## 1. Plan Description

The following description of the Business Interiors Profit Sharing and 401(k) Plan (the "Plan"), provides only general information. Participants should refer to the Plan document or summary plan description for a more complete description of the Plan's provisions.

### *General*

The Plan is a defined contribution plan whereby eligible employees of Facilitech, Inc. d.b.a. Business Interiors (the "Company" or "Employer") are permitted to make tax-deferred contributions.

### *Administration*

The Company (the "Plan Administrator") is responsible for the administration and operation of the Plan. Fidelity Workplace Services LLC serves as the Plan's record keeper. Fidelity Management Trust Company (the "Trustee") is responsible for the custody and management of the Plan's assets.

### *Eligibility*

Employees are eligible to participant in the Plan after attaining the age of 21 and completing six months of services. All classifications of the Company are eligible to participate in the Plan upon completion of the eligibility requirements except for residents of Puerto Rico, leased employees, employees whose benefits are governed by a collective bargaining agreement, and nonresident aliens with no income from a U.S. source.

### *Contributions*

The maximum percentage of a participant's annual pretax eligible compensation for deferral is 40%, not to exceed $18,000 ($24,000 for participants age 50 or older) in 2016 as adjusted by the Secretary of Treasury annually. The Company's matching contribution is equal to 25% of the participant's contribution of up to 4% of the participant's compensation. The Company may make discretionary contributions in addition to matching contributions to the Plan each year, as designated by the Board of Directors of the Company. Participants who are employed on the last day of the year and worked 1,000 hours during the Plan year share in the employer discretionary contributions.

### *Participant Accounts*

Each participant account is credited with the participant's and the Company's contributions and an allocation of net plan earnings. Participants may direct the investment of their account balances into various investment options offered by the Plan. Currently, the Plan offers one common collective fund and twenty eight mutual funds as investment options for participants.

### *Vesting*

All participant contributions and related earnings are fully vested. A participant becomes 20% vested in the participant's portion of the Company contributions upon completion of the participant's second year of service, then 20% per year until 100% is reached after six years of service.

***Payment of Benefits***

Upon termination of service, due to death, disability, retirement or separation, a participant receives the vested account balance in a lump-sum distribution or installment payments. If the value of the vested account is greater than $1,000, the participant may elect to defer payment to a later date (but not beyond the participant's normal retirement date).

***Notes Receivable from Participants***

Participants may borrow up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The minimum loan amount is $1,000. Up to two loans are permitted at a time. The loans are secured by the balance in the participant's account and bear interest at the prime rate on the day in which the loan is requested, plus 1%. The loans are repaid ratably through payroll deductions over a period of five years or less for a general-purpose loan or over a period of ten years or less for a primary residence loan. As of December 31, 2016 and 2015, interest rates were 4.50% and 4.25%, respectively.

***Forfeited Accounts***

At December 31, 2016, forfeited non-vested accounts totaled $143. There were no forfeited non-vested accounts at December 31, 2015. Forfeited account balances are used to reduce future Employer contributions or to pay Employer's administrative expenses related to the Plan. During the year ended December 31, 2016, forfeitures of $638 were used to reduce employer contributions.

***Administrative Expenses***

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses paid to investment advisors, transfer agents, and others described in each fund prospectus or other published documents are deducted by the investment funds or accounts prior to the allocation of the Plans' investment earnings activity and are therefore included in net appreciation of fair value of investments.

## 2. Summary of Significant Accounting Policies

***Basis of Accounting***

The financial statements of the Plan have been prepared under the accrual method of accounting.

***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

***Risks and Uncertainties***

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

***Investment Valuation and Income Recognition***

The plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Shares of registered investment companies (mutual funds) are valued at quoted market prices which represent the net asset value (NAV) of shares held by the Plan at each year end. The fair value of investments in the common collective trust is measured by using net asset value (NAV) as a practical expedient to estimate fair value and is determined by each fund trustee at year end based on the fair value of the underlying securities within that trust.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net appreciation in fair value of its investments which consists of realized gains and losses and unrealized appreciation and depreciation on these investments.

***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

***Payment of Benefits***

Benefits are recorded when paid.

