INDEPENDENT AUDITORS' REPORT

October 4, 2017

To the Plan Administrator
RW Screw, LLC 401(k) Profit Sharing Plan
Massillon, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of RW Screw, LLC 401(k) Profit Sharing Plan ("the Plan"), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2016 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2016, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2016 financial statements. Accordingly, we do not express an opinion on the accompanying 2016 financial statements.

Other Matter - Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of December 31, 2016 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA is presented for the purpose of additional analysis, and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Other Matter - 2015 Financial Statements

The financial statements of the Plan as of December 31, 2015 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the custodian. Their report, dated October 11, 2016, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements, and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2016 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

R.W. SCREW, LLC 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2016 and 2015

Note 1 - Plan Description

The following description of the RW Screw, LLC 401(k) Profit Sharing Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective December 8, 2009. The Plan has been amended throughout the years to comply with tax legislation. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for the oversight of the Plan. The Retirement Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Directors.

Effective December 1, 2016, the Plan was amended to change the plan sponsor's name to RW Screw, LLC and the employer identification number was amended as well.

Effective January 1, 2017, the Plan was amended to allow rollover contributions from another qualified plan and allow for in-service distributions at age 59½.

Eligibility

The Plan covers substantially all eligible employees of RW Screw, LLC (the Company) who are 18 or older and have completed one year of service in which they have been credited with at least 1,000 hours of service. The Plan excludes leased employees, non-resident aliens and employees covered by a collective bargaining agreement.

Participants are eligible for the profit-sharing contribution if they meet the eligibility requirements, and are employed on the last day of the Plan year.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by plan provisions, of their compensation contributed as pre-tax 401(k) or Roth contributions to the Plan. Each year, participants may contribute up to 50% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants direct the investments of their contributions, plus the Company's safe harbor matching contributions into various investment options offered by the Plan.

The Company contributes a safe harbor contribution for the sum of 100% of the amount of the employees' salary reductions that are not in excess of 3% of compensation, plus 50% of the amount of the employees' salary reductions that exceed 3% of compensation but not in excess of 5% of compensation. Additional discretionary profit sharing amounts may be contributed at the option of the Company. There were no Company profit sharing contributions for the years ended December 31, 2016 and 2015.

Note 1 - Plan Description (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's safe harbor contributions and allocations of (a) the Company's discretionary contribution, (b) plan earnings, and (c) forfeitures of terminated participants' non-vested accounts, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings and losses or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to his / her account in a variety of investment options.

Vesting

Participants are immediately vested in their contributions and the Company's safe harbor contributions plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100% vested after six years of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution or installments, except for accounts with a value less than \$1,000, which are distributed as a lump sum.

As noted in the general section, the Plan was amended January 1, 2017 to allow for in-service distributions at age 59½.

Forfeited Accounts

Forfeited non-vested accounts are first used to reduce administrative expenses and if any forfeitures remain after paying plan expenses, such forfeited amounts will be allocated to all other eligible participants as additional contributions for the plan year in which the forfeiture occurs or be made available to reinstate previously forfeited account balances of former participants. Forfeited non-vested accounts as of December 31, 2016 and 2015 totaled \$2,708 and \$4,053, respectively. There was \$1,511 and \$594 of forfeitures used to pay administrative expenses for the years ended December 31, 2016 and 2015, respectively. There were no forfeitures used to reduce Company contributions for the years ended December 31, 2016 and 2015.

Plan Termination

In the event of termination, the net assets of the Plan are to be allocated in accordance with the provisions of the Plan, and within the manner prescribed by ERISA. All participants will become 100% vested in their accounts.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses of the Plan

Plan expenses are primarily paid by the Plan. These expenses primarily consist of contract administrator fees.

