1. Description of Plan:

The following description of the Patheon U.S. Retirement Savings Plan (the “Plan"), formerly known as the Patheon Pharmaceuticals Retirement Savings Plan, provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was effective January 1, 2003, is a defined contribution plan covering eligible employees of Patheon Pharmaceuticals Inc. (the “Plan Sponsor”); Patheon Pharmaceutical Services Inc.; Banner Pharmacaps, Inc.; and Banner Life Sciences, LCC; Patheon Development Services, Inc.; Patheon Biologics LLC and Patheon Biologics (NJ) LLC (collectively the “Company” or “Employer”). Eligible employees include full time employees of the Company who have completed three months of continuous service and part time employees who have completed one year (i.e., one thousand hours) of continuous service. There is no age requirement to enter the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered through a trust.

Plan transfers and mergers

Effective December 31, 2015, the assets of the IRIX Pharmaceuticals, Inc. 401(k) Plan, which approximated $5,608,000 were transferred into the Plan. The IRIX Pharmaceuticals, Inc. 401(k) Plan was sponsored by IRIX Pharmaceuticals, Inc. and IRIX Manufacturing, Inc., which became participating employers of the Plan effective January 1, 2016 at which time IRIX Pharmaceuticals, Inc. 401(k) Plan ceased to exist. Participants of the former plan hired on or before January 1, 2016 became 100% vested in their transferred contributions and all future contributions to the Plan. A portion of these assets were in transit at December 31, 2015. Upon becoming participating employers of the Plan, the former IRIX companies became known as Patheon API Services, Inc. and Patheon API Manufacturing, Inc.

Effective December 31, 2015, the assets of the DPI 401(k) Plan, which approximated $37,963,000 were transferred into the Plan. The DPI 401(k) Plan was sponsored by DPI NEWCO LLC, DPC and DPP, which became participating employers of the Plan effective January 1, 2016 at which time the DPI 401(k) Plan ceased to exist. Participants of the former DPI 401(k) Plan hired on or before January 1, 2016 became 100% vested in their transferred contributions and all future contributions to the Plan. These assets were in transit at December 31, 2015. Upon becoming a participating employer of the Plan, the former DPI companies became known as Patheon Manufacturing Services, LLC.

Contributions

Participants may elect to contribute to the Plan, on a pre-tax basis, 401(k) contributions and catch-up contributions, subject to certain limits permitted by law. Roth 401(k) contributions are also permitted. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contributions plans (rollovers). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation with an auto-escalation provision of 1% per year up to a maximum of 6%. Their contributions are invested in a designated balanced fund until changed by the participant. During 2016, the Company contributed discretionary matching contributions equal to 100% of the first 4% of participant deferrals and 50% of the next 1% of participant deferrals. Employees of the Company who are employed on the last day of the plan year may also be allocated an additional discretionary matching contribution as well as a discretionary performance contribution. No additional discretionary matching contributions or discretionary performance

contributions were made in 2016. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant accounts
Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their voluntary contributions and transition retirement contributions (if any) plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes receivable from participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Payment of benefits
On termination of service due to death, disability, or normal retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Additionally, prior to termination from employment, a participant may withdraw all or a portion of his vested account balance upon attaining age 59 1/2 or for financial hardship, if certain requirements are satisfied. In the event of a participant's death, payment will be made to designated beneficiaries. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, or rollover their vested amounts to another qualified retirement account.

Forfeited accounts
At December 31, 2016 and 2015, forfeited nonvested accounts totaled $127,876 and $203,606, respectively. These accounts may be used to reduce future employer contributions or to pay plan expenses. In 2016, employer contributions were reduced by $1,338,813 from forfeited nonvested accounts.

2. Summary of Significant Accounting Policies:

Basis of accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition
Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits
Benefits are recorded when paid.

Administrative expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in either net appreciation in fair value of investments or in investment management fee expense.

Accounting change
Recently issued accounting pronouncements—The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, "Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date – Practical Expedient." ASU 2015-12 simplifies disclosures and reporting by employee benefit plans. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with earlier adoption permitted. The Plan elected to early adopt Part II of ASU 2015-12 in 2015; in 2016 the Plan adopted Part I of the ASU applied retrospectively to all periods presented. This change has no impact on net assets available for benefits. Part III of the ASU is not applicable to the Plan.

Reclassifications
Certain amounts in the 2015 financial statements have been reclassified to conform to the 2016 presentation.

Subsequent events
The Plan has evaluated subsequent events through the report date, October 5, 2017, the date the financial statements were available to be issued.

3. Information Certified by the Trustee:

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya Institutional Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, and the supplemental schedule of assets (held at end of year) as of December 31, 2016, as well as the investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2016.

4. Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Money market fund: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investments held by the Plan are open-ended registered investments that are registered with the

Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The registered investments held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Investments at fair value as of December 31, 2016			
	Fair Value	Level 1	Level 2	Level 3
Money market fund	$ 124,537	124,537	-	-
Registered investment companies	180,790,161	180,790,161	-	-
Total investments at fair value	$ 180,914,698	180,914,698	-	-

	Investments at fair value as of December 31, 2015			
	Fair Value	Level 1	Level 2	Level 3
Money market fund	$ 299,374	299,374	-	-
Registered investment companies	125,681,935	125,681,935	-	-
Total investments at fair value	$ 125,981,309	125,981,309	-	-

5. Investment Contract with Insurance Company:

The Plan participates in a traditional fully benefit-responsive investment contract with Voya Retirement Insurance and Annuity Company (Voya). Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed throughout the year and reset annually. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion

of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

6. Related Party Transactions:

Certain Plan investments are shares of registered investment company investments managed by Voya Institutional Trust Company. Voya Institutional Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

7. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, each participant will become 100% vested in their account.

8. Tax Status:

The Company adopted a prototype plan that received an opinion letter dated September 1, 2014 from the Internal Revenue Service which stated that the prototype plan document, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan Sponsor has not obtained its own determination letter. Although the Plan has been amended, the plan administrator and the Plan’s tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, the Plan is exempt from income taxes.

9. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

10. Subsequent Events:

Effective January 1, 2017, the Plan was amended to remove any age or service requirement for eligibility to participant in the Plan. In addition, the entry date into the Plan was amended to allow eligible employees to participate in the Plan as of the date all eligibility requirements are met. Effective February 1, 2017, the Plan was amended to add Patheon API Inc. as a participating employer.
