Eligibility

Eligible employees include all full-time employees except leased employees, independent contractors, and coverage physicians. All employees 21 years or older with six months of service are eligible to participate in the Plan except as described below. Entry dates for participation into the Plan are on the first day of January, April, July, and October coinciding with or following meeting the eligibility requirements except as described below. All employees 18 years of age or older with one year of service for the Hematology Oncology Associates, P.C. (“HOA”) are eligible to participate in the Plan. Contributions

Participants may elect to contribute up to 75% of eligible compensation, as defined in the Plan and subject to certain limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan permits participants to make Roth elective

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

deferrals to the Plan. Roth elective deferrals are contributions that are made to the Plan by participants on an after-tax basis. Earnings on Roth deferrals will generally not be subject to federal income tax upon distribution provided certain requirements are satisfied. Roth deferrals are subject to the Internal Revenue Code (IRC) limitations applicable to pre-tax deferrals to the Plan. Rollover contributions are allowed subject to conditions set forth in the Plan.

Certain participating employers are required to make a safe harbor contribution of 3% of participant's eligible compensation. Each participating employer may elect to make its own discretionary employer matching contribution. Each participating employer may also elect to make its own discretionary profit sharing contribution to the Plan. Safe harbor and profit sharing contributions are allocated to the participants of the contributing participating employer as defined in the Plan.

The Plan is participant directed. Participants may change their investment options and contribution amounts at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) Plan earnings and charged with any applicable administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are at all times fully vested in their contributions and safe harbor contributions and the appreciation or depreciation thereon. Vesting in the Company's matching and profit sharing contribution portion of their accounts plus earnings thereon is based on years of service. Participants vest 20% per year after one year of service and are 100% vested after five years of service, except for the HOA participants, which vest 25% per year after one year of service and are 100% vested after four years of service.

Notes Receivable from Participants

Plan participants may borrow Plan assets from a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance in the Plan. Loans are repaid in level installments through payroll deductions for periods ranging up to five years, or longer for the purchase of a primary residence. The loans bear interest at reasonable rates and are secured by the participant's vested account to the extent of the principal amount of the loan plus accrued interest.

THE US ONCOLOGY CLINICAL PRACTICE 401k PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

A participant shall be immediately vested upon death, retirement, termination of employment due to total and permanent disability, or termination of the Plan. Normal retirement age under the Plan is 59 ½. Upon death, retirement, disability, or termination of employment, participants are eligible for a benefit payment. The Plan also allows hardship and in-service withdrawals. The funds in the participant's account are distributed in a lump-sum payment, unless the participant elects another form of distribution allowed by the Plan.

Forfeited Accounts

Forfeitures of nonvested Company contributions shall be used in the following order:

- 1) Restore forfeited amounts upon participant's reemployment.
- 2) Offset Plan expenses.
- 3) Reduce employer's contribution to the Plan.

The total forfeitures balance at December 31, 2016 was approximately \$270,000. During 2016, the Company used approximately \$18,000 to reduce one of the participating employer's 2015 contribution to the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would receive benefits based on their account balances accumulated to the date of termination of the Plan.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are maintained on the cash basis of accounting; however, the financial statements have been prepared on the accrual basis of accounting.

Investments

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

THE US ONCOLOGY CLINICAL PRACTICE 401k PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. At December 31, 2016, no allowance was considered necessary by management.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to notes receivable from participants, withdrawals, and certain investment transaction fees are charged directly to the participant's account and are included in administrative expenses. Other investment-related expenses are included in net appreciation in fair value of investments.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Recent Accounting Pronouncement

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The new guidance will be applied retrospectively and is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. Plan management is currently evaluating the impact that the new guidance will have on the Plan's financial statements.

NOTE 3 - FAIR VALUE MEASUREMENTS

The FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value, and requires additional disclosure about the use of fair value measurements in an effort to make the measurement of fair value more consistent and comparable.

THE US ONCOLOGY CLINICAL PRACTICE 401k PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Mutual Funds: Valued at net asset value (NAV) of shares held by the Plan at year-end. NAV is based on the value of the underlying assets owned by the funds, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Participant-Directed Brokerage Accounts: Composed of common stock and mutual funds valued at the closing price reported on the active market on which the individual securities are traded.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Collective Investment Trust Funds: Valued at NAV of shares held by the Plan at year-end. NAV is based on the value of the underlying assets owned by the funds, minus its liabilities, and then divided by the number of shares outstanding. The NAV is determined by a financial institution. There are no restrictions on redemption of these investments. The Plan has no unfunded commitments and no contractual obligations to further invest in the funds.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities.

NOTE 4 - INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (Fidelity), the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statement of net assets available for benefits as of December 31, 2016, the schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2016, and the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the period from inception (September 15, 2016) through December 31, 2016.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are in mutual funds related to Fidelity. Fidelity is the trustee as defined by the Plan. Therefore, these investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions.

NOTE 6 - INCOME TAX STATUS

The Plan has adopted a volume submitter prototype plan, which obtained its latest opinion letter dated March 31, 2014 in which the Internal Revenue Service (IRS) stated that the prototype document satisfies the applicable provisions of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

NOTE 6 - INCOME TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan to determine if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 - SUBSEQUENT EVENTS

During 2017, Compass Oncology, Radiotherapy Clinics of Georgia, and Medical Oncology Hematology Consultants PC became participating employers in the Plan.

During 2017, the following plans merged into the Plan: Compass Oncology 401(k) Plan, Radiotherapy Clinics of Georgia, LLC 401(k) Partners Plan, and MOHC, P.A. Profit Sharing Plan and Trust. Approximately \$59,370,000 were transferred into the Plan related to these mergers.

