ZHONGDING SEALING PARTS (USA), INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2016 and 2015

NOTE 1 – DESCRIPTION OF THE PLAN:

The following description of the Zhongding Sealing Parts (USA), Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a) General:

The Plan is a defined contribution 401(k) plan covering substantially all employees of Zhongding Sealing Parts (USA), Inc. (the Company). The Plan was established on December 6, 1994. In December 2012, the Company was acquired by ZD USA Holdings, Inc. As a result of the acquisition, the Trustees of the Plan merged the Plan with assets of other plans of the controlled group. The Trustees voted on October 27, 2014, to have the merger effective January 1, 2015. Each participant's account was equal to the market value of the account prior to the merger, including notes receivable from participants. The merged plans comprise a single plan named Zhongding Sealing Parts (USA), Inc. 401(k) Plan, within the meaning of Treasury Regulations issued under Section 414(l) of the Internal Revenue Code of 1986, as amended.

Effective January 1, 2015, Acushnet Rubber Company, Inc. Retirement Savings plan was renamed Zhongding Sealing Parts (USA), Inc. 401(k) Plan and the Zhongding USA 401(k) Plan was merged into Zhongding Sealing Parts (USA), Inc. 401(k) Plan. Plans of the controlled group, Zhongding USA, Hannibal, Inc., Zhongding USA Cadillac, Inc., Zhongding USA, Inc., and Cooper Products, Inc. also merged with the Zhongding Sealing Parts (USA), Inc. 401(k) plan. As a result, $8,084,874 was transferred into the Plan in January 2015, including participant loans of $141,869, and employees of these entities began participation in the Plan.

Full-time employees are eligible to participate the first calendar quarter following their three month anniversary of their date of hire. Participants may elect to contribute from pretax compensation subject to certain limitations

Effective January 1, 2011, the Plan was amended to adopt Safe Harbor provisions by which the sponsor will make a safe harbor matching contribution of equal to 100% of each participant's elective deferral contributions that do not exceed 3% of such participant's compensation and 50% of each participant's elective deferral contributions that exceed 3% of such participant's compensation but do not exceed 5% of the participant's contribution.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED):

a) General (Continued):

Forfeitures shall be used to reduce the contribution of the Company for the plan year in which such forfeitures occur. There were no forfeited amounts applied to the company's contribution in 2016 and 2015.

Each participant account is credited with the participant's contribution and an allocation of (a) the Company's contribution, and (b) investment fund earnings. Participants who terminate employment prior to retirement are entitled to their respective accrued vested benefit.

The governing body of the Plan approved a plan of liquidation on November 22, 2016 to be effective January 1, 2017. See Note 10 for additional information.

b) Vesting:

Benefits under the Plan are vested upon the participant's (a) disability, (b) attainment of age 65, (c) death, or (d) complete or partial termination of the Plan.

The value of the participants contribution is 100% vested at all times. Vesting percentages applicable to the years of service for Company matching contributions are as follows:

Years of Service	Vested Percentage
Less than 5 years	0%
5 years or more	100%

Effective January 1, 2002 employee vesting changed to a five year graded schedule. The Company matching contributions and discretionary employer subsequent to January 1, 2002 will be subject to the following vesting schedule:

Years of Service	Vested Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Effective January 1, 2011, employees are 100% vested in Company safe harbor contributions and qualified non-elective contributions.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED):

c) Investment Options:

Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the following investment options:

i. Wells Fargo Stable Return Fund - The fund seeks safety of principal and consistency of returns with minimal volatility by investing in financial instruments issued by highly rated companies. The Plan replaced this fund with the Mass Mutual Diversified SAGIC (see option xiii) as the stable value option in 2015.

ii. American Funds American Mutual Fund – The fund seeks current income, growth of capital and conservation of principal by investing primarily in common stocks of companies that are likely to participate in the growth of the American economy and whose dividends appear to be sustainable.

iii. American Funds Global Balanced Fund – The fund seeks the balance accomplishment of three objectives: long-term growth of capital, conservation of principal and current income as a balanced fund with global scope by investing in equity and debt securities around the world that offer the opportunity for growth and/or provide dividend income, while also constructing the portfolio to protect principal and limit volatility.

iv. American Funds New World Fund – The fund seeks long-term capital appreciation by investing primarily in common stocks of companies with significant exposure to countries with developing economies and/or markets.

v. BlackRock High Yield Bond Fund – The fund seeks to maximize total return, consistent with income generation and prudent investment management by investing primarily in non-investment grade bonds with maturities of ten years or less.

