The assets of the Plan were maintained in investment funds held by State Street Bank and Trust Company (State Street) for the period January 1, 2015 through June 30, 2016. For the Period July 1, 2016 through December 31, 2016 the assets of the Plan were maintained and held by Reliance Trust Company, the Trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan Administrator is responsible for oversight of the Plan. Plan management determines the appropriateness of the Plan's investment offerings and monitors the investment performance.

Contributions

Participants may authorize an elective deferred contribution of eligible earnings in 1% increments, up to 90% or the maximum annual contribution limitations as provided by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make Roth elective deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions and any employer matches or discretionary contributions into various investment options offered by the Plan. Participants may change their options on a daily basis.

Prior to July 1, 2016, the Company's match of employee contributions was 40% of the participant's contributions, up to 3% of the employee's eligible compensation each payroll period. Effective July 1, 2016, the Company matches 100% of employee contributions up to the first $500, plus 50% in excess of $500, up to a maximum Company match of $1,200 for the Plan year.

NOTE 1 – DESCRIPTION OF PLAN – Continued

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (*a*) the Company's contribution and (*b*) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions plus earnings thereon. Participants hired on or before June 30, 2016 are immediately 100% vested in the employer's matching contribution plus actual earnings thereon. Participants hired after June 30, 2016 are subject to a 5 year graded vesting schedule. A participant is fully vested after five years of employment service.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump sum distribution equal to the vested balance in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. A participant of at least 59-1/2 years of age may also be eligible to receive in-service distributions subject to other requirements.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum amount of the lesser of $50,000 or 50% of their vested account balance. The maximum loan term is 5 years and may exceed 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest is paid ratably through weekly payroll deductions.

NOTE 1 – DESCRIPTION OF PLAN – Continued

Plan Amendments

Effective July 1, 2016, the Plan was amended to allow entry into the Plan on the first of the quarter upon hire. Previously, there was a requirement of 3 months of service and eligible employees could enroll after criteria was met. Effective July 1, 2016, the Company match calculation was changed to match employee contributions 100% of the first $500, plus 50% in excess of $500, up to a maximum Company match of $1,200 for the Plan year. Previously, the Company's match of employee contributions was 40% of the participant's contributions, up to 3% of the employee's eligible compensation each payroll period. Also, effective July 1, 2016, employees hired after June 30, 2016 are subject to a 5 year graded vesting schedule. A participant is fully vested after five years of employment service. Employees hired prior to July 1, 2016 are immediately 100% vested in the employer's matching contribution plus actual earnings thereon.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's Valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES – Continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant does not make scheduled loan payments and the Plan Administrator considers the loan to be in default, the loan balance is reduced, and the delinquent note receivable is recorded as a benefit payment based on the terms of the Plan Document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company, which include but are not limited to audit fees, investment management advisory fees, and other services. Expenses paid by the Company are excluded from these financial statements. All other administrative costs are paid for using assets of the Plan.

Subsequent Events

Management has evaluated subsequent events through October 9, 2017, which is the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3 – FAIR VALUE MEASUREMENTS – Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – INFORMATION CERTIFIED BY TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certification from the Trustees that all of the information provided by them is complete and accurate.

The following information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained from data that has been prepared and certified as accurate and complete by Reliance Trust Company and State Street Bank and Trust Company, the Trustees, as of and for the years ended December 31, 2016 and 2015, respectively.

	2016	2015
Investments, at Fair Value	$ 4,672,542	$ 4,459,516
Notes Receivable from Participants	$ 169,310	$ 109,143
Investment Income (Loss)	$ 470,787	$ (73,607)
Interest Income on Notes Receivable from Participants	$ 6,115	$ 4,708

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

State Street Bank and Trust Company was the Trustee of the Plan's assets for the period January 1, 2015 through June 30, 2016 and Reliance Trust Company became the trustee of the Plan's assets effective July 1, 2016. As such, transactions between State Street Bank and Trust Company and Reliance Trust Company and the Plan during the periods specified above qualify as party-in-interest transactions. Transactions involving participant loans also qualify as party-in-interest transactions.

NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in the value of their accounts.

NOTE 7 – TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company, through a prototype plan letter dated July 16, 2014, that the Plan and related trust are designed in accordance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
