SOUTHWIRE COMPANY HOURLY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2016 AND 2015

1. DESCRIPTION OF PLAN

The following description of the Southwire Company Hourly 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering substantially all employees of Southwire Company (the Plan Sponsor, Plan Administrator, Employer, or the Company) who are compensated on an hourly basis, classified as a non-exempt salaried employee employed at the Company's Heflin, Alabama facility, and employees who participate in the Southwire Company Executive Deferred Compensation Plan with the following exceptions:

- Leased employees within the meaning of Internal Revenue Code (IRC) Sections 414(n)(2) and 414(o)(2).
- Employees who are nonresident aliens who receive no U.S. source income.
- Employees of affiliated employers unless such affiliated employers have specifically adopted the Plan in writing.

Effective January 1, 2016, the Company's salaried employees who are highly compensated as defined by the Plan document became eligible to participate in the Southwire Company Salaried 401(k) Plan instead of the Plan. As a result, those participant account balances were transferred from the Plan to the Southwire Company Salaried 401(k) Plan. If a participant's employment status (hourly or salaried) changes during the plan year, the participant's account balance is transferred to the Company plan covering that appropriate class of employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

B. Contributions - Employees

Each participant may defer up to 75% of annual compensation, as defined in the Plan document, not to exceed the limitations imposed under the IRC in effect at the beginning of the tax year. Participants may also make after-tax Roth contributions to the Plan. Participants age 50 and older are permitted to make catch-up contributions. Participants may also contribute (rollover) amounts representing distributions from other qualified defined contribution or defined benefit plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company auto enrolls new employees who do not make an election. Participants hired after January 1, 2012 were auto enrolled at 6% of their compensation. Participants hired prior to January 1, 2012 were auto enrolled at 2%. Effective July 1, 2015, these participants began having automatic increases of 1% each year up to a maximum contribution of 6%.

SOUTHWIRE COMPANY HOURLY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
YEARS ENDED DECEMBER 31, 2016 AND 2015

1. DESCRIPTION OF PLAN (Continued)

C. Contributions - Employer

The Company makes a non-discretionary matching contribution equal to 25% of each participant's pre-tax contributions up to 6% of the participant's eligible salary as defined in the Plan document. Non-discretionary matching contributions have a three-year graded vesting requirement.

Additionally, the Company may elect to make a discretionary contribution. No discretionary contribution was made in 2016. Employer discretionary contributions have a three-year graded vesting schedule.

D. Participant Accounts

Separate accounts are maintained for each participant and reflect his or her contributions (pre-tax and after-tax), allocation of Plan earnings, transfers, employer contributions, and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. Details of participant directed investments for each fund are maintained as well. The benefit available to each participant is the participant's vested balance.

E. Vesting

A participant is immediately 100% vested in his or her contributions plus actual earnings thereon. Vesting in Company contributions and earnings thereon is based on years of continuous service as described in Note 1.C. above. A participant will also become fully vested if termination occurs as a result of retirement, death, or disability.

F. Payments of Benefits

Upon termination of service, death, disability, or retirement, a participant (or beneficiary) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of 15 years. A terminating participant's account must be equal to or greater than \$5,000 to request installment payments in-lieu of a lump sum payment.

In-service withdrawals can be made by a participant not more than once per year from all portions of his or her account except the pre-tax portion. Withdrawals of participants' pre-tax contributions are permitted annually upon attainment of age 59½ or in the event of proven financial hardship as permitted by the Internal Revenue Service (IRS). If a participant makes a hardship withdrawal, the right to make pre-tax and after-tax contributions is suspended for a period of six months following the hardship withdrawal.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
YEARS ENDED DECEMBER 31, 2016 AND 2015

1. DESCRIPTION OF PLAN (Continued)

G. Forfeited Accounts

At December 31, 2016 and 2015, forfeited non-vested account balances totaled \$350,248 and \$258,207, respectively. These amounts must first be used to reinstate the account balances of former participants re-employed before five consecutive 1-year breaks in service who repay to the Plan any distributions previously taken, and can then be used to pay administrative expenses of the Plan and/or to reduce future employer contributions. During 2016, \$52,236 of forfeitures were used to pay administrative expenses and \$117,176 of forfeitures were used to reduce employer contributions.

H. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Note terms are for a period not exceeding five years. The notes are secured by the balance in the participant's account and bear interest at an agreed-upon percentage based on prevailing market rates. Principal and interest is paid ratably through payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with generally accepted accounting principles in the United States (U.S. GAAP).

B. Fully Benefit- Responsive Investment Contracts

Fully-benefit responsive investment contracts are required to be reported at contract value. Contract value is the relevant measurement basis for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents cost plus contributions made under the contract plus interest at the contract rates less withdrawals and administrative expenses. This specifically affects the presentation of the amounts related to the Plan's participation in the guaranteed investment contract (see Note 8). The statements of net assets available for benefits and statement of changes in net assets available for benefits present the contract value of the guaranteed investment contract.

