## NOTE 1 DESCRIPTION OF PLAN

The following description of The Suter Company Employees' Savings and Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution plan covering all employees of The Suter Company (the Company) who have completed three consecutive months of service and having reached the age of 18. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company appointed First National Bank of Omaha as trustee to direct the activities of the Plan.

For the purpose of the Plan, a trust known as The Suter Company Employees' Savings and Retirement Plan has been created to receive all contributions and to pay all benefits under the Plan. The trustee is responsible for the holding, investing, and disposal of all trust assets.

The Plan is administered by the Company. Among the duties of the administrator are the maintenance of participants' records, the determination of the right of any person to a benefit, the determination of the method of payment of such benefit, and others.

### Participation

Participation in the Plan is extended to any individual who is in the service and employee of the Company, excluding collective bargaining employees, nonresident aliens, leased employees and reclassified employees. Such eligible individuals will become a participant in the Plan upon completion of three months service with the Company and attainment of age 18. Upon becoming eligible, participants may enter the Plan on the first day of each Plan year quarter. Individuals who elect to defer will also receive a safe harbor matching contribution. Individuals, excluding employees who are 5% owners of the Suter Company, Inc., will become eligible for a profit sharing contribution upon completion of one year, defined as 12 months with at least 1,000 hours of service with the Company, attainment of age 18, and is employed on the last day of the Plan year.

### Contributions

*Participants' Contribution* – Participants may elect to have up to a maximum of 100% withheld from their compensation before taxes contributed to the Plan, not to exceed Internal Revenue Code (IRC) annual limitations. Any participant who otherwise does not elect a voluntary contribution will be auto-enrolled for a pre-tax contribution of 3%. Participants' elective contributions withheld from their compensation will be paid weekly to the Plan trustee. On January 1, 2017 the plan was amended increasing the auto enrollment to 5%. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

## NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

### Contributions (Continued)

*Matching Contributions* –The Company's safe harbor match contribution will be required to match 100% of the amount of the employee's elective deferrals that do not exceed 3% of the employee's compensation for the Plan year, plus 50% of the amount of the employee's elective deferrals that exceed 3% of the employee's compensation but do not exceed 5% of the employee's compensation. On January 1, 2017, the Plan was amended to require the safe harbor matching contribution to match 100% of the amount of the employee's elective deferrals that do not exceed 5%. The safe harbor matching contribution was $267,357 and $259,143 for the years ended December 31, 2016 and 2015, respectively.

*Profit Sharing Contributions* - The Company may also, at its discretion, elect to make a qualified profit sharing contribution to the Plan. The Company made a $-0- and $60,000 profit sharing contribution for the years ended December 31, 2016 and 2015, respectively.

### Participant Accounts

Each participant's account is credited with the participant's contribution, rollover contributions, Company's safe harbor matching contribution, an allocation of the Company's discretionary profit sharing contribution (if any), and an allocation of Plan earnings and losses. Allocations are based on participant earnings or participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### Vesting

Participants are immediately vested in their elective contributions plus actual earnings thereon. Participants' interests in their share of the safe harbor and discretionary contributions vest in accordance with the following schedule based on years of service (a 12-consecutive month period of at least 1,000 hours of service):

| Years of Service | Vesting Percentage |
|---|---|
| Less Than 2 Years | 0% |
| 2 Years | 20% |
| 3 Years | 40% |
| 4 Years | 60% |
| 5 Years | 80% |
| 6 Years | 100% |

If an active participant dies prior to attaining normal retirement age, the participant's vesting percentage shall be 100%. Full vesting also occurs upon attainment of age 65 or termination of employment due to disability.

On January 1, 2017 the Plan was amended for participants to immediately vest in safe harbor contributions and earnings thereon.

## NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

### Forfeited Accounts

At December 31, 2016 and 2015, forfeited nonvested accounts totaled $1,564 and $15,940, respectively. These amounts may be used to reduce the Company safe harbor matching contributions and discretionary contributions. Company safe harbor matching contributions and discretionary contributions made through forfeitures during Plan years ended December 31, 2016 and 2015 totaled $15,895 and $-0-, respectively.

