Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of* Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We drew attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedules referred to above.

401(k) Deferred Profit Sharing Plan

Notes to Financial Statements
December 31, 2016

Note 1 - Description of Plan

Union Square Hospitality Group, LLC 401(k) Deferred Profit Sharing Plan (the "Plan") is a defined contribution plan that covers all eligible employees of Union Square Hospitality Group, LLC, USHG, LLC, Blue Smoke LLC, Blue Smoke 102 North End Ave LLC, Blue Smoke Enterprises LLC, USC Operating Company, LLC, Union Square Café II LLC, Daily Provisions, LLC, GT Operating Company LLC and its wholly owned subsidiary, Hudson Yards Catering LLC and its wholly-owned subsidiaries, SSE Holdings, LLC and Subsidiaries, Food 2 Lex LLC, Hospitality Quotient LLC, Primo Pasto, LLC, USHG K&G Holding Company LLC and its wholly-owned subsidiary, 29th Street NY Food and Beverage Operating Company LLC, Porchlight West Chelsea, LLC, Whit Food II LLC, Art Food LLC and Signature 102 North End Ave LLC (collectively, the "Company" or "Plan Sponsor"). The Plan became effective January 1, 2004.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have attained the age of 21 and completed one year of service. Employees eligible to participate in the Plan may enter the Plan on the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan administrator is responsible for oversight of the Plan. The Plan Sponsor determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan administrator.

Contributions

The Plan allows employees to defer a portion of their salaries for tax purposes through contributions to the Plan. The amount an employee may contribute is an amount which may not exceed the maximum amount permitted under the Internal Revenue Code (the "Code"). The maximum amount permitted in 2016 is $18,000. In addition, the Plan allows participants that have attained age 50 to make additional catch-up contributions. For 2016, the catch-up limit is $6,000. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

In 2014, the Company commenced 100% matching for non-highly compensated employees if the employee contributes up to 3% of their annual compensation before taxes. Any contribution between 3% and 5% of their annual compensation will be matched at a rate of 50% of contribution.

Participant accounts and vesting

Each participant's account is credited with the participant's contribution, the Company's matching contributions, as well as allocations of the Plan earnings and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants are 100% vested in their voluntary contributions, employer qualified nonelective and employer qualified matching contributions to the Plan at all times. The Company may characterize all or a portion of the matching contribution it makes to a participant's account as a qualified matching contribution. Qualified matching contributions are treated as if they were tax-deferred contributions to satisfy

federal nondiscrimination rules. Therefore, like tax-deferred contributions, a participant's vested interest in the value of the qualified matching contributions is always 100%.

The Company may characterize all or a portion of the profit-sharing contribution it makes to a participant's account as a qualified nonelective contribution. Qualified nonelective contributions are treated like tax-deferred contributions to satisfy federal nondiscrimination rules. Therefore, like tax-deferred contributions, a participant's interest in the value of the qualified nonelective contributions is always 100%.

Participants become vested in the matching contributions (other than qualified matching contributions) in accordance with the following schedule:

Years of vesting service	Vested interest
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

The participant's interest in employer contributions shall become fully vested at the earliest of the following dates: (a) the date of the participant's death, (b) the date the participant incurs total disability, (c) the date the participant attains normal retirement age, or (d) the date of termination of the Plan.

Notes receivable from participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. The loans are secured by the participant's account balance.

The loans bear interest at a rate of 3.25% to 3.50%, which is based on the prime rate at the date of issue. Principal and interest are paid ratably through weekly payroll deductions.

Payment of benefits
The participant may elect to receive his or her benefit in the form of a lump-sum payment, special in-service distributions and/or direct rollover into an IRA or other eligible retirement plan.

In general, the payment of Plan benefits will not be made until April 1 of the calendar year following the calendar year in which the participant reaches the age of 70 and one-half or retires, whichever is earlier. The participant may request the payment of benefits at any time after his or her termination of employment, in which case payment will be made as soon as reasonably practical, provided the applicable consents are obtained.

Forfeitures
Forfeitures during a plan year are used to meet the Company's contribution obligations to the Plan or to pay Plan expenses, as directed by the Plan administrator. As of December 31, 2016 and 2015, there were no forfeited non-vested accounts.

Note 2 - Summary of significant accounting policies

Basis of presentation
The financial statements of the Plan are prepared on the modified cash basis of accounting. The primary variances from financial statements prepared under accounting principles generally accepted in the United States of America arise from accounting for investment income and contributions which are recorded when received, and investment and administrative expenses and return of excessive contributions are recorded when paid, rather than recording such items on the accrual basis. Accordingly, the accompanying financial statements are not intended to be presented in conformity with accounting principles generally accepted in the United States of America.

Use of estimates
The preparation of financial statements on the modified cash basis requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when received. Related fees are recorded as administrative expenses and are expensed when paid. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.

Payment of benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events
The Plan has evaluated subsequent events through October 6, 2017, which is the date the financial statements were available to be issued.

Note 3 - Related party transactions and party-in-interest transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee of certain of the mutual funds as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan made a direct payment to the third-party administrator of $5,289 which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note 4 - Plan termination

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 5 - Tax status

The Plan has adopted an Internal Revenue Service ("IRS") approved prototype plan and as such believes it is in compliance with the applicable requirements of the Code. The Plan obtained its latest opinion letter on March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress for the Plan.

Note 6 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits (modified cash basis).

Note 7 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2016 and 2015, and investment income and interest income on notes receivable from participants for the year ended December 31, 2016, that are disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year) (Schedule H, Line 4i) (modified cash basis), supplied to the Plan administrator and certified as complete and accurate by the trustee of the Plan.

Note 8 - Nonexempt transactions

As reported on the supplemental schedule of delinquent participant contributions (Schedule H, Line 4a) (modified cash basis), certain Plan contributions were not remitted to the trust within the time frame specified by the DOL's Regulation 29 (CFR 2510.3-102), thus constituting nonexempt transactions between the Plan and the Company for the year ended December 31, 2016.

Note 9 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 12,393,551	$ -	$ -	$ 12,393,551
Total investments at fair value	$ 12,393,551	$ -	$ -	$ 12,393,551

	2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,854,952	$ -	$ -	$ 8,854,952
Total investments at fair value	$ 8,854,952	$ -	$ -	$ 8,854,952

For the years ended December 31, 2016 and 2015, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.