vi. Columbia Large Cap Index Fund – The fund seeks total return before fees and expenses that corresponds to the total return of the Standard & Poor's (S&P) 500 Index by investing at least 80% of its net assets in common stocks that comprise the S&P 500 Index.

vii. Columbia Small Cap Index Fund – The fund seeks total return before fees and expenses that corresponds to the total return of the Standard & Poor's (S&P) SmallCap 600 Index by investing at least 80% of its net assets in common stocks that comprise the S&P SmallCap 600 Index.

viii. Fidelity Advisor New Insights Fund – The fund seeks capital appreciation by investing primarily in common stocks of domestic and foreign issuers, whose value the adviser believes is not fully recognized by the public.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED):

ix. JP Morgan Total Return Fund – The fund seeks to provide high total return by, under normal circumstances, investing 65% of the fund's net assets in securities that, at the time of purchase are rated investment grade and up to 35% in below investment grade.

x. Nationwide International Index Fund – The fund seeks to match the performance of the MSCI Europe, Australasia and Far East Index by investing 80% of its net assets in a statistically selected sampling of equity securities of companies in the MSCI EAFE Index.

xi. Principal Real Estate Securities Fund – The fund seeks to generate a total return by, under normal circumstances, investing at least 80% of its net assets in equity securities of small, medium, and large market capitalization companies principally engaged in the real estate industry at the time of each purchase.

xii. Prudential Jennison Small Co Fund – The fund seeks capital growth by normally investing at least 80% of the fund's investable assets in equity and equity-related securities of small, less well-known companies that the investment subadviser believes are relatively undervalued.

xiii. MassMutual Diversified SAGIC – The fund seeks to provide a stated rate of return, generated from performance of a diversified bond portfolio, that insulates the fund from daily fluctuations in the bond market.

xiii. American Funds 2010 - 2055 Target Date Retirement Fund – The funds seek growth, income and conservation of capital by normally investing a greater portion of its assets in a mix of American Funds in different combinations and weightings as they approach and pass the target dates.

Participants may change their investment options at any time during the year through a voice response telephone system or a secure internet website.

d) Retirement and Disability Benefits:

Participant's retirement or disability benefits are determined by the value of their accounts on the first valuation date following the effective date of their retirement or disability. Participants may elect to receive their payments in a lump-sum payment or in periodic installments.

Effective as of January 1, 2011, the sole form of benefit payment under the Plan shall be a single lump sum payment.

Normal retirement date is defined as the day the participant attains the age of 65.

e) Death Benefits:

Upon the death of a participant, the value of the participant's account is distributed to the participant's designated beneficiary.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED):

f) Hardship Withdrawal:

Upon written request to the Plan Administrator, participants may request a financial hardship withdrawal from the vested portion of their account.

g) In-Service Distributions:

Beginning October 1, 2010, participants who are at least 59 ½ years old and are still employed by the Company, may withdraw all or a portion of their 100% vested account balance.

h) Administrative Expenses:

All administrative expenses are to be paid by the Plan unless paid by the Plan sponsor. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. For the years ended December 31, 2016 and 2015, the Plan paid $21,955 and $16,090, respectively, relating to the administration of the Plan and loan fees.

i) Notes Receivable from Participants:

Participants may take loans up to 50% of their vested account balances not to exceed $50,000. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined monthly by the Plan Administrator. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loans account. Loan terms range from one to five years or up to 10 years for the purchase of a primary residence. Principal and interest is paid ratably through payroll deduction.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

a) Basis of Accounting:

Due to the decision in 2016 the merge the Plan into the ADP TotalSource Retirement Savings Plan, the financial statements for 2016 have been prepared using the liquidation basis of accounting. In accordance with accounting principles generally accepted in the United States of America ("GAAP"), the Plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2015 financial statements to the liquidation basis used in presenting the 2016 financial statements. No adjustments to the financial statements were required to present the liquidation basis of accounting.

b) Investment Valuation and Income Recognition:

Investments in marketable securities are carried at market value. Quoted market prices are used to value all investments. Investments in money market funds are carried at cost which approximates market. Investment income is recorded as earned using the accrual method of accounting.

