Independent Auditor's Report

The Administrator
New York Mets Employee Savings Plan

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of New York Mets Employee Savings Plan which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015; the related statements of changes in net assets available for benefits for the years ended December 31, 2016 and 2015; and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. However, because of the matter described in the Basis for Disclaimer of Opinion paragraph, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended, the Plan Administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 4 which was certified by Fidelity Management Trust Company, the Trustee of the Plan except for comparing such information with the related information included in the financial statements. I have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2016 and 2015, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matter - Report on Supplemental Schedule

The supplemental schedule as of the year ended December 31, 2016 as listed in the Table of Contents are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended. It is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph herein, I do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended.

Note 1 Description of Plan

The following description of the New York Mets Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description, the Plan Document and the Adoption Agreement for a more complete description of the Plan's provisions.

General The Plan, established by Sterling Mets, L.P., is a defined contribution 401(k) plan covering all eligible employees employed by the employer or affiliate employers (together the "Employer" or "Administrator") that have adopted the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Eligible employees exclude: those who fail to meet the six months service requirement; those who are under age twenty one; those who are participants in the Major League Baseball Players Benefit Plan; those who are Minor League baseball players; those who are covered by collective bargaining agreements; and those, who are seasonal employees, or paid on a per-day or per-game basis, unless such person is credited with a minimum of 1,000 hours of service in the twelve-month period after becoming an employee, or in any Plan year thereafter.

Employee Contributions Each year, participants may authorize the Employer to withhold up to 100% (to a maximum of $18,000 in 2016 and 2015) of eligible compensation for contribution to the Plan. Eligible compensation is statutorily limited to $265,000 in 2016 and 2015. Participants more than 50 years of age, may make an additional annual "catch up" contribution. The maximum annual catch up contribution for 2015 and 2014 is $6,000 and $5,500, respectively. Participants also may contribute rollover amounts representing distributions or distributable amounts from other qualified retirement plans. Participants may elect to contribute all or a portion of their elective contributions to the Plan as pre-tax elective deferrals or after tax Roth contributions.

Employer Contributions The Employer is obligated to contribute a matching contribution equal to 50% of each participant's contribution. Participant contributions in excess of 6% of participant eligible compensation are excluded when calculating the required Employer matching contribution. Catch up contributions and rollover contributions are not eligible for Employer matching. In addition, for all eligible employees hired after January 1, 2016 the Employer is further obligated to contribute a fixed percentage employer contribution of 3% of eligible compensation. Additional matching amounts may be contributed to the Plan solely at the option of the Employer.

Participant Accounts Each participant's Plan account is credited with the participant's contributions and allocations of his or her Employer's contributions, including any earnings or losses thereon, and may be charged with an allocation of certain administrative expenses, if any. Allocations of earnings or losses are based on participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested Plan balance.

Vesting Participants are immediately 100% vested in their own contributions plus earnings or losses thereon. Employer matching, required 3% fixed percentage and discretionary contributions, plus any earnings or losses thereon, vest based on years of service. For these amounts, a participant becomes 100% vested, in 20% increments, over a period of one through five years of service. Also, for these amounts, a participant becomes 100% vested upon normal retirement age 65, total disability, death, termination or partial termination of the Plan. In general, a participant who terminates employment with the Employer before becoming fully vested in their Plan account balance will forfeit the unvested portion of their account balance.

