Ansira Partners, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Ansira Partners, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established for the benefit of the employees of Ansira Partners, Inc. (the Company) who meet certain eligibility requirements. The Plan covers substantially all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees of the Company who have completed 90 days of service are eligible to participate in the Plan.

Contributions: Participants may elect to reduce their salary and have the amount contributed to the Plan. The elective deferred amount may not be more than the lesser of (a) 100 percent of their compensation, (b) the maximum dollar limit allowed under requirements of the Internal Revenue Code (\$18,000 for 2016) or (c) such lesser amount as determined by discrimination tests for the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may choose to elect deferral contributions at the beginning of each month of the Plan year. Rollover contributions to participants from another qualified plan are permitted as defined in the Plan. The Company may make discretionary matching contributions of employees' salary reduction amounts at a percentage to be determined by the Company. The Company made a discretionary matching contribution in an amount equal to 50 percent of the first 6 percent of each participant's salary deferral in 2016. The Company may also be required to make discretionary nonelective contributions to the Plan, which are generally allocated among the participants' accounts in the Plan in proportion to their compensation. There were no discretionary nonelective contributions made to the Plan during 2016. Participants may direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options at any time pursuant to procedures established in the Plan document.

Participant accounts: Each participant's account is credited with the participant's elective and, if applicable, rollover contributions and allocations of (a) the Company's matching contribution, (b) administrative expenses and (c) Plan earnings. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their elective and, if applicable, rollover contributions plus actual earnings thereon. Participants are vested in matching contributions using a five-year graded scale that increases 20 percent each year until reaching the maximum of 100 percent after five years.

Forfeitures: Forfeitures of nonvested participant balances may be used to pay administrative expenses or reduce future employer contributions. At December 31, 2016 and 2015, the amount of forfeited nonvested accounts was not significant. During 2016, forfeitures in the amount of \$99,063 were used to reduce employer contributions.

Notes from participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Participants may borrow a minimum of \$1,000 and up to a maximum of \$50,000 or 50 percent of the total value of their vested account balance. Loan terms are up to five years, or longer if for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates determined by the Plan Administrator, which had a range of 5.25 percent to 5.50 percent at December 31, 2016. Principal and interest are paid ratably through payroll deductions.

Ansira Partners, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Payment of benefits: Distributions may be made after a participant's retirement, termination of employment, death or disability. Distributions are made in the form of lump-sum payments.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the plan.

Use of estimates in the preparation of financial statements: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment custodians. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain administrative expenses of the Plan are paid by the Company and are excluded from these financial statements. Other administrative expenses are included in the accompanying statement of changes in net assets available for benefits.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 11, 2017, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Custodians

The following is a summary of the Plan's asset information as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included throughout the Plan's financial statements and supplemental Form 5500, Schedule H, Part IV, Line 4i—Schedule of assets (held at end of year), that was prepared or derived from information provided by the custodians and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Great West Trust Company, LLC and Great West Life & Annuity Insurance Company, the custodians, that information provided to the Plan Administrator by the custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedules related to the following assets:

	2016	2015
Investments at fair value	\$ 27,322,503	\$ 21,323,802
Investments at contract value	1,936,312	1,633,285
	<u>\$ 29,258,815</u>	<u>\$ 22,957,087</u>
Cash	\$ 751	\$ 3,298
Notes receivable from participants	<u>\$ 481,526</u>	<u>\$ 209,522</u>

The custodians also certified to the completeness and accuracy of \$985,001 of net appreciation in fair value of investments, \$999,071 of interest and dividends related to the aforementioned investments, and \$11,979 of interest income on notes receivable from participants for the year ended December 31, 2016.

Note 4. Fair Value Measurements

The *FASB Accounting Standards Codification* (ASC) Topic 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Ansira Partners, Inc. 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Mutual funds are valued at the closing price reported on the active market on which the individual securities are traded.

Participant-directed brokerage accounts: The participant-directed brokerage account is composed of common stock, money market funds and cash. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded. Money market funds and cash are valued at the amount of interest-bearing cash held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 26,565,532	\$ -	\$ -	\$ 26,565,532
Participant-directed brokerage accounts	756,971	-	-	756,971
Investments at fair value	<u>\$ 27,322,503</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 27,322,503</u>

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 20,628,916	\$ -	\$ -	\$ 20,628,916
Participant-directed brokerage accounts	694,886	-	-	694,886
Investments at fair value	<u>\$ 21,323,802</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 21,323,802</u>

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

The significance of transfers between levels is evaluated based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2016, there were no transfers in or out of Level 3.

Ansira Partners, Inc. 401(k) Plan

Notes to Financial Statements

Note 5. Fully Benefit-Responsive Investment Contract

The Plan holds an investment contract that meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The following table presents a disaggregation of contract value between types of investment contracts held by the Plan at December 31, 2016 and 2015:

Type	2016	2015
Traditional investment contract	\$ 1,936,312	\$ 1,633,285

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to Plan participants. The crediting rate is based on a formula established by the contract issuer, but may not be less than zero percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The custodian is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) the Plan's failure to qualify under section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under section 501(a) of the Internal Revenue Code, (2) premature termination of the contract, (3) Plan termination or merger, (4) changes to the Plan's prohibition on competing investment options or (5) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6. Plan Mergers

The Board of Directors of Ansira Partners, Inc., the Plan's sponsor, voted on March 8, 2016, to merge the SQ1 West, Inc. 401(k) Plan and Square One Retirement Savings Plan into the Ansira Partners, Inc. 401(k) Plan effective March 31, 2016. The mergers were completed when net assets of SQ1 West, Inc. 401(k) Plan and Square One Retirement Savings Plan were transferred to this Plan in April 2016.

Ansira Partners, Inc. 401(k) Plan

Notes to Financial Statements

Note 7. Tax Status

The Company has adopted Great West Trust Company, LLC's prototype standardized plan, for which a favorable opinion letter was issued to Great West Trust Company, LLC by the Internal Revenue Service on March 31, 2014. Great West Trust Company, LLC is a member of the Great-West family of companies. The Plan has been amended since receiving this determination. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants would become 100 percent vested in their account balances.

Note 9. Party-in-Interest Transactions

Fees paid by the Plan for investment management and administrative services amounted to \$72,093 for the year ended December 31, 2016. The Company paid for other Plan expenses, which amounted to \$30,225 for the year ended December 31, 2016.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11. Prohibited Transactions

During 2016, the Plan Sponsor inadvertently failed to deposit \$46,527 of employee deferrals, including \$71 of loan repayments, within the required time frame as stated by the Department of Labor. The Department of Labor considers late deposits to be prohibited transactions. The lost earnings payment was paid from the Plan Sponsor's assets and not from assets of the Plan. The Plan Sponsor intends to file Form 5330 and pay the applicable excise tax in 2017. The excise tax payments will be made from the Plan Sponsor's assets and not from assets of the Plan.
