INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
BLICK CLINIC EMPLOYEES RETIREMENT PLAN
640 W. Market St.
Akron, OH 44303

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Blick Clinic Employees Retirement Plan, which comprise the statements of net assets available for benefits (modified cash basis), as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended (modified cash basis), and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting which is a comprehensive basis of accounting other than generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note F, which was certified by Great West Life & Annuity Insurance Company, the trustee, of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for our opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule as listed in the accompanying table of contents is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, has been audited by us in accordance with the modified cash basis of accounting which is a comprehensive basis of accounting other than generally accepted accounting principles and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Basis of Accounting

We draw attention to Note B to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

DECEMBER 31, 2016 AND 2015

NOTE A – DESCRIPTION OF THE PLAN

The following description of the Blick Clinic Employees Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Blick Clinic, Inc. (the "Company") established the plan effective June 1, 1986 and has been amended on various dates. The Plan is a contributory tax deferred plan established under section 401(k) of the Internal Revenue code and covers all full-time employees of Blick Clinic, Inc. who have one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year Blick Clinic, Inc. matches the contributions of each of its participating employees up to 6% of the employees' gross income. Participants may contribute up to 15% of their annual wages before overtime. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors and are invested in portfolio investments as directed by the Company. Contributions are subject to certain limitations. The Company withholds and remits to the trustee semi-monthly contributions in an amount equal to the participant's eligible earnings multiplied by the contribution rate applicable to each participant and the company's contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution and (a) the Company's matching contribution, (b) an allocation of Plan earnings, and (c) an allocation of forfeitures of terminated participants' non vested accounts and charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

Payment of Benefits

On termination of service due to death, disability, or retirement a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE A – DESCRIPTION OF THE PLAN (CONTINUED)

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 4.5%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

Forfeited Accounts

At December 31, 2016 and 2015 forfeited non-vested accounts totaled \$1 and \$1, respectively. These accounts will be used to reduce future employer contributions. The amounts of forfeitures utilized to offset employer contributions for the years ended December 31, 2016 and 2015 were \$8,411 and \$9,568, respectively.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting

The financial statements of the Plan have been prepared using the modified cash basis method of accounting.

Revenue Recognition

The plan recognizes and records contributions at the time payment is received. Contributions under generally accepted accounting principles are recognized as a legal obligation to contribute when incurred.

Expense Recognition

Expenses are recognized and recorded at the time that payment is made. Expenses under generally accepted accounting principles are recognized as they are incurred.

Estimates

The preparation of financial statements on the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value as determined by the Plan trustee. Investments held by contract with an insurance company are valued at current market value (Note C).

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICES (CONTINUED)

Payment of Benefits

Benefits are recorded when paid.

Administrative Costs

Trustee fees are generally paid by the Plan, while the Company pays other costs of administering the Plan. Certain administrative and clerical functions are performed by Company employees at no charge to the Plan.

Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

NOTE C – INVESTMENT CONTRACT WITH INSURANCE COMPANY

Effective September 25, 2007 Great West Life & Annuity Insurance Company assumed the role of insurance carrier. Great West maintains the contributions in a pooled account. The account is credited with actual earnings on the underlying investments and charged for Plan withdrawals and administration expenses charged by Great West. The contract is included in the financial statements at contract value, which approximates fair value, as reported to the Plan by Great West. Contract value represents contributions made under the contract, plus earnings, less Plan withdrawals and administration expenses.

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair values of common stock, corporate bonds, and U.S. government securities are available are based on quoted market prices, when available.

Level 2 Fair Value Measurement

The guaranteed investment contract with an insurance company is not actively traded however significant other observable inputs are available. Thus, the fair value of the guaranteed investment contract is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations.

Level 3 Fair Value Measurement

The fair value of participant loan is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance.