One of the investment options offered by the Plan, the Wells Fargo Stable Return Fund, is a common collective trust, which is valued at fair value. That investment option was replaced in 2015 by a guaranteed investment contract, Mass Mutual Diversified SAGIC, which is also valued at fair value. See Note 5.

c) Payments of Benefits:

Benefits are recorded when paid.

d) Use of Estimates:

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3 – PRIORITIES UNDER TERMINATION OF THE PLAN:

In the event of full or partial termination of the Plan, each active participant for whom the Plan is being terminated shall be fully vested in the Plan and will receive the value of his or her account after payment for expenses of termination. See Note 10 for information related to the Plan termination.

NOTE 4 – TAX STATUS:

The Plan obtained its latest determination letter on June 4, 2002, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in accordance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 5 – *INVESTMENTS*:

The Plan's investments are held by an insurance company administered trust fund which has certified the investment transactions, income, and the following investments held at December 31, 2016 and 2015. The following table presents the fair value of investments. Investments that represent five percent or more of the Plan's net assets are separately identified.

Fair Value Measurements

FASB ASC Topic 820, *Fair Value Measurement and Disclosure,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

a) Quoted prices for similar assets or liabilities in active markets;
b) Quoted prices for identical or similar assets or liabilities in inactive markets;
c) Inputs other than quoted prices that are observable for the asset or liability; and
d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2016.

NOTE 5 – INVESTMENTS (CONTINUED):

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be activity traded.

Common collective funds and guaranteed investment contract: Valued at the relative fair value of the underlying market value of investments in the fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6 – INVESTMENT CONTRACT:

On October 1, 2015, the Plan entered into a benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company ("Mass Mutual") through the Mass Mutual Diversified Separate Account Guaranteed Investment Contract (the "SAGIC"). Mass Mutual maintains the contributions in a separate account. The separate account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Mass Mutual. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 5, because the SAGIC is fully benefit-responsive, contract value is the relevant measurement attributed for that portion of the net assets available for benefits attributable to the SAGIC. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average crediting interest rate is set quarterly. Contract value, as reported to the Plan by Mass Mutual, approximates fair value and represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

NOTE 6 – INVESTMENT CONTRACT (CONTINUED):

The SAGIC does not allow the crediting interest rate to fall below zero percent. The average crediting interest rate and average yield at December 31, 2016 and 2015 was 3.03% and 2.90%, respectively.

NOTE 7 – WITHDRAWN PARTICIPANTS:

As of December 31, 2016 and 2015, $4,603,716 and $4,390,056., respectively, of net assets available for benefits represent vested account balances of 85 and 86 participants, respectively, who have withdrawn from active participation in the Plan. Such amounts are not reported as liabilities of the Plan.

NOTE 8 – RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – PARTY IN INTEREST TRANSACTIONS:

The Plan has a number of service providers. Such parties are parties-in-interest under ERISA. The Plan has a guaranteed investment contract managed by Mass Mutual who is the custodian and record-keeper as defined in the Plan document and therefore this arrangement qualifies as a party-in-interest transaction.

During 2015 the Company did not remit in a timely fashion, in accordance with DOL Regulation 2510.3-102, participant contributions totaling $461,146 relating to several payrolls. The participant contributions have subsequently been remitted to the Plan and the Company calculated lost earnings on the late contributions as $282, which were remitted to the Plan in 2016 allocating the earnings to the affected participants. In September 2016, the Plan filed reporting detail with United States Department of Labor under the Voluntary Fiduciary Correction Program (VFCP). As part of the filings, the Plan identified the violation, identified the process for correcting the violation and calculated and restored losses with earnings as calculated under the terms of the Program.

NOTE 10 – PLAN TERMINATION:

On November 22, 2016, Zhongding USA Cadillac, Inc. resolved to merge the Plan with ADP TotalSource Retirement Savings Plan. Each participant's account, immediately after such event, equaled the market value of the account prior to the merger, including notes receivable from participants. The merged plans will comprise a single plan named ADP TotalSource Retirement Savings Plan, within the meaning of Treasury Regulations issued under Section 414(l) of the Internal Revenue Code of 1986, as resolved.

Effective January 1, 2017, The Zhongding Sealing Parts USA, Inc. 401(k) Plan was merged into into ADP TotalSource Retirement Savings Plan. As a result, all assets of the Plan were transferred into the Plan on January 24, 2017, and employees of all entities began participation in the ADP TotalSource Retirement Savings Plan.

NOTE 11 – SUBSEQUENT EVENTS:

Plan management has evaluated subsequent events through October 6, 2017, the date the financial statements were available to be issued. Except as described above in Note 10 pertaining to the Plan termination, no such events requiring disclosure subsequent to year-end were noted as of October 6, 2017.
