Report on Financial Statements

We were engaged to audit the accompanying financial statements of Micro Analog, Inc. 401(k) Plan (the "Plan") which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year December 31, 2016 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 10, which was certified by American United Life Insurance Company® (AUL), a OneAmerica® company, custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Note 1. Description of Plan

The following description of the Micro Analog, Inc.'s (the "Company") 401(K) Plan (the "Plan") provides general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions:

1. *General*. The Plan was established on January 1, 2001, and is subject to the provisions of Employee Retirement Income Security Act of 1974 (ERISA). The plan was adopted under the provisions of Internal Revenue Code (IRC) Section 401(a), with a deferred arrangement qualified under IRC Section 401(k). Pursuant to the requirements of IRC Section 401(a)(27), the plan is also a profit sharing plan. The plan is a defined contribution plan that covers all active employees of Micro Analog, Inc. Participation in the plan is entirely voluntary.

   An eligible employee is any person employed by the Company who has had a one year of service and have worked at least 1,000 hours during the 12-month period and are twenty-one years of age or older. The Plan engaged American United Life Insurance Company® (AUL), a OneAmerica® company, as its plan custodian and record keeper.

2. *Contributions*. Participants may contribute 1% to 100% of their pre-tax annual salary, as defined in the Plan, subject to the maximum amount permitted by law. At the discretion of the Plan Administrator, participants may also be permitted to deposit into the Plan distributions that they have received from other retirement plans and certain IRA's. Such a deposit is called "rollover" contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 26 mutual funds and a group annuity contract as investment options for participants. The Company may make a discretionary matching contribution equal to a uniform percentage of participant's salary deferrals which is determined each year. The Company may make a matching contribution of up to 25% of the participant's elective deferral and is limited to 6% of participant's compensation. The matching Company contribution is invested directly into the Plan. Additional amounts may be contributed at the option of the Company's board of directors and invested in portfolio investments as directed by the participants. Contributions are subject to certain limitations.

3. *Participant Accounts*. Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. The participant's vested account provides the amount of benefits currently available for distribution.

4. *Vesting*. Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion to their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested with respect to the Company's matching contribution if he/she is employed on or after participant's Normal Retirement Age.

Note 1. Description of Plan - Continued

Vesting Schedule Matching Contribution	
Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

5. *Participant Loans*. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of (a) $50,000, reduced by the excess, if any, of the highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date on which such loan will be made, over the outstanding balance of loans from the Plan on the date such loan will be made; or (b) 50% of the present value of the participant's vested benefit under the Plan while employed with the Company (determined without regard to any deductible participant contributions) . The loans are secured by the balance in the participant's account and bear a reasonable rate of interest, which will provide the Plan with a return comparable to the rates being charged by lending institutions in the same geographic locale as the Company (at 5.5% at December 31, 2016 and 2015). A loan will carry the same rate of interest throughout its term, and interest paid on the loan is credited to the borrower's account. Principal and interest are paid ratably through bi-weekly payroll deductions.

6. *Payment of Benefits*. On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or any of the payment options as defined in the Plan. The distribution will be made, at the option of the participant, as soon as administratively feasible. For termination of service for other reasons, the participant may receive the value of the vested interest in the Plan as a lump sum distribution. The distribution will be made, at the option of the participant, as soon as administratively feasible. Participants may also be entitled to receive an in-service distribution. However, this distribution is made at the participant's election and will be made in accordance with the forms of distributions available under the Plan.

7. *Forfeited Accounts*. Forfeitures of non-vested Company contributions are used to reduce future employer contributions. During the year 2016, $943 of forfeited participant accounts were used to reduce the Company's contributions. At December 31, 2016 and 2015, there were no forfeited nonvested accounts that have not yet been applied to reduce Company's contributions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements and supplemental schedule of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by defined-contribution plans are required to be reported at fair-value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis for fully benefit-responsive investment contracts.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Board of Directors determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Notes 4 and 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Loans

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Substantially all expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Plan expenses paid by the Company amounted to $5,342 and $5,937 for the years ended December 31, 2016 and 2015, respectively. Fees related to the administration of participant loans are charged directly to the participant's account and are included in the administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

Note 2. Summary of Significant Accounting Policies - Continued

Subsequent Events

For the year ended December 31, 2016, the Plan has evaluated subsequent events for potential recognition and disclosure through September 29, 2017, the date the financial statements were available to be issued.

Note 3. Investments

Investments that represent 5 percent or more of the Plan's net assets in participant-directed accounts as of December 31, 2016 and 2015 are as follows:

Any reference to the OneAmerica® Money Market or AUL Money Market Investment in the contract or in any attaching amendment to the contract shall be substituted with Goldman Sachs Financial Square Government Fund – see Plan Contract Amendment in Note 6.

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds. Valued at the net asset value (NAV) of shares held by the plan at year end.

Group annuity contract. Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. See Note 5.

The preceding methods described may produce fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All investments held by the Plan are classified as Level 2.

Note 4. Fair Value Measurements – Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ -	$ 2,060,422	$ -	$ 2,060,422
Group annuity contract	-	366,857	-	366,857
	$ -	$ 2,427,279	$ -	$ 2,427,279

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ -	$ 1,803,904	$ -	$ 1,803,904
Group annuity contract	-	337,658	-	337,658
	$ -	$ 2,141,562	$ -	$ 2,141,562

Unrealized gains/(losses) from the group annuity contract are not included in the statement of changes in net assets available for benefits as the contract is recorded at contract value for purposes of the net assets available for benefits.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2016 and 2015, respectively.

