INDEPENDENT AUDITOR'S REPORT

To the Administrator of the
Cadillac Rubber and Plastics, Inc.
Employees Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Cadillac Rubber and Plastics, Inc. Employees Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2016, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016

NOTE A - DESCRIPTION OF PLAN

The following description of the Cadillac Rubber and Plastics, Inc. Employees Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all employees of the Company who have attained age eighteen, work twenty-five hours or more per week, and who have completed ninety days of continuous service. The Plan was established in August of 2006, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

2. Participant Contributions

Participants may contribute up to 50 percent (to a maximum of \$18,000 if under age 50 and \$24,000 if age 50 or older) of their annual wages. Each participant can select the type of investments held in their own voluntary contribution account (directed investment account).

3. Employer Contributions

Eligible employees who have completed ninety days of service and are at least age 18 will receive a match. The Company makes nondiscretionary contributions of 100% of the first 3% of participant contributions but not to exceed more than 3% of each participant's compensation for a given plan year.

The Company may contribute an additional discretionary amount which shall be proportionately allocated among participants according to compensation level. There were no discretionary profit-sharing contributions for 2016 and 2015.

4. Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Company's contribution and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest rates between 4.25% and 9.25%, which are commensurate with local prevailing rates. Principal and interest is paid ratably through bi-weekly payroll deductions.

6. Vesting

Participants are immediately vested in their voluntary contributions and employer contributions plus actual earnings thereon.

7. Payment of Benefits

On termination of service due to death, retirement or termination, the participant or the participant's beneficiary receives the value of the funds allocated to his account in the form of a lump sum payment or installments.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016

8. Forfeited Accounts

There are no forfeitures due to 100% vesting of salary deferrals, rollover contributions, and company match.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements and schedules of the Plan are prepared on the accrual basis of accounting.

2. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, trustees, and insurance company. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principle balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

5. Payment of Benefits

Benefits are recorded when paid.

6. Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

7. Subsequent Events

The Plan has evaluated subsequent events through October 10, 2017, the date in which the financial statements were available to be issued.

NOTE C - CERTIFIED FINANCIAL DATA & INVESTMENTS

The following is a summary of the unaudited information regarding the Plan as of December 31, 2016 and 2015, and for the years then ended, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

* Represents investments that compose 5% or more of the Plan's net assets at the beginning of the plan year. The information included in the Schedule of Assets (Held at End of Year) on page 13 was also prepared from information certified by the trustee.

Net Appreciation (Depreciation) in Fair Value of Investments	1,555,729	(203,138)

During the year ending December 31, 2016, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$1,555,729. Of this change, \$840,120 took place in the Pooled Separate Accounts, \$667,240 took place in mutual funds and the remaining \$48,369 was from other investment earnings.

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled Separate Accounts: Prudential Retirement Insurance and Annuity Company (PRIAC) separate accounts are measured via units. When Prudential invests in an alliance fund, they buy shares, which have a stated value, to create a Separate Account. When an individual chooses one of their separate accounts for

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016

their retirement savings, they own units of the separate account. The value of the participant portion of PRIAC's Separate Account is the net unit value (NUV) multiplied by the number of units the participant owns. The value of the portion of the mutual fund owned by the Separate Account is determined by multiplying the net asset value (NAV) by the number of shares owned. The NUV includes dividends and capital gains that are automatically reinvested for the pooled market value separate account and deducts a small Prudential charge for administering the account. The daily changes in the pooled market value separate account's NUV represents the pooled market value separate account's performance.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Insurance Company General Account (unallocated contracts): Guaranteed investment contracts (GIC) are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. Prudential's Guaranteed Income Fund is an insurance company issued Evergreen Group Annuity with no maturity date and interest rates are reviewed on a semi-annual basis. The contract value represents deposits made to the contract, plus earnings at guaranteed rates, less withdrawals and fees. It is not a traditional GIC and therefore there are not any known cash flows that could be discounted. The contract value is the amount payable on demand at the reporting date, and therefore, the contract value is also the fair market value to be disclosed.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016

NOTE E – RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, manages certain Plan investments. Therefore, these transactions qualify as party in interest transactions and are denoted as such on the supplemental Schedule of Assets (Held at End of Year).