The Plan has evaluated subsequent events through October 9, 2017, the date the financial statements were available to be issued.

Eligibility

Eligible employees include all full-time employees except leased employees, independent contractors, and coverage physicians. All employees 21 years or older with six months of service are eligible to participate in the Plan except as described below. Entry dates for participation into the Plan are on the first day of January, April, July, and October coinciding with or following meeting the eligibility requirements except as described below. Entry dates for HOA participants are the first day of each month coinciding with or following meeting the eligibility requirements.

Contributions

Participants may elect to contribute up to 75% of eligible compensation, as defined in the Plan and subject to certain limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan permits participants to make Roth elective

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

deferrals to the Plan. Roth elective deferrals are contributions that are made to the Plan by participants on an after-tax basis. Earnings on Roth deferrals will generally not be subject to federal income tax upon distribution provided certain requirements are satisfied. Roth deferrals are subject to the Internal Revenue Code (IRC) limitations applicable to pre-tax deferrals to the Plan. Rollover contributions are allowed subject to conditions set forth in the Plan.

Certain participating employers are required to make a safe harbor contribution of 3% of participant's eligible compensation. Each participating employer may elect to make its own discretionary employer matching contribution. Each participating employer may also elect to make its own discretionary profit sharing contribution to the Plan. Safe harbor and profit sharing contributions are allocated to the participants of the contributing participating employer as defined in the Plan.

The Plan is participant directed. Participants may change their investment options and contribution amounts at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) Plan earnings and charged with any applicable administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are at all times fully vested in their contributions and safe harbor contributions and the appreciation or depreciation thereon. Vesting in the Company's matching and profit sharing contribution portion of their accounts plus earnings thereon is based on years of service. Participants vest 20% per year after one year of service and are 100% vested after five years of service, except for the HOA participants, which vest 25% per year after one year of service and are 100% vested after four years of service.

Notes Receivable from Participants

Plan participants may borrow Plan assets from a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance in the Plan. Loans are repaid in level installments through payroll deductions for periods ranging up to five years, or longer for the purchase of a primary residence. The loans bear interest at reasonable rates and are secured by the participant's vested account to the extent of the principal amount of the loan plus accrued interest.

THE US ONCOLOGY CLINICAL PRACTICE 401k PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

A participant shall be immediately vested upon death, retirement, termination of employment due to total and permanent disability, or termination of the Plan. Normal retirement age under the Plan is 59 ½. Upon death, retirement, disability, or termination of employment, participants are eligible for a benefit payment. The Plan also allows hardship and in-service withdrawals. The funds in the participant's account are distributed in a lump-sum payment, unless the participant elects another form of distribution allowed by the Plan.

Forfeited Accounts

Forfeitures of nonvested Company contributions shall be used in the following order:

- 1) Restore forfeited amounts upon participant's reemployment.
- 2) Offset Plan expenses.
- 3) Reduce employer's contribution to the Plan.

The total forfeitures balance at December 31, 2016 was approximately \$270,000. During 2016, the Company used approximately \$18,000 to reduce one of the participating employer's 2015 contribution to the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would receive benefits based on their account balances accumulated to the date of termination of the Plan.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are maintained on the cash basis of accounting; however, the financial statements have been prepared on the accrual basis of accounting.

Investments

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

THE US ONCOLOGY CLINICAL PRACTICE 401k PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. At December 31, 2016, no allowance was considered necessary by management.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to notes receivable from participants, withdrawals, and certain investment transaction fees are charged directly to the participant's account and are included in administrative expenses. Other investment-related expenses are included in net appreciation in fair value of investments.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Recent Accounting Pronouncement

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The new guidance will be applied retrospectively and is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. Plan management is currently evaluating the impact that the new guidance will have on the Plan's financial statements.

NOTE 3 - FAIR VALUE MEASUREMENTS

The FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value, and requires additional disclosure about the use of fair value measurements in an effort to make the measurement of fair value more consistent and comparable.

THE US ONCOLOGY CLINICAL PRACTICE 401k PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Mutual Funds: Valued at net asset value (NAV) of shares held by the Plan at year-end. NAV is based on the value of the underlying assets owned by the funds, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Participant-Directed Brokerage Accounts: Composed of common stock and mutual funds valued at the closing price reported on the active market on which the individual securities are traded.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Collective Investment Trust Funds: Valued at NAV of shares held by the Plan at year-end. NAV is based on the value of the underlying assets owned by the funds, minus its liabilities, and then divided by the number of shares outstanding. The NAV is determined by a financial institution. There are no restrictions on redemption of these investments. The Plan has no unfunded commitments and no contractual obligations to further invest in the funds.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016:

<u>Description</u>	<u>December 31, 2016</u>			<u>Total</u>

Total investments at fair value	<u>\$269,039,909</u>	<u>\$130,529,422</u>		<u>\$399,569,331</u>

NOTE 4 - INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company (Fidelity), the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statement of net assets available for benefits as of December 31, 2016, the schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2016, and the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the period from inception (September 15, 2016) through December 31, 2016.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are in mutual funds related to Fidelity. Fidelity is the trustee as defined by the Plan. Therefore, these investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions.

NOTE 6 - INCOME TAX STATUS

The Plan has adopted a volume submitter prototype plan, which obtained its latest opinion letter dated March 31, 2014 in which the Internal Revenue Service (IRS) stated that the prototype document satisfies the applicable provisions of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

THE US ONCOLOGY CLINICAL PRACTICE 401k PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 6 - INCOME TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan to determine if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 - SUBSEQUENT EVENTS

During 2017, Compass Oncology, Radiotherapy Clinics of Georgia, and Medical Oncology Hematology Consultants PC became participating employers in the Plan.
