Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting an audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the Plan Trustee, ("Fidelity") and by Principal Life Insurance Company, the custodian of certain of the Plan assets, ("Principal") except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that Fidelity and Principal hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from Fidelity and Principal as of and for the years ended December 31, 2016, that the information provided to the plan administrator by Fidelity and Principal is complete and accurate.

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion, accordingly we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental schedule (Schedule 4i – Schedules of Assets (Held at Year End) as of and for the year ended December 31, 2016, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter—2015 Financial Statements

The financial statements of the Plan as of December 31, 2015, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity, the trustee of the plan and Principal, the custodian of certain of the Plan assets. Their report, dated October 13, 2016, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Description of Plan

The following description of the JC Resorts LLC ("Company") 401(K) Benefit Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was formed effective January 1, 1997. The Plan is a defined contribution plan covering all employees of the Company who have six months of service and are age twenty-one or older and are not covered by a collective bargaining agreement. Amendments to the Plan may occur to allow the Plan to meet ERISA requirements.

Plan Administration

The Company is the Plan administrator of the Plan. The Plan investments are invested with Fidelity Management Trust Company ("Fidelity") which holds the majority of the Plan investments as trustee of the Plan. Certain of the Plan assets remain with the Principal Life Insurance Company ("Principal"). In July 2013, the Plan changed its investment and recordkeeping contract from Principal to Fidelity, however Principal retained the guaranteed interest accounts, which accounts will be held to maturity so as to avoid early withdrawal penalties. These guaranteed interest accounts are the only assets not under direct control of Fidelity. The Plan's Investment committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

As further disclosed in Note 4, all investment information in the accompanying financial statements and supplemental schedules was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity and/or Principal.

Contributions

Each year, participants may voluntarily contribute up to 75% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company matches the contribution of 25% of the first 4% of all compensation that a participant contributes to the Plan. Contributions are subject to certain Plan and regulatory limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan net earnings, and may be charged with an allocation of administrative expenses. Allocations are based on participant net earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions. The Company's matching contribution and earnings on the matching contribution are vested based upon the following schedule:

Years of Service	Vested %
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Funds

The Plan assets are invested with Fidelity whereby upon enrollment in the Plan, a participant may direct contributions in any of the investment choices. The Plan offers participants a diversified investment program including mutual funds from a select group of investment managers, which provide participants with a variety of investment options. Participants can no longer add new funds or transfer investment balances into the guaranteed interest accounts held by Principal which provide participants with a fixed interest return on their investment. Participants' account balances invested in these guaranteed interest accounts at the time of conversion to Fidelity are being held by Principal until their maturity, at which time the funds will be transferred to Fidelity. Similar guaranteed interest investment options are available through Fidelity.

Through the Fidelity Plan service, Participants may change their investment elections, transfer existing account balances, and obtain information regarding their investments on a daily basis. Fidelity assesses an operating expense fee and an investment fee, which are paid directly from the Plan assets.

Notes Receivable from Participants

The Plan allows participant loans up to the lesser of 50% of the vested balance or $50,000. Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest. All loans are secured by the balance in the participant's Plan account and generally must be repaid in five years. All loans bear interest at market rates. At December 31, 2016 and 2015, notes receivable from participants totaled $337,927 and $327,344, respectively. There were $8,985 and $7,870 in deemed distributions from delinquent loans in 2016 and 2015, respectively.

Payment of Benefits

On termination of service, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest, or installments over a period of time not to exceed the participant's lifetime, or the joint lifetime of the participant and their spouse.

Forfeited Accounts

Forfeited, nonvested accounts are utilized to reduce employer matching contributions or offset administrative expenses. At December 31, 2016 and 2015 the balance of the forfeiture account was $37,715 and $12,100, respectively. In 2016, forfeitures were used to pay for administrative expenses totaling $10,395. In 2015, forfeitures were used to offset employer matching contributions totaling $33,039.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported in these financial statements at fair value except for fully benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly

transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in Plan investments includes the Plan's gains and losses on investments bought and sold for the period as well as held at year end.

Payment of Benefits

Benefits are recorded when paid. Benefits due to participants who are no longer employees are not paid until requested by the former employee. At December 31, 2016 and 2015, benefits due but unpaid to former employees totaled $742,135 and $185,141, respectively.

Net Appreciation (Depreciation) in Fair Value of Investments

Realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for Plan benefits as net appreciation (depreciation) in fair value of investments.

Realized and unrealized appreciation in the fair value of investments is based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized (depreciation) appreciation or on the last day of the year for unrealized appreciation (depreciation) on assets held at the end of the year.

Excess Contributions Payable

The Company and Fidelity review Plan activity for employee and matching contributions in order to be in compliance with the non-discrimination requirements of the Plan. There were no excess contributions in 2016 or 2015, as a result of such review.

Administrative Expenses

The Plan pays for the majority of administrative and management fees from either the Plan forfeiture account and/or from Plan investment earnings. Administrative and management fees paid from Plan assets in 2016 totaled $31,352 of which $22,302 was paid to Fidelity and $9,050 was paid to other providers. In 2015, administrative fees paid from Plan assets totaled $26,573 of which $26,346 was paid to Fidelity and $227 was paid to Principal.