The Plan engaged in transactions involving Prudential Retirement Insurance and Annuity Company, the Plan's administrator and trustee, Baird, Cotter and Bishop, P.C., the Plan auditor, and Cadillac Rubber & Plastics, Inc., the Plan sponsor, which are party in interest with respect to the Plan. These transactions are not considered "prohibited transactions" under the Internal Revenue Code and are not prohibited by ERISA.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE G - TAX STATUS

The Internal Revenue Service has ruled in a determination letter that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - RISKS AND UNCERTAINTIES

The Plan provides for investment options in various investment securities. Investments securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – GROUP ANNUITY CONTRACT WITH EVERGREEN INSURANCE GROUP

During 2016 and 2015, the Plan held an interest in a traditional fully benefit-responsive guaranteed investment contract with Evergreen Insurance Group totaling \$10,950,896 for December 31, 2016 and \$10,501,700 for December 31, 2015. Prudential Retirement Insurance and Annuity Company maintains the contributions in a general account, Guaranteed Income Fund. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and is reviewed on an annual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Prudential Retirement Insurance and Annuity Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Generally there are not any events that could limit the ability of the plan to transact at contract value paid within 90 days or contract value paid over time.

In addition, there are not any events that allow the issuer to terminate the contract and which require the plan sponsor to settle at an amount different than contract value paid either within 90 days or over time.

INDEPENDENT AUDITOR'S REPORT

To the Administrator of the
Cadillac Rubber and Plastics, Inc.
Employees Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Cadillac Rubber and Plastics, Inc. Employees Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2016, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016

NOTE A - DESCRIPTION OF PLAN

The following description of the Cadillac Rubber and Plastics, Inc. Employees Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all employees of the Company who have attained age eighteen, work twenty-five hours or more per week, and who have completed ninety days of continuous service. The Plan was established in August of 2006, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

2. Participant Contributions

Participants may contribute up to 50 percent (to a maximum of \$18,000 if under age 50 and \$24,000 if age 50 or older) of their annual wages. Each participant can select the type of investments held in their own voluntary contribution account (directed investment account).

3. Employer Contributions

Eligible employees who have completed ninety days of service and are at least age 18 will receive a match. The Company makes nondiscretionary contributions of 100% of the first 3% of participant contributions but not to exceed more than 3% of each participant's compensation for a given plan year.

The Company may contribute an additional discretionary amount which shall be proportionately allocated among participants according to compensation level. There were no discretionary profit-sharing contributions for 2016 and 2015.

4. Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Company's contribution and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest rates between 4.25% and 9.25%, which are commensurate with local prevailing rates. Principal and interest is paid ratably through bi-weekly payroll deductions.

6. Vesting

Participants are immediately vested in their voluntary contributions and employer contributions plus actual earnings thereon.

7. Payment of Benefits

On termination of service due to death, retirement or termination, the participant or the participant's beneficiary receives the value of the funds allocated to his account in the form of a lump sum payment or installments.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016

8. Forfeited Accounts

There are no forfeitures due to 100% vesting of salary deferrals, rollover contributions, and company match.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements and schedules of the Plan are prepared on the accrual basis of accounting.

2. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, trustees, and insurance company. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principle balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

5. Payment of Benefits

Benefits are recorded when paid.

6. Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

7. Subsequent Events

The Plan has evaluated subsequent events through October 10, 2017, the date in which the financial statements were available to be issued.

NOTE C - CERTIFIED FINANCIAL DATA & INVESTMENTS

The following is a summary of the unaudited information regarding the Plan as of December 31, 2016 and 2015, and for the years then ended, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

* Represents investments that compose 5% or more of the Plan's net assets at the beginning of the plan year. The information included in the Schedule of Assets (Held at End of Year) on page 13 was also prepared from information certified by the trustee.

Net Appreciation (Depreciation) in Fair Value of Investments	1,555,729	(203,138)

During the year ending December 31, 2016, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$1,555,729. Of this change, \$840,120 took place in the Pooled Separate Accounts, \$667,240 took place in mutual funds and the remaining \$48,369 was from other investment earnings.