### Payment of Benefits

Benefits are payable to the participant upon:

(a) death or retirement from the service of Company on or after normal retirement date (age 65) or on account of disability; or

(b) resignation or dismissal from the service of Company prior to normal retirement date.

If the benefits are payable in the event of (a) above, the amount of the benefits would be equal to the then balance in the participant's accounts. However, if (b) is applicable, the benefits payable would be the total of the participant's own contributions, and the Company safe harbor matching and discretionary contributions, up to the amount of the participant's vested interest in the Company's contributions. If the vested benefits are less than $5,000, the balance will be distributed as either a cash distribution or rolled into an Individual Retirement Account (IRA). If the participant does not elect a method of payment and the vested balance is greater than $1,000, it will automatically be rolled over into an IRA. Balances of $1,000 or less will be distributed in a lump sum to the participant. If the balance is more than $5,000, an election to receive the benefit must be made. Benefits may be paid in a lump sum payment.

Each participant or former participant may, in writing, designate a beneficiary or beneficiaries to whom distributions of participant's interest in the Trust shall be made in the event of participant's death.

In-service withdrawals are available to participants age 59½ or older, but funds may only be withdrawn from vested account balances.

The Plan also allows for in-service withdrawals of all or part of the participant's vested contributions balance in the case of immediate and heavy financial need. The withdrawal cannot exceed the amount required to relieve the financial need.

## NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Accounting

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

### Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

### Investment Valuation and Income Recognition

Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### Payment of Benefits

Benefits are recorded when paid.

### Administrative Expenses

The expenses of administering the Plan, including investment fees, are paid by the Plan and Plan Sponsor.

## NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2016 and 2015, and net appreciation (depreciation) in fair value of the investments, interest and dividends for the years ended December 31, 2016 and 2015, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Ascensus, an agent for First National Bank of Omaha, the trustee of the Plan.

## NOTE 4 FAIR VALUE OF INVESTMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

*Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access;

*Level 2* – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets and liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

## NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015:

*Mutual Funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Collective Fund*: Valued at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

| | 2016 | | | |
|---|---|---|---|---|
| | Fair Value Measurement Using | | | |
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual Funds | $ 7,086,899 | $ - | $ - | $ 7,086,899 |
| Collective Fund | - | 572,232 | - | 572,232 |
| Total Assets at Fair Value | $ 7,086,899 | $ 572,232 | $ - | $ 7,659,131 |

| | 2015 | | | |
|---|---|---|---|---|
| | Fair Value Measurement Using | | | |
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual Funds | $ 6,126,290 | $ - | $ - | $ 6,126,290 |
| Collective Fund | - | 769,033 | - | 769,033 |
| Total Assets at Fair Value | $ 6,126,290 | $ 769,033 | $ - | $ 6,895,323 |

## NOTE 5 RELATED PARTY TRANSACTIONS

First National Bank of Omaha provided trustee services and Ascensus provided recordkeeping services. The trustee and record keeper charged the participants $13,568 and $13,295 for these services during the Plan years ended December 31, 2016 and 2015, respectively.

Certain administrative functions are performed by officers and employees of the Company for which no compensation is received.

## NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested.

## NOTE 7 TAX STATUS

The Plan has adopted the Ascensus, Inc. Prototype Nonstandardized Profit Sharing Plan with CODA that received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014, which stated that the prototype plan is acceptable for use by employees under Section 401 of the IRC. The Plan itself has not requested a determination letter. However, the Plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable provisions of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## NOTE 9 SUBSEQUENT EVENTS

Management evaluated subsequent events through October 1, 2017, the date the financial statements were available to be issued.

Effective January 1, 2017, the Plan was amended to allow for auto-enrollment at 5% and contributions for safe harbor contributions will be contributed at 100% of employee elective deferrals up to 5% of compensation. Employees will be fully vested in safe harbor contributions as of January 1, 2017.

