Report of Independent Auditors

To the Administrator of the
Bosch Security Systems Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Bosch Security Systems Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Mercer Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2016 and 2015 and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2016 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report of Independent Auditors

To the Administrator of the
Bosch Security Systems Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Bosch Security Systems Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Mercer Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2016 and 2015 and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2016 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Bosch Security Systems Retirement Savings Plan Notes to Financial Statements December 31, 2016 and 2015

1. Description of the Plan

The following description of the Bosch Security Systems Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Bosch Security Systems, Inc. (the "Company") is the Plan administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

General

The Plan was adopted on October 28, 2002, as a profit-sharing plan covering all nonunion employees of the Company located at the Lancaster, Pennsylvania facility. A 401(k) component with employer matching contributions was later introduced to this Plan and employees of the Company located in Fairport, New York became eligible participants of this Plan. Eligible full-time employees of the Company are eligible to participate in the Plan on their date of hire if they are 21 years of age. Part-time employees are eligible to participate after one year of service with 1,000 hours of service, as defined in the Plan document. Participants are eligible for Company matching contributions after completing one year of employment. Employees of Telex Communications, Inc., a subsidiary of the Company, are also eligible to participate in the Plan, but are not eligible for profit sharing contributions.

Contributions

The Plan provides for participant contributions to be made on both a pre-tax and an after-tax basis. Each pay period in which participants receive wages, they may contribute between 1% and 85% of their eligible compensation, as defined in the Plan document, subject to maximum amounts established by the Internal Revenue Code (the "Code"), pursuant to Section 401(k) of the Code. Participants may also contribute amounts representing catch-up contributions (if age 50 or older), and distributions from other qualified defined-benefit or defined-contribution plans.

Eligible new associates are automatically enrolled in the Plan with a 5% pre-tax deferral after approximately 30 days of employment with the Company unless the associate elects otherwise. Participants can also elect to withdraw from the Plan after the auto-enrollment. The automatic enrollment contribution percentage for associates who are auto-enrolled at 5% will increase by 1% on the anniversary of the auto-enrollment date, until the percentage reaches 9%, unless the participant elects otherwise.

The Company contributes 50% of the first 6% of eligible compensation contributed by the participant.

The Company also contributes a profit-sharing contribution on behalf of each eligible Lancaster and Fairport employee hired prior to February 1, 2012, based on their eligible compensation for the Plan year as follows:

- (i) 3% of eligible compensation earned up to the fifth anniversary of the active participant's profit-sharing start date.
- (ii) 4.5% of eligible compensation earned between the fifth anniversary and the tenth anniversary of the active participant's profit-sharing start date.
- (iii) 6% of eligible compensation earned after the tenth anniversary of the active participant's profit-sharing start date.

Bosch Security Systems Retirement Savings Plan Notes to Financial Statements December 31, 2016 and 2015

For the Plan year in which the fifth or tenth anniversary of the participant's profit-sharing start date occurs, the contribution shall be prorated.

The profit-sharing start date for Fairport employees is defined as the later of their date of hire or January 1, 2004.

An adjustment may be made to the profit-sharing contribution, based on year-end Company financial performance, such that the adjusted profit-sharing contribution is equivalent to between 50% and 150% of the original base amounts described above. For 2016, the base profit-sharing amounts were adjusted by 100%. For 2015, the base profit-sharing amounts were adjusted by 130%.

Effective beginning with the 2015 plan year, the Plan was amended to allow otherwise eligible Lancaster or Fairport associates who transfer to the Sponsor's Greer, SC location to continue participating in the profit-sharing contribution.

Vesting

Participants are immediately vested in their voluntary contributions and profit sharing contributions plus actual earnings thereon. After 3 years of service with the Company, a participant will become 100% vested in Company matching contributions on the date they are contributed. Forfeited balances of terminated participants' nonvested accounts are used to pay expenses of the Plan or to reduce Company contributions. Forfeited nonvested accounts totaled \$66,729 and \$46,863 at December 31, 2016 and 2015, respectively. No forfeitures were used to pay expenses or reduce employer contributions in 2016. In 2015, \$560 of forfeitures were used to pay expenses.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, Plan earnings and administrative expenses. Allocations of Plan earnings are based on participant account balances in the respective investment options. The benefit to which a participant is entitled is equal to the vested balance that can be provided from the participant's account.

Investment Options

Participants may direct contributions in any of the investment options offered, which include mutual funds and collective trusts. Participants may also utilize a brokerage account, which permits the participant to invest in other securities. Changes in allocations of future contributions and transfers among funds of presently invested contributions are permitted pursuant to Plan provisions. The Plan's investments, other than the brokerage account, are held by Mercer Trust Company (the "Trustee" or "Mercer"). The self directed brokerage account is administered by TD Ameritrade Inc.

