Contributions

A participant may voluntarily contribute to the Plan a portion of his or her compensation as defined by the Plan document, up to 80% through systematic payroll deductions subject to the maximum allowable contribution under the Internal Revenue Code (the “Code”). All participant contributions shall be allocated among the available investments options in accordance with participant elections.

The Plan includes a qualified automatic contribution arrangement (“QACA”). The initial deferral rate under the QACA is 3% and for employees participating in this feature, their deferral rate will increase at the beginning of each year by 1% until they reach 10%. Employees can opt out of the auto enroll or auto increase feature.

NOTE 1 – DESCRIPTION OF THE PLAN – CONTINUED

The Plan has a QACA safe harbor matching contribution in an amount equal to 100% of eligible compensation of the first 1% of elective deferral plus 50% of eligible compensation of the 2% through 6% of elective deferral. Eligible Woodbridge Union Employees and Premium Union Employees are excluded from the QACA safe harbor matching contributions. In accordance with their respective collective bargaining agreements, Woodbridge Union Employees receive a match in an amount equal to 100% of the first 4% of eligible compensation deferred. Premium Union Employees are not entitled to a matching contribution unless they were (1) hired or rehired after November 4, 2013 or (2) were employed on November 4, 2013 and irrevocably elected to cease benefit accruals after December 31, 2013 in the Premium Building Products Company Hourly Employees Pension Plan. For Premium Union Employees that are eligible for a match, the match amount is equal to 100% for the first 4% of eligible compensation deferred. The Employer may also make a discretionary matching contribution. No discretionary matching contributions were made in 2016 and 2015.

Forfeitures

The amounts forfeited by participants who terminate employment prior to becoming fully vested may be used to reduce subsequent Employer contributions or pay administrative expenses. For the year ended December 31, 2016, employer contributions were reduced by \$209,165 from forfeited nonvested accounts. At December 31, 2016 and 2015 unused forfeitures totaled \$92,719 and \$198,035, respectively.

Vesting

All contributions made by participants become immediately vested. Employer matching contributions become fully vested after two years of service. QACA safe harbor contributions are fully vested after two years of service. A participant becomes fully vested in all contributions at age 65, upon full and permanent disablement, or upon death.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to the lesser of \$50,000 or 50% of the participant's vested account balance. Loan terms range from up to five years for a general purpose loan or up to 30 years for a residential loan. The loans are secured by the balance in the participant's account and bear interest at a fixed rate, as determined by the Plan Sponsor. Interest rates on loans outstanding ranged from 4.00% to 10.19% at December 31, 2016 and 2015. A participant may only have one loan outstanding at any time.

NOTE 1 – DESCRIPTION OF THE PLAN – CONTINUED

Payment of Benefits

A participant or his or her beneficiary may receive a lump sum payment or periodic payments of his or her vested account balance upon retirement, disability, termination, or death prior to retirement. Participants may also withdraw amounts from their accounts under certain defined conditions.

Participants may not request or receive an in-service distribution of the Employer match contribution made under the QACA until the participant reaches the age of 59 ½, but may request such a distribution following termination or death.

Hardship Withdrawal of Funds

A participant may withdraw an amount from his or her elective deferral account or rollover account to make a down payment on a principal residence, to pay post-secondary education expenses for a member of the participant's household, or to pay other expenses that create a hardship. The participant must have an immediate and heavy financial need that cannot otherwise be met. Participants making withdrawals cannot make contributions to the Plan for six months following the hardship withdrawal. The withdrawal must be requested in writing by the participants, and it is subject to approval by the plan administrator.

Plan Termination

Although it has not expressed an intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the accompanying financial statements and notes. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon terms in the Plan document.

Administrative Expenses

The Employer has agreed to pay certain administrative expenses that are incurred by the Plan.

Payment of Benefits

Benefit payments are recorded when paid.