The following description of The Suter Company Employees' Savings and Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution plan covering all employees of The Suter Company (the Company) who have completed three consecutive months of service and having reached the age of 18. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company appointed First National Bank of Omaha as trustee to direct the activities of the Plan.

For the purpose of the Plan, a trust known as The Suter Company Employees' Savings and Retirement Plan has been created to receive all contributions and to pay all benefits under the Plan. The trustee is responsible for the holding, investing, and disposal of all trust assets.

The Plan is administered by the Company. Among the duties of the administrator are the maintenance of participants' records, the determination of the right of any person to a benefit, the determination of the method of payment of such benefit, and others.

### Participation

Participation in the Plan is extended to any individual who is in the service and employee of the Company, excluding collective bargaining employees, nonresident aliens, leased employees and reclassified employees. Such eligible individuals will become a participant in the Plan upon completion of three months service with the Company and attainment of age 18. Upon becoming eligible, participants may enter the Plan on the first day of each Plan year quarter. Individuals who elect to defer will also receive a safe harbor matching contribution. Individuals, excluding employees who are 5% owners of the Suter Company, Inc., will become eligible for a profit sharing contribution upon completion of one year, defined as 12 months with at least 1,000 hours of service with the Company, attainment of age 18, and is employed on the last day of the Plan year.

### Contributions

*Participants' Contribution* – Participants may elect to have up to a maximum of 100% withheld from their compensation before taxes contributed to the Plan, not to exceed Internal Revenue Code (IRC) annual limitations. Any participant who otherwise does not elect a voluntary contribution will be auto-enrolled for a pre-tax contribution of 3%. Participants' elective contributions withheld from their compensation will be paid weekly to the Plan trustee. On January 1, 2017 the plan was amended increasing the auto enrollment to 5%. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

## NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

### Contributions (Continued)

*Matching Contributions* –The Company's safe harbor match contribution will be required to match 100% of the amount of the employee's elective deferrals that do not exceed 3% of the employee's compensation for the Plan year, plus 50% of the amount of the employee's elective deferrals that exceed 3% of the employee's compensation but do not exceed 5% of the employee's compensation. On January 1, 2017, the Plan was amended to require the safe harbor matching contribution to match 100% of the amount of the employee's elective deferrals that do not exceed 5%. The safe harbor matching contribution was $267,357 and $259,143 for the years ended December 31, 2016 and 2015, respectively.

*Profit Sharing Contributions* - The Company may also, at its discretion, elect to make a qualified profit sharing contribution to the Plan. The Company made a $-0- and $60,000 profit sharing contribution for the years ended December 31, 2016 and 2015, respectively.

### Participant Accounts

Each participant's account is credited with the participant's contribution, rollover contributions, Company's safe harbor matching contribution, an allocation of the Company's discretionary profit sharing contribution (if any), and an allocation of Plan earnings and losses. Allocations are based on participant earnings or participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### Vesting

Participants are immediately vested in their elective contributions plus actual earnings thereon. Participants' interests in their share of the safe harbor and discretionary contributions vest in accordance with the following schedule based on years of service (a 12-consecutive month period of at least 1,000 hours of service):

| Years of Service | Vesting Percentage |
|---|---|
| Less Than 2 Years | 0% |
| 2 Years | 20% |
| 3 Years | 40% |
| 4 Years | 60% |
| 5 Years | 80% |
| 6 Years | 100% |

If an active participant dies prior to attaining normal retirement age, the participant's vesting percentage shall be 100%. Full vesting also occurs upon attainment of age 65 or termination of employment due to disability.

On January 1, 2017 the Plan was amended for participants to immediately vest in safe harbor contributions and earnings thereon.

## NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

### Forfeited Accounts

At December 31, 2016 and 2015, forfeited nonvested accounts totaled $1,564 and $15,940, respectively. These amounts may be used to reduce the Company safe harbor matching contributions and discretionary contributions. Company safe harbor matching contributions and discretionary contributions made through forfeitures during Plan years ended December 31, 2016 and 2015 totaled $15,895 and $-0-, respectively.

