Stoneworks, Ltd. 401(k) Profit Sharing Plan
Cleveland, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Stoneworks, Ltd. 401(k) Profit Sharing Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by MG Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2016 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2016 financial statements. Accordingly, we do not express an opinion on the accompanying 2016 financial statements.

Other Matter - Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of December 31, 2016 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, is presented for the purpose of additional analysis, and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Other Matter - 2015 Financial Statements

The financial statements of the Plan as of December 31, 2015 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated October 14, 2016, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements; and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2016 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In May 2015, the Company acquired certain assets of Stoneworks, Ltd. Inc. and Union Lake Inc. dba Marblecare, located in Ohio. Effective September 1, 2015, the Marblecare / Stoneworks 401(k) Retirement Plan was merged into the Plan.

In January 2016, the Company acquired certain assets of Surface Products, Inc. (Surface Products), located in North Carolina. No assets were merged into the Plan.

In April 2016, the Company acquired certain assets of SG Home Interiors, Inc. (SGHI Granite & Cabinetry), located in Ohio. No assets were merged into the Plan.

In 2016, the Plan was amended to recognize service of other employers.

Contributions

Participants may contribute pre-tax and Roth contributions up to 100% of their eligible compensation, as defined in the Plan, subject to the maximum permitted the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (Rollover). The Company may, at its discretion, make matching contributions equal to a percentage of the elective contribution made by the participant. The decision to make this contribution is determined annually, solely at the discretion of the Company's Members. The Members elected to make matching contributions equal to 25% of the participants' first 6% of compensation that is contributed to the Plan for 2016. The Company may also elect to make a discretionary profit sharing contribution. There were no discretionary profit sharing contributions authorized in 2016. Contributions are subject to IRS limitations.

For eligibility purposes, years of service with Unico, Cutting Edge, Stoneworks, Ltd., Inc., Marblecare, Surface Products, and SGHI Granite & Cabinetry will be counted.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollover contributions, and the employer's matching contribution. Participant accounts are charged with allocations of plan earnings and administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Plan Description (Continued)

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. The participant is 100% vested after six years of credited service.

For vesting purposes, years of service with Unico, Cutting Edge, Stoneworks, Ltd., Inc., Marblecare, Surface Products, and SGHI Granite & Cabinetry will be counted.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to his / her account in a variety of investment options.

Notes Receivable from Participants

Effective September 1, 2015, participant loans are no longer allowed by the Plan.

Payment of Benefits

Benefit payments to participants are made payable in the event of retirement, death, in-service at age 59½, or termination of employment in either lump-sum payment or installments. Participant consent is not needed if the participant account balance is less than \$5,000. In addition, Distributions of a participant's 401(k) account balance may be authorized at any time by the plan administrator under certain hardship conditions.

Forfeited Accounts

Non-vested contributions become forfeitures at the point the participant terminates employment. Forfeitures are used to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. At December 31, 2016, forfeited non-vested accounts totaled \$4,069. There were no forfeitures used during the year ended December 31, 2016.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become fully vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

In preparing financial statements in conformity with generally accepted accounting principles, management makes estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosures of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Note 2 - Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value as reported by MG Trust Company (MG Trust), the trustee of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrative committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan's investments consists mostly of investments in registered investment companies.

Investments of participant's contributions and the Company's contributions into these investments are at the direction of each participant.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Certain administrative costs incurred by the Plan are paid directly by the Company. Administrative expenses paid to the trustee of the Plan for the year ended December 31, 2016 totaled \$8,389.

Risks and Uncertainties

The Plan invests in various investment securities. Such investments, in general, are exposed to various risks, including overall market volatility. Due to the level of risk associated with such investments, it is reasonably possible that changes in the values of investments will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Reclassifications

Certain amounts have been reclassified to conform to the 2016 presentation.

Note 3 - Tax Status

The Plan has adopted a volume submitter plan provided by CUNA Mutual Insurance Society (CUNA), which received its latest opinion letter dated March 31, 2014, in which the IRS stated that the volume submitter plan is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operating in compliance with the applicable requirements of the IRC, and that the Plan and the related trust were tax exempt as of the financial statement date.

Note 3 - Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the organization has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress. The plan administrator believes it is no longer subject to income tax examinations for periods prior to 2013.

Note 4 - Certification of Investment Information

MG Trust Company, the trustee of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, the statement of changes in net assets available for benefits for the year ended December 31, 2016, and the supplemental schedule of assets (held at end of year) as of December 31, 2016.

Note 5 - Fair Value Measurement

The Plan follows the provisions of Statement of Financial Accounting Standards Board Codification No. 820-10, "Fair Value Measurements and Disclosure" (FASB ASC 820-10). Under this standard, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

FASB ASC 820-10 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 5 - Fair Value Measurement (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies (Mutual Funds): Valued using quoted market prices of the securities included in the underlying funds, which includes a mix of mutual funds, common trust funds and managed accounts.

Guaranteed Investment Contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

Assets at Fair Value as of December 31, 2016