Effective April 18, 2016, the Bosch Stable Value Fund investment option, which held a liquidity fund and several synthetic guaranteed investment contracts, was replaced with the JPMorgan Stable Asset Income Fund (a collective trust), and the Lazard Emerging Markets Fund was replaced with the Northern Trust Custom Emerging Markets Fund.

Notes Receivable from Participants

Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 (subject to certain limitations as defined in the Plan document) or 50% of their vested account balance. All notes receivable from participants are amortized over a reasonable period of time, generally not to exceed five years (25 years if used to purchase a primary

Bosch Security Systems Retirement Savings Plan Notes to Financial Statements December 31, 2016 and 2015

residence.) Upon termination, notes receivable are either payable immediately, or by making payments via monthly coupons administered by the recordkeeper. In accordance with Plan policy, participants who do not make regular loan payments will be considered in default. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at inception. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Principal and interest are generally to be paid through payroll deductions.

Benefit Payments

In the event of retirement, termination of service, death, or disability, the participant may receive a lump sum or installment payments equal to the vested value of his or her account. Prior to termination of service, participants may also obtain withdrawals of any portion of their participant contributions after attaining the age of 59 - 1/2 or for certain financial hardship situations. Hardship withdrawals will be authorized only upon satisfaction of criteria as enumerated in the Plan document.

If the payment is for retirement, termination of service, death or disability, the amount may be transferred directly to an Individual Retirement Account or another qualified plan. If the participant does not elect a direct plan-to-plan transfer, the Internal Revenue Service ("IRS") requires the Plan to withhold 20% of the final distribution for payment of federal income taxes.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, the accounts of all participants shall immediately be fully vested and distributed to the participants.

Administrative Expenses

Prior to April 1, 2015, an annual recordkeeping fee of \$62.50 (\$15.63 per quarter) was charged to participant accounts by the recordkeeper. Effective April 1, 2015, the annual recordkeeping fee changed to \$59 (\$14.75 per quarter.) This amount is reflected in administrative expenses in the accompanying financial statements. Administrative expenses also include financial advisory fees, audit fees, charges for overnight mail and fees for self directed brokerage transactions.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting and in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments, except for the synthetic guaranteed investment contracts, are stated at fair value. Mutual funds are valued at quoted market prices based on the net asset value of shares held by the Plan at year-end. The fair value of collective trusts is determined using the net asset

Bosch Security Systems Retirement Savings Plan Notes to Financial Statements December 31, 2016 and 2015

value of units held by the Plan at year-end as a practical expedient, based on information reported by the investment advisor using the financial statements of the collective trusts. In addition to these investments, stocks within the Plan's self directed brokerage accounts are valued at the closing price at year-end reported on the active market on which the individual securities are traded.

Contract value is the relevant measure for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Prior to April 18, 2016, the Plan invested in fully benefit-responsive synthetic guaranteed investment contracts within the Bosch Stable Value Fund option.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in the Statements of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments which consists of the gains and losses on investments bought and sold as well as held during the year.

Synthetic Guaranteed Investment Contracts

Prior to April 18, 2016, the Plan held synthetic guaranteed investment contracts ("GICs") as part of the Bosch Stable Value Fund. The synthetic GICs provided for a fixed return on principal over a specified time through fully benefit-responsive wrapper contracts issued by AIG Financial Products, Royal Bank of Canada, and State Street Bank. The assets underlying the synthetic GICs substantially consisted of an intermediate bond collective trust fund.

Fully benefit-responsive synthetic GICs were valued at contract value, rather than fair value, for determining the net assets available for benefits. Contract value represented contributions, plus earnings, less participant withdrawals and administrative expenses. The contracts used by the Plan were fully benefit-responsive because the wrapper contract issuers were contractually obligated to make up any shortfall in the event that the underlying asset portfolio was liquidated and was inadequate to cover participant withdrawals and transfers at contract value. There were no reserves against contract values for credit risk of the contract issuers or any other risk.

The crediting interest rate, which was reset quarterly, based on a formula agreed upon with each wrapper contract issuer, could never fall below zero. The crediting rate formula smoothed the impact of interest rate changes on participant returns by amortizing any difference between market value and book value over a period of years equal to the duration of the portfolio benchmark. The credit rating for AIG Financial Products was A+, while the credit ratings for Royal Bank of Canada and State Street Bank were AA- at December 31, 2015. Certain events could have limited the ability of the Plan to transact at contract value with the issuer, including restructurings, early retirement plans, divestitures, bankruptcies or as the result of legal, tax or regulatory changes, but no such event occurred.