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 3 - Party-In-Interest Transactions

Certain plan investments are shares of mutual funds managed by Massachusetts Mutual Life Insurance Company. Massachusetts Mutual Life Insurance Company is the record-keeper as defined by the Plan, and therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Note 4 - Tax Status

The Plan is placing reliance on an opinion letter dated March 31, 2014 received from the IRS on the prototype plan indicating that the Plan is qualified under Section 401 of the IRC, and is therefore not subject to tax under current income tax law. The prototype plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the organization has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress. The plan administrator believes it is no longer subject to income tax examinations for periods prior to 2013.

Note 5 - Certification of Investment Information

Reliance Trust Company, the trustee of the Plan, has supplied the plan administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2016, the statements of changes in net assets available for benefits for the year then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2016. The plan administrator received a certification from the custodian as of and for the year ended December 31, 2015.

Note 6 - Group Annuity Contract With Insurance Company

In 2014, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Massachusetts Mutual Life Insurance Company. Massachusetts Mutual Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The crediting rate is based on a formula established by the contract issuer. The crediting rate was 2.48% and 2.68% for the years ended December 31, 2016 and 2015, respectively. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

This contract meets the fully benefit-responsive investment contract criteria, and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount to be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Massachusetts Mutual Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Note 6 - Group Annuity Contract With Insurance Company (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers, and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

Note 7 - Fair Value Measurement

The Plan follows the provisions of Statement of Financial Accounting Standards Board Codification No. 820-10, "Fair Value Measurements and Disclosure" (FASB ASC 820-10). Under this standard, fair value is defined as the price that would be received to sell an asset, or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

FASB ASC 820-10 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 7 - Fair Value Measurement (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

Description	Assets at Fair Value as of December 31, 2016			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual Funds	<u><u>\$ 13,070,721</u></u>	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>	<u><u>\$ 13,070,721</u></u>

Description	Assets at Fair Value as of December 31, 2015			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual Funds	<u><u>\$ 12,662,135</u></u>	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>	<u><u>\$ 12,662,135</u></u>

Note 8 - Subsequent Events

The Plan has evaluated subsequent events from the statements of net assets available for benefits date through October 4, 2017.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.

INDEPENDENT AUDITORS' REPORT

October 4, 2017

To the Plan Administrator
RW Screw, LLC 401(k) Profit Sharing Plan
Massillon, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of RW Screw, LLC 401(k) Profit Sharing Plan ("the Plan"), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2016 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2016, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2016 financial statements. Accordingly, we do not express an opinion on the accompanying 2016 financial statements.

Other Matter - Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of December 31, 2016 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA is presented for the purpose of additional analysis, and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Other Matter - 2015 Financial Statements

The financial statements of the Plan as of December 31, 2015 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the custodian. Their report, dated October 11, 2016, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements, and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2016 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

R.W. SCREW, LLC 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2016 and 2015

Note 1 - Plan Description

The following description of the RW Screw, LLC 401(k) Profit Sharing Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective December 8, 2009. The Plan has been amended throughout the years to comply with tax legislation. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for the oversight of the Plan. The Retirement Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Directors.

Effective December 1, 2016, the Plan was amended to change the plan sponsor's name to RW Screw, LLC and the employer identification number was amended as well.

Effective January 1, 2017, the Plan was amended to allow rollover contributions from another qualified plan and allow for in-service distributions at age 59½.

Eligibility

The Plan covers substantially all eligible employees of RW Screw, LLC (the Company) who are 18 or older and have completed one year of service in which they have been credited with at least 1,000 hours of service. The Plan excludes leased employees, non-resident aliens and employees covered by a collective bargaining agreement.

Participants are eligible for the profit-sharing contribution if they meet the eligibility requirements, and are employed on the last day of the Plan year.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by plan provisions, of their compensation contributed as pre-tax 401(k) or Roth contributions to the Plan. Each year, participants may contribute up to 50% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants direct the investments of their contributions, plus the Company's safe harbor matching contributions into various investment options offered by the Plan.