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled Separate Accounts: Prudential Retirement Insurance and Annuity Company (PRIAC) separate accounts are measured via units. When Prudential invests in an alliance fund, they buy shares, which have a stated value, to create a Separate Account. When an individual chooses one of their separate accounts for

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016

their retirement savings, they own units of the separate account. The value of the participant portion of PRIAC's Separate Account is the net unit value (NUV) multiplied by the number of units the participant owns. The value of the portion of the mutual fund owned by the Separate Account is determined by multiplying the net asset value (NAV) by the number of shares owned. The NUV includes dividends and capital gains that are automatically reinvested for the pooled market value separate account and deducts a small Prudential charge for administering the account. The daily changes in the pooled market value separate account's NUV represents the pooled market value separate account's performance.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Insurance Company General Account (unallocated contracts): Guaranteed investment contracts (GIC) are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. Prudential's Guaranteed Income Fund is an insurance company issued Evergreen Group Annuity with no maturity date and interest rates are reviewed on a semi-annual basis. The contract value represents deposits made to the contract, plus earnings at guaranteed rates, less withdrawals and fees. It is not a traditional GIC and therefore there are not any known cash flows that could be discounted. The contract value is the amount payable on demand at the reporting date, and therefore, the contract value is also the fair market value to be disclosed.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016

NOTE E – RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, manages certain Plan investments. Therefore, these transactions qualify as party in interest transactions and are denoted as such on the supplemental Schedule of Assets (Held at End of Year).

The Plan engaged in transactions involving Prudential Retirement Insurance and Annuity Company, the Plan's administrator and trustee, Baird, Cotter and Bishop, P.C., the Plan auditor, and Cadillac Rubber & Plastics, Inc., the Plan sponsor, which are party in interest with respect to the Plan. These transactions are not considered "prohibited transactions" under the Internal Revenue Code and are not prohibited by ERISA.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE G - TAX STATUS

The Internal Revenue Service has ruled in a determination letter that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - RISKS AND UNCERTAINTIES

The Plan provides for investment options in various investment securities. Investments securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – GROUP ANNUITY CONTRACT WITH EVERGREEN INSURANCE GROUP

During 2016 and 2015, the Plan held an interest in a traditional fully benefit-responsive guaranteed investment contract with Evergreen Insurance Group totaling \$10,950,896 for December 31, 2016 and \$10,501,700 for December 31, 2015. Prudential Retirement Insurance and Annuity Company maintains the contributions in a general account, Guaranteed Income Fund. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and is reviewed on an annual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Prudential Retirement Insurance and Annuity Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Generally there are not any events that could limit the ability of the plan to transact at contract value paid within 90 days or contract value paid over time.

In addition, there are not any events that allow the issuer to terminate the contract and which require the plan sponsor to settle at an amount different than contract value paid either within 90 days or over time.

INDEPENDENT AUDITOR'S REPORT

To the Administrator of the
Cadillac Rubber and Plastics, Inc.
Employees Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Cadillac Rubber and Plastics, Inc. Employees Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2016, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016

NOTE A - DESCRIPTION OF PLAN

The following description of the Cadillac Rubber and Plastics, Inc. Employees Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all employees of the Company who have attained age eighteen, work twenty-five hours or more per week, and who have completed ninety days of continuous service. The Plan was established in August of 2006, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

2. Participant Contributions

Participants may contribute up to 50 percent (to a maximum of \$18,000 if under age 50 and \$24,000 if age 50 or older) of their annual wages. Each participant can select the type of investments held in their own voluntary contribution account (directed investment account).

3. Employer Contributions

Eligible employees who have completed ninety days of service and are at least age 18 will receive a match. The Company makes nondiscretionary contributions of 100% of the first 3% of participant contributions but not to exceed more than 3% of each participant's compensation for a given plan year.

The Company may contribute an additional discretionary amount which shall be proportionately allocated among participants according to compensation level. There were no discretionary profit-sharing contributions for 2016 and 2015.

4. Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Company's contribution and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest rates between 4.25% and 9.25%, which are commensurate with local prevailing rates. Principal and interest is paid ratably through bi-weekly payroll deductions.

6. Vesting

Participants are immediately vested in their voluntary contributions and employer contributions plus actual earnings thereon.

