Notes to the financial statements

Note A – Plan description

The following description of the National Entertainment Network, LLC (the "Company" or "Employer") 401(k) Retirement Savings Plan provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions. On August 12, 2012 the Company amended the name of the Plan, which was formerly known as National Entertainment Network, Inc. 401(k) Retirement Savings Plan to National Entertainment Network, LLC 401(k) Retirement Savings Plan. The amendment followed the Company's conversion from a corporation to a limited liability company.

General

The Plan is a defined contribution plan established January 1, 2003 under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401 (k) of the IRC for eligible employees of the Company (excluding employees covered by a collective bargaining agreement, leased employees, and nonresident aliens) who have completed one months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Matrix Financial Solutions, Inc ("Trustee") serves as the trustee of the Plan.

Eligibility

Any employee who has completed one month of service is eligible to participate in the Plan. There is no age requirement for eligibility. Participation in the Plan may begin on the first day of each month, following completion of eligibility requirements.

Contributions

The following types of contributions are allowable under the Plan:

- Elective Deferral Contributions - Participants may contribute up to 60% of their pre-tax compensation, as defined in the Plan document, subject to limitations. Additionally, participants may contribute a percentage of their after-tax compensation and designate it as a Roth elective deferral contribution. A participant's total contribution cannot exceed $18,000 ($24,000 if 50 or older) in calendar year 2016.
- Discretionary Matching Employer Contributions - The Company may make a discretionary matching employer contribution each Plan year to eligible employees who make elective deferral contributions. For the year ended December 31, 2016 and 2015, the Company did not make a discretionary matching employer contribution.

Note A – Plan description (continued)

Contributions (continued)

- Discretionary Profit Sharing Contributions - The Company may make an annual discretionary profit sharing contribution to eligible employees who have completed 1,000 hours of service and are actively employed on the last day of the Plan year. Participants who die, become disabled, or reach normal retirement age during the year are also eligible to share in the discretionary profit sharing contribution. This contribution is allocated to each eligible participant's account in the ratio that each participant's compensation bears to the compensation of all eligible participants. For the year ended December 31, 2016, the Company did not make a discretionary profit sharing contribution.

All contributions are allocated to the Plan's investment funds at the direction of the participants. Participants may also contribute rollover contributions from other qualified plans.

Participant accounts

Each participants account is credited with the participant's elective deferral contributions and an allocation of (a) the Company's contribution (discretionary matching and profit sharing), if any, (b) an allocation of fund earnings or losses, and (c) administrative expenses, if any. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their elective deferral contributions plus actual earnings thereon. Employer contributions (discretionary matching and profit sharing), and earnings thereon become vested as follows:

Years of service	%
Less than 2	0%
2	33%
3	67%
4 or more	100%

Additionally, the balance in a participant's employer contribution account becomes fully vested and non-forfeitable upon the occurrence of the following events:

- Participant's death;
- Participant becomes disabled, as defined under the Plan;
- Participant's normal retirement date; or
- Termination or partial termination of the Plan.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of (i) $50,000 or (ii) 50% of their vested account balance. Loan terms range up to a maximum of 5 years (10 years if used for the purchase of a principal residence). The loans are secured by the remaining balance in the participant's account and bear a reasonable rate of interest commensurate with local prevailing rates at the date the loan is granted, as determined by the Plan administrator. Principal and interest payments are paid ratably through payroll deductions.

Note A – Plan description (continued)

Notes receivable from participants (continued)

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payments of benefits

Benefits to participants or beneficiaries generally are payable as a lump sum equal to the value of their vested account balance upon retirement, disability, death or termination of the participant. Additionally, participants may request in-service withdrawals upon attainment of age 59 ½, or upon incurring a financial hardship, as defined in the Plan document, if certain criteria are met.

Forfeitures

When certain terminations of participation occur, the non-vested portion of a participant's account represents forfeiture. Forfeitures are used to reduce future employer contributions, can be used to pay administrative expenses of the Plan, or are reallocated to participants as a profit sharing contribution. For the year ended December 31, 2016, $3,346 was used to pay administrative expenses of the Plan. As of December 31, 2016 and 2015, unutilized forfeitures totaled $1,949 and $5,036, respectively.

Note B – Summary of accounting policies

Basis of accounting

The financial statements are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ significantly from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the next dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note B – Summary of accounting policies (continued)

Payment of benefits
Benefits are recorded when paid.

Administrative expenses
All administrative expenses related to record keeping and trustee fees may be paid out of the Plan unless paid by the Employer. For the year ended December 31, 2016, the Plan paid all administrative expenses.

New accounting pronouncements
In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. ASU 2015-12 simplifies the required disclosures related to employee benefit plans. Part I eliminates the requirement to measure and disclose the fair value of fully benefit-responsive contracts. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirement to disclose individual investments which comprise 5% or more of total net assets available for benefits, as well as the net appreciation or depreciation of fair values by type. Part II also requires plans to continue to disaggregate investments that are measured using fair value by general type; however plans are no longer required to also disaggregate investments by nature, characteristics and risks. Furthermore, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. The Plan adopted certain provisions of Part II of ASU 2015-12 retrospectively as of December 31, 2016, and Parts I and III do not apply to the Plan and will not be adopted.

The adoption of the new accounting standard did not have a significant impact on the Plan's financial statements and the related notes to the Plan's financial statements.

Note C – Investments

The Plan administrator has elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2016 and 2015.
- Net investment loss and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2016.
- Schedule H, part IV, line 4i - schedule of assets (held at end of year) as of December 31, 2016.

Note D – Fair value measurements

The Plan follows a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Transfers between levels are recognized on the actual date of the event resulting in the transfer. The three levels of the fair value hierarchy are described below:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds

Mutual funds are valued at the quoted fair market value of shares held by the Plan at year end. Some funds have short term trading fees, but there are no restrictions on redemption.

Common collective trust

The common collective trust is composed primarily of full benefit-responsive investment contracts that are valued at the net asset value (NAV) of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value and is based on the underlying assets owned by the fund, less its liabilities, divided by the number of units outstanding. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note D – Fair value measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement. The fair values presented in the hierarchy tables are intended to permit reconciliation of the fair value hierarchy to the investments at fair value as presented in the Statement of Net Assets Available for Benefits.

Total assets at fair value	$ 7,118,685	$ -	$ -	$ 7,430,574

Note E – Related party transactions

Certain Plan investments are shares/units of mutual funds and a common collective trust offered by the Trustee. These transactions qualify as party-in-interest transactions. Additionally, the Plan maintains notes receivable from participants. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note F – Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminated, participants would become 100% vested in the Company contribution portion of their account.

Note G – Tax status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Company believes the Plan is designed and is being operated in compliance with the applicable provisions with the IRC. The Company is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

Note G – Tax status (continued)

Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note H – Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note I – Subsequent events

Management has evaluated subsequent events through October 10, 2017, the date the financial statements were available to be issued.
