Note 1 - Description of the Plan and Significant Accounting Policies

The following description of Colorado Premium Foods 401(k) Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 2008, and amended March 15, 2015. The Plan is available to employees age 21 years or older who have completed 30 days of service, unless they are a non-resident alien and received no earned income from within the United States. Plan entry is the first day of each month coinciding with or after meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The shareholders of Colorado Premium Foods (the "Company") administer the Plan. American National Insurance Company ("American National") served as trustee, managed Plan assets, and maintained the Plan's records through March 13, 2015. From March 14, 2015 to the present, Ascensus Trust Company ("Ascensus") serves as trustee, manages Plan assets, and maintains the Plan's records. Ascensus offers Plan participants a variety of investment options through various mutual funds. Individual accounts are invested in the various investment options at the direction of the participants.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted the United States of America ("GAAP").

Contributions

Participants may make before-tax and after-tax contributions up to 100% of their annual eligible compensation, not to exceed limits established by the IRS, which is adjusted annually by the Secretary of the Treasury for inflation. This maximum percentage may be reduced by the Plan administrator in certain circumstances. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions.

The Company makes a Safe Harbor matching contribution of 100% of elective deferrals up to 3% of eligible compensation, plus 50% of elective deferrals that exceed 3% of eligible compensation but not to exceed 5% of eligible compensation. These are funded on an annual basis, and are fully vested when contributed. For the year ended December 31, 2016, the Company contributed $375,776 in Safe Harbor matching contributions.

Participants' Accounts

Each participant's account is credited or charged with the participant's contribution and an allocation of the Company's contribution, Plan earnings or losses, forfeitures, and Plan expenses. Allocations are based upon Plan earnings or losses and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Vesting

Participants are immediately 100% vested in their voluntary contributions, allocated earnings or losses thereon, and any qualified employer matching contributions.

Any employer non-elective profit-sharing contributions (including forfeitures), and the earnings or losses thereon not fully vested when contributed will vest as follows:

Years of Service	Vested Interest
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

A participant's account becomes 100% vested upon death, attaining normal retirement age (the age of 65 or, if later, the fifth anniversary date of the first day of the Plan year during which the participant entered the Plan), retirement due to disability, or if the Plan is terminated.

Participant Loans Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are secured by the vested balances in the participants' accounts and bear interest at rates that range from 3.25% to 4.71%. Interest rates are computed using the prime rate as specified in *The Wall Street Journal* at loan origination. Loans mature at various dates through June 2021. Principal and interest are paid ratably through payroll deductions. Participant loans are recorded in the financial statements at amortized cost plus accrued interest.

Payment of Benefits

Upon termination of service, death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested account balance or annual installments over a period as defined by the Plan. Upon termination of employment, participants with balances less than $1,000 will receive the value of the vested account balance as a lump-sum distribution. Accounts with balances greater than $1,000 are not required to take a distribution from the Plan until the required distribution rules apply. However, the Plan may choose to immediately distribute a participant's balance if they have separated from service and reached age 65. Benefits are recorded when paid.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Participant Termination and Forfeitures

If at the time of termination of employment the participant is not 100% vested, the non-vested portion ("forfeitures") of the participant's account shall be placed in a separate account. Forfeitures from employer profit-sharing contributions can be used to reduce employer contributions or be used to pay the Plan's administrative expenses. The balance of this account at December 31, 2016 and 2015 was $20 and $37, respectively, and $37 of forfeitures were used during 2016.

Valuation of Investments and Income Recognition

Investments are recorded at fair value as reported to the Plan by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Investments in mutual funds are reported at the last reported sales price at the end of the respective periods using quoted market values.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Risks and Uncertainties (continued)

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

As of December 31, 2016 and 2015, three investments accounted for 41% and 38% of total investments, respectively.

Subsequent Events

The Plan administrator has evaluated all subsequent events through the auditors' report date, which is the date the financial statements were available to be issued.

Evidence of certain operational errors involving the Plan were identified during the 2015 and 2016 audit of the Plan's records. The Company is working with ERISA counsel and Ascensus to confirm the extent of any such errors and to correct any such errors in compliance with the IRS Employee Plans Compliance Resolution System. The Company intends that the correction of the 2015 and 2016 errors will be completed by the end of 2017. The impact of the errors are not expected to be material to the financial statements.

Note 2 - Assets Certified by the Trustee

Ascensus has certified in writing to the Plan administrator that the stated amounts for investments at fair value and participant loans at amortized cost as of December 31, 2016 and 2015, and the income earned or losses incurred on these assets for the year ended December 31, 2016, as reflected in the accompanying financial statements and the supplemental schedule of assets (held at end of year), are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets (held at end of year).

Note 3 - Fair Value Accounting

GAAP requires disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value on a recurring basis.

Assets at fair value as of December 31, 2016 are as follows:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,047,976	$ -	$ -	$ 3,047,976

Assets at fair value as of December 31, 2015 are as follows:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,059,045	$ -	$ -	$ 2,059,045

There were no changes to the valuation techniques used during the years ended December 31, 2016 and 2015 or transfers between fair value hierarchy levels.

Note 4 - Income Taxes

The Plan did not obtain a Plan-specific determination letter as it operates with the trustee's determination letter dated March 31, 2014, which was issued on the basic Plan document. The Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the Internal Revenue Code.

Note 4 - Income Taxes (continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan. The Plan pays for direct expenses such as trustee fees, outside advisory, and compliance.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or the participant's beneficiary.

Note 7 - Related Party and Party-in-Interest Transactions

The Plan provides for loans to participants, which are party-in-interest transactions that are exempt from the prohibited transaction rules.

Note 8 - Reconciliation to Form 5500

Contributions and receivables for financial reporting purposes differ from amounts shown on the Plan's Form 5500 for the year ended December 31, 2016 due to the accrual of employer contributions paid to the Plan subsequent to year-end.