SOUTHWIRE COMPANY HOURLY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
YEARS ENDED DECEMBER 31, 2016 AND 2015

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Collective trust fund

Investments in the collective trust fund are required to be reported at fair value. The collective trust fund is composed primarily of fully benefit-responsive investment contracts held by the fund's trustee. As these contracts are held indirectly through the collective trust fund, the collective trust fund is not valued at contract value as a direct investment in a fully benefit responsive asset would be. The Plan has elected to value the collective trust fund using net asset value (NAV) as the practical expedient to determine fair value.

D. Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of any contingent assets and liabilities. Actual results may differ from those estimates.

E. Investments Valuation and Income Recognition

Except for fully-benefit responsive investment contracts described above, investments are reported at fair value (see Note 3).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments in the statement of changes in net assets available for benefits represents realized and unrealized gains and losses.

F. Payment of Benefits

Benefit payments are recorded when paid by the Plan.

G. Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make note repayments and the Plan Administrator deems the note to be in default, the participant note balance is reduced and a benefit payment is recorded.

SOUTHWIRE COMPANY HOURLY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
YEARS ENDED DECEMBER 31, 2016 AND 2015

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. Administrative Costs

Certain expenses of maintaining the Plan, including audit fees, are paid directly by the Company and are excluded from these financial statements. The Company reserves the right to elect to pay, or have the Plan pay, administrative costs in the future. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participant account balances and the amounts reported in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

J. New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)* (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, *Fair Value Measurement*. Disclosures about investments that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate fair value using the net asset value practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2015, with retrospective application to all periods presented. Early application is permitted. Management elected to adopt ASU 2015-07 in 2015. The adoption of ASU 2015-07 did not have a material impact on the Plan's financial statements.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* (ASU 2015-12). Part I of ASU 2015-12, eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully-benefit responsive

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

J. New Accounting Pronouncements (continued)

individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015 and earlier application is permitted. Plans can early adopt any of the ASU's three parts without early adopting the other parts. Parts I and II are to be applied retrospectively. Management elected to adopt Parts I and II in 2015. Part III is not applicable to the Plan. The adoption of Parts I and II of ASU 2015-12 did not have a material impact on the Plan's financial statements.

3. FAIR VALUE MEASUREMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. The framework for measuring fair value under authoritative guidance issued by the FASB provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

SOUTHWIRE COMPANY HOURLY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
YEARS ENDED DECEMBER 31, 2016 AND 2015

3. FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Mutual funds are valued by the plan at year end by obtaining quoted prices on nationally recognized securities exchanges.

Collective trust fund: Units of participation of the collective trust fund are valued at NAV provided by the fund's trustee as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methodologies described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. RELATED PARTY TRANSACTIONS

Fidelity Management Trust Company (Fidelity) and Great West Life & Annuity Insurance Company (GWL&A) perform services for the Plan, sell products to the Plan, and manage and maintain investments of the Plan for which fees are charged to the Plan. Such transactions, while considered party-in-interest transactions under ERISA are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

During December 2016, assets of \$1,868,993 in the Watteredge, Inc. Restated & Amended Employee Savings Plan & Trust were transferred into the Plan.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

6. TAX STATUS

The underlying prototype plan has received an opinion letter from the IRS dated March 31, 2014, stating that the form of the plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust is tax-exempt. The plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. There are no known items which would result in an accrual for uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. FINANCIAL INFORMATION CERTIFIED BY FIDELITY AND GWL&A (Unaudited)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investment information certified by Fidelity and GWL&A, including the fair value of

investments and notes receivable from participants held as of December 31, 2016 and 2015, and the net appreciation in the fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2016, except for comparing such information certified by Fidelity and GWL&A to information included in the Plan's financial statements and supplemental schedule.

8. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan had entered into a fully benefit-responsive investment contract with GWL&A (the Issuer). GWL&A maintained the contributions in its general account. The Plan's contract investment balance was credited with earnings based upon contractually determined crediting interest rates and charged for plan withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. There were no reserves against contract value for credit risk of the Issuer or otherwise. The contract was included in the financial statements at contract value as reported to the Plan by GWL&A.

The Plan's investment contract specified certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances included Plan termination or merger, premature contract termination initiated by the Company, the establishment of another plan or program to which participants contribute, and a spin-off, sale or merger of any business unit of the Employer or Plan Administrator causing a group of participants to be excluded from eligibility. The contract limited the circumstances under which the Issuer could terminate the contract at an amount less than contract value. The contract with GWL&A was terminated in February 2016.
