origination fees associated with notes receivable from participants and the Plan's record keeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the net appreciation (depreciation) in fair value of investments reported by the Plan. All other expenses of the Plan are paid by the Company.

NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits: Withdrawals are not permitted before age 59 1/2 except in the event of death, disability, termination of employment, or reasons of proven financial hardship.

A participant shall cease to be a participant on the distribution or forfeiture of his or her interest in the Plan. Vested benefits are distributed in cash, either in a lump sum or in installments, as approved by the plan administrator, in accordance with the Plan's provisions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the significant accounting policies followed in the preparation of the Plan's financial statements:

Basis of Accounting: The financial statements of the Plan are prepared using the accrual basis of accounting.

Adoption of New Accounting Standards: In July 2015, the Financial Accounting Standards Board ("FASB") amended various disclosure requirements applicable to investments held by defined contribution pension plans. Adoption of the new guidance in 2016 resulted in the reporting of investments within the fair value hierarchy by general type rather than by classes of investments, and other changes in investment disclosure requirements. Each of these requires retrospective application to all periods presented. The adoption of these standards had no effect on the Plan's net assets available for benefits or changes therein.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants account balance.

Contributions: Contributions from employees are recorded in the period the Company withholds payroll deductions from Plan participants.

Use of Estimates in the Preparation of Financial Statements: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties: The Plan provides for certain investment options. The underlying investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits: Benefits are recorded when paid.

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through October 6, 2017, which is the date the financial statements were available to be issued.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

NOTE 4 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Ascensus Trust Company, the Plan trustee, held investment assets and executed transactions as of December 31, 2016 and 2015 and for the year ended December 31, 2016. Substantially all information in the Plan's financial statements relating to investments and notes receivable from participants, including the related investment income, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Ascensus Trust Company and by the Agent for Ascensus Trust Company. This information has not been audited by independent accountants.

NOTE 5 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following description of the valuation methods and assumptions used to estimate the fair values of investments apply to investments held directly by the Plan:

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted market prices on nationally recognized securities exchanges (Level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2016, Using	
	Quoted Prices in Active Markets for Identical Assets (Level 1)	
	<u>Total</u>	
Mutual funds	<u>\$ 2,223,938</u>	<u>\$ 2,223,938</u>

	Fair Value Measurements at December 31, 2015, Using	
	Quoted Prices in Active Markets for Identical Assets (Level 1)	
	<u>Total</u>	
Mutual funds	<u>\$ 2,044,153</u>	<u>\$ 2,044,153</u>

NOTE 6 - TAX STATUS AND REPORTING

The Internal Revenue Service issued an advisory letter dated March 31, 2014 indicating that the volume submitter document adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended from the original volume submitter document, Plan management believes that the Plan is currently being operated in accordance with the IRC.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

(Continued)

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Notes receivable from participants are also considered party-in-interest transactions. During 2016, the Plan paid \$11,251 in administrative fees for services provided by parties-in-interest. Certain professional fees for the administration and audit of the Plan were paid by the Company. Various administrative functions are performed by officers or employees of the Company.