Note 1 Description of Plan (continued)

Forfeitures Forfeitures of the non-vested portion of terminated participants' Plan accounts may be applied to reduce Employer contributions or pay Plan administrative expenses. Activity arising from forfeitures of terminated participants' non-vested account balances for the years ended December 31, 2016 and 2015 was:

	2016	2015
Forfeiture balance available - beginning of year	$ 5,000	$ 59,000
Increase arising from forfeitures of terminated participants' non-vested account balances	33,000	17,000
Amount refunded for administrative expenses	1,000	13,000
Amount applied to reduce Employer contributions	(15,000)	(84,000)
Forfeiture balance available - end of year	$ 24,000	$ 5,000

Participant Loans Participants may borrow from their Plan account, in general, up to an amount equal to the lesser of $50,000 or 50% of their vested account balance. The minimum permitted loan is $1,000. Loans are collateralized by the balance in the participant's Plan account. Principal and interest are to be paid ratably by the participant through payroll deductions and are credited to the participant's Plan account. Loan origination fees, if any, are charged directly to the participant's account.

Hardship Distributions Participants may request a distribution of all or a portion of their vested Plan account balance in the event of certain defined financial hardships, provided such request is for at least $500. Participants must first exhaust all other reasonably available resources before becoming eligible for hardship distributions.

In-service Distributions Participants who have attained age 59 ½ may request an in-service distribution of all or a portion of their vested Plan account balance, provided such request is for at least $500.

Payment of Benefits Upon termination of service due to death, disability or retirement, a participant generally may elect to defer distribution, or receive either a lump sum amount or installments equal to the vested value in his or her account.

Tax Status The Internal Revenue Service has issued an advisory letter to the sponsoring organization of the volume submitter plan adopted by the Employer opining that the form of the volume submitter plan and related trust are designed in accordance with applicable tax qualification and tax exemption sections of the Internal Revenue Code of 1986, as amended (the "Code"). The volume submitter plan has been amended since receiving the advisory letter. The Employer is not required, and has not sought, to apply for its own determination letter with regard to the tax qualification of the Plan. The Employer believes that the Plan is designed and currently is being operated in compliance with the applicable requirements of the Code. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Investment Options Upon enrollment in the Plan, participants may direct the investment of contributions made on their behalf and may transfer the investment of Plan account balances among approximately 30 investment options, primarily registered investment companies ("mutual funds"). The Employer, or its delegate, may add or subtract from the list of investment options from time to time. When employees direct their own Plan account investments, their Plan accounts are allocated earnings or losses reflective of their chosen investments. A participant's Plan account does not share in the investment performance of other participants' Plan accounts.

Plan Termination Although it has not expressed any intent to do so, the Employer has the right to discontinue its contributions and terminate the Plan subject to the provisions of ERISA and the Internal Revenue Code. Should the Plan terminate, participants would become 100% vested in all Plan accounts. Further, under some circumstances (such as a partial Plan termination caused by a significant reduction in Plan participants from one Plan year to the next) Plan participants with respect to whom a partial Plan termination occurs, would become 100% vested in all their Plan accounts.

Note 2 Summary of Significant Accounting Policies

The financial statements of the Plan are prepared using the accrual method of accounting.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires the Plan Administrator to make estimates and assumptions that may affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which removes the requirement to categorize within the fair value hierarchy all investments for which the fair value is measured using the net asset value per share practical expedient. The ASU also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The effective date for non public entities is fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. Early adoption is permitted for all entities. Management has elected to early adopt the provisions of this ASU effective 2015. There was no impact upon financial information currently or previously presented.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*, which is part of the FASB's Simplification Initiative for employee benefit plans. Part I of the ASU designates contract value as the only required measure for fully benefit-responsive investment contracts. Part II of the ASU removes the requirement to disclose individual investments that represent five percent or more of net assets available for benefits; removes the requirement to disclose the net appreciation or depreciation for investments by general type; and removes the requirement to disclose investments by class of investments in the fair value disclosures prescribed by FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*. Part III allows for certain amounts to be reported as of the month end date prior to the plan's year end for those year ends that do not fall on a month end. The ASU is effective for all entities for fiscal years beginning after December 15, 2015. Early adoption is permitted for all entities. Management has early adopted the provisions of this ASU effective 2015. Accordingly, (a) fully benefit responsive investments contracts are stated at contract value, (b) the disclosures in Part II for individual investments that represents five percent or more of net assets available for benefits, the net appreciation or depreciation for investments by general type and investments categorized by class in the fair value disclosures have been eliminated. Part III had no impact on the Plan's financial statements.