***Recent Accounting Pronouncements***

The Plan's management has evaluated the recently issued accounting pronouncements through the date these financial statements were available to be issued and has determined the application of these pronouncements will have no material impact on the Plan's financial position and results of operations.

## 3. Information Certified by the Plan's Trustee (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments, cash, and notes receivable from participants as reflected in the Statements of Net Assets Available for Benefits as of December 31, 2016 and 2015;
- Investment income and interest on participant notes receivable, as reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2016 as follows:

| *Year ended December 31,* | | **2016** |
|---|---|---|
| Interest and dividends | **$** | **177,562** |
| Net appreciation in fair value of investments | **$** | **272,288** |
| Interest income on participant notes receivable | **$** | **6,748** |

- Investment values disclosed in Note 4; and
- Investments, as reflected in Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2016.

The Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

## 4. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, "Fair Value Measurements", establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Basis of Fair Value Measurement

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

***Registered Investment Companies (Mutual Funds)***

Investments in registered investment companies are valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value, as of December 31, 2016 and 2015. As required by ASC 820, assets and liabilities are classified, in their entirety, based on the lowest level of input that is significant to the fair value measurement.

| Total investments measured at net asset value * | | | | 757,879 |
| Total investments at fair value | | | | $ 5,395,934 |

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are provided to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits.

***Fair Value of Measurements in Entities that Use Net Asset Value***

The fair value of the common collective trust fund based on net asset value per share as of December 31, 2016 and 2015 is $671,800 and $757,879, respectively. These investments held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. There are no unfunded commitments.

## 5. Related Party Transactions

Certain Plan investments are managed by the Trustee, as defined by the Plan. These investments qualify as party-in-interest transactions.

## 6. Income Tax Status

The Plan obtained its most recent determination letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated the Plan was in compliance with the applicable requirements of the IRC. Although the most recent determination letter received by the Plan Sponsor does not reflect the latest Plan amendment, the Plan Administrator believes the Plan is currently designed and is operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

## 8. Subsequent Events

We have evaluated subsequent events through October 3, 2017, which is the date the financial statements were available to be issued.

## 1. Plan Description

The following description of the Business Interiors Profit Sharing and 401(k) Plan (the "Plan"), provides only general information. Participants should refer to the Plan document or summary plan description for a more complete description of the Plan's provisions.

### *General*

The Plan is a defined contribution plan whereby eligible employees of Facilitech, Inc. d.b.a. Business Interiors (the "Company" or "Employer") are permitted to make tax-deferred contributions.

### *Administration*

The Company (the "Plan Administrator") is responsible for the administration and operation of the Plan. Fidelity Workplace Services LLC serves as the Plan's record keeper. Fidelity Management Trust Company (the "Trustee") is responsible for the custody and management of the Plan's assets.

### *Eligibility*

Employees are eligible to participant in the Plan after attaining the age of 21 and completing six months of services. All classifications of the Company are eligible to participate in the Plan upon completion of the eligibility requirements except for residents of Puerto Rico, leased employees, employees whose benefits are governed by a collective bargaining agreement, and nonresident aliens with no income from a U.S. source.

### *Contributions*

The maximum percentage of a participant's annual pretax eligible compensation for deferral is 40%, not to exceed $18,000 ($24,000 for participants age 50 or older) in 2016 as adjusted by the Secretary of Treasury annually. The Company's matching contribution is equal to 25% of the participant's contribution of up to 4% of the participant's compensation. The Company may make discretionary contributions in addition to matching contributions to the Plan each year, as designated by the Board of Directors of the Company. Participants who are employed on the last day of the year and worked 1,000 hours during the Plan year share in the employer discretionary contributions.

### *Participant Accounts*

Each participant account is credited with the participant's and the Company's contributions and an allocation of net plan earnings. Participants may direct the investment of their account balances into various investment options offered by the Plan. Currently, the Plan offers one common collective fund and twenty eight mutual funds as investment options for participants.

### *Vesting*

All participant contributions and related earnings are fully vested. A participant becomes 20% vested in the participant's portion of the Company contributions upon completion of the participant's second year of service, then 20% per year until 100% is reached after six years of service.