7. Payment of Benefits

On termination of service due to death, retirement or termination, the participant or the participant's beneficiary receives the value of the funds allocated to his account in the form of a lump sum payment or installments.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016

8. Forfeited Accounts

There are no forfeitures due to 100% vesting of salary deferrals, rollover contributions, and company match.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements and schedules of the Plan are prepared on the accrual basis of accounting.

2. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, trustees, and insurance company. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principle balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

5. Payment of Benefits

Benefits are recorded when paid.

6. Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

7. Subsequent Events

The Plan has evaluated subsequent events through October 10, 2017, the date in which the financial statements were available to be issued.

NOTE C - CERTIFIED FINANCIAL DATA & INVESTMENTS

The following is a summary of the unaudited information regarding the Plan as of December 31, 2016 and 2015, and for the years then ended, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

* Represents investments that compose 5% or more of the Plan's net assets at the beginning of the plan year. The information included in the Schedule of Assets (Held at End of Year) on page 13 was also prepared from information certified by the trustee.

Net Appreciation (Depreciation) in Fair Value of Investments	1,555,729	(203,138)

During the year ending December 31, 2016, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$1,555,729. Of this change, \$840,120 took place in the Pooled Separate Accounts, \$667,240 took place in mutual funds and the remaining \$48,369 was from other investment earnings.

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled Separate Accounts: Prudential Retirement Insurance and Annuity Company (PRIAC) separate accounts are measured via units. When Prudential invests in an alliance fund, they buy shares, which have a stated value, to create a Separate Account. When an individual chooses one of their separate accounts for

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016

their retirement savings, they own units of the separate account. The value of the participant portion of PRIAC's Separate Account is the net unit value (NUV) multiplied by the number of units the participant owns. The value of the portion of the mutual fund owned by the Separate Account is determined by multiplying the net asset value (NAV) by the number of shares owned. The NUV includes dividends and capital gains that are automatically reinvested for the pooled market value separate account and deducts a small Prudential charge for administering the account. The daily changes in the pooled market value separate account's NUV represents the pooled market value separate account's performance.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Insurance Company General Account (unallocated contracts): Guaranteed investment contracts (GIC) are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. Prudential's Guaranteed Income Fund is an insurance company issued Evergreen Group Annuity with no maturity date and interest rates are reviewed on a semi-annual basis. The contract value represents deposits made to the contract, plus earnings at guaranteed rates, less withdrawals and fees. It is not a traditional GIC and therefore there are not any known cash flows that could be discounted. The contract value is the amount payable on demand at the reporting date, and therefore, the contract value is also the fair market value to be disclosed.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016

NOTE E – RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Prudential Retirement Insurance and Annuity Company, the trustee of the Plan, manages certain Plan investments. Therefore, these transactions qualify as party in interest transactions and are denoted as such on the supplemental Schedule of Assets (Held at End of Year).

The Plan engaged in transactions involving Prudential Retirement Insurance and Annuity Company, the Plan's administrator and trustee, Baird, Cotter and Bishop, P.C., the Plan auditor, and Cadillac Rubber & Plastics, Inc., the Plan sponsor, which are party in interest with respect to the Plan. These transactions are not considered "prohibited transactions" under the Internal Revenue Code and are not prohibited by ERISA.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE G - TAX STATUS

The Internal Revenue Service has ruled in a determination letter that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - RISKS AND UNCERTAINTIES

The Plan provides for investment options in various investment securities. Investments securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – GROUP ANNUITY CONTRACT WITH EVERGREEN INSURANCE GROUP

During 2016 and 2015, the Plan held an interest in a traditional fully benefit-responsive guaranteed investment contract with Evergreen Insurance Group totaling \$10,950,896 for December 31, 2016 and \$10,501,700 for December 31, 2015. Prudential Retirement Insurance and Annuity Company maintains the contributions in a general account, Guaranteed Income Fund. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and is reviewed on an annual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2016

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Prudential Retirement Insurance and Annuity Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Generally there are not any events that could limit the ability of the plan to transact at contract value paid within 90 days or contract value paid over time.

In addition, there are not any events that allow the issuer to terminate the contract and which require the plan sponsor to settle at an amount different than contract value paid either within 90 days or over time.