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Attributes that are specific to an asset or liability, such as restrictions on the asset's sale, need to be considered when measuring fair value, if market participants would take those attributes into account when pricing the item. The Plan Administrator determines the Plan's valuation policies utilizing information provided by Fidelity Management Trust Company, the Trustee of the Plan. See Note 3 for a discussion of fair value measurements.

Note 2 Summary of Significant Accounting Policies (continued)

Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Participant loans receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a deemed distribution is recorded.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (or depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits are recorded when paid.

Mutual fund and common collective trust expenses, including investment management and advisory services, are charges against the respective investment vehicle assets and are reflected in the respective investment's share/unit value, dividends and net appreciation or (depreciation) in value of investments.

Certain operating and administrative expenses are absorbed by the Employer, and to that extent, are not reflected in these financial statements.

Certain amounts, classifications and disclosures included in prior years financial statements are, from time to time, restated to conform to the presentation of the current year.

Note 3 Fair Value Plan Investment Measurements

The Plan's investments except for fully benefit-responsive investment contracts are reported at fair value in the accompanying statements of net assets available for benefits.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels.

Level 1 inputs consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date. Level 1 inputs have the highest priority.

Note 3 Fair Value Plan Investment Measurements (continued)

Level 2 inputs include:

- quoted prices for similar, but not identical, assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets (i.e., markets in which there are few transactions for the asset or liability, the prices are not current, price quotations vary substantially, either over time or among market makers, or in which little information is publicly available, for example, a principal-to-principal market);
- inputs other than quoted prices that are observable for the assets or liabilities; and
- inputs that are derived principally from, or corroborated by, observable market data, either by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs have the lowest priority. Level 3 inputs, which are unobservable and significant, are used for fair value measurement only when observable inputs are not available. Thus, these inputs apply when there is little or no market activity for the asset or liability at the measurement date.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used, maximize the use of observable inputs and minimize the use of unobservable inputs.

Appropriate valuation techniques based on the available inputs are used to measure the fair value of the Plan's investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Level 1 Fair Value Measurements - The fair value of all Plan investments in mutual funds (excluding investments measured at contract value) is based on year-end quoted net asset values of the shares held by the Plan, as certified by the Trustee. (See Note 4.) Gains and losses, realized and unrealized, included in changes in net assets available for benefits for the years ended December 31, 2016 and 2015, are reported in net appreciation (or depreciation) in fair value of investments. The Plan's investments in mutual funds are deemed to be actively traded.

Level 2 and Level 3 Fair Value Measurements - No level 2 or level 3 inputs were used by the Plan.

For the years ended December 31, 2016 and 2015 there were no transfers among levels 1, 2 or 3.

The methods described above may produce a fair value measurement that may not be indicative of net realizable value or reflective of future fair values. Further, while the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 Investments and Participant Loans - Certified by Trustee

The December 31, 2016 and 2015 Statements of Net Assets Available for Benefits, the investment and participant loan activities included on the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2016 and 2015, and the related accompanying notes to financial statements were prepared in part or entirely from information certified by Fidelity Management Trust Company, the Trustee of the Plan, for the years ended December 31, 2016 and 2015, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The information certified includes at December 31, 2016 and 2015:

	2016	2015
Investments	$ 25,895,423	$ 22,836,384
Participant loans	306,583	335,284
Appreciation (depreciation) in value of investments		
Mutual funds	797,851	(1,164,320)
Common collective trusts	- 0 -	- 0 -
	797,851	(1,164,320)
Dividends and interest		
Mutual funds	958,537	1,148,210
Common collective trusts	3,828	- 0 -
	962,365	1,148,210
Interest - Participant loans	8,651	11,694

Note 5 Investments at Contract Value - Fully Benefit-Responsive Investment Contracts

Investments include the contract value, $271,264 at December 31, 2016 and $168,401 at December 31, 2015, of the Plan's investment in the Fidelity Advisor Stable Value Portfolio ("Portfolio"), a direct filing entity for a common collective trust whose investment portfolio includes fully benefit responsive investment contracts, as reported by the issuer of the trust fund to the Plan Trustee. For a stable value trust fund, contract value is original cost plus accrued income and deposits, minus withdrawals. For a particular participant in the fund, contract value is equal to the sum of benefits owed to the participant.

