NOTES TO THE FINANCIAL STATEMENTS
For the Years Ending December 31, 2016 and 2015

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the St. Vincent Family Centers Employee Retirement Plan and Trust (the Plan) is provided for general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by St. Vincent Family Centers (St. Vincent) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Each full-time employee of St. Vincent is eligible to participate in the Plan on the first day of the Plan year quarter following the date of hire. Participants are eligible to receive employer discretionary matching upon the completion of six months of service. Participants direct the investments of contributions into various investment options offered by the Plan. The Plan currently offers investment options through several registered investment companies (mutual funds) and annuities.

Contributions

Plan participants may authorize payroll deductions up to 100 percent of their compensation as a pretax contribution. The amount of a participant's contributions for any Plan year may not exceed certain limits set by the Plan document and the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. St. Vincent makes discretionary matching contributions equal to 50% of each participant contribution not to exceed 3% of annual compensation.

Participant accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) St. Vincent's matching contributions (b) St. Vincent's profit sharing contributions, and (c) Plan earnings and losses. Allocations are based on participant compensation or account balances, in accordance with the method described in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's contribution along with the earnings thereon is based on years of continuous service, where a year is defined as one in which an employee works 1,000 or more hours.

NOTES TO THE FINANCIAL STATEMENTS
For the Years Ending December 31, 2016 and 2015

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Vesting in the employer's matching contributions along with earnings thereon is as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than one year	0%
One year but less than two years	33%
Two years but less than three years	66%
Three or more years	100%

Payment of benefits

A participant may receive the value of his or her vested account upon retirement, disability or termination. Upon death of a participant, the beneficiary shall be entitled to the full value of the account. Distributions are made in either a lump-sum or equal installments not to exceed the life expectancy of the participant. Hardship withdrawals, as defined in the Plan, are also available to participants.

Forfeited accounts

For the years ended December 31, 2016 and 2015, forfeited non-vested accounts totaled \$1,575 and \$4,215, respectively. These accounts will be used to pay future Plan expenses or to reduce future employer contributions. During the years ended December 31, 2016 and 2015, approximately \$1,575 and \$5,000, respectively, was used to reduce employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Use of estimates

Certain amounts from the prior year have been reclassified to conform to the current year presentation.

NOTES TO THE FINANCIAL STATEMENTS
For the Years Ending December 31, 2016 and 2015

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchase and sales are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Participant contributions and employer matching contributions are recognized when the participant contributions are withheld from the participant's earnings.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

St. Vincent, at its discretion, pays substantially all Plan administrative expenses, net of any forfeitures used.

NOTE 4 – RELATED PARTY TRANSACTIONS

CBIZ Financial Solutions (CBIZ) is the Third Party Administrator of the plan and qualifies as a party-in-interest. Fees paid to CBIZ for these services during 2016 and 2015 were \$10,950 and 6,632, respectively. Fees paid for investment advisor and management, professional and other administrative services also qualify as party-in-interest transactions. There were no investment advisor fees in 2016. Fees paid for those services in 2015 was \$7,028.

NOTE 5 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the guidance are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

NOTES TO THE FINANCIAL STATEMENTS
For the Years Ending December 31, 2016 and 2015

NOTE 5 – FAIR VALUE MEASUREMENTS (CONTINUED)

Shares of registered investment companies: Valued at the total of the net asset value of the shares held by the Plan at year-end.

Guaranteed investment contracts: Valued using a market approach.

The methods described above may produce a fair value that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value to another. In instances, the transfer is reported at the end of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2016 and 2015, there were no transfers between levels.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

Total assets at fair value	<u>\$ 3,100,268</u>	<u>\$ 30,862</u>	<u>\$ -</u>	<u>\$ 3,131,130</u>

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE 7 – TAX STATUS

Effective January 1, 2009, the Plan adopted a prototype plan. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The Plan has been amended since receiving this letter, however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of plan year end, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions. There are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – SUBSEQUENT EVENTS

Management has performed an analysis of the activities and transactions subsequent to December 31, 2016 to determine the need for any adjustments to and/or disclosures within the audited financial statements. Management has reviewed subsequent events through October 5, 2017, the date that the 2016 financial statements were available to be issued.
