To the Plan Administrator
Jupiter Island Holdings, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Jupiter Island Holdings, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by American United Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental schedule of assets (held at end of year) as of December 31, 2016, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of Plan

The following description of the Jupiter Island Holdings, Inc. (the Club) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan that provides for contributions made under salary deferral agreements pursuant to Section 401(k) of the Internal Revenue Code (the Code). The Plan covers all employees of the Club, except for those covered by a collective bargaining agreement and nonresident aliens, who are at least 21 years of age and have completed not less than 1,000 hours of service during their first 12 months of employment or any subsequent year. The Plan Administrator is responsible for oversight of the Plan. The 401(k) Plan Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. American United Life Insurance Company (AUL) serves as trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Eligible participants may make salary deferral contributions in any percentage from 1% of eligible compensation, as defined in the Plan, up to limits according to the Internal Revenue Service (IRS), which for 2016 was $18,000. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. In addition, employees who have attained age 50 before the end of the Plan year may make catch-up contributions up to limits defined by the IRS, which for 2016 was $6,000.

The Club contributes a discretionary match and may limit the deferral contributions matched to a specified percentage of compensation or limit the amount of the match to a specified dollar amount. The Club provided a 100% match of participant deferrals up to 4.5% of eligible compensation for the year ended December 31, 2016. Participants are eligible for the discretionary matching contribution only upon making pretax contributions. Contributions are subject to limitations as provided in the Code and as described in the Plan.

Investment options: Upon enrollment in the Plan, a participant may direct contributions in any of the 29 investment options. Participants may change their investment options at any time via the Internet or the telephone.

Participant accounts: Each participant's account is credited with the participant's contributions, the Club's discretionary matching contribution, if any, and an allocation of Plan earnings. Each participant's account is charged with allocations of administrative expenses and Plan losses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Vesting in the Club's discretionary matching contribution portion of their accounts plus actual earnings thereon occurs under the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2	25%
3	50%
4	75%
5	100%

Note 1. Description of Plan (Continued)

Upon severance of employment as a result of death or disability or upon reaching normal retirement age, a participant becomes 100% vested.

Payment of benefits: Upon termination of service due to death, disability, retirement or for any other reason, the participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account under several options. A participant may defer paying tax by electing a rollover distribution. A participant may also elect to receive a single lump-sum payment, subject to the 20% withholding for income taxes, or receive installment payments. In the event that the participant's vested account balance is less than $1,000, the Plan Administrator may make a single lump-sum payment without the election or request of the participant.

Forfeitures: Forfeitures are used to reduce the Club's contributions or to pay Plan expenses. As of December 31, 2016 and 2015, there were no forfeited non-vested accounts, and $5,894 of forfeitures were used to reduce the Club's contributions in 2016.

Notes from participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance for limited purposes as described in the loan policy. Participants may not have more than one loan outstanding at any time. Loan terms range up to five years, or longer if used to purchase a primary residence. The loans are collateralized by the vested balance in the participant's account and bear interest at a fixed rate commensurate with local prevailing rates at the date of the loan, as determined by the Plan Administrator. The rate on loans outstanding is 4.25% as of December 31, 2016, which mature through 2021. Principal and interest are paid ratably and biweekly through payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Plan Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2. Summary of Significant Accounting Policies (Continued)

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions: Contributions from Plan participants and the discretionary matching contributions from the Club are recorded in the year in which the participant contributions are withheld from amounts paid. All participant and Club contributions are participant-directed. Participant contributions in excess of amounts allowed by regulation are recorded as a liability with a corresponding reduction in contributions.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Club and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 5, 2017, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Trustee

The following is a summary of the Plan's asset information as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by AUL, the trustee under the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets and activity is complete and accurate to the best of their knowledge. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedule related to the following assets as of December 31, 2016 and 2015:

	2016	2015
Investments at fair value:		
Registered investment companies	$ 5,560,905	$ 5,456,773
Investment at contract value:		
Guaranteed investment contract	$ 597,836	$ 440,513
Notes from participants	$ 55,648	$ 22,131

AUL, the trustee, has also certified the completeness and accuracy of $444,111 of net appreciation in fair value of investments, $9,209 of interest and dividend income related to the aforementioned plan assets for the year ended December 31, 2016.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Note 4. Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the best level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2016 and 2015:

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 5,560,905	$ -	$ -	$ 5,560,905

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 5,456,773	$ -	$ -	$ 5,456,773

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Note 5. Fully Benefit-Responsive Investment Contract

The Plan has a traditional, fully benefit-responsive guaranteed investment contract with AUL, which includes a fixed interest investment option that is reported at contract value. AUL maintains the contributions in a general account. The account is credited with contributions, earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligation may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract.
Examples of such events include the following:

1. Aggregate terminations in any contract year exceeding 20% of the full contract value

2. Plan termination or merger

3. Liquidation of the contract

4. Insolvency of the Plan Sponsor

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. Plan rejects a modification to this contract that is proposed by contract issuer

2. Contract issuer has ceased issuing new contracts of this type and intend to terminate substantially all contracts similar in nature

3. The Plan continues to be operated or administered in a manner that is determined to disqualify the Plan, is unlawful, violates ERISA or the IRS, or exposes contract issuer to potential liability, after Plan is provided with at least 30 days' notice

4. The Plan Sponsor files for protection under federal bankruptcy law, is deemed insolvent, closes, or shuts down its business or ceases operations.

5. After the first 3 Contract years have elapsed, the aggregate account value under this contract totals less than $100,000.

Note 6. Related Party and Parties-in-Interest Transactions

AUL is the trustee of the Plan, therefore, transactions with the trustee qualify as party-in-interest transactions. Fees paid by the Plan to the trustee totaled $492 for the year ended December 31, 2016. The Club also paid certain administrative expenses of the Plan.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Club has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 8. Income Tax Status

Effective September 15, 2014, the Plan adopted a non-standardized form of a prototype plan sponsored by AUL. The prototype plan has received an opinion letter from the Internal Revenue Service dated March 31, 2014, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt. The Plan was restated on September 15, 2015, with an effective date of January 1, 2015.

GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2016 and 2015:

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
