## 1. DESCRIPTION OF THE PLAN

The following description of the Pollock 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution plan established by Pollock Investments, Inc. (the "Company") under the provision of Section 401(a) of the United States Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in section 401(k) of the IRC, for the benefit of eligible employees of the Company.

All employees of the Company who have completed six months of service, as defined, are eligible to participate, provided they are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

An automatic enrollment feature exists whereby participants who do not affirmatively make contribution election or decline participation altogether will automatically have 3% of their compensation deferred, with 1% auto escalation on each enrollment anniversary, up to 10% of compensation deferred.

The Plan is administered by the Pension Committee which is appointed by the board of directors of the Company. The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of Plan assets and keeping accurate records and reports. The Plan's trustees, State Street Bank & Trust Company and TransAmerica Financial Insurance Company, are responsible for the custody and management of the Plan's assets.

Subsequent to year end, the Company modified the automatic enrollment deferral process. See Note 10.

### Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan, subject to a maximum contribution as required under Section 402(g) of the IRC. Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Prior to July 1, 2016, the Company contributed 100 percent of employee pretax contributions, not to exceed 3 percent of eligible compensation, plus 50 percent of employee pretax contributions that exceed 3 percent of eligible compensation, not to exceed 5 percent of the eligible compensation.

Effective July 1, 2016, the Company no longer makes safe-harbor matching contributions to the plan. Instead, effective July 1, 2016, the Company matching contribution changed to a discretionary match to be determined each Plan year. In 2016, the targeted match is equal to 25% of each 1% of employee contributions, not to exceed 6%.

### Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching contributions, as well as the Participant's share of investment income, appreciation (depreciation) and any related administrative expenses.

The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment funds. The benefit to which a Participant is entitled is limited to the amount of the Participant's vested account balance.

### Vesting

Participants are vested immediately in their contributions plus actual earnings thereon; as well as the Company's matching contribution at the time the contribution is made.

1. DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

The Plan does not allow loans to participants.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment funds determined at the discretion of the Plan Administrator and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may leave their account in the Plan or may elect to receive a single lump-sum payment in cash or may elect to receive installments. However, a participant with an account balance of $5,000 or less may only receive a single lump-sum payment. Participants are allowed to withdraw employee account balances prior to termination of their employment under certain conditions as specified in the Plan. Participants may not make contributions for at least six months after the receipt of the hardship distribution. Benefits are recorded when paid.

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. These funds may be used to reduce the Company's matching contributions, or reallocated to participants in the same manner as employer contributions, in accordance with the Plan document. At December 31, 2016 and 2015 forfeited accounts totaled $820 and $17,544, respectively. For the years ended December 31, 2016 and 2015, plan administrative expenses of $21,077 and $13,257, respectively were paid from forfeited non-vested accounts, and $273 and $226, respectively was used to reduce the employer match.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") are as follows:

Method of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan has no obligation to reimburse the Company for the expenses.

Use of Estimates

In preparing financial statements in conformity with GAAP, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are stated at fair value with the exception of the fully benefit-responsive investments. Changes in fair value are reflected in operations. Mutual funds and common/collective trusts represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value at year end. Units held in common/collective trusts are valued at the unit value as reported by the investment managers at year end. Interest and other income are recorded on the accrual basis. Purchases and sales of investments are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation (depreciation) of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end, is presented in the statement of changes in net assets available for benefits. Brokerage fees, if any, are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

The Wells Fargo Stable Value Fund (the "Fund") (common/collective trust) consists primarily of investments in investment contracts including traditional guaranteed investment contracts and security-backed contracts issued by insurance companies and other financial institutions at December 31, 2016 and 2015. Individual participant accounts invested in the Fund are maintained on a unit value basis. Participants do not have beneficial ownership in specific underlying securities or other assets in the Fund but have an interest therein represented by units valued daily. Participants may withdraw from the fund at the stated unit value at the close of business on any business day. Issuances and redemptions of units are made on such days based upon the net asset value per unit. The Fund earns interest income which is automatically reinvested in additional units. Fees are charged by the Fund based on 0.55% of daily net assets and this fee is accounted for within the net asset value. Generally, contributions to and withdrawal payments from the Fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that affect its ability to transact at contract value. Certain events that limit the ability of the plan to transact at contract value with the issuer include employer-initiated transaction provisions including percentage allowances for targeted layoffs, bankruptcy resulting in employee job loss, reorganization, spin-offs, and Plan terminations. Plan management believes that occurrence of these events that would cause the Fund to transact at less than contract value is not probable.