***Payment of Benefits***

Upon termination of service, due to death, disability, retirement or separation, a participant receives the vested account balance in a lump-sum distribution or installment payments. If the value of the vested account is greater than $1,000, the participant may elect to defer payment to a later date (but not beyond the participant's normal retirement date).

***Notes Receivable from Participants***

Participants may borrow up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The minimum loan amount is $1,000. Up to two loans are permitted at a time. The loans are secured by the balance in the participant's account and bear interest at the prime rate on the day in which the loan is requested, plus 1%. The loans are repaid ratably through payroll deductions over a period of five years or less for a general-purpose loan or over a period of ten years or less for a primary residence loan. As of December 31, 2016 and 2015, interest rates were 4.50% and 4.25%, respectively.

***Forfeited Accounts***

At December 31, 2016, forfeited non-vested accounts totaled $143. There were no forfeited non-vested accounts at December 31, 2015. Forfeited account balances are used to reduce future Employer contributions or to pay Employer's administrative expenses related to the Plan. During the year ended December 31, 2016, forfeitures of $638 were used to reduce employer contributions.

***Administrative Expenses***

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses paid to investment advisors, transfer agents, and others described in each fund prospectus or other published documents are deducted by the investment funds or accounts prior to the allocation of the Plans' investment earnings activity and are therefore included in net appreciation of fair value of investments.

## 2. Summary of Significant Accounting Policies

***Basis of Accounting***

The financial statements of the Plan have been prepared under the accrual method of accounting.

***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

***Risks and Uncertainties***

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

***Investment Valuation and Income Recognition***

The plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Shares of registered investment companies (mutual funds) are valued at quoted market prices which represent the net asset value (NAV) of shares held by the Plan at each year end. The fair value of investments in the common collective trust is measured by using net asset value (NAV) as a practical expedient to estimate fair value and is determined by each fund trustee at year end based on the fair value of the underlying securities within that trust.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net appreciation in fair value of its investments which consists of realized gains and losses and unrealized appreciation and depreciation on these investments.

***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

***Payment of Benefits***

Benefits are recorded when paid.

***Recent Accounting Pronouncements***

The Plan's management has evaluated the recently issued accounting pronouncements through the date these financial statements were available to be issued and has determined the application of these pronouncements will have no material impact on the Plan's financial position and results of operations.

## 3. Information Certified by the Plan's Trustee (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments, cash, and notes receivable from participants as reflected in the Statements of Net Assets Available for Benefits as of December 31, 2016 and 2015;
- Investment income and interest on participant notes receivable, as reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2016 as follows:

| *Year ended December 31,* | | **2016** |
|---|---|---|
| Interest and dividends | **$** | **177,562** |
| Net appreciation in fair value of investments | **$** | **272,288** |
| Interest income on participant notes receivable | **$** | **6,748** |

- Investment values disclosed in Note 4; and
- Investments, as reflected in Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2016.

The Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

## 4. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, "Fair Value Measurements", establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Basis of Fair Value Measurement

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

***Registered Investment Companies (Mutual Funds)***

Investments in registered investment companies are valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value, as of December 31, 2016 and 2015. As required by ASC 820, assets and liabilities are classified, in their entirety, based on the lowest level of input that is significant to the fair value measurement.

| Total investments measured at net asset value * | | | | 757,879 |
| Total investments at fair value | | | | $ 5,395,934 |

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are provided to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits.

***Fair Value of Measurements in Entities that Use Net Asset Value***

The fair value of the common collective trust fund based on net asset value per share as of December 31, 2016 and 2015 is $671,800 and $757,879, respectively. These investments held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. There are no unfunded commitments.

## 5. Related Party Transactions

Certain Plan investments are managed by the Trustee, as defined by the Plan. These investments qualify as party-in-interest transactions.

## 6. Income Tax Status

The Plan obtained its most recent determination letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated the Plan was in compliance with the applicable requirements of the IRC. Although the most recent determination letter received by the Plan Sponsor does not reflect the latest Plan amendment, the Plan Administrator believes the Plan is currently designed and is operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

## 8. Subsequent Events

We have evaluated subsequent events through October 3, 2017, which is the date the financial statements were available to be issued.
