Cambridge Biomarketing Group, LLC
401(K) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2016

NOTE A - DESCRIPTION

The following description of the Cambridge Biomarketing Group, LLC, 401(K) Plan (the Plan), is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Plan document.

1. General

The plan is a defined contribution plan established by Cambridge Biomarketing Group, LLC, (the Company), under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(K) of the Internal Revenue Code (IRC), for the benefit of eligible employees of the Company. All employees of the Company who have completed one month of service, as defined, are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

2. Plan Administration

The Plan is administered by the Company, Cambridge Biomarketing Group, LLC. The Plan's trustee, Voya Financial (the trustee), is responsible for the custody and management of the Plan's assets. CBIZ Tofias has prepared all of the compliance documentation including Form 5500 for the year ended December 31, 2016.

3. Contributions

Eligible employees can contribute to the plan up to an annual limit of the lesser of 80 percent of eligible compensation or \$18,000 in 2016; thereafter as adjusted by the Secretary of the Treasury in a calendar year. Participants age 50 and older can make catch-up contributions of an additional \$6,000.

4. Vesting

Participants will be 20% vested after two years of service, 40% vested after 3 years of service, 60% vested after 4 years of service, 80% after 5 years of service and 100% vested after 6 years of service. These contributions may be distributed under the same circumstances which allow Deferral Contributions to be distributed (i.e., death, disability, separation from service, age 59 $\frac{1}{2}$, and termination of the plan without the establishment of a successor plan) but participants may not request a hardship withdrawal of these contributions.

5. Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the participant's vested account balance. In addition, hardship distributions are permitted if certain criteria are met.

6. Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching contributions, as well as the participant's share of the Plan's income and any related administrative expenses.

7. Notes Receivable from Participants

A participant may borrow, from his or her account up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range up to five years. Participant loans are secured by the balance in the participant's account and bear interest at a reasonable interest rate charged by persons in the business of lending money for loans made under similar circumstances. Principal and interest payments are made through payroll deductions.

NOTES TO FINANCIAL STATEMENTS

8. Investment Options

Participants may direct contributions and any related earnings into thirty-two investment options in any percent increments. Participants may change their investment elections at any time during the month.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting. The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

2. Income recognition

Interest income is recorded as earned on the accrual basis.

3. Investment valuation

Mutual funds are stated at fair value as determined by quoted market prices, which represents the market value of shares held by the Plan at year end.

4. Net appreciation (depreciation) in fair value of investments

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statements of changes in net assets available for benefits as net appreciation in fair value of investments.

NOTES TO FINANCIAL STATEMENTS

December 31, 2016

NOTE C - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in inactive markets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Cambridge Biomarketing Group, LLC
401(K) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2016

Level 1 - Fair Value Measurement

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Fair Value Measurements

Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and maximize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measure at fair value.

Mutual funds: Valued at the quoted market value of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are correct, different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurement at December 31, 2016.

NOTE E - NON-PARTICIPANT DIRECTED INVESTMENTS

As of December 31, 2016, the Plan did not have any nonparticipant directed investments.

NOTE F - TAX STATUS

The Plan was established under the prototype 401(K) plan of Voya Financial. The prototype plan is based on the opinion letter issued by the Internal Revenue Service, as evidence that this plan is qualified under Code Section 401 only to the extent provided in announcement 2001-77, 2001-30 I.R.B.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTES TO FINANCIAL STATEMENTS

December 31, 2016

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their account balances.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

NOTE J - SUBSEQUENT EVENTS

The Plan evaluates events occurring after the date of the financial statements to consider whether or not the impact of such events needs to be reflected or disclosed in the financial statements. Such evaluation is performed through the date the financial statements are issued, which was June 26, 2017 for these financial statements. The Plan is not aware of any subsequent events that would require recognition or disclosure in the financial statements.