The common/collective trust and insurance company general account are considered to be fully benefit-responsive, and the wrap and investment contracts in the fund assure that payments will be made for participant directed withdrawals at contract value. In determining the net assets available for benefits, the common/collective trust and insurance company general account are included in the accompanying statements of net assets available for benefits at contract value, which represents contributions made under the contract plus earnings, less withdrawals and administrative expenses.

Risks and Uncertainties

Investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with such investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and affected the short term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

*Level 1:* Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2:* Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3:* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2016 and 2015, there were no transfers in or out of levels 1, 2 or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2016 and 2015.

*Mutual funds:* Valued at the net asset value ("NAV") of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following is a description of the valuation methodologies used for assets measured at other than fair value.

*Common/collective trust and insurance company general account funds*: Valued at contract value based on information using the audited financial statements of the collective trust at year end, based on the fair value of the underlying assets.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2016:

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Mutual funds | $ 27,683,395 | $ - | $ - | $ 27,683,395 |
| Total investments at fair value | $ 27,683,395 | $ - | $ - | $ 27,683,395 |

3. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2015:

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Mutual funds | $ 27,792,110 | $ - | $ - | $ 27,792,110 |
| Total investments at fair value | $ 27,792,110 | $ - | $ - | $ 27,792,110 |

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustees have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended December 31:

| | 2016 | 2015 |
|---|---|---|
| Investments at fair value: | | |
| Mutual funds | $ 27,683,395 | $ 27,792,110 |
| Investments at contract value: | | |
| Insurance company general account | 23,301 | 40,039 |
| Common/collective trust | 2,065,431 | 1,519,984 |
| | $ 29,772,127 | $ 29,352,133 |

| | 2016 | 2015 |
|---|---|---|
| Investment income (loss): | | |
| Interest and dividends | $ 606,691 | $ 663,715 |
| Net appreciation (depreciation) in fair value of investments | 1,434,623 | (870,235) |
| | $ 2,041,314 | $ (206,520) |

The Plan's independent accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

5. REPORTABLE TRANSACTIONS

During the years ended December 31, 2016 and 2015, there were no reportable transactions, notes receivable from participants in default or uncollectible, investment assets acquired and disposed of within the Plan or non-exempt transactions with parties-in-interest which would require supplemental presentation under United States Department of Labor regulations.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and units of common/collective trust funds managed by Transamerica Partners Funds Group, Transamerica Financial Life Insurance Company (trustee) and Transamerica Asset Allocation Funds, related entities to Transamerica Retirement Solutions (the record keeper). Therefore, these transactions qualify as party-in-interest transactions. Any purchases and sales of these investments are performed on the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the IRC. The Plan provides for full and immediate vesting of all participant rights upon termination of the Plan.

8. TAX STATUS OF THE PLAN

The Company has adopted the Transamerica Prototype Defined Contribution Plan. The United States Internal Revenue Service ("IRS") has issued an opinion letter dated March 31, 2014 stating that the plan is acceptable under section 401 of the IRC for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2001-77) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2013.

9. RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the financial statements to Form 5500 as of and for the years ended December 31:

| Other | - | (2) |
| Net increase in net assets available for benefits per Form 5500 | $ 378,108 | $ 1,632,926 |

10. SUBSEQUENT EVENTS

Effective January 1, 2017, as soon as administratively feasible on or after January 1 of each year, existing affirmative elections will expire for all employees who are eligible to participate but are not deferring or are deferring less than or equal to the plan's automatic percentage. Those employees' deferral percentages will then be set to the plan's automatic enrollment percentage unless they affirmatively elect not to participate or to participate at a lower deferral percentage subsequent to the expiration of the prior affirmative elections.

Management has evaluated subsequent events through October 11, 2017, the date the financial statements were available to be issued.