The providers of the wrapper contracts could only terminate at a value different than contract value under an event of default (that was not remedied) such as failure to follow the terms of the contract.

Benefit Payments

Benefits are recorded when paid.

3. Certification of Investment Information

In accordance with the provisions of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Mercer Trust Company has certified as complete and accurate certain investment information included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2016 and 2015. The following table presents a summary of the certified amounts as of and for the years ended December 31, 2016 and 2015.

	2016	2015
Investments, at fair value	\$110,037,832	\$92,614,705
Investments, at contract value	-	9,038,926
Investment interest and dividends	1,062,670	1,507,808
Net appreciation (depreciation) in fair value of investments	8,274,598	(1,778,006)
Notes receivable from participants	1,684,941	1,705,863
Interest income on notes receivable from participants	71,175	65,423

4. Fair Value Measurements

The FASB established a framework to increase consistency and comparability in fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**Bosch Security Systems
Retirement Savings Plan
Notes to Financial Statements
December 31, 2016 and 2015**

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

For a description of the valuation methodologies used for assets measured at fair value, see Investment Valuation and Income Recognition under Note 2. There have been no changes in the methodologies used at December 31, 2016 and 2015. In determining the reasonableness of the methodology, the Plan's Investment Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings.

These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

For the years ended December 31, 2016 and 2015, there were no significant transfers in or out of levels 1, 2 or 3.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2016 and 2015:

Investment Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Mutual funds	23,103,932	-	-	23,103,932

Collective trusts (a)				72,290,101
Total investments at fair value				<u>94,106,092</u>

- (a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Common collective trusts consist of pools of investments used by institutional investors to obtain equity and fixed income market exposures by investing in funds which are intended to mirror market indices. They are valued on the basis of the relative interest of each participating investor in the fair value of the underlying assets of each of the respective common collective trusts. The

**Bosch Security Systems

funds are valued using the net asset value ("NAV") as provided by the investment account manager as a practical expedient. Certain of these investments require a notice period subsequent to exchange out of a fund before purchasing units of that same fund or a competing fund. Further, while fund redemptions are unlimited for participants, there may be restrictions on the total divestiture of a fund by the Plan. The Plan's common collective trusts include:

5. Tax Status

The Internal Revenue Service has determined and informed the Company in a letter dated March 16, 2017, that the Plan is designed in accordance with applicable sections of the Code. Although the Plan has been amended since the period covered by the determination letter, the plan administrator and the Plan's ERISA counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Bosch Security Systems Retirement Savings Plan Notes to Financial Statements December 31, 2016 and 2015

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax asset or liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of an asset or liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes that the Plan is no longer subject to income tax examinations for plan years beginning prior to January 1, 2013.

6. Party-in-Interest Transactions

Notes receivable from participants qualify as exempt party-in-interest transactions.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500.

	December 31, 2016
Net assets available for benefits per the financial statements	\$ 114,669,813
Plus: Transfer from other plans	<u>1,374,234</u>
Net assets available for benefits per Form 5500	<u>\$ 116,044,047</u>

	Year Ended December 31, 2016
Transfers from other plans, net, per the financial statements	\$ -
Plus: Transfer from other plans	<u>1,374,234</u>
Transfers from other plans per Form 5500	<u>\$ 1,374,234</u>

The Form 5500 was prepared as if the merger of the Bosch Security Systems, Inc. Hourly Savings Plan occurred on December 31, 2016. See Note 9.

9. Subsequent Events

Effective January 1, 2017, Fidelity Investments and its affiliates ("Fidelity") became the Plan's trustee and recordkeeper. Plan assets were transferred to Fidelity on January 3, 2017.

**Bosch Security Systems
Retirement Savings Plan
Notes to Financial Statements
December 31, 2016 and 2015**

In conjunction with the change in trustee and recordkeeper and to ease administration of the Plan, effective January 1, 2017, certain provisions of the Plan were changed, including the addition of pre-tax withdrawals for associates in active military service for more than 30 days.

Effective January 1, 2017, the Bosch Security Systems, Inc. Hourly Savings Plan merged into the Plan and net assets approximating \$1,374,234 were transferred to the Plan on that date.

The Plan has evaluated the events and transactions that have occurred through October 9, 2017, the date the financial statements were available to be issued, and concluded there were no other subsequent events to recognize or disclose.