December 31, 2016	Fair value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Mutual funds	$ 2,060,422	N/A	Daily	30 days

December 31, 2015	Fair value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Mutual funds	$ 1,803,904	N/A	Daily	30 days

Note 5. Guaranteed Investment Group Annuity Contract with American United Life Insurance Company

In 2001, the Plan entered into a benefit-responsive guaranteed investment group annuity contract with AUL. AUL maintains unallocated contributions in a general fixed interest account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2016 and 2015 was $366,857 and $337,658, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3 percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6. Plan Contract Amendment

On February 2, 2015, the Board of Directors of Micro Analog, Inc., the Plan Sponsor, discussed changes to the Plan Investment Options available and allow outside rollover into the plan. On May 27, 2015, the Plan Sponsor agreed to terminate AUL Contract G31190 (current contract) and transfer all outstanding Participant Account Balances to AUL Contract G37805 (new contract) effective on September 1, 2015. These amendments have no impact on the reported financial statements of the Plan.

AUL and the Plan Sponsor agreed that the Contract is amended as follows:

1. If the Plan Sponsor has not received Investment Option elections for the Participant, the Contribution will be credited to the following default Investment Options: BlackRock LifePath Index 2020, 2025, 2030, 2035, 2040, 2045, or 2050, based on the Participant's date of birth. Subsequently received Investment Option Elections for the Participant will be used to allocate future contributions only. The Plan Sponsor will transfer amounts previously allocated for the Participant to such default Investment Options, plus gains or minus losses thereon, only if the Plan Sponsor is directed to make a transfer.

2. Annuity Purchases: Prior to notification of contract termination (but not thereafter), participants may withdraw all or portion of a Participant's Account Value to provide an annuity reflecting Plan benefits. Such withdrawal is not subject to Withdrawal Charge or Market Value Adjustment. On the date the Plan Sponsor receive an annuity purchase request, Plan Sponsor will transfer the entire Participant Account to the Fixed Interest Account (FIA) if it is an available Investment Option, otherwise to the default Investment Option listed in list no. 1. Such amounts remain in the FIA or the default Investment Option until the full Account Value (reflecting gains and losses) is applied to purchase the annuity on the last day of the month preceding the Annuity Commencement Date.

3. Loan Administration Fee: On the last day of each Contract Quarter, the Plan deducts from a Participant's Account a Loan Administration Fee of up to $12.50 for each Plan loan of the Participant that remain outstanding on such day. Alternatively, the Plan may bill this charge to the Participant if the Participant and the Plan Sponsor mutually agree. If the entire balance of a Participant Account is applied or withdrawn before the last day of the Contract Quarter pursuant to the Contract, the Loan Administration Fee attributable to the period of time which has elapsed since the first day of the Contract Quarter in which such application or withdrawal of funds is made will not be deducted from the amount applied or withdrawn and will not be billed to you.

4. Effective on and after December 11, 2015, the OneAmerica® Money Market Investment Account is no longer be an available Investment Account under AUL group annuity contracts. Any reference to the OneAmerica® Money Market or AUL Money Market Investment Account in the contract or in any attaching amendment to the contract shall be substituted with Goldsman Sachs Financial Square Government Fund.

Note 7. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 8. Tax Status

The Company adopted a prototype plan and trust sponsored by AUL, on April 2, 2001 effective for the plan year starting January 1, 2001. The Internal Revenue Services, (IRS) has ruled that the prototype plan that the Company adopted, qualifies under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust is not subject to tax under present income tax laws. Employee contributions qualify as "cash or deferred" contributions under Section 401(k) of the IRC. Once qualified, the Company who adopted the prototype plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated, in compliance with applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS or California Franchise Tax Board. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to U.S. federal or state examinations by tax authorities for years before 2013 and 2012, respectively.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10. Information Certified by the Custodian (Unaudited)

Other than the fair value of the group annuity contract and the related adjustment from fair value to contract value for fully benefit-responsive investment contracts, certain information related to investments and participant loans disclosed in the accompanying financial statement and supplemental schedule, including investments and participant loans held at December 31, 2016 and 2015, and net appreciation in fair value of investments, interests and dividends for the year ended December 31, 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by American United Life Insurance Company® (AUL), a OneAmerica® company, custodian of the Plan. The contract value of the group annuity contract was certified by the custodian.

Note 11. Related-Party and Party-In-Interest Transactions

The Plan Sponsor provides certain accounting, administrative and investment management services to the Plan for which no fees are charged. These transactions are exempt party in interest transactions.

Note 11. Related-Party and Party-In-Interest Transactions – Continued

The custodian of the Plan, American United Life Insurance Company® (AUL), a OneAmerica® company, is a party-in-interest with respect to the Plan. All investments are held by the custodian. As of December 31, 2016 and 2015, the investments offered to the participants valued at $601,607 and $582,240, respectively, are managed by the custodian. Participant loans and the related interest income are also considered party-in-interest transactions. The records of the Plan indicate no party-in-interest transactions, that are prohibited by ERISA and for which no statutory or administrative exemption exists.

Note 12. Reconciliation of Financial Statements to Form 5500

As of December 31, 2016 and 2015, and for the year ended December 31, 2016, there were no differences between the financial statements and Form 5500.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