The Portfolio's investment objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. To achieve its investment objective, the Portfolio invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements), enters into "wrap" contracts issued by third-parties, and invests in cash equivalents represented by shares in money market funds. Exposure of the Portfolio to wrap credit risk is minimized through, among other means, diversification of the wrap contracts across an approved group of issuers.

The Portfolio's ability to receive amounts due pursuant to these contracts is dependent upon the issuers' ability to meet their financial obligations. The Plan's ability to receive amounts due in accordance with fully benefit responsive investment contracts is dependent on the Portfolio's ability to meet its financial obligations. The Portfolio's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Note 5 Investments at Contract Value - Fully Benefit-Responsive Investment Contracts (continued)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the Portfolio. Nevertheless, certain events might limit the ability of the Plan to transact at contract value with the Portfolio. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code.
- Premature termination of the contracts
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

Certain events allow the Portfolio to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

Note 6 Parties in Interest and Related Party Transactions

Various investments of the Plan are in mutual funds and in units of common collective trusts. These investment vehicles may pay fees for investment advisory services, management or similar services, both to their own related mutual fund family umbrella companies and to other service providers, some of whom may do business with the Plan, the Employer, the Trustee, the Plan Administrator, the custodian or the Plan investment advisors.

Certain principals, officers and employees of the Employer are named fiduciaries of the Plan. They, along with Plan service providers, the Employer and Trustee, are considered "parties in interest" pursuant to definitions within ERISA (and "disqualified persons" within the Code). In general, individuals and companies that do business with the Plan may be defined as parties in interest. Parties in interest may be restricted in their ability to be involved in transactions with the Plan and Plan fiduciaries.

Note 7 Risks, Concentrations and Uncertainties

Future Employer contributions to the Plan are subject to risk arising from concentration in, and financial capacity of, the sources providing those contributions.

Benefits provided by the Plan are not insured by the Pension Benefit Guaranty Corporation under ERISA. Also, the Plan's investments are not equivalent to bank deposits and are not insured or guaranteed by the FDIC. Further, all of the Plan's investments are exposed to various risks, such as interest rate and foreign exchange rate fluctuation, market volatility and credit risk. Accordingly it is at least reasonably possible in the near term, that risks would materially affect future amounts reported in the Statements of Net Assets Available for Benefits, and in the Statements of Changes in Net Assets Available for Benefits; and consequently impact participants' Plan account balances, including vested account values at retirement date or upon another distributable event.

Plan investments may directly or indirectly invest in securities with contractual cash flows. The value, liquidity, and related income of these securities are sensitive to changes in economic conditions and may be adversely affected by shifts in the market's perception of the issuers, a lack of a secondary market and changes in interest rates. Also see Note 5.

Note 8 Income Taxes

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize tax liabilities or assets if the Plan has taken uncertain tax positions that more likely than not, would not be sustained upon examination of the applicable governmental authorities. The Plan Administrator believes there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability, or asset, or disclosure in the financial statements.

The Plan's income tax returns are subject to examination by taxing authorities. With few exceptions, the Plan is no longer subject to examinations by taxing authorities for years before 2013. The application of tax laws and regulations to many types of transactions is susceptible to varying interpretations, and accordingly, amounts and disclosures reported in the financial statements could be changed at a later date upon final determination by the taxing authorities.