### Payment of Benefits

Benefits are payable to the participant upon:

(a) death or retirement from the service of Company on or after normal retirement date (age 65) or on account of disability; or

(b) resignation or dismissal from the service of Company prior to normal retirement date.

If the benefits are payable in the event of (a) above, the amount of the benefits would be equal to the then balance in the participant's accounts. However, if (b) is applicable, the benefits payable would be the total of the participant's own contributions, and the Company safe harbor matching and discretionary contributions, up to the amount of the participant's vested interest in the Company's contributions. If the vested benefits are less than $5,000, the balance will be distributed as either a cash distribution or rolled into an Individual Retirement Account (IRA). If the participant does not elect a method of payment and the vested balance is greater than $1,000, it will automatically be rolled over into an IRA. Balances of $1,000 or less will be distributed in a lump sum to the participant. If the balance is more than $5,000, an election to receive the benefit must be made. Benefits may be paid in a lump sum payment.

Each participant or former participant may, in writing, designate a beneficiary or beneficiaries to whom distributions of participant's interest in the Trust shall be made in the event of participant's death.

In-service withdrawals are available to participants age 59½ or older, but funds may only be withdrawn from vested account balances.

The Plan also allows for in-service withdrawals of all or part of the participant's vested contributions balance in the case of immediate and heavy financial need. The withdrawal cannot exceed the amount required to relieve the financial need.

## NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Accounting

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

### Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

### Investment Valuation and Income Recognition

Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### Payment of Benefits

Benefits are recorded when paid.

### Administrative Expenses

The expenses of administering the Plan, including investment fees, are paid by the Plan and Plan Sponsor.

## NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2016 and 2015, and net appreciation (depreciation) in fair value of the investments, interest and dividends for the years ended December 31, 2016 and 2015, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Ascensus, an agent for First National Bank of Omaha, the trustee of the Plan.

## NOTE 4 FAIR VALUE OF INVESTMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

*Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access;

*Level 2* – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets and liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

## NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015:

*Mutual Funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Collective Fund*: Valued at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

| | 2016 | | | |
|---|---|---|---|---|
| | Fair Value Measurement Using | | | |
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual Funds | $ 7,086,899 | $ - | $ - | $ 7,086,899 |
| Collective Fund | - | 572,232 | - | 572,232 |
| Total Assets at Fair Value | $ 7,086,899 | $ 572,232 | $ - | $ 7,659,131 |

| | 2015 | | | |
|---|---|---|---|---|
| | Fair Value Measurement Using | | | |
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual Funds | $ 6,126,290 | $ - | $ - | $ 6,126,290 |
| Collective Fund | - | 769,033 | - | 769,033 |
| Total Assets at Fair Value | $ 6,126,290 | $ 769,033 | $ - | $ 6,895,323 |

## NOTE 5 RELATED PARTY TRANSACTIONS

First National Bank of Omaha provided trustee services and Ascensus provided recordkeeping services. The trustee and record keeper charged the participants $13,568 and $13,295 for these services during the Plan years ended December 31, 2016 and 2015, respectively.

Certain administrative functions are performed by officers and employees of the Company for which no compensation is received.

## NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested.

## NOTE 7 TAX STATUS

The Plan has adopted the Ascensus, Inc. Prototype Nonstandardized Profit Sharing Plan with CODA that received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014, which stated that the prototype plan is acceptable for use by employees under Section 401 of the IRC. The Plan itself has not requested a determination letter. However, the Plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable provisions of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## NOTE 9 SUBSEQUENT EVENTS

Management evaluated subsequent events through October 1, 2017, the date the financial statements were available to be issued.

Effective January 1, 2017, the Plan was amended to allow for auto-enrollment at 5% and contributions for safe harbor contributions will be contributed at 100% of employee elective deferrals up to 5% of compensation. Employees will be fully vested in safe harbor contributions as of January 1, 2017.