The Company contributes a safe harbor contribution for the sum of 100% of the amount of the employees' salary reductions that are not in excess of 3% of compensation, plus 50% of the amount of the employees' salary reductions that exceed 3% of compensation but not in excess of 5% of compensation. Additional discretionary profit sharing amounts may be contributed at the option of the Company. There were no Company profit sharing contributions for the years ended December 31, 2016 and 2015.

Note 1 - Plan Description (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's safe harbor contributions and allocations of (a) the Company's discretionary contribution, (b) plan earnings, and (c) forfeitures of terminated participants' non-vested accounts, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings and losses or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to his / her account in a variety of investment options.

Vesting

Participants are immediately vested in their contributions and the Company's safe harbor contributions plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100% vested after six years of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution or installments, except for accounts with a value less than \$1,000, which are distributed as a lump sum.

As noted in the general section, the Plan was amended January 1, 2017 to allow for in-service distributions at age 59½.

Forfeited Accounts

Forfeited non-vested accounts are first used to reduce administrative expenses and if any forfeitures remain after paying plan expenses, such forfeited amounts will be allocated to all other eligible participants as additional contributions for the plan year in which the forfeiture occurs or be made available to reinstate previously forfeited account balances of former participants. Forfeited non-vested accounts as of December 31, 2016 and 2015 totaled \$2,708 and \$4,053, respectively. There was \$1,511 and \$594 of forfeitures used to pay administrative expenses for the years ended December 31, 2016 and 2015, respectively. There were no forfeitures used to reduce Company contributions for the years ended December 31, 2016 and 2015.

Plan Termination

In the event of termination, the net assets of the Plan are to be allocated in accordance with the provisions of the Plan, and within the manner prescribed by ERISA. All participants will become 100% vested in their accounts.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses of the Plan

Plan expenses are primarily paid by the Plan. These expenses primarily consist of contract administrator fees.

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 3 - Party-In-Interest Transactions

Certain plan investments are shares of mutual funds managed by Massachusetts Mutual Life Insurance Company. Massachusetts Mutual Life Insurance Company is the record-keeper as defined by the Plan, and therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Note 4 - Tax Status

The Plan is placing reliance on an opinion letter dated March 31, 2014 received from the IRS on the prototype plan indicating that the Plan is qualified under Section 401 of the IRC, and is therefore not subject to tax under current income tax law. The prototype plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the organization has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress. The plan administrator believes it is no longer subject to income tax examinations for periods prior to 2013.

Note 5 - Certification of Investment Information

Reliance Trust Company, the trustee of the Plan, has supplied the plan administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2016, the statements of changes in net assets available for benefits for the year then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2016. The plan administrator received a certification from the custodian as of and for the year ended December 31, 2015.

Note 6 - Group Annuity Contract With Insurance Company

In 2014, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Massachusetts Mutual Life Insurance Company. Massachusetts Mutual Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The crediting rate is based on a formula established by the contract issuer. The crediting rate was 2.48% and 2.68% for the years ended December 31, 2016 and 2015, respectively. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

This contract meets the fully benefit-responsive investment contract criteria, and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount to be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Massachusetts Mutual Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Note 6 - Group Annuity Contract With Insurance Company (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers, and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

Note 7 - Fair Value Measurement

The Plan follows the provisions of Statement of Financial Accounting Standards Board Codification No. 820-10, "Fair Value Measurements and Disclosure" (FASB ASC 820-10). Under this standard, fair value is defined as the price that would be received to sell an asset, or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

FASB ASC 820-10 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 7 - Fair Value Measurement (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

Assets at Fair Value as of December 31, 2016				
Description	(Level 1)	(Level 2)	(Level 3)	Total
Mutual Funds	<u>\$ 13,070,721</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 13,070,721</u>

Mutual Funds	<u>\$ 12,662,135</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,662,135</u>

Note 8 - Subsequent Events

The Plan has evaluated subsequent events from the statements of net assets available for benefits date through October 4, 2017.
