1. Description of the Plan

The following description of the Pacific Paper Tube, Inc. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions. The Plan is a defined contribution plan sponsored by Pacific Paper Tube, Inc. (the "Company"). The Plan was established in January 1996, is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and provides for participant-directed fund options.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. Recordkeeping services are provided by ADP Retirement Services ("ADP") while a third-party has been contracted to assist with certain administrative responsibilities. Custodian and trustee responsibilities have been contracted with Reliance Trust Company ("Reliance Trust"). Administrative expenses for the Plan are paid by both the Company and the Plan and investment fees, which may vary according to individual funds selected, are paid out of the assets of the Plan.

Eligibility

All employees who both are both at least age 21 and have completed 12 consecutive months of service in which they have also provided at least 1,000 hours of service are eligible to participate in the Plan beginning on the first day of the following month after having met both of these criteria.

Contributions

Each year, participants may contribute a minimum of 1% of compensation and a maximum of 50% of their eligible pre-tax and Roth after-tax compensation, as defined in the Plan Document, but not to exceed annual contribution amounts as defined in the Internal Revenue Code ("IRC"). Participants may also make rollover contributions of amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company makes matching contributions of 100% of up to the first 4% of eligible pre-tax and Roth after-tax contributions made by participants to the Plan. The Company is also allowed to make non-elective contributions to participants in the Plan at their discretion. No non-elective contributions have been made to the Plan as of December 31, 2016.

1. Description of the Plan (continued)

Participant accounts

Each participant's account is credited with the participant's contributions and matching contributions from the Company and allocations of (a) the Company's non-elective contributions (if any) and, (b) Plan earnings less an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. For both matching and non-elective contributions made by the Company, participants vest 20% after two years of eligible service and are fully vested after six years of service.

Any participant who terminates because of death, disability or normal retirement age as defined in the Plan becomes immediately 100% vested in their total account balance.

Notes receivable from participants

Participants may borrow not less than $500 and up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Notes receivable from participants ("participant loans") must be repaid within 5 years, unless the participant's loan is used to acquire a primary residence, in which case the repayment period may be longer than 5 years but no more than 30 years. Participant loans are secured by the respective participant's vested interest in their account balance. Participant loans bear interest at a reasonable rate of interest as determined at the time the loan is issued. Principal and interest is generally paid ratably through payroll deductions with payments made at least quarterly. Outstanding participant loans at December 31, 2016 bear annual interest rates of between 5.25% and 5.50%.

1. Description of the Plan (continued)

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, financial hardship, disability or death. If a participant's vested account balance is equal to or less than $1,000, the balance is distributed immediately as a lump-sum payment. Unless elected otherwise by participants, vested account balances between $1,000 and $5,000 will be rolled over to an individual retirement account designated by the Company.

For vested account balances greater than $5,000, participants may elect to receive a distribution of their vested account balance as either a lump-sum distribution, a direct rollover into another qualified plan, installment payments not longer than life expectancy or to postpone payment to a later time. Distributions to former participants must commence no later than April 1st following the close of the plan year in which the participant attains age 70 ½ and has retired. Participants who own 5% or more of the Company must begin taking distributions during the year in which the participant attains age 70 ½ regardless of the participants' retirement status.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

All investments, other than participant loans, are carried at fair value. Participant loans are carried at the original amount of the loan less repayments received. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (continued)

Payment of benefits

Benefit payments to participants are recorded upon distribution.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Adoption of accounting standards

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") 2015-07, Fair Value Measurements (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value ("NAV") per Share (or Its Equivalent). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using NAV practical expedient provided by Accounting Standards Codification 820, Fair Value Measurements. The Plan early adopted the provisions of ASU 2015-07 during the year ended December 31, 2016.

3. Certified Investments

Certain information related to investments and participant loans disclosed in the accompanying financial statements and supplemental schedule, including investments and participants loans held at December 31, 2016, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2016, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance Trust.

4. Party-in-Interest Transactions

Certain Plan investments are managed by affiliates of ADP and Reliance Trust. ADP and Reliance Trust are the recordkeeper, and custodian and trustee of the Plan, respectively, and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

5. Fair Value Measurements

The Plan has adopted ASC 820 for all financial assets and liabilities recognized or disclosed at fair value in the financial statements. The Plan also adopted the provisions of ASC 820 for nonfinancial assets and liabilities recognized or disclosed at fair value in the financial statements on a recurring basis; no such assets or liabilities exist at the balance sheet date.

ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. It establishes a fair value hierarchy and a framework which requires categorizing assets and liabilities into one of three levels based on the assumptions (inputs) used in valuing the asset or liability. Level 1 provides the most reliable measure of fair value, while Level 3 generally requires significant management judgment.

The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 – Inputs are unadjusted, quoted market prices in active markets for identical assets or liabilities.

Level 2 – Inputs are observable inputs rather than quoted prices included in Level 1, such as quoted prices for similar assets or liabilities in active markets or quoted prices for identical assets or liabilities in inactive markets.

Level 3 – Inputs include unobservable inputs that are supported by little, infrequent, or no market activity and reflect management's own assumptions about inputs used in pricing the asset or liability.

The Plan's management uses the following valuation techniques to measure fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual Funds held by the Plan are open end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued on the basis of the relative interest of each participating investor in the fair value of the underlying assets of each of the respective common collective trusts ("CCT"). The relative interest of each participant is derived using the respective investments' NAV as a practical expedient to estimate its fair value. The Plan has no unfunded commitments for any CCT, all CCTs have a daily redemption frequency and only the Plan's investment in the Invesco Stable Asset Fund has a redemption notice period (12 months) which may or may not be required by the trustee of the investment.

5. Fair Value Measurements (continued)

There have been no changes in the methodologies used at December 31, 2016 and 2015. The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies of assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 (audited) and 2015 (unaudited). Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	December 31, 2016 (Audited)			
Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,445,600	$ -	$ -	$ 1,445,600
Total assets in the fair value hierarchy	$ 1,445,600	$ -	$ -	1,445,600
Investments measured at NAV (*)				1,065,898
Total investments measured at fair value				$ 2,511,498

	December 31, 2015 (Unaudited)			
Description	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,260,697	$ -	$ -	$ 1,260,697
Total assets in the fair value hierarchy	$ 1,260,297	$ -	$ -	1,260,697
Investments measured at NAV (*)				988,564
Total investments measured at fair value				$ 2,249,261

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

6. Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in any unvested assets allocated to their respective accounts.

7. Income Tax Status

The Plan has adopted the Automatic Data Processing ("ADP") Prototype 401(k) and Profit Sharing Plan – Base Plan Document No. 05. The Internal Revenue Service ("IRS") has informed ADP by a letter dated July 8, 2014, that its prototype plan is designed in accordance with applicable sections of the IRC, and any employer adopting this form of the prototype plan will be considered to have a plan qualified under applicable sections of the IRC. Therefore, the Plan and related trust is tax-exempt, and once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified as a tax-exempt trust.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be not be sustained upon an examination by the IRS. No uncertain positions have been identified that would require the recognition of a tax liability (or asset) or disclosure in the financial statements as of December 31, 2016. The Plan is subject to routine audits by applicable taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Subsequent Events

Plan management has evaluated events and transactions subsequent to December 31, 2016 for potential recognition or disclosure in the financial statements. The Plan did not have subsequent events that required recognition or disclosure in the financial statements for the fiscal year ended December 31, 2016. Subsequent events have been evaluated through the date the financial statements became available to be issued, October 5, 2017.