NOTE 3 – FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable, or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 – Inputs to the valuation methodology area unobservable and are supported by little or no market activity and, that are significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3 – FAIR VALUE MEASUREMENTS – CONTINUED

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Registered Investment Companies: The Plan's investments in registered investment companies are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end.

Collective Trust Funds: The Plan holds an investment in the Putnam Stable Value Fund ("Stable Value Fund"), a fully benefit-responsive collective trust. The fair value of the Stable Value Fund is based on the NAV of the unit value of the fund which is based on the fair value of the underlying investments. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value for the fund. This NAV represents the fund's fair value since this is the amount at which the Plan transacts with the fund. The Stable Value Fund attempts to maintain a stable price per unit of \$1. The Stable Value Fund primarily invests in traditional GIC's, insurance separate accounts, and money market instruments. The Stable Value Fund's value represents invested principal plus accrued interest earned thereon.

All of the contracts that the Stable Value Fund purchases are benefit responsive at contract value for all plan permitted, participant directed transactions. Additionally, the Stable Value Fund negotiates contracts with certain employer-initiated transaction provisions including percentage allowances for targeted layoffs, bankruptcy resulting in employee job loss, reorganizations, spin-offs, and Plan terminations. The only event or circumstance that would allow issuers to immediately terminate a fully benefit-responsive wrap contract with the Stable Value Fund at an amount different from contract value would be if they were provided with willingly fraudulent information about the Stable Value Fund by the Trustee.

At December 31, 2015, the Plan held an investment in the Federated Capital Preservation Trust ("Capital Preservation Trust"), a fully benefit-responsive collective trust. The Plan no longer holds an investment in the Capital Preservation Trust at December 31, 2016. The fair value of the Capital Preservation Trust is based on the net asset value ("NAV") of the unit value of the fund which is based on the fair value of the underlying investments. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value for the fund. This NAV represents the fund's fair value since this is the amount at which the Plan transacts with the fund. The Capital Preservation Trust attempts to maintain a stable price per unit of \$10. The Capital Preservation Trust primarily invests in traditional GICs, separate account GICs, synthetic GICs, and money market mutual funds. The Capital Preservation Trust's value represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: mergers, mass layoffs, plan terminations, implementation of early retirement incentive programs or other events within the control of the Capital Preservation Trust or the plan sponsor resulting in a material adverse financial impact on the issuer's obligations under the GIC.

NOTE 3 – FAIR VALUE MEASUREMENTS – CONTINUED

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

		December 31, 2016

NOTE 3 – FAIR VALUE MEASUREMENTS – CONTINUED

The table below presents additional information for investments whose fair value is estimated using NAV per share as of December 31, 2016 and 2015:

	<u>Fair Value at December 31,</u>		<u>Unfunded Commitments</u>	<u>Redemption</u>

(a) Participants can redeem units of the fund at contract value on a daily basis for benefit payments, participant loans, or paying Trustee fees. However, should the Plan decide to withdraw all funds from the investment, a 12 months' advance written notice is required.

(b) Participants can redeem units of the fund at the contract value on a daily basis.

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule that was certified as complete and accurate by Reliance Trust Company, the trustee of the Plan.

- Investments at fair value and notes receivable from participants;
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants; and
- Information included on Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

The Plan's independent accountants did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 – TAX STATUS

The Internal Revenue Service ("IRS") has issued an opinion letter dated July 16, 2014, stating that the prototype plan used by the Plan was designed in accordance with applicable sections of the Code. The Plan has been amended since the opinion letter was issued. The plan administrator believes that the Plan is currently designed and being operated in compliance with the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan.

NOTE 7 – RISKS AND UNCERTAINTIES

Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 – SUBSEQUENT EVENTS

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 10, 2017, the date the financial statements were available to be issued. Except for the item in the following paragraph, the Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

On March 20, 2017, the Investment Committee unanimously approved the modification of the funding frequency of the Plan matching contributions. As of July 1, 2017, the match frequency will be funded to participant accounts each pay period.