The Company may elect to pay for certain administrative expenses on behalf of the Plan. The Company did not pay any administrative expenses of the Plan during 2016 and paid

$8,800 in administrative expenses that were not paid from Plan assets for the year ended December 31, 2015.

Reclassifications

Certain reclassifications have been made to the 2015 financial statements to conform to the 2016 financial statement presentation.

Date of Management's Review

Subsequent events were evaluated through October 6, 2017, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for Plan benefits.

		Fair Value Measurements Using:		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Accounting Standards Codification ("ASC") No 820, "Fair Value Measurements," establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan administrator uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There were no Plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair values of the Plan's cash accounts and mutual funds are based on the closing price reported in the active market where the individual securities are traded, when available.

Gains and losses (realized and unrealized) included in statement of changes in net assets available for Plan benefits for the years ended December 31, 2016 and 2015 are reported in net (depreciation) appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Level 1 and Level 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years end December 31, 2016 and 2015, there were no transfers between Level 1 and Level 2 and no transfers into or out of Level 3.

Note 4 – Plan Investments

The Company and Plan utilized the services of two Plan administrators during the years ended December 31, 2016 and 2015 as disclosed in Note 1. All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2016 and 2015, and net (depreciation) appreciation in fair value of investments, interest and dividends for the year then ended, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Fidelity and Principal. All Plan investments are Participant directed investments.

The contract value of the Plan's Benefit Responsive Investment Contracts as certified by Fidelity and Principal at December 31, 2016 and 2015 are set forth below:

	2016	2015
Fidelity - Guaranteed investment contracts	$ 696,303	$ 666,809*
Principal – Guaranteed interest accounts	55,278	91,298
Total – Certified by Fidelity and Principal	$ 751,581	$ 758,107

* Represents greater than 5% of the Plan's assets available for benefits.

Note 5 – Guaranteed Investment Contracts

The Plan entered into a benefit-responsive investment contract with the Fidelity Advisor Stable Value Portfolio and Principal Guaranteed Interest accounts ("Benefit Responsive Accounts"). The Benefit Responsive Accounts maintain the contributions in separate accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Benefit Responsive Account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the Benefit Responsive accounts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported by Fidelity and Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expense. Participants may ordinarily direct the withdrawal of transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value at December 31, 2016 and 2015 was $751,581 and $758,107, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less the 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with These Benefit Responsive contracts. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events

(for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

Note 6 – Related Party Transaction

In 2016 and 2015, Plan investments may be invested in cash funds or mutual funds managed by Fidelity. Fidelity is the Plan trustee as defined by the Plan and, therefore, certain of these transactions may qualify as parties in interest. Administrative and management fees paid to Fidelity from Plan assets totaled $22,302 and $26,346 in 2016 and 2015, respectively.

Principal is the former Plan custodian as defined by the Plan and remains as custodian of the Guaranteed Interest Accounts, therefore, certain of these transactions qualified as parties-in-interest. There were no Administrative and management fees paid to Principal in 2016 from Plan assets. Administrative and management fees paid to Principal from Plan assets totaled $227 in 2015.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, employed participants will become 100% vested in their account balances.

Note 8 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for Plan benefits per Form 5500 to the financial statements at December 31, 2016 and 2015:

	2016	2015
Net assets available for Plan benefits per Form 5500	$ 15,885,166	$ 13,451,339
Contributions Receivable	-	3,201

The following is a reconciliation of net increase in net assets available for Plan benefits per Form 5500 to the financial statements at December 31, 2016 and 2015:

	2016	2015
Net increase in net assets available for Plan benefits per Schedule H of Form 5500	$ 2,433,827	$ 342,952
Add: Contributions receivable at December 31, 2016 and 2015	-	3,201
Add: Fair value to contract value adjustment at December 31, 2015		12,469

Net increase in net assets available for Plan benefits per the financial statements	$ 2,430,626	$ 358,622

Note 9 – Tax Status

The Plan is a Prototype Plan sponsored by Fidelity. This Prototype Plan received a determination letter from the IRS that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has not requested a separate determination letter from the IRS concerning the Plan's tax status. The Plan administrator believes the Plan is designed and currently being operated in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however,

there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is subject to income tax examinations for the years after 2012.

Note 10 - Risks and Uncertainties

The Plan provides participants various investment choices. These investment options are exposed to various risks, including but not limited to, economic, interest rate, market regulatory and credit risks. Due to the level of risk associated with certain investment options, it is at least reasonably possible that changes in the various risk factors in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

Participants may invest in certain mutual fund accounts or pooled separate accounts that invest in the securities of foreign companies or companies with significant operations in foreign countries, which involve additional special risks and considerations not typically associated with investing in U.S. companies. These risks include but are not limited to devaluation of currencies, less reliable information about issuers, different securities transaction regulations, clearance and settlement practices, and possibly adverse political and economic developments. Moreover, the securities of many foreign companies may be less liquid and their prices more volatile than those securities of comparable U.S. companies.
